Reiki

"Reiki, a technique for stress reduction that also promotes healing, allows everyone to tap into an unlimited supply of "life energy." The system of Reiki that became popular in the West was developed by Mikao Usui Sensei, a Japanese Buddhist, in 1922-23... It creates many beneficial effects including relaxation and feelings of peace, security and well being. Many have reported miraculous results. Hospitals and doctors' offices are beginning to include it as part of their therapy, and this new edition describes several successful approaches now being used across the country to integrate Reiki into patient care. This revised and expanded edition includes important new information on the theory and practice of Reiki, including the Japanese Reiki techniques taught by Usui Sensei as well as the Hayashi Healing Guide. Also included are pictures of the Usui Memorial in Tokyo and of Kurama Yama, the sacred mountain where Reiki was rediscovered. This book is a must for anyone wanting the latest information on Reiki. Its referenced history of Reiki contains the most detailed and verifiable information currently available. Written with inspiration, clarity and vitality, it captures the essence of Reiki and is an excellent introduction to the subject as well as a user-friendly manual for the experienced practitioner"--

Reiki, The Healing Touch

Self-Healing Reiki

Reiki is a Japanese healing technique that is used for relaxation, reduction of stress and healing. Its foundation is in the belief that there is an unseen energy flowing in living organisms. This energy is generally called ki or 'life force energy' and it is everywhere and the mind has the ability to harness it. 'Rei' means universal or present in all places. Reiki basically operates by breaking up negative energy and restoring it with healing and positive energy that is passed through the hands of the teacher or practitioner whose hands become hot during the treatment process. The Reiki technique is easy to learn even though it is not taught in the usual way and the student is taught by the Reiki Master as to how use the method. There is no special intellectual capacity or specific state of spiritual development that is needed to learn and to perform Reiki healing and this therefore renders it available to persons of various ages and backgrounds all over the world. It is deemed to be a kind of alternative treatment that has the basic task of positively healing individuals through the transfer of energy. The basic tenet of Reiki healing is that we all have an energy life force which flows up and down through our bodies and this energy life force can be used by Reiki practitioners and by self after you have learnt how to utilize Reiki; to heal yourself as well as others.

Healing Touch of Reiki

Reiki is an ancient and profoundly simple system of "laying on of hands" healing derived from Tibetan Buddhism. In the West, Reiki has been kept highly secret for many years. ESSENTIAL REIKI presents full information on all three degrees of this healing system, most of it in print for the first time. Teaching from the perspective that Reiki healing belongs to all people, Diane Stein breaks new ground in her classic guide to this ancient practice. While no book can replace the directly received Reiki "attunements," ESSENTIAL REIKI provides everything else that the healer, practitioner, and teacher of this system needs.

Have you ever wanted to express yourself the way you want, without letting outside energy negatively affect you? All too often we let external energy invade our boundaries & lower our vibration. This tragically leads to us living nowhere near our best lives. There is simply no reason for you not to live an abundant, happy,

& fulfilled life, free of harmful influences imposing your space. The Earth is full of Source energy. Its source is always receiving & sending energy to all creation. "Everything is energy. Match the frequency of the reality you want and you cannot help but get that reality. It can be no other way. This is not philosophy. This is physics." - Albert Einstein Rub your hands together vigorously for a few seconds & then pull them slowly apart. Can you feel that tingling? That's energy! You're feeling your aura radiating around your hands. Connecting to your energy is not a luxury but a deep need. A study carried out by the University of Arizona researched the harmful effects of a living entity being separated from its direct source. The experiment compared two sunflowers. One would be grounded to the Earth and the other would not. The ungrounded sunflower had a huge decline in health. Researchers noted that the ungrounded sunflower appeared "stressed" while the grounded sunflower appeared vibrant. Most of us are living with fear & depression simply because we have lost touch with the Earth's energies. Inside you'll discover: The overlooked habit you're doing that is SABOTAGING your ability to manifest abundance This simple tip to keep Reiki energy flowing for the rest of your life & the 4 priceless benefits that come with it The DANGEROUS dietary mistakes people are making before attunements & how you can avoid them This outrageously effective technique that makes throwing away your negative energy as easy as throwing a frisbee!
