

## capital markets institutions and instruments

[#capital markets](#) [#financial institutions](#) [#financial instruments](#) [#investment banking](#) [#securities market](#)

Capital markets are the backbone of global finance, powered by a diverse array of institutions from investment banks to asset managers, facilitating the creation and trading of various financial instruments like stocks, bonds, and derivatives. These markets are essential for capital formation, economic growth, and the efficient allocation of funds for both companies and governments.
