### A Woman Doing Life

Revised edition of the author's A woman doing life published in 2010.

### Women Doing Life

"In Women Doing Life, Lora Bex Lempert examines the carceral experiences of women serving life sentences, presenting a typology of the ways that life-sentenced women grow and self-actualize, resist prison definitions, reflect on and own their criminal acts, and ultimately create meaningful lives behind prison walls. Looking beyond the explosive headlines that often characterize these women as monsters, Lempert offers rare insight into this vulnerable, little studied population. Her gendered analysis considers the ways that women do crime differently than men and how they have qualitatively different experiences of imprisonment than their male counterparts."--Provided by publisher.

### Origami Heart

Erin George's Origami Heart: Poems by a Woman Doing Life, is intimate, courageous, and lyrical. The woman doing life in Erin George's stunning first collection is at once a prisoner serving a life sentence and a woman continuing to weave the complex web of severed and ongoing relations that is her life. From the opening, title poem, wrenching in its restraint, George locates the true horror of imprisonment in a mother's separation from her children. As she folds and unfolds the origami heart of her daughter's much-read letter, the connection between them, like the creases in the paper, is soft, threatening severance, / but still holding. Through these poems of memory and longing, Erin George struggles to hold on.

## What are You Doing Here?

\* Laina Dawes is not always the only black woman at metal shows and she's not always the only headbanger among her black female friends. In this book, she questions herself, her hardcore heroes and dozens of black punk, metal and hard-rock fans to answer a knee-jerk question she's heard a hundred times 'What are you doing here?'.

## Doing Life

What does it mean to face a life prison sentence? What have "lifers" learned about life—from having taken a life? Photographer Howard Zehr has interviewed and made portraits of men and women in Pennsylvania prisons who are serving life sentences without possibility of parole. Readers see the prisoners as people, de-mystified. Brief text accompanies each portrait, the voice of each prisoner speaking openly about the crime each has committed, the utter violation of another person each has caused. They speak of loneliness, missing their children growing up, dealing with the vacuum, caught between death and life. A timely book.

## Orange Is the New Black

With her career, live-in boyfriend and loving family, Piper Kerman barely resembles the rebellious young woman who got mixed up with drug runners and delivered a suitcase of drug money to Europe over a decade ago. But when she least expects it, her reckless past catches up with her; convicted and sentenced to fifteen months at an infamous women's prison in Connecticut, Piper becomes inmate #11187-424. From her first strip search to her final release, she learns to navigate this strange world with its arbitrary rules and codes, its unpredictable, even dangerous relationships. She meets women from all walks of life, who surprise her with tokens of generosity, hard truths and simple acts of acceptance. Now an original comedy-drama series from Netflix, Piper's story is a fascinating, heartbreaking and often hilarious insight into life on the inside.

## Condemned to Die

Condemned to Die is a book about life under sentence of death in American prisons. The great majority of condemned prisoners are confined on death rows before they are executed. Death rows typically feature solitary confinement, a harsh regimen that is closely examined in this book. Death rows that feature solitary confinement are most common in states that execute prisoners with regularity, which is to say, where there is a realistic threat that condemned prisoners will be put to death. Less restrictive confinement conditions for condemned prisoners can be found in states where executions are rare. Confinement conditions matter, especially to prisoners, but a central contention of this book is that no regimen of confinement under sentence of death offers its inmates a round of activity that might in any way prepare them for the ordeal they must face in the execution chamber, when they are put to death. In a basic and profound sense, all condemned prisoners are warehoused for death in the shadow of the executioner. Human warehousing, seen most clearly on solitary confinement death rows, violates every tenet of just punishment; no legal or philosophical justification for capital punishment demands or even permits warehousing of prisoners under sentence of death. The punishment is death. There is neither a mandate nor a justification for harsh and dehumanizing confinement before the prisoner is put to death. Yet warehousing for death, of an empty and sometimes brutal nature, is the universal fate of condemned prisoners. The enormous suffering and justice caused by this human warehousing, rendered in the words of the prisoners themselves, is the subject of this book.

### Eleanor Oliphant is Completely Fine

Patricia Volk's glittering memoir, written with charm, panache and wit, juxtaposes the lives of two women – the iconoclastic fashion designer Elsa Schiaparelli and the author's own mother – to tell the story of how young Patricia fashioned herself into a woman. Patricia Volk's mother Audrey was an upper-middle class New Yorker, a great beauty, a perfectionist, and a polished hostess who believed in women doing things the proper way. The iconoclastic Italian fashion designer, Elsa Schiaparelli, on the other hand, never found a rule she didn't want to break. One of fashion's most radical provocateurs, she was a cultural revolutionary who embodied the 'daring'. For Patricia, who read Schiap's 'scandalous' autobiography, *Shocking Life*, at a tender age, these two women offered fabulously contrasting lessons in everything from fashion, make-up, lingerie, family and entertaining, to love, sex, superstition and gambling – lessons that would stay with her for the rest of her life. Moving seamlessly between the Volks' 1950s Manhattan home and Schiap's astonishing life in New York, Rome and Paris (among pals like Dali, Duchamp, Picasso), *The Art of Being a Woman* weaves Audrey's notions of female domesticity with Schiap's groundbreaking creative vision to tell the witty, wise and utterly delightful story of how a young girl learned that there is more than one way to be a woman.

