Most traders on the ASX are familiar with line and bar charts, but there has never before been a book written in Australia on the ancient Japanese art of candlestick charting. The Secret of the Fourth Candle

It is November 2013, nearly thirty years after Rabbi Levin taught and comforted refusenik families in the former Soviet Union and presided over the twinning of his bat mitzvah student, Simone Da Costa, with Sanna Tsivkin of Leningrad. Rabbi Levin is currently serving a synagogue in northern Manhattan which consists of a substantial number of Holocaust survivors. As his congregation observes the seventy-fifth anniversary of Kristallnacht, he is acutely aware of hatred of the other in America. Inequality, discrimination, segregation, violence against racial minorities, anti-Semitic incidents, and anti-immigrant bias were in full force. ICE was bearing down hard upon illegal immigrants. Many have taken refuge in religious institutions to avoid deportation and family separation. The ghosts of 1938 have reappeared on the synagogue's doorstep. Both Kristallnacht and its aftermath and the plight of Soviet Jewry seem as if they had only happened yesterday. Thousands of miles away, Rabbi Levin's

daughter, Bracha, engages in graduate work at Hebrew University in Jerusalem and works for a human rights organization. She is on the front lines of the ongoing Israel-Palestinian conflict. As a lover of Zion who is saddened by acts of terrorism perpetrated against her own people, she witnesses prejudice and violations of human rights and becomes disillusioned. A famous saying attributed to the Baal Shem Tov states that forgetfulness leads to exile, but remembrance is the secret of redemption. The upcoming observance of Kristallnacht sets off a chain of events which would lead to communal challenges and would move Rabbi Levin's community work in an unpredictable direction. Bracha's experiences would lead to serious questioning that would shape her career path. As both father and daughter embark upon a journey of remembrance, face the challenges of the present, and envision a brighter future for humanity, they discover the real secret of redemption.

The Secret of Redemption

Sefer Yetzirah (the "Book of Creation"), one of the earliest Kabbalistic works, teaches that the letters of the Hebrew alphabet are the building blocks of creation. Each letter has its own significance, spiritual energy, and reason for existing. In this revised version of Rabbi Ginsburgh's best-selling *The Alef-Beit, Jewish Thought Revealed Through the Hebrew Letters*, he explains how each letter's name, form, and numerical value play a role in the creative process of the cosmos. He draws on the understandings of the well-known mystic, the Baal Shem Tov, in depicting how each letter has nine dimensions, with impact in three worlds--the physical, spiritual, and Divine. In every letter there is the true completion of the soul, a chance to unite consciousness with the code of creation. Includes glossary, footnotes, and index.

Who is the Muse? Why do we need Her? How do we tap into that shining current of inspiration and create something never before seen, something beautiful and terrible, fantastical and infinitely real. The Muse is as vital to our lives today as She was in ancient times. She changes as we change and Her Arts are continually in flux, Arts that we simply cannot live without...or that we wouldn't want to. Among other things, they are tools to make and re-make our world even as we work with Fate to weave the web of life and death, of creation and destruction. Through four faces, four masks of the Muse, this book explores different aspects of inspiration, creativity, and magick. Aphrodite, Ceridwen, Ariadne, and the Lady of the Lake await--each to teach us of the Arts and what we are capable of at our very best. By the poetry, prayer, invocation, and ritual contained within we can come to know the Muse and so know ourselves and the gifts we all have within us that demand recognition and expression. The path of the Muse may not always be an easy or a safe one, but anything worth having is worth paying the price for. Who is the Muse? Who are we? This book is a journey, one that we must dare to take and dare to take hold of what is revealed.. As we must return to the well of memory, the depths of the ocean, and the currents below the earth, there to claim what was ours all along.

The Hebrew Letters

It was just a short cross-country ski outing over the Christmas break for Mogi Franklin and his sister, Jennifer--until they find themselves suddenly caught in a vicious blizzard. Near collapse, they ski into a mysterious valley with an ancient hacienda, a busy Spanish family, and a village with no electricity, no plumbing, no cars, no phones, and definitely no Walmart. A vacation that began a few days earlier helping his Granddad clean and decorate for a huge family celebration had now become a mind-boggling mystery. And young Mogi's anguish trying to come to terms with his grandmother's death from cancer the previous Christmas turns to fear and danger when he is accused of stealing a religious icon the town prizes above all others--and which holds the key to solving an ancient legend of missing Spanish gold. It's the latest book of the exciting Mogi Franklin Mysteries--shadowy figures, secret societies, a town like no other. Is this all reality or illusion? Mogi must find the answers, even as he struggles with the memory of his grandmother's death and the mysteries of faith it brought him which he now must answer as well.

