On the home front, somebody burned down my bar, the Wayfarer, killing eight people, including a friend. To make matters worse, we still haven't found a way to stop Lowestar Radcliff—the daemon in charge of a supernatural corporate power grab. He's attempting to awaken Suvika, the lord of vice and corrupt businessmen, and we have to stop him. Our enemies are closing in on all sides, and this time, there's no place to hide...

"The best fantasy novel I've read in years, because it's about real people... Impossible to put down." —Stephen King The smash New York Times bestseller from Leigh Bardugo, a mesmerizing tale of power, privilege, and dark magic set among the Ivy League elite. Goodreads Choice Award Winner Locus Finalist Galaxy "Alex" Stern is the most unlikely member of Yale's freshman class. Raised in the Los Angeles hinterlands by a hippie mom, Alex dropped out of school early and into a world of shady drug-dealer boyfriends, dead-end jobs, and much, much worse. In fact, by age twenty, she is the sole survivor of a horrific, unsolved multiple homicide. Some might say she's thrown her life away. But at her hospital bed, Alex is offered a second chance: to attend one of the world's most prestigious universities on a full ride. What's the catch, and why her? Still searching for answers, Alex arrives in New Haven tasked by her mysterious benefactors with monitoring the activities of Yale's secret societies. Their eight windowless "tombs" are the well-known haunts of the rich and powerful, from high-ranking politicians to Wall Street's biggest players. But their occult activities are more sinister and more extraordinary than any paranoid imagination might conceive. They tamper with forbidden magic. They raise the dead. And, sometimes, they prey on the living. Don't miss the highly-anticipated sequel, *Hell Bent*.

The Scarlet Veil

National Book Award Finalist: "This man's ideas may be the most influential, not to say controversial, of the second half of the twentieth century."—Columbus Dispatch At the heart of this classic, seminal book is Julian Jaynes's still-controversial thesis that human consciousness did not begin far back in animal evolution but instead is a learned process that came about only three thousand years ago and is still developing. The implications of this revolutionary scientific paradigm extend into virtually every aspect of our psychology, our history and culture, our religion—and indeed our future. "Don't be put off by the academic title of Julian Jaynes's *The Origin of Consciousness in the Breakdown of the Bicameral Mind*. Its prose is always lucid and often lyrical...he unfolds his case with the utmost intellectual rigor."—The New York Times "When Julian Jaynes . . . speculates that until late in the twentieth millennium BC men had no consciousness but were automatically obeying the voices of the gods, we are astounded but compelled to follow this remarkable thesis."—John Updike, *The New Yorker* "He is as startling as Freud was in *The Interpretation of Dreams*, and Jaynes is equally as adept at forcing a new view of known human behavior."—American Journal of Psychiatry

"What to read after A Court of Thorns and Roses! Full of twists you'll never see coming!" –UppercaseYA I've never been a stranger to the darkness. But when darkness comes knocking and looks that good, who wouldn't invite him in? Draven is mysterious, evasive, and hot as sin. The only thing more infuriating than his silence is how obnoxious he is every time he does open his mouth. But when a group of strangers attacks me and he fights back—causing them to vanish into a cloud of black dust—I know Draven is more than he seems. Now I know the truth. There's a veil separating the world I know from a world of demons living all around us. Turns out, good and evil are just words. Some of the demons don't fall into either category. And I'm realizing just how easily I fit in among the ancient warlocks, the divine soldiers, and the twisted supernaturals... There's so much more to me and my past that I don't know—let alone what I am truly capable of. So when all signs point to me having the ability to unleash Hell on earth? I'll have to decide if I want to do the world a solid and save it...or give it one hell of a makeover. The Ember of Night series is best enjoyed in order. The Origin of Consciousness in the Breakdown of the Bicameral Mind

