This is among the most frequently sought-after documents on the internet.

You are lucky to have discovered the right source.

We give you access to the full and authentic version Dictionary Of Word Origins free of charge.

An Etymological Dictionary of the English Language

Practical and reliable, this reference traces English words back to their Indo-European roots. Each entry features a brief definition, identifies the language of origin, and employs a few illustrative quotations. An extensive appendix includes lists of prefixes, suffixes, Indo-European roots, homonyms and doublets, and the distribution of English-language sources.

An Etymological Dictionary of the English Language

The Oxford Dictionary of English Etymology is the most comprehensive etymological dictionary of the English language ever published. It is based on the original edition of The Oxford English Dictionary but much augmented by further research on the etymology of English and other languages. Providing a fascinating insight into the development of English, it describes 38,000 words in 24,000 articles.

Chambers's Etymological Dictionary of the English Language

A detailed reference to the definitions, history and etymology of frequently-used primary words.

The Oxford Dictionary of English Etymology

A detailed reference work examining the derivation and meanings of words.

An Etymological Dictionary of the English Language

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world),

and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Dictionary of Etymology of the English Language

The compiler of this dictionary of word and phrase origins and history was not only a linguist and a philologist but also a man of culture and wit. When he turned his attention, therefore, to the creation of an etymological dictionary for both specialists and non-specialists, the result was easily the finest such work ever prepared. *Weekley's Dictionary* is a work of thorough scholarship. It contains one of the largest lists of words and phrases to be found in any singly etymological dictionary — and considerably more material than in the standard concise edition, with fuller quotes and historical discussions. Included are most of the more common words used in English as well as slang, archaic words, such formulas as "I. O. U.," made-up words (such as Carroll's "Jabberwock"), words coined from proper nouns, and so on. In each case, roots in Anglo-Saxon, Old Norse, Greek or Latin, Old and modern French, Anglo-Indian, etc., are identified; in hundreds of cases, especially odd or amusing listings, earliest known usage is mentioned and sense is indicated in quotations from Dickens, Shakespeare, Chaucer, "Piers Plowman," Defoe, O. Henry, Spenser, Byron, Kipling, and so on, and from contemporary newspapers, translations of the Bible, and dozens of foreign-language authors.

A Dictionary of Etymology of the English Language

Where did the words bungalow and assassin derive? What did nice mean in the Middle Ages? How were adder, anger, and umpire originally spelt? The answers can be found in this essential companion to any popular dictionary. With over 17,000 entries, this is the most authoritative and comprehensive guide to word origins available in paperback. Based on *The Oxford Dictionary of English Etymology*, the principal authority on the origin and development of English words, it contains a wealth of information about our language and its history.

A Concise Etymological Dictionary of the English Language

Excerpt from *A Dictionary of Etymology of the English Language: And of English Synonymes and Paronymes* The Hebrew and Greek Alphabets are subjoined, to enable the pupil and the unlearned to read the words in these characters, and thus to prepare them for commencing with greater advantage the study of these languages. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

A Comprehensive Etymological Dictionary of the English Language

Walter Skeat (1835-1912) was one of the greatest investigators of the roots of the English language, and his remarkable scholarship was instrumental in the revival of the great works of early English Literature. His astonishing detective work into the origins and development of the world's most widely used language provides an unsurpassed guide to its flexibility and richness.

Etymological Dictionary of the English Language

The Oxford English Dictionary is the internationally recognized authority on the evolution of the English language from 1150 to the present day. The Dictionary defines over 500,000 words, making it an unsurpassed guide to the meaning, pronunciation, and history of the English language. An Etymological Dictionary of Modern English, Vol. 1

Excerpt from An Etymological Dictionary of the English Language Owing to the large number of corrections which the use of the newer method renders imperative, I took the opportunity, in 1901, of printing an entirely new edition of my Concise Etymological Dictionary, first issued in 1882, and partially corrected in four later editions the result being that the edition of 1901 entirely supersedes all that preceded it. The Concise Oxford Dictionary of English Etymology

Excerpt from A Concise Etymological Dictionary of the English Language I do not, in general, give the history Of the use of the word under discussion, unless there is some special point which is necessary to be known for the sake of the etymology. For such history, accompanied by illustrative comments. References, and discussions, I must refer students to the unabridged work. A Dictionary of Etymology of the English Language

Volume 1 of a two-volume work. This classic reference contains most of the more common words used in everyday English conversation, plus slang, archaic words and phrases, coined words and foreign words common in English. Roots are identified, cross-references to words with similar roots are listed and colloquial usages and alternate spellings are given. "Notable for its readable historical discussions, apt citations and jargonless clarity"--Saturday Review.
