Q. Tell me about yourself.

I'd like to work for you for several reasons. The first reason is you have a good set of organizational values that are aligned with my own, and you have a solid reputation within this industry.

A good quantity Surveyor has a versatile and wide-ranging set of skills and qualities.

I would say the most challenging aspect is when you are working with contractors or stakeholders whose appetite for project completion isn't in sync with your own

Q. What's your biggest weakness as a quantity surveyor?
