Turkey Calls & Calling

Complete explanations of the many varieties of friction, air-activated, and locator calls. Turkey calling how-to that includes where and when to "talk turkey."

Wild Turkey

Although uncontrolled hunting once reduced turkey numbers, today there is a resurgence of the wild turkey population. This book will help you understand the wild turkey's habits and teach techniques you'll need to hunt them. You'll learn about the equipment you'll need, several types of turkey calls, and how to ensure a clean kill. A day in the woods can be miserable for the ill-equipped hunter, and so we have a section on accessories that can help you select gear to enhance your hunting experience. Once the gobbler has been collected, you'll learn how to preserve your trophy and even how to dress and cook it. Concise information and beautiful, detailed photographs make this a wild turkey reference you'll want on your shelf.

Turkey Hunting Tactics

TURKEY HUNTING TACTICS will introduce you to all aspects of turkey biology and behavior, and explain in great detail what calls, decoys and other equipment you need to harvest this great bird. You'll learn how to select the right turkey load, and how to test and pattern the gun to ensure a clean kill. This book will teach you how to deal with problem birds, such as call-shy toms and gobblers with hens. And after you've had a successful hunt, you'll learn several methods for preserving your trophy. There's an amazing amount of expert instruction and insight into hunting turkeys. Gary Clancy has included everything, from the age-old traditions to the newest innovations that will help you with a successful hunt. Nearly every page of this book includes photographs, charts, or illustrations. You'll find step-by-step details on how to make your own calls, how to preserve your birds, how to prepare a blind, and more. In addition, there are fantastic charts documenting different techniques, such as how your strategy should change when hunting with a partner or how what type of terrain you'll find more birds in. From cover to cover, you'll find this to be an amazing resource to count on for information and tips, year after year.

America, Wild Turkeys and Mongrel Dogs

Morgan's humorous and resource-filled collection of essays centers on turkey hunting, wildlife behavior, and growing up in the small Louisiana town of Jackson in the mid-20th century. A mixed breed of a book, it's what you get when you cross the roguish, homespun charm of a master storyteller with the wisdom of a master hunter, turkey caller maker, inventor, naturalist, and teacher-philosopher. With humility and humor the late Kenny Morgan (1946-2011) uses the antics of his lovable, but uncivilized childhood mongrel dog, Buster, as allegory for human nature, with the gentle reminder that "how you act matters." Morgan offers a witty examination of simpler times, giving voice to characters and shenanigans of his colorful life, with relevance -- life lessons -- for our time. The book's format pairs lush images of wildlife and American landscapes with Morgan's thoughtful musings on 50+ years of pursuing the wild turkey--and the practice he's learned along the way to "live artfully." "My intent is to set standards by teaching the artistry of the hunt: practicing cleverness and integrity in the pursuit of wild things," he says. Indeed, the book brims with expert wild turkey-calling and -hunting technique. But its real beauty comes through Morgan's captivating observations of wildlife, told with vivid tales that ensnare hunters and non-hunters alike with fascinating insights, such as how animals communicate--even across species--to look out for one another. Even more, it's about applying principles learned in the wild to cultivate decency with choices we make on the paths of the everyday. Anyone who appreciates a story well-told and compelling art photographs, or someone looking for first-rate tips to call up and bag a gobbler, will find this book a valuable addition to their library, nightstand, or coffee table. America, Wild Turkeys & Mongrel Dogs is a celebration of the joy that is all around us.

Advanced Turkey Hunting

Every spring, millions of hunters take to the fields and forests in search of wild turkeys. While some hunters are successful in bagging their bird, many come home empty-handed. This book was written to help hunters locate and harvest mature gobblers. In these pages, author Gary Clancy explains the proven tips and techniques of the best wild turkey hunters in the country. The list of contributors for this book reads like a "who's who" in the turkey world: Mark Drury, David Hale, Harold Knight, and Walter Parrot to name a few. These experts share their secrets for hunting gobblers on public land, in open spaces, during rainy and windy weather, and other special situations that often cause problems for turkey hunters. This book also shows the hunter how to best handle the meat and feathers from a trophy bird after a successful hunt.'

Pro Tactics™: Turkey Hunting

Turkey Hunt Tradition

Turkey hunting is becoming more popular each year, a pastime that offers hunters exercise and exposure to nature, a chance to hone tracking and firearm skills, and good eating when successful. This volume provides hunters with relevant, tried and true information about firearms and archery safety, the behavior and habits of the turkey, and how to prepare for a hunt. Ethics, hunting laws, and methods to conserve wildlife and wild areas are also highlighted in order to provide hunters with all they need to know to succeed at a time-honored tradition.