A brand new series from New York Times bestselling author Chloe Neill. Seven years ago, the Veil that separates humanity from what lies beyond was torn apart, and New Orleans was engulfed in a supernatural war. Now, those with paranormal powers have been confined in a walled community that humans call the District. Those who live there call it Devil's Isle. Claire Connolly is a good girl with a dangerous secret: she's a Sensitive, a human endowed with magic that seeped through the Veil. Claire knows that revealing her skills would mean being confined to Devil's Isle. Unfortunately, hiding her power has left her untrained and unfocused. Liam Quinn knows from experience that magic makes monsters of the weak, and he has no time for a Sensitive with no control of her own strength. But when he sees Claire using her powers to save a human under attack—in full view of the French Quarter—Liam decides to bring her to Devil's Isle and the teacher she needs, even though getting her out of his way isn't the same as keeping her out of his head. As more and more Sensitives fall prey to their magic, and unleash their hunger on the city, Claire and Liam must work together to save New Orleans, or else the city will burn...

Though the Serbian pack has been brought to heel thanks to the downfall of their Alpha, the war is far from over. Desdemona, a witch of unfathomable power, has escaped the wolves' wrath, but she will not go quietly into the night. She takes refuge in a place where even the smallest sliver of light does not

dare to enter. Though she had to flee, she has not given up on the treasure she wishes to acquire. Her depravity knows no bounds; she's even willing to search for the one who can assist her in opening a Veil that has not been opened in millennia – with good reason: the danger is incalculable. Meanwhile, there are major changes rippling through the Romanian Grey wolves. Decebel has become Alpha to the Serbian pack in an effort to begin to unite the *Canis lupis* species. Their numbers are dwindling in the wake of the shortage of true mates and lack of offspring. The wolves are beginning to lose faith and darkness seems to be crashing in on them from all sides. But the winds of change are blowing, changes that will alter the future of not only the *Canis lupis*, but of another ancient race as well. Amidst all of this, Sally is continuing to come to terms with her relationship with the playful, charming, flirty, unbelievably handsome bartender – who happens to be a member of the Romanian pack. If all that weren't enough, the Fates have decided to pay a little visit to Jen. It's time to collect. She cheated the Fates of a life, her life. Now they want what they are due. The problem? It's more than Jen is willing to pay. Yes, the war is indeed far from over. Bargains will be struck, declarations will be made, sacrifices will be given, love will be tested, and trust will be questioned as evil makes its stand against them all.

Dark Ages Werewolf

Captivating and action-packed, *From Blood and Ash* is a sexy, addictive, and unexpected fantasy perfect for fans of Sarah J. Maas and Laura Thalassa. A Maiden... Chosen from birth to usher in a new era, Poppy's life has never been her own. The life of the Maiden is solitary. Never to be touched. Never to be looked upon. Never to be spoken to. Never to experience pleasure. Waiting for the day of her Ascension, she would rather be with the guards, fighting back the evil that took her family, than preparing to be found worthy by the gods. But the choice has never been hers. A Duty... The entire kingdom's future rests on Poppy's shoulders, something she's not even quite sure she wants for herself. Because a Maiden has a heart. And a soul. And longing. And when Hawke, a golden-eyed guard honor bound to ensure her Ascension, enters her life, destiny and duty become tangled with desire and need. He incites her anger, makes her question everything she believes in, and tempts her with the forbidden. A Kingdom... Forsaken by the gods and feared by mortals, a fallen kingdom is rising once more, determined to take back what they believe is theirs through violence and vengeance. And as the

shadow of those cursed draws closer, the line between what is forbidden and what is right becomes blurred. Poppy is not only on the verge of losing her heart and being found unworthy by the gods, but also her life when every blood-soaked thread that holds her world together begins to unravel. Narcissus in Chains

An Anita Blake, Vampire Hunter, novel 'Something in the look on my face must have frightened him, because his eyes widened, and I saw something like human fear cross his reptilian face.' I'm Anita Blake and I kill monsters. The last thing I want to think about though when I get home after a night out is work. But someone has abducted a wereleopard from the Narcissus in Chains club. It's a dark world out there with shapeshifter crime and were-creature struggles. I may not have seen Jean-Claude, the Vampire Master of the City, for six months, but I need his help now, whatever the consequences. Someone is targeting the lycanthropes and we have to save them.

