Dust

Wool introduced the world of the silo. Shift told the story of its creation. Dust will describe its downfall.

Wool

Thousands of them have lived underground. They've lived there so long, there are only legends about people living anywhere else. Such a life requires rules. Strict rules. There are things that must not be discussed. Like going outside. Never mention you might like going outside. Or you'll get what you wish for.

Shift

In 2007, the Center for Automation in Nanobiotech (CAN) outlined the hardware and software platforms that would one day allow robots smaller than human cells to make medical diagnoses, conduct repairs, and even self-propagate. In the same year, the CBS network re-aired a program about the effects of propranolol on sufferers of extreme trauma. A simple pill, it had been discovered, could wipe out the memory of any traumatic event. At almost the same moment in humanity's broad history, mankind discovered the means for bringing about its utter downfall. And the ability to forget it ever happened. This is the second volume in the New York Times best-selling Wool series.

The Wool Trilogy

The bestselling Wool trilogy now available in one download. Includes Wool, Shift and Dust. 'The next Hunger Games' The Sunday Times Wool In a ruined and hostile landscape, in a future few have been unlucky enough to survive, a community exists in a giant underground silo. Jules is part of this community, but she is different. She dares to hope. And as her walls start closing in, she must decide whether to fight, or to die. Shift Donald Keene was recruited by the government to design an underground shelter. Over fifty years later Donald's design has been realised and the last remnants of mankind live in his silo. But no one can remember what life was like before. In fact, they're forced to forget. One simple pill erases a memory. And with it, any chance of hope. Dust In the aftermath of

the uprising, the people of Silo 18 are coming to terms with a dangerous new order. And some want it destroyed. The battle has been won. The war is just beginning.

Wool Omnibus

This Omnibus Edition collects the five Wool books into a single volume. The first Wool story was released as a standalone short in July of 2011. Due to reviewer demand, the rest of the story was released over the next six months. My thanks go out to those reviewers who clamored for more. Without you, none of this would exist. Your demand created this as much as I did. This is the story of mankind clawing for survival, of mankind on the edge. The world outside has grown unkind, the view of it limited, talk of it forbidden. But there are always those who hope, who dream. These are the dangerous people, the residents who infect others with their optimism. Their punishment is simple. They are given the very thing they profess to want: They are allowed outside.

Sand

The incredible new novel and brand new world from the international bestselling author of the Wool trilogy. The old world is buried. A new one has been forged atop the shifting dunes. Here in this land of howling wind and infernal sand, four siblings find themselves scattered and lost. Palmer has never been the same since his father walked out twelve years ago. His elder sister, Vic, is trying to run away from the past; his younger brothers, Connor and Rob, are risking their lives to embrace it. His mother, left with nothing but anger, is just trying to forget. Palmer wants to prove his worth, not only to his family, but to himself. And in the barren, dune-covered landscape of his home, there is only one way to earn respect: sand-diving. Plunging deep below the desert floor in search of relics and scraps of the old world. He is about to embark on the most dangerous dive of his young life, aiming to become the first to discover the rumoured city below. Deep within the sand lies the key to bringing his family together and tearing their world apart.

Half Way Home

Nearly sixty teens awaken halfway through their training, stranded on a harsh alien world with few supplies, no adults, and led by a treacherous artificial intelligence, but their greatest enemy is each other.

Silo 49

Book one of the Silo 49 series, a thrilling journey back into the silo, set in Hugh Howey's world of WOOL. Silo 49 has never had it easy and things have just gotten a whole lot worse. Graham, the head of IT, has done many unsavory things in his life but everyone has a line they won't cross. He just found his. With only his best friend, Wallis and a dying electrician, Grace, to stand by him, he is left with one clear and final choice. Does he do what is right or what the rules say he should? It is a race against time for the trio against the impersonal might of Silo One. Their only choice? Going Dark. Books in the Silo 49 Series: Silo 49: Going Dark Silo 49: Deep Dark Silo 49: Dark Till Dawn Silo 49: Flying Season for the Mis-Recorded

First Shift: Legacy

The incredible first part of the follow up to bestseller Wool. Donald Keene has been recruited by the government to design a shelter. He has been told that it is just protocol. That it won't really be used. That it is 'just-in-case'. It is underground. Over fifty years later Donald's design has been realised and the last remnants of mankind live in his silo. But no one can remember what life was like before. In fact, they're forced to forget. One simple pill erases a memory. And with it, any chance of hope.