Insider Tips for Hunting Turkey

This book is designed to provide a region specific guide for the new, as well as the experienced hunter of Wild Turkey in Colorado and the surrounding states. There are unique differences when hunting these magnificent birds in the mountains and prairies of Colorado and the west. I have included a portion on the development of habitat for the small landowner, focusing on food plots, winter shelter, and other critical habitat issues in these areas. The addition of a predator control section is designed to assist managers with other habitat concerns.

Wild Turkey in Colorado and the Central Plains

During his life, Gene Nunnery was recognized as a master turkey hunter and an artisan who crafted unique, almost irresistible turkey calls. In *The Old Pro Turkey Hunter*, the vaunted sportsman shares over fifty years of personal experience in Mississippi and surrounding states, along with the decades-old wisdom of the huntsmen who taught him. Throughout the book, his stories make clear that turkey hunting is more than just killing the bird--it is about matching wits with a wild and savvy adversary. As Nunnery explains, "To me that's what it's all about: finding a wise old gobbler who will test your skill as a turkey hunter." Through his stories, Nunnery reveals that the true reward for successful turkey hunting lies in winning the contest, not necessarily exterminating the foe. Real sportsmen know that every now and then the turkey should and will elude the hunter. As Nunnery looks back on his extensive career, he analyzes vast differences in practice, old and new. The shift, he decides, came during his last twenty years on the hunt, and that difference has only increased in the decades since this book was originally published. Michael O. Giles, Bass Pro staff team member, master turkey hunter, and award-winning outdoors writer and author of *Passion of the Wild*, writes a new foreword that brings the practice of turkey hunting into the present day. Filled with a tested mixture of common sense and specific examples of how master turkey hunters honor their harvest and heritage, *The Old Pro Turkey Hunter* is the perfect companion for the novice or the adept.

The Old Pro Turkey Hunter

"At last, old enough to join Dad on a wild turkey hunt, Luke is bursting with excitement from the start. When he finally sees his first turkey roaming wild in the woods, he has to overcome his excitement and make sure he can take a good shot. What an adventure, what a day!"--Page 4 of cover.

Earl Mickel--one of the country's leading authorities on turkey calls--took on a challenge that any seasoned turkey hunter would have relished. He traveled to all forty-nine states that are home to wild turkeys and--using a call made in each state--bagged Longbeards (and only Longbeards). Within six years, Earl had not only met the challenge, but also accumulated a wealth of amazing stories and a collection of beautifully crafted turkey calls. *Longbeards, Callmakers and Memories* is the story of Mickel's adventure, the people he encountered on his journey, and the various calls he used. Along with sharing his experiences, Earl includes hundreds of photographs--including a full-color insert of unique turkey calls. He also offers words of wisdom, insightful sayings, and even poems that were written by

some of the hunters he met and by Earl himself. Here is one of modern-day turkey hunting's most incredible adventures.

Longbeards, Callmakers, and Memories

Your go-to guide for all things turkey hunting. Successful Turkey Hunting is based on five years of columns written for the publications of the National Wild Turkey Federation, with a few stories from other publications tossed in the mix. Authors John Higley and J.J. Reich have expanded and updated the articles to fit the format of this book. Included are such subjects as what drives turkey behavior, the importance of calling, how anyone can learn to call, and the part woodsmanship plays. Also included are thoughts on basic equipment and how to deal with a wide range of scenarios encountered while hunting wild turkeys. Featured in many of the columns are such recognized professional turkey hunters as Paul Butski, Ray Eye, Matt Morrett, Alex Rutledge, Eddie Salter, Preston Pittman, Chris Parrish and Mossy Oak's Ronnie "Cuz" Strictland. In articles, seminars, and this book, Higley and Reich have tried to really get into what turkey hunting is all about. It is their hope that these chapters will lead hunters to a better understanding of all phases of turkey hunting, and ultimately result in more successful hunts in spring and fall. Skyhorse Publishing is proud to publish a broad range of books for hunters and firearms enthusiasts. We publish books about shotguns, rifles, handguns, target shooting, gun collecting, self-defense, archery, ammunition, knives, gunsmithing, gun repair, and wilderness survival. We publish books on deer hunting, big game hunting, small game hunting, wing shooting, turkey hunting, deer stands, duck blinds, bowhunting, wing shooting, hunting dogs, and more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to publishing books on subjects that are sometimes overlooked by other publishers and to authors whose work might not otherwise find a home.

