A Nomenclature English and Italian with an Addition of the Most Usual Verbs, and of Many Common Phrases: a Little Book Very Useful to Those that are Willing to Speak Readily in the Italian Tongue

The romance or chivalric epic was the most popular form of literature in Renaissance Italy. This book shows how it owed its appeal to a successful fusion of traditional, medieval tales of Charlemagne and Arthur with the newer cultural themes developed by the revival in classical antiquity that constitutes the key to Renaissance culture.

52000+ Spanish - Italian Italian - Spanish Vocabulary

The Encyclopedia of Italian Literary Studies is a two-volume reference book containing some 600 entries on all aspects of Italian literary culture. It includes analytical essays on authors and works, from the most important figures of Italian literature to little known authors and works that are influential to the field. The Encyclopedia is distinguished by substantial articles on critics, themes, genres, schools, historical surveys, and other topics related to the overall subject of Italian literary studies. The Encyclopedia also includes writers and subjects of contemporary interest, such as those relating to journalism, film, media, children's literature, food and vernacular literatures. Entries consist of an essay on the topic and a bibliographic portion listing works for further reading, and, in the case of entries on individuals, a brief biographical paragraph and list of works by the person. It will be useful to people without specialized knowledge of Italian literature as well as to scholars.

Italian Extracts

The Verb Set method is an innovative approach created by the author that promotes learning through speaking. Every set contains six verbs and a practice objective, such as mastering a tense or a theme. The questions aim to develop conversation and to help to generate other ideas and phrases. Through the necessity or curiosity of formulating responses, the student actively searches for information, contrary to most conventional methods which simply deliver information to a passive student. The level of difficulty increases progressively as each section is completed.

Encyclopedia of Italian Literary Studies: A-J

Though studying opera often requires attention to aesthetics, libretti, staging, singers, compositional history, and performance history, the music itself is central. This book examines operatic music by five Italian composers--Rossini, Bellini, Mercadante, Donizetti, and Verdi--and one non-Italian, Meyerbeer, during the period from Rossini's first international successes to Italian unification. Detailed analyses of form, rhythm, melody, and harmony reveal concepts of musical structure different from those usually discussed by music theorists, calling into question the notion of a common practice. Taking an eclectic analytical approach, author William Rothstein uses ideas originating in several centuries, from the sixteenth to the twenty-first, to argue that operatic music can be heard not only as passionate vocality but also in terms of musical forms, pitch structures, and rhythmic patterns--that is, as carefully crafted music worth theoretical attention. Although no single theory accounts for everything, Rothstein's analysis shows how certain recurring principles define a distinctively Italian practice, one that left its mark on the German repertoire more familiar to music theorists.

Grammar of the Italian Language, etc

26000+ French - Italian Italian - French Vocabulary - is a list of more than 26000 words translated from French to Italian, as well as translated from Italian to French.