Third Shift: Pact

The incredible third part of Shift, the follow up to bestseller Wool. Donald has woken again. Because this time the impossible has happened. Someone has fled one of the silos. And she is still alive. Jimmy is a sixteen-year-old boy, and his home is being destroyed. A betrayal has led to one of the worst uprisings in history. Jimmy's descent into 'Solo' is about to begin. With Jules about to meet Solo, Donald's world is about to change for one final time. Will he obey the Order? Or will he risk everything to discover the truth?

Machine Learning

A collection of new and previously published stories by New York Times best-selling author Hugh Howey, including three set in his Wool universe

Sand Part 2: Out of No Man's Land

The new novel from the international bestselling author of the Wool trilogy. Part two of Sand by Hugh Howey. The old world is buried. A new one has been forged atop the shifting dunes. Here in this land of howling wind and infernal sand, four siblings find themselves scattered and lost.

Beacon 23

For centuries, men and women have manned lighthouses to ensure the safe passage of ships. It is a lonely job, and a thankless one for the most part. Until something goes wrong. Until a ship is in distress. In the 23rd century, this job has moved into outer space. A network of beacons allows ships to travel across the Milky Way at many times the speed of light. These beacons are built to be robust. They never break down. They never fail. At least, they aren't supposed to.

The Folk of the Fringe

In Orson Scott Card's classic apocalyptic science fiction novel The Folk of the Fringe, only a few nuclear weapons fell in America--the weapons that destroyed the nation were biological and, ultimately, cultural. But in the chaos, the famine, the plague, there existed a few pockets of order. The strongest of them was the state of Deseret, formed from the vestiges of Utah, Colorado, and Idaho. The climate has changed. The Great Salt Lake has filled up to prehistoric levels. But there, on the fringes, brave, hardworking pioneers are making the desert bloom again. A civilization cannot be reclaimed by powerful organizations, or even by great men alone. It must be renewed by individual men and women, one by one, working together to make a community, a nation, a new America. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The H. G. Wells Collection

Collected together here are seven of the most iconic novels of H. G. Wells, the father of science fiction himself. With each story, he presents a unique and exciting twist. In The Invisible Man, a scientist's experimentation with visibility goes disastrously wrong. The Time Machine features a traveller recounting his adventures into the future, and The Island of Doctor Moreau explores the terrifying boundaries of human and animal morality. Other stories included are The War of the Worlds, The First Men in the Moon, When the Sleeper Wakes and The World Set Free. This array of thrilling stories ranges from scenes of alien invasions to visions of dystopian futures.

The English Understand Wool (Storybook ND Series)

A modern amorality play about a 17-year-old girl, the wilder shores of connoisseurship, and the power of false friends Maman was exigeante—there is no English word—and I had the benefit of her training. Others may not be so fortunate. If some other young girl, with two million dollars at stake, finds this of use I shall count myself justified. Raised in Marrakech by a French mother and English father, a 17-year-old girl has learned above all to avoid mauvais ton ("bad taste" loses something in the translation). One should not ask servants to wait on one during Ramadan: they must have paid leave while one spends the holy month abroad. One must play the piano; if staying at Claridge's, one must regrettably install a Clavinova in the suite, so that the necessary hours of practice will not be inflicted on fellow guests. One should cultivate weavers of tweed in the Outer Hebrides but have the cloth made up in London; one should buy linen in Ireland but have it made up by a Thai seamstress in Paris (whose genius has been supported by purchase of suitable premises). All this and much more she has learned, governed by a parent of ferociously lofty standards. But at 17, during the annual Ramadan travels, she finds all assumptions overturned. Will she be able to fend for herself? Will the dictates of good taste suffice when she must deal, singlehanded, with the sharks of New York?

