Wikipedia "Antipodes" diagram (Citynoise)

Would there be plants and animals?

You never meet antipodeans at dinner parties

I ran across an image at the Washington Post

What if you wanted to start in Cairo and cross the desert?

Spoiler alert: there's no desert at the equator

Debates with "theory of common descent"

Clean Architecture

I also sometimes write Python modules upside down

Where in a module does main() go?

Personal communication

I was the volunteer Chair of PyCon in Portland

How do I make a decision?

I don't like people to know my opinion until I've surrounded it with a fortress of rationale

In putting the decision first, I was deciding to be vulnerable

Side note: I never composed conference email in Gmail

Never compose a high stakes email in an application with a Send button!

The galactic core is hidden by dust, but is visible to radio telescopes

Here are 8 improvements that I made to the draft

2. Make modest claims

Expand into a narrative

How did I know about the photo?

Offer credit to the email's author

Bring in the audience

Q: How does the tweet look?

A neat rule about being human: Anything you do will be interpreted as judging everyone who does something else!