Diamond Hunters

An action-packed thriller of family, business and betrayal – perfect for fans of *Succession* – by international bestselling author, Wilbur Smith. Some people will never have enough . . . Johnny Lance was taken in by the Van Der Byls when he was an orphaned boy, and his life has been dedicated to making his adoptive father proud. But his efforts have been in vain, his father loathes him and, in his dying breath, makes one final demand of his biological son, the jealous and vengeful Benedict: to destroy his half-brother. After being tricked into giving his entire fortune to the Van Der Byls Diamond company, Johnny realizes he only needs two things in life, and one of them is Benedict's sister, the smart and beautiful Tracey. But the obsessive Benedict has been shaped at his father's hand and will stop at nothing to finish what he started. Even if it means destroying everything . . .

Time Untime

Prepare to enter a world full of richly imagined mythology - a world where dark and dangerous heroes fight to protect us. Prepare to enter an endless battle. Prepare to lose yourself . . . The Mayans aren't the only ones with a 2012 prophecy . . . Long before recorded history, there was a Keetoowah warrior so feared that everyone trembled before his wrath. Only a brutal betrayal by the one closest to him could defeat him. But not even death was the end of a man so strong. The Time Untime approaches . . . Kateri Avani has been plagued her entire life with dreams she doesn't understand: images of places she's never been and of a man she's never seen. Her quest for answers has driven her to Las Vegas where she hopes to finally silence the demons in her mind. What she never anticipates is coming face to face with the warrior who has haunted her her entire life. One who belongs to a world the scientist in her refuses to believe is real. Ren Waya came back from the dead to keep the prophecy he began from coming true and ending the world. For thousands of years, he has fought the same evil that once possessed him. But now that evil has found the one person he can't fight. The one person who, against his will, holds the most sacred part of him: his heart. But if he doesn't kill Kateri, the deadliest of evils will reemerge and destroy everyone else on the planet. It was a sacrifice he made once. Will he be able to make it again?

The Secrets of My Life

In this remarkable memoir-written during her pivotal first years of becoming her authentic self-Caitlyn Jenner reflects on her past as she looks to her future. "Imagine denying your core and soul. Then add to it the most impossible expectations that people have for you because you are the personification of The

American Male Athlete." Bruce Jenner, the celebrated Olympic icon and later the patriarch of one of the most famous families in the world, seemed to be living a dream life of success, fame, and prosperity. But the all-American image and million-dollar smile belied a lifelong struggle with gender dysphoria, and it wasn't until the sensational Diane Sawyer interview that the public mask of Bruce Jenner was finally retired, and through the memorable Vanity Fair piece by Buzz Bissinger, that Caitlyn Jenner was introduced to the world and set free to exist on her own terms. Since then, Caitlyn has undertaken an arduous emotional and physical odyssey to achieve the completeness she always felt was missing. In *THE SECRETS OF MY LIFE*, Caitlyn reflects on the inner conflict she experienced growing up in an era of rigidly defined gender identities, and the cruel irony of being hailed by an entire nation as the ultimate symbol of manhood. She recounts her Olympic triumph, her rise to fame, and relates how her sense of frustration and shame grew with the passing years and the lengths to which she had to go to conceal her true self. Caitlyn in turn uncovers the toll that these personal struggles had on her three marriages and, subsequently, the relationships with her children. She also talks candidly about her life in the public eye as a member of the Kardashian clan, what led to her decision to become Caitlyn, and how she, her family, the transgender community, and the rest of the world has since embraced her new life. Filled with incredibly personal and moving stories of struggle and victory, of anxiety and fear, and, finally, of surrender and acceptance, *THE SECRETS OF MY LIFE* reveals the real Caitlyn Jenner by tracing her long and eventful journey to becoming herself.