The Love Hypothesis

The Instant New York Times Bestseller and TikTok Sensation! As seen on THE VIEW! A BuzzFeed Best Summer Read of 2021 When a fake relationship between scientists meets the irresistible force

of attraction, it throws one woman's carefully calculated theories on love into chaos. As a third-year Ph.D. candidate, Olive Smith doesn't believe in lasting romantic relationships--but her best friend does, and that's what got her into this situation. Convincing Anh that Olive is dating and well on her way to a happily ever after was always going to take more than hand-wavy Jedi mind tricks: Scientists require proof. So, like any self-respecting biologist, Olive panics and kisses the first man she sees. That man is none other than Adam Carlsen, a young hotshot professor--and well-known ass. Which is why Olive is positively floored when Stanford's reigning lab tyrant agrees to keep her charade a secret and be her fake boyfriend. But when a big science conference goes haywire, putting Olive's career on the Bunsen burner, Adam surprises her again with his unyielding support and even more unyielding...six-pack abs. Suddenly their little experiment feels dangerously close to combustion. And Olive discovers that the only thing more complicated than a hypothesis on love is putting her own heart under the microscope.

The Silo Series Collection

For the first time ever, The Silo Saga Omnibus brings together all of the work in Hugh Howey's ground-breaking, best-selling, acclaimed series, including the individual novels *Wool*, *Shift*, and *Dust*, as well as original essays by the author, and a bonus chapbook of short fiction, *Silo Stories*. The remnants of humanity live underground in a vast silo. In this subterranean world, rules matter. Rules keep people alive. And no rule is more strictly enforced than to never speak of going outside. The punishment is exile and death. When the sheriff of the silo commits the ultimate sin, the most unlikely of heroes takes his place. Juliette, a mechanic from the down deep, who never met a machine she couldn't fix nor a rule she wouldn't break. What happens when a world built on rules is handed over to someone who sees no need for them? And what happens when a world broken to its core comes up against someone who won't stop until things are set to right? Their world is about to fall. What—and who—will rise?

Norwegian Wood

'A masterly novel' New York Times 'Such is the exquisite, gossamer construction of Murakami's writing that everything he chooses to describe trembles with symbolic possibility' Guardian Read the haunting love story that turned Murakami into a literary superstar. When he hears her favourite Beatles song, Toru Watanabe recalls his first love Naoko, the girlfriend of his best friend Kizuki. Immediately he is transported back almost twenty years to his student days in Tokyo, adrift in a world of uneasy friendships, casual sex, passion, loss and desire - to a time when an impetuous young woman called Midori marches into his life and he has to choose between the future and the past. *Murakami's new book *Novelist as a Vocation* is available now* 'Evocative, entertaining, sexy and funny; but then Murakami is one of the best writers around' Time Out 'Poignant, romantic and hopeless, it beautifully encapsulates the heartbreak and loss of faith' Sunday Times 'This book is undeniably hip, full of student uprisings, free love, booze and 1960s pop, it's also genuinely emotionally engaging, and describes the highs of adolescence as well as the lows' Independent on Sunday

Wool

In a future toxic landscape, a community that lives in an underground silo is rocked by the desire of Sheriff Holston, who has upheld the group's rules for years, to go outside, setting in motion events that kindle the fire of revolution.

Dark Matter

In this world he's woken up to, Jason's life is not the one he knows. His wife is not his wife. His son was never born. And Jason is not an ordinary college physics professor, but a celebrated genius who has achieved something remarkable. Something impossible. Is it this world or the other that's the dream? And even if the home he remembers is real, how can Jason possibly make it back to the family he loves? The answers lie in a journey more wondrous and horrifying than anything he could've imagined - one that will force him to confront the darkest parts of himself even as he battles a terrifying, seemingly unbeatable foe.

Wool 4

A long, long time ago, an uprising erupted in Silo 18. The descendants of that great clash have been raised in its shadow. Nobody knows what went wrong. Nobody talks about what happened. Like all wars, it went from being something one could learn from -- to a legend one merely learns about. Now, almost two hundred years later, the people of Silo 18 will get more than just a chance to learn about that uprising. They'll get to start one of their own...

Blood and Snow

A wicked queen with a blood-sucking request. A hot new guy at the Academy. Will Snow get her happily ever after, or will she wind up killing her crush? Vampires? Magic? I didn't believe in fairy tales. That was my first mistake. My name is Snow White. At the Academy, I'm the butt of jokes and the klutz no one wants to date until Chace Charming walks into my life and changes everything. Now I'm different. Now I let a complete stranger drink my blood. Not only that, but the vampire queen wants to claim me as her next victim, and the only way to stop her is to become something not quite human. With my life turned upside down, it's clear the supernatural is everywhere, and the pull to become a vampire is irresistible. I must decide whether to remain in the mundane realm of humans or change into the creature I was marked to be. Blood and Snow is the first book in the #1 bestselling Seven Magics Academy series. Ninth House

