The Burden Of Freedom explains that too many people use past oppression to remain mired in hatred and irresponsibility today. The spirit of oppression has specific telltale effects on individuals, communities, and nations.

Burden Of Freedom

Single, Married, Separated, & Life After Divorce, Expanded Edition (2003) Singleness is a myth. To be single means to be all one (alone), separate, unique and whole. MARRIAGE is when two separate, unique and whole persons, one male and one female, make a covenant to exchange vows, committing their lives to remain together until death. Separation is an unofficial divorce with the exact same effect as divorce. It is the most tragic state of limbo. Divorce means to desert. The armed forces prosecute deserters. God has made no provision for divorce in the Bible. If you are invited to a wedding, you are a covenant witness, and if this couple later divorces, you should be invited to the divorce just as you were to the wedding.

Single, Married, Separated and Life after Divorce

Probably no other dimension of human experience has been pondered, discussed, debated, analyzed, and dreamed about more than the nature of true love. Love is everywhere -- in songs and in books, on televisions and on movie screens. Yet, for all of our thinking and talking, how many of us truly understand love and where can we turn for genuine insight in matters of true love?

Purpose and Power of Love and Marriage

You were born to lead. Now it's time to become a leader. Leaders may be found in boardrooms, but they may also be found in families, schools, and organizations of all kinds—anywhere people interact, nurture, create, or build. Contrary to popular opinion, leadership is not meant for an elite group of people who, by fate or accident, become leaders while everyone else is consigned to being a lifelong follower. After personally training thousands of leaders from around the world, best-selling author Dr. Myles Munroe reports that while every person possesses the potential of leadership, many do not understand how to cultivate the leadership nature and how to apply it to their lives. In *The Spirit of Leadership*, Dr. Munroe defines the unique attitudes that all effective leaders exhibit, explains how to eliminate hindrances to your leadership abilities, and helps you to fulfill your particular calling in life. "...a defining portrait of true and effective leadership. On these pages you will discover your purpose, your passion, and your potential to become the leader God has destined you to be." —Pastor John Hagee, Cornerstone Church "[Dr Myles Munroe's] wisdom is to the believer what a phone booth was to Superman! Step into every page and be charged!" —Bishop T. D. Jakes, The Potter's House of Dallas "The world is groaning in travail, waiting for the manifestation of those who will rise up as followers of God and leaders of men.... Dr. Myles Munroe will give you invaluable insight in your quest to discover and develop the spirit of a leader." —Pastor Rod Parsley, World Harvest Church "Are you aware that God has ordained you to be a leader? In *The Spirit of Leadership*, Dr. Myles Munroe gives us the key to find the hidden leader within ourselves. I highly recommend this inspired book to all." —Paul F. Crouch, Trinity Broadcasting Network "In *The Spirit of Leadership*, Dr. Myles Munroe taps into the core truths of authentic, successful leadership. Through decades of study and careful observation, Dr. Munroe has identified the key—the missing ingredient that activates the potential to lead found within every human being." —Marilyn Hickey, Marilyn Hickey Ministries

The Spirit of Leadership

Munroe insists that we cannot appropriate and enjoy the benefits of God's kingdom until we understand how it operates. Accordingly, he provides in this follow-up volume a detailed examination of the principles, concepts, and characteristics of the kingdom

Kingdom Principles (Spanish)

Best-selling author Dr. Myles Munroe reveals the secrets of dynamic leadership that will turn your leadership potential into a potent reality. Within each of us lies the potential to be an effective leader!

Becoming A Leader

What is true faith? In *The Power of Kingdom Faith*, Dr. Myles Munroe strips away the common errors and misconceptions surrounding faith to reveal the nature, character, and power of true faith, or, Kingdom faith. Kingdom faith trusts not in the promises of God but in the God who promises; seeks not the blessings of God, but the God who blesses. Kingdom faith will always be tested, but because it places its trust in the King of the universe, will always prevail under testing. Kingdom faith, therefore is a triumphant faith that will overcome the world.

Rediscovering Faith

Leaders everywhere, in arenas big and small, struggle with the desire and, frankly, the need to make sure their vision for the organization they have created or grown continues regardless of circumstances. And the question "what will be my legacy?" is a question all people ask themselves. Myles Munroe has observed that the tendency among leaders is to deal with this question as serious circumstances or retirement loom. Further, it is his belief that this is one of the most important decisions a leader will ever make. This book is a wakeup call. Myles Munroe wants all leaders to focus on building the right team for the future and to make it a top priority because the process is not a quick one. Properly mentoring the right people to ensure the continuation of an organization is actually a process that must be woven into that organization over a span of years or even decades. Chapter topics discussed include *The Chaos of Transition* *The Leadership Dilemma* *Living Beyond Your Generation* *The Principles of Mentoring* *PASSING IT ON* shows how to use the concept of mentoring within an organization to value the distinct talents and abilities of the individuals. Mentoring is the pathway to developing leaders from within; leaders who are in line with the goals of the organization; leaders who are most likely to adopt and carry a vision forward.