### Taking the Rap

Meet Dolores Price. She's thirteen, wise-mouthed but wounded. Beached like a whale in front of her bedroom TV, she spends the next few years nourishing herself with the chocolate, crisps and Pepsi her anxious mother supplies. When she finally rolls into young womanhood at 257 pounds, Dolores is no stronger and life is no kinder. But this time she's determined to rise to the occasion and give herself one more chance before really going belly up. In his extraordinary coming-of-age odyssey, Wally Lamb invites us to hitch an incredible ride on a journey of love, pain, and renewal with the most heartbreakingly comical heroine to come along in years. At once a fragile girl and a hard-edged cynic, so tough to love yet so inimitably loveable, Dolores is as poignantly real as our own imperfections.

### She's Come Undone

This biography of the film-maker, writer, and feminist Jill Craigie is an intimate portrait of an influential and charismatic woman. Craigie became the first woman to establish a national reputation in the documentary film field, most notably as a result of her 1944 film, *Out of Chaos*. After a four-year affair with MP Michael Foot, the couple married in 1949. As the women's movement grew in strength in Britain during the 60s and 70s, Craigie became an inspirational figure for many of its leaders and an active participant in many feminist causes. For this book, Carl Rollyson was given access to the archive in Foot's Hampstead home, which contains Craigie's research notes, drafts of her journalism and scripts, and her correspondence with an array of major historical figures, ranging from prime ministers to writers, film-makers and artists. He interviews Craigie's daughter Julie as well as a range of her surviving friends, and Michael Foot talks with frankness about his marriage, the strains which were placed upon it by his own infidelities, and his pride in having shared the life of so remarkable a woman.

### Women Don't Owe You Pretty

Of the two basic plots that shape our lives, the quest and the erotic script, the quest has been, for centuries, reserved for men only. A woman's journey ended at the altar. Professor Heilbrun notes that the diversity of women's lives now makes it possible for women to dare to choose their own scripts.

### To be a Woman

"An informed, honest, joyous book. Younger women may well envy us." -Suzanne Braun Levine, author of *Inventing the Rest of Our Lives* and "Sex, love, and life can grow even richer as we grow older, and the stereotype-busting women in this book show us scores of ways. These women are not going downhill, they're on a roll. They are women of juice and wisdom-and living proof that the best is yet to come." - Gina Ogden, PhD, author of *Women Who Love Sex*, *The Heart and Soul of Sex*, and *The Return of Desire* When Deirdre Fishel and Diana Holtzberg began work on their documentary *Still Doing It*, they knew they were catching a wave. The women of the baby-boom generation who had been so outspoken about sexuality and freedom were about to turn sixty, yet no one was talking about the revolution in aging. Nor was anyone letting on about the big dark secret that women born before the boomers, even way before, were a hell of a lot more vital than the images we were getting, and many were still having sex-and loving it! In *Still Doing It*, Fishel, Holtzberg, and the incredible women in their documentary broke the silence. Now they are back, with a stimulating and eye-opening book that offers a deeper look at women who break every stereotype we have about sex and intimacy. These women are dynamic, confident, opinionated, and wise. They're also having the kind of intense sexual experiences and fantasies we never associate with grandmothers. You'll meet Betty, who met her live-in boyfriend in an online chat room when she was sixty-nine and he was twenty-two; Joani, age seventy, who shares her boyfriend with another woman; and Frances, who encountered the intellectual and sexual love of her life at eighty. Today's women are living longer, healthier lives, and their appetite for sex and adventure isn't fading. Aware of their mortality, they understand just how precious life really is, and are willing to take risks to go after what they want. Challenging stereotypes about older women, *Still Doing It* lets everyone know that sex and adventure do not need to end when you hit sixty (or seventy . . . or ninety!). In fact, the good stuff is often just beginning.

### Writing a Woman's Life

### Three Women

This book is a national portrait of immigrant women who live in the United States today, featuring the voices of these women as they describe their contributions to work, culture, and activism. Highlighting the gendered quality of the immigration process, it interrogates how human agency and societal structures interact within the intersecting social locations of gender and migration. The popular debate around contemporary U.S. immigration tends to conjure images of men waiting on the side of the road for construction jobs, working in kitchens or delis, driving taxis, and sending money to their wives and families in their home countries, while women are often left out of these pictures. Through an examination of U.S. Census data and interviews with women across nationalities, we hear the poignant, humorous, hopeful, and defiant words of these women as they describe the often confusing terrain where they are starting new lives, creating architecture firms, building urban high-rises, caring for children, cleaning offices, producing creative works, and organizing for social change. The authors recommend changes for public policy to address the constraints these women face, insisting that new

policy must be attentive to the diverse profile of today's immigrating woman: she is both potentially vulnerable to exploitative conditions and forging new avenues of societal leadership.