Sherrilyn Kenyon returns with the next addictive novel in her globally bestselling Dark-Hunter series . . . There is nothing in the universe the cursed dragon, Falcyn, hates more than humanity . . . and in particular, Greek humans. In a war he wanted no part of, they systematically destroyed everything he'd ever cared for. Now he lies in seclusion, away from the world and waits for the day when evolution will finally rid him of the human vermin. Medea was born the granddaughter of the Greek god Apollo, and among the first of his people that he cursed to die. But she will not let anyone rule her life. Not even her notorious grandfather. And when Apollo sends a new plague to destroy what remains of her people, she refuses to standby and watch him take everything she loves from her again. This time, she knows of a secret weapon that can stop the ancient god and his army of demons. Once and for all. However, said device is in the hands of a dragon who wants nothing to do with politics, the gods, humanity, demons or Greek Apollites. And especially not her. He is the immovable object. When Apollo makes a strategic move that backfires, he forces Falcyn back into play. Now Medea either has the weapon she needs to save her people, or she's unleashed total Armageddon. If she can't find some way to control the dragon before it's too late, Falcyn will be an even worse plague on the world than the one Apollo has set loose. But how can anyone control a demonic dragon whose sole birthright is total destruction?

Dark Places

A cult classic, adapted into a film starring Christian Bale. Is evil something you are? Or is it something you do? Patrick Bateman has it all: good looks, youth, charm, a job on Wall Street, reservations at every new restaurant in town and a line of girls around the block. He is also a psychopath. A man addicted to his superficial, perfect life, he pulls us into a dark underworld where the American Dream becomes a nightmare . . . With an introduction by Irvine Welsh, Bret Easton Ellis's *American Psycho* is one of the most controversial and talked-about novels of all time. A multi-million-copy bestseller hailed as a modern classic, it is a violent black comedy about the darkest side of human nature.

American Psycho

In the ethereal world of dreams there are champions who fight to protect the dreamer and there are demons who prey on them. Arik is such a predator. Condemned by the gods to live for eternity without emotions, Arik can only feel when he's in the dreams of others. Now, after thousands of years, he's finally found a dreamer whose vivid mind can fill his emptiness. Dr Megeara Kafieri made a reluctant promise to her dying father that she would salvage his reputation by proving his life-long belief that Atlantis is real. But frustration and bad luck dog her every step. Especially the day they find a stranger floating in the sea. His is a face she's seen many times...in her dreams.

The Dream-Hunter

Hired gunslinger William Jessup Brady lived his life with one foot in the grave - until the day he finally found a reason to live. In one single act of brutal betrayal, he lost everything, including his life. Brought back by a Greek goddess to be one of her Dark-Hunters, he gave his immortal soul for vengeance and swore he'd spend eternity protecting the humans he'd once considered prey. Orphaned as a toddler, Abigail Yager was taken in by a family of vampires and raised with one belief: Dark-Hunters are the evil who prey on both their people and mankind, and they must all be destroyed. Brought together by an angry god and chased by ancient enemies out to kill them both, William and Abigail must find a way to overcome their mutual hatred or watch as one of the darkest of powers rises and kills both the races they've sworn to protect.

Retribution

Award-winning author Madeline Hunter transports readers back to the scandal and intrigue of nineteenth-century England in the enthralling tale of a magnetically sensual man, a virtuous woman, and a love story that will take your breath away. . . . She arrives at his home without warning or invitation, determined to win him to her campaign to reform women's rights. Instead, Charlotte, the widowed Baroness Mardenford, ends up being nearly seduced by Nathaniel Knightbridge. No woman is safe from the mesmerizing sensual power of the famed courtroom advocate, and Charlotte discovers she is no exception. But does he recognize her as the masked woman who recklessly joined him in forbidden passion a month ago? And how to avoid becoming his Lady of Sin when he decides to pursue her again?

Lady of Sin

In the war against vampires, mankind has only one hope: The Dark-Hunters. Ancient warriors who died of brutal betrayal, the Dark-Hunters have sworn themselves into the service of the goddess Artemis to protect us. It's a pact with pretty good perks. Immortality, power, psychic abilities, wealth and a cool wardrobe. But it comes with a few drawbacks: fatal sun poisoning and a new, irreparable dental problem. But aside from the fangs and nocturnal lifestyle, it's not so bad. In this volume, the adventure continues with Talon and Sunshine as they face off against the Greek and Celtic gods bent on making a major comeback.