"The best fantasy novel I've read in years, because it's about real people... Impossible to put down." —Stephen King The smash New York Times bestseller from Leigh Bardugo, a mesmerizing tale of power, privilege, and dark magic set among the Ivy League elite. Goodreads Choice Award Winner Locus Finalist Galaxy "Alex" Stern is the most unlikely member of Yale's freshman class. Raised in the Los Angeles hinterlands by a hippie mom, Alex dropped out of school early and into a world of shady drug-dealer boyfriends, dead-end jobs, and much, much worse. In fact, by age twenty, she is the sole survivor of a horrific, unsolved multiple homicide. Some might say she's thrown her life away. But at her

hospital bed, Alex is offered a second chance: to attend one of the world's most prestigious universities on a full ride. What's the catch, and why her? Still searching for answers, Alex arrives in New Haven tasked by her mysterious benefactors with monitoring the activities of Yale's secret societies. Their eight windowless "tombs" are the well-known haunts of the rich and powerful, from high-ranking politicians to Wall Street's biggest players. But their occult activities are more sinister and more extraordinary than any paranoid imagination might conceive. They tamper with forbidden magic. They raise the dead. And, sometimes, they prey on the living. Don't miss the highly-anticipated sequel, *Hell Bent*.

Dust

The much-anticipated final instalment of the Wool trilogy. 'The next Hunger Games.' The Sunday Times 'Thrilling, thought-provoking and memorable ... one of dystopian fiction's masterpieces alongside the likes of 1984 and Brave New World.' Daily Express _____ In the aftermath of the uprising, the people of Silo 18 are coming to terms with a new order. Some embrace the change, others fear the unknown; none have control of their fate. The Silo is still in danger. There are those set on its destruction. Jules knows they must be stopped. The battle has been won. The war is just beginning.

Second Shift: Order

The incredible second part of Shift, the follow up to bestseller Wool. Donald wasn't supposed to remember. In fact, he was punished for doing just that. But the information he should have forgotten may end up saving his future. Mission Jones is a young man who wants to change the world around him. The rules, the secrets, the lies. Putting his own life on the line, he fights to build a resistance and save those who have hope. But is he trying to save the wrong people? Donald knows the truth, but is he willing to use it to protect something that he regrets building in the first place?

I, Zombie

WARNING: NOT FIT FOR HUMAN CONSUMPTION This book contains foul language and fouler descriptions of life as a zombie. It will offend most anyone, so proceed with caution or not at all. And be forewarned: This is not a zombie book. This is a different sort of tale. It is a story about the unfortunate, about those who did not get away. It is a human story at its rotten heart. It is the reason we can't stop obsessing about these creatures, in whom we see all too much of ourselves.

The Programme

Alexis Valentine is a normal teenager with a normal life. Until now...Now, normal no longer exists. On turning sixteen, she learns of the plan to save a world decimated by a virulent strain of influenza - a plan that will save humanity but destroy its very essence. Embarking on her predetermined path, living an existence without choice or control, her life is no longer her own. It belongs to The Programme. Compliance is mandatory. Like it or not, she has to do her duty. They all do. Entering The Programme is just the beginning. And what do you do when everything starts to go wrong?

Precious Blood

'They found her in the East Village, nailed to the wall of a railroad flat' Dr. Edward Jenner is a New York forensic pathologist: he has attended countless murder scenes and performed thousands of autopsies but the killing of 21 year old Andie Delore is different. The naked body is marked with an indecipherable ancient script and is arranged in the shape of a ritual sacrifice. The murderer poses as a cop. The sole eye witness is Andie's flatmate, Ana da Jong. She can't trust the police anymore. Instead she turns to Jenner for help. But then a second victim is found in rural Pennsylvania. Her head has been placed in a puddle of milk. And then the third. Another decapitation: her naked torso is decorated with exotic bird feathers... Both corpses have the same mysterious script. The killer is leading Jenner and Ana into his own private nightmare. A place from which there will be no escape.

Before I Go to Sleep

An amnesiac attempts to reconstruct her past by keeping a journal and discovers the dangerous inconsistencies in the stories of her husband and her secret doctor.

