An Etymological Dictionary of Modern English - Scholar's Choice Edition

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A Bibliography of English Etymology

Distinguished linguistics scholar Anatoly Liberman set out the frame for this volume in *An Analytic Dictionary of English Etymology*. Here, Liberman's landmark scholarship lay the groundwork for his forthcoming multivolume analytic dictionary of the English language. *A Bibliography of English Etymology* is a broadly conceptualized reference tool that provides source materials for etymological research. For each word's etymology, there is a bibliographic entry that lists the word origin's primary sources, specifically, where it was first found in use. Featuring the history of more than 13,000 English words, their cognates, and their foreign antonyms, this is a full-fledged compendium of resources indispensable to any scholar of word origins.

Affixes in Their Origin & Application

English Surnames. Essays on Family Nomenclature, Historical, Etymological and Humorous

This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work was reproduced from the original artifact, and remains as true to the original work as possible. Therefore, you will see the original copyright references, library stamps (as most of these works have been housed in our most important libraries around the world), and other notations in the work. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. As a reproduction of a historical artifact, this work may contain missing or blurred pages, poor pictures, errant marks, etc. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

A Greek-English Lexicon

English Surnames

The Oxford Dictionary of English Etymology is the most comprehensive etymological dictionary of the English language ever published. It is based on the original edition of The Oxford English Dictionary but much augmented by further research on the etymology of English and other languages. Providing a fascinating insight into the development of English, it describes 38,000 words in 24,000 articles.

The Oxford Dictionary of English Etymology

Walter Skeat (1835-1912) was one of the greatest investigators of the roots of the English language, and his remarkable scholarship was instrumental in the revival of the great works of early English

Literature. His astonishing detective work into the origins and development of the world's most widely used language provides an unsurpassed guide to its flexibility and richness.
