Goals for today

Chapter 1:What is anthropology?

What is anthropology?

The study of humans

What makes us human?

But lots of things examine our humanity?

But what type of field is anthropology?

The customs, arts, social institutions, and achievements of a particular nation, people, or other social group.

Subfields of anthropology

The study of the biology and behavior of humans

Biological anthropology is interdisciplinary

The study of human societies and culture

Fieldwork is integral to cultural anthropology

Ethnographers

The study of language in its cultural context

The study of human history and prehistory through analysis of artifacts and physical remains in the fossil record

Applied anthropology

Cultural relativity

That is not the custom in this tribe

What is anthropology?

What are the subfields of anthropology?