Legendary turkey hunter Ray Eye provides all of the information you need to know to successfully hunt wild turkeys across the country: how to scout, how and when to call, special tactics for the early season, how to hunt pressured turkeys, how to hunt heavy timber or open fields, and much, much more. Told in Ray's down-home, folksy manner, the book not only informs, but entertains as well. There's also a bonus storytelling section that will have you laughing in stitches as you read of some of Ray's more ponderous exploits.

Ray Eye's Turkey Hunting Bible

Turkey hunting is a sport unlike any other. A successful hunter usually finds his turkey the night before, then wakes up early to call the bird over. Turkey hunters might have several different calls that mean different things to the turkey! Beginning learners will gobble up more facts in this introductory title.

Turkey Hunting

This book is all about hunting wild turkey throughout the central Pennsylvania counties of Mifflin, Centre and Huntingdon. It's a collection of the many hunts experienced by the author and his turkey hunting companions from the fall of 1943 until the present. Each and every story is true. Not only are they entertaining, but they teach the dos and don'ts of turkey hunting. As the stories unfold, well be sneaking, setting up, calling, listening and watching. Sometimes were successful; sometimes were not. We soon learn, however, that some of our best memories are about the turkeys that got away.

Turkey Tracks

With the help of this book, the persistent turkey hunter will begin to take birds he would never have taken, or even seen, a few years earlier. Guide to Advanced Turkey Hunting will help developing hunters keep improving and taking more and tougher birds. With details on gun selection, calling, using decoys, scouting, and setting up ambush points, this practical guidebook will help you advance up the turkey hunting ladder.

Turkey Hunting, Then and Now

'Each morning that we awake is a blessing in of itself. . . I have found those early spring mornings, sitting in the forests as the sun rises, to be my better days.' Filled with colorful colloquialisms and enlightening anecdotes, *Hills of Truxton: Stories & Travels of a Turkey Hunter* is as rare as a triple spurred Gobbler. Author Mike Joyner, a veteran hunter and outdoorsman, recounts some of the many stories he has collected over his twelve years as a devoted turkey hunter. From tips and techniques to tall tales and turkey calls, Joyner has created an easily referenced text that will entertain as much as it educates. Filled with incredible photographs and informative maps and charts, *Hills of Truxton* makes a great gift for intrepid hunters and nature-lovers alike.

Guide to Advanced Turkey Hunting

After more than 45 years of turkey-hunting experience with some of the best callers and hunters in the nation, author John E. Phillips has developed "The Turkey Hunter's Bible" to be a complete reference on how to find, call, take, clean and prepare the wild turkey for the table. The author has taken several birds of each subspecies of wild turkey in the continental United States and Mexico. But more importantly, he's hunted with some of the greatest turkey hunters who ever have lived. In "The Turkey Hunter's Bible," you'll get: the most up-to-date, complete guide to one of America's fastest-growing hunting sports; complete coverage of every aspect of the sport - hunting gear, techniques, turkey species, shooting, bowhunting and much more; and plenty of turkey pictures, hunting pictures and line drawings. Using these hunting tips, you also can photograph turkeys in the wild - either with a still camera or a video camera. The mating ritual of the wild turkey gobbler is a beautiful thing to see. When a mature tom spreads his tail, calls all of his feathers to attention, so they stand and make the bird look almost twice as big as he is, he's showing-off for the hens. Whether you want to photograph wild turkeys or take wild turkeys, this book will provide you with the information you need to meet the toms on their own turf. However, the author issues this caution, "Turkey hunting is very addictive. The call of the wild turkey gobbler is as alluring as the call of the Sirens of ancient Greece. And, I've found that when the dogwoods bloom, and Jack Frost is chased-away by Mother Earth, resisting the temptation to go to the woods and call a gobbler is almost impossible." Be sure and check out the bonus videos in the last chapter, where the author has interviews on how to solve turkey-hunting problems with some of the greatest names in the sport, including: Will Primos, Preston Pittman, Harold Knight, Chris Parrish and Eddie Salter. To make sure your next turkey hunt is a success, this turkey ebook is a must-have.