Children of Time

Winner of the 2023 Hugo Award for Best Series! Adrian Tchaikovsky's award-winning novel *Children of Time*, is the epic story of humanity's battle for survival on a terraformed planet. Who will inherit this new Earth? The last remnants of the human race left a dying Earth, desperate to find a new home among the stars. Following in the footsteps of their ancestors, they discover the greatest treasure of the past age—a world terraformed and prepared for human life. But all is not right in this new Eden. In the long years since the planet was abandoned, the work of its architects has borne disastrous fruit. The planet is not waiting for them, pristine and unoccupied. New masters have turned it from a refuge into mankind's worst nightmare. Now two civilizations are on a collision course, both testing the boundaries of what they will do to survive. As the fate of humanity hangs in the balance, who are the true heirs of this new Earth?

The Cycle of Arawn: The Complete Trilogy

Dante Galand is young. Penniless. Alone. But devoted to learning the dark magic of his world. His quest will take him from the city gutters to a foreign land of sorcerers. To a war for independence. And finally, to another war—this time, for his people's very survival. A USA Today bestselling series, *THE CYCLE OF ARAWN* is a complete trilogy of 1600 pages—more than half a million words of strife, civil war, friendships made and broken, and one man's obsession to become the greatest sorcerer since the days of the gods.

Eternity Road

The Roadmakers left only ruins behind -- but what magnificent ruins! Their concrete highways still cross the continent. Their cups, combs and jewelry are found in every Illyrian home. They left behind a legend, too -- a hidden sanctuary called Haven, where even now the secrets of their civilization might still be found. Chaka's brother was one of those who sought to find Haven and never returned. But now Chaka has inherited a rare Roadmaker artifact -- a book called *A Connecticut Yankee in King Arthur's Court* -- which has inspired her to follow in his footsteps. Gathering an unlikely band of companions around her, Chaka embarks upon a journey where she will encounter bloodthirsty river pirates, electronic ghosts who mourn their lost civilization and machines that skim over the ground and air. Ultimately, the group will learn the truth about their own mysterious past.

The End is Nigh

Famine. Death. War. Pestilence. These are the harbingers of the biblical apocalypse, of the End of the World. In science fiction, the end is triggered by less figurative means: nuclear holocaust, biological warfare/pandemic, ecological disaster, or cosmological cataclysm. But before any catastrophe, there are people who see it coming. During, there are heroes who fight against it. And after, there are the survivors who persevere and try to rebuild. *THE APOCALYPSE TRIPTYCH* will tell their stories. Edited by acclaimed anthologist John Joseph Adams and bestselling author Hugh Howey, *THE APOCALYPSE TRIPTYCH* is a series of three anthologies of apocalyptic fiction. *THE END IS NIGH* focuses on life before the apocalypse. *THE END IS NOW* turns its attention to life during the apocalypse. And *THE END HAS COME* focuses on life after the apocalypse. *THE END IS NIGH* features all-new, never-before-published works by Hugh Howey, Paolo Bacigalupi, Jamie Ford, Seanan McGuire, Tananarive Due, Jonathan Maberry, Scott Sigler, Robin Wasserman, Nancy Kress, Charlie Jane Anders, Ken Liu, and many others.

Prudence

From NYT bestselling author Gail Carriger comes a witty adventure about a young woman with rare supernatural abilities travels to India for a spot of tea and adventure and finds she's bitten off more than she can chew. When Prudence Alessandra Maccon Akeldama ("Rue" to her friends) is bequeathed an unexpected dirigible, she does what any sensible female under similar circumstances would do -- she christens it the Spotted Custard and floats off to India. Soon, she stumbles upon a plot involving local dissidents, a kidnapped brigadier's wife, and some awfully familiar Scottish werewolves. Faced with a dire crisis (and an embarrassing lack of bloomers), Rue must rely on her good breeding -- and her metanatural abilities -- to get to the bottom of it all... The Plagiarist

Adam Griffey is living two lives. By day, he teaches literature. At night, he steals it. Adam is a plagiarist, an expert reader with an eye for great works. He prowls simulated worlds perusing virtual texts, looking for the next big thing. And when he finds it, he memorizes it page by page, line by line, word for word. And then he brings it back to his world, the real world, and he sells it. But what happens when these virtual worlds begin to seem more real than his own? What happens when the people within them mean more to him than flesh and blood? What happens when a living thing falls in love with someone who does not actually exist?