A Parent's Guide to Christian Books for Children

Since the appearance of Theosophical literature in England, it has become customary to call its teachings "Esoteric Buddhism." And, having become a habit—as an old proverb based on daily experience has it—"Error runs down an inclined plane, while Truth has to laboriously climb its way up hill." Old truisms are often the wisest. The human mind can hardly remain entirely free from bias, and decisive opinions are often formed before a thorough examination of a subject from all its aspects has been made. This is said with reference to the prevailing double mistake (a) of limiting Theosophy to Buddhism; and (b) of confounding the tenets of the religious philosophy preached by Gautama, the Buddha, with the doctrines broadly outlined in Esoteric Buddhism. Any thing more erroneous than this could hardly be imagined. It has enabled our enemies to find an effective weapon against Theosophy, because, as an eminent Pâli scholar very pointedly expressed it, there was in the volume named "neither Esotericism nor Buddhism." The esoteric truths, presented in Mr. Sinnett's work, ceased to be esoteric from the moment they were made public; nor did the book contain the religion of Buddha, but simply a few tenets from a hitherto hidden teaching, which are now explained and supplemented by many more in the present volumes. And even the latter, though giving out many fundamental tenets from the Secret Doctrine of the East, raise but a small corner of the dark veil. For no one, not even the greatest living Adept, would be permitted to, or could—even if he would—give out promiscuously to a mocking, unbelieving world that which has been so effectually concealed from it for long æons and ages. Esoteric Buddhism was an excellent work with a very unfortunate title, though it meant no more than does the title of this work, The Secret Doctrine. It proved unfortunate, because people are always in the habit of judging things by their appearance rather than by their meaning, and because the error has now become so universal, that even most of the Fellows of the Theosophical Society have fallen victims to the same misconception. From the first, however, protests were raised by Brâhmans and others against the title; and, in justice to myself, I must add that Esoteric Buddhism was presented to me as a completed volume, and that I was entirely unaware of the manner in which the author intended to spell the word "Budh-ism."

Polarity magic is at the heart of the Western Mystery Tradition, though few are aware of its theory and practice. Even so, it constitutes the core of all mythology and mystery teachings. It recognizes that the most powerful creative force is found in the fundamental energies exchanged between a man and a woman. It exalts, rather than negates, human sexuality in spiritual and magical endeavor. This book explores the hidden traditions of the Western mysteries, focusing on the divine feminine and the sexual dynamics of magic. It shows why the feminine principle must be restored to magic, and offers practical magical examples of how this may be done. Sympathetic reconstructions of priest and priestess rituals are offered, which feature ancient historical and mythological couples such as Isis and Osiris, Taliesen and Ceridwen, Arthur and Gwenevere, Merlin and Gwendydd, and Akhenaten and Nefertiti. The magical implications of the relationship between Mary Magdalene and Christ are also addressed. Also featured in this one-of-a-kind magical volume is advice on forming working partnerships with beings of the faery realm, and techniques for the lone magician who works with inner-plane partners.

The Patricia St John Christmas Book

A practical guide to pathworking and other esoteric techniques from the ancient mystery schools predating Christianity • Explains the dynamics of both group ritual and solo practice • Shows that temples of high magic are not mere physical structures but inner edifices created by sustained meditative practice • Explains why this practice is sometimes called the Yoga of the West Before the advent of Christianity, early civilizations had, at the heart of their spiritual traditions, mystery schools that offered a corpus of training methods in what is now called magic. The persecution of heresies that followed the establishment of Christianity as Rome's state religion, a persecution that reached its high point during the Middle Ages, forced the degradation and disappearance of this training system. While the knowledge of these mystery traditions--jealously guarded by secret societies--has begun to emerge, the actual techniques and practices of spiritual magic have remained hidden. The Temple of High Magic provides the practical knowledge of these techniques for modern spiritual seekers who wish to incorporate the proven esoteric techniques of the magi into their lives. This book explains the dynamics of group ritual and solo practice as well as the critical role played by the kabbalistic tree of life--the key to inner knowledge. Ina Custers-van Bergen shows that temples of high magic are not

mere physical structures but are the inner edifices willed into being by a sustained meditative practice and pathworking, using key symbols from ancient Hebraic and Egyptian traditions. Sometimes called the Yoga of the West, this spiritual magic is a system of esoteric development that seeks to create full union between the magician and the divine.