### Fantastically Great Women Who Changed The World

Why is it that generations of writers had to describe George Sand as 'a great man'? Why did Dorothy L. Sayers, having created a heroine as independent as herself, then marry off Harriet Vane? And why did Carolyn Heilbrun resort to the pseudonym of Amanda Cross to write her own detective fiction? For Carolyn Heilbrun, May Sarton's "Journal of a Solitude" was a watershed which marked a new way of

writing about women's lives. Before then, traditional biography and autobiography assumed that only one narrative was acceptable for women: romantic love leading to conventional marriage. This book uses fascinating insights into the lives of unconventional women such as Virginia Woolf and Colette to show how their stories have been distorted by this assumption.

### Becoming a Woman of Purpose

As a woman, it can feel that the odds are stacked against you in business and when more women than ever before are self-employed and starting businesses, why is it that so few of them are able to scale and get the success they deserve? A heated discussion on this subject by some super-successful businesswomen led to the creation of this book. Is it because it's so much harder for women to get funding and investment? Is it because women are also likely to be running the household and juggling childcare? Is it because women struggle to be taken seriously? The real question that came out of this debate was: what can we do to help women overcome these challenges and really shine? Fuelled by the raw passion of successful businesswomen in a range of industries, this book will empower you to scale and grow your business, whatever you do. It is packed full of tips and personal stories drawing on a range of expertise. This book covers both the hard and soft business skills required to take your business to the next level. From time management and resilience to how to hone your product and scale profitably, this is the book that these businesswomen wish they could have had in their arsenal when they were looking to scale. In each chapter, a businesswoman explores the obstacles she has had to overcome in a particular area, and gives the reader practical advice to do the same. No more playing small, now is the time to go for it. This book will show you how. Ten contributing authors including: Dr Areej Khataybi, Clare Downes, Jeannie McGillivray, Jill Martin, Lorraine Gannon, Mary Grant, Natalie Jameson, Sonja Leason, Steph Middleton-Foster and Vicki Wuche

### A Woman's Work

Since its initial publication in 1990, this book has become a key work of contemporary feminist theory, and an essential work for anyone interested in the study of gender, queer theory, or the politics of sexuality in culture. This is the text where the author began to advance the ideas that would go on to take life as "performativity theory," as well as some of the first articulations of the possibility for subversive gender practices. Overall, this book offers a powerful critique of heteronormativity and of the function of gender in the modern world.

A memoir in essays that expands on the viral sensation “The Crane Wife” with a frank and funny look at love, intimacy, and self in the twenty-first century. From friends and lovers to blood family and chosen family, this “elegant masterpiece” (Roxane Gay, New York Times bestselling author of *Hunger*) asks what more expansive definitions of love might offer us all. A BEST BOOK OF THE YEAR: TIME, THE GUARDIAN, GARDEN & GUN “Hauser builds their life's inventory out of deconstructed personal narratives, resulting in a reading experience that's rich like a complicated dessert—not for wolfing down but for savoring in small bites.” —The New York Times “Hauser's wry, introspective investigation of their assumptions about love will likely free readers to examine their own personal narratives as well ... ‘The rare happy ending I appreciate is one that makes room for the whole painful fact of the world at the same time it offers the reader some joy,’ they write. The Crane Wife embraces this philosophy again and again as Hauser excavates their past loves and losses, thoughtfully examines them and declares the pain of love to be worth the risk.” —BookPage Ten days after calling off their wedding, CJ Hauser went on an expedition to Texas to study the whooping crane. After a week wading through the gulf, they realized they'd almost signed up to live someone else's life. Hauser releases themselves from traditional narratives of happiness and goes looking for ways of living that leave room for the unexpected, making plenty of mistakes along the way. They kiss Internet strangers and officiate at a wedding. They reread Rebecca in the house their boyfriend once shared with his ex-wife and rewinds Katharine Hepburn in *The Philadelphia Story* to learn how not to lose yourself in a relationship. They think about Florence Nightingale at a robot convention and grief at John Belushi's rock and roll gravesite, and the difference between those stories we're asked to hold versus those we choose to carry. Told with the late-night barstool directness of your wisest, most bighearted friend, *The Crane Wife* is a book for everyone whose life doesn't look the way they thought it would; for everyone learning to find joy in the not-knowing; for everyone trying, if sometimes failing, to build a new sort of life story, a new sort of family, a new sort of home, to live in.

#### Proceedings of the ... Annual Meeting

This book offers a comparative study of the lives of young adult women and their mothers in Hong Kong and Britain. Set against the backdrop of debates regarding the consequences of late modern social change for family and intimate life, the authors consider the challenges of exploring these issues across differing cultures. The book focuses on a range of topics including: mother-daughter relationships; romantic, sexual and marital relationship trajectories; and the imagined futures of daughters. Throughout, it is argued that differences between Hong Kong and Britain are not attributable merely to local culture and tradition, but are the consequence of wider social, economic and political conditions through which cultural continuity and change are mediated. *Women Doing Intimacy* will be of interest to students and scholars of family life and gender studies.