When governments collapse, human philosophies fail and your life is crashing down around you, *Rediscovering the Kingdom* will become your guide through the treacherous storms of the 21st century. All of the past ideologies have failed; humanism, communism, totalitarianism, fascism, socialism and even democracy. This is a philosophy, an ideology that will not fail, for it was born in the heart of God Himself. As Dr. Munroe unveils the reality and the power of the Kingdom of God, you will be challenged to the core of your religious soul as you discover realities that few have seen, let alone talked about. *Rediscovering the Kingdom* will defy almost every concept you have about religion as it shifts the focus away from religion towards the ultimate issue - the Kingdom of God. In this book you will discover: The keys that make the Kingdom function in your life. Why governments and world leaders continue to

fail us. Why religion can never fulfill your deepest desire. Why power is the pursuit of all mankind. The present and future reality of the Kingdom among us. The original message and purpose of Jesus.

Rediscovering the Kingdom

Wisdom from Myles Munroe

In Understanding the Purpose and Power of Authority, best-selling author Dr. Myles Munroe turns the widely accepted but counterfeit concept of authority upside down. Then, he reveals God's original intent, showing us how to live in the freedom of our own personal authority in God's great design and to respond positively to the inherent authority of others. Many people view authority as something oppressive, stifling, and even fearful. All of us hate to be controlled or manipulated. Our negative concepts and experiences of authority produce life-draining emotions—fear, distrust, suspicion, friction, defensiveness, antagonism, stress, worry, and dread. Others have a limited perspective of what authority means, believing that only people who reach a certain "level" in life can exercise it. They don't believe they could ever be called to a place of authority. The truth is, we were all created for authority, and we are all answerable to the authority of others. Authority is what we're authorized to do by our inherent purposes. You have a God-given calling to develop your own personal authority to carry out your unique purpose in life.

The Purpose and Power of Authority

Myles Munroe On Leadership will reveal to you infinite possibilities for reaching your full leadership potential. Rediscover your hidden talents for leadership at the highest level possible. Myles Munroe on Leadership

How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same—only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.

The Power of Character in Leadership

Since 1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called "the biggest prison building project in the history of the world." *Golden Gulag* provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future of California, the United States, and the world. *Golden Gulag* provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

Golden Gulag

The Kingdom of God is here! The defining message of Dr. Myles Munroe's life and work now available for the first time as a packaged collection. While many remember Dr. Munroe for delivering exceptional teaching on topics such as purpose, potential, vision, praise and worship, leadership, and even relationships, perhaps no revelation has been more important for the individual believer as his message on the Kingdom of God. Dr. Munroe served as a pioneer and prophetic voice, summoning people to experience and enjoy the fullness of their salvation in Christ. This came through discovering their purpose, unlocking their potential, and walking the earth as Kingdom citizens, fueled by Heaven's vision. Dr. Munroe now stands among the great cloud of witnesses in Heaven, still beckoning us onward to become representatives and ambassadors of the Kingdom of Heaven on earth. His voice continues to challenge Christ-followers around the world to fulfill their destinies. Today, Dr. Munroe's Kingdom message is more crucial than ever. In this hour of turmoil and upheaval, embrace your Kingdom purpose!

The Myles Munroe's Kingdom Series

Climate change negotiations have failed the world. Despite more than thirty years of high-level, global talks on climate change, we are still seeing carbon emissions rise dramatically. This edited volume, comprising leading and emerging scholars and climate activists from around the world, takes a critical look at what has gone wrong and what is to be done to create more decisive action. Composed of twenty-eight essays—a combination of new and republished texts—the anthology is organised around seven main themes: paradigms; what counts?; extraction; dispatches from a climate change frontline country; governance; finance; and action(s). Through this multifaceted approach, the contributors ask pressing questions about how we conceptualise and respond to the climate crisis, providing both 'big picture' perspectives and more focussed case studies. This unique and extensive collection will be of great value to environmental and social scientists alike, as well as to the general reader interested in understanding current views on the climate crisis.

The Fatherhood Principle

This book is about your original purpose for existence and the source of meaning behind your life. In these pages you will discover the Creator's divine motivation, design, and mandate for His creation and your role in that creation. After reading this book, you will be equipped with the knowledge to answer some of the questions addressing the heart cries of humanity in our search for a better world. I am convinced also that you will come to believe, as I do, that there is hope for mankind, but only as we reconnect to the source of creation and our Creator's original concepts for life on planet earth. It is this concern that this book will attempt to address. The goal of this book is to reintroduce the concepts, principles, and nature of true authentic kingdoms as presented by the Creator and show the superior and advantageous nature of kingdom as compared to any religion, political ideology, government system, or social program. Join me as we explore and understand the precepts and principles of "the Kingdom."

Understanding Your Place in God's Kingdom

The 2020 murder of George Floyd ignited a racial firestorm throughout America, provoking lament and grief over a long history of tragedy. The widespread protests gave way to a heated discussion about terms such as systemic racism, white privilege, and Critical Race Theory, all framed by the slogan "black lives matter." The beginnings of a helpful dialogue on diversity became a heated battle, one that quickly spread to the church. Drawing on forty years of ministry experience, Tony Evans writes with a fearless and prophetic voice, probing to the heart of the issue and pointing to God's Word as the solution. Kingdom Race Theology helps people and churches commit to restitution, reconciliation, and responsibility. His penetrating and practical ideas will help pastors and church leaders sort through the conflicting theories, finding sensible solutions in the form of individual and collective action plans. Christians can work together across racial lines to repair the damage done by a long history of racial injustice.
