America Through the Eyes of Its People

This collection of primary sources includes both classic and lesser-known documents describing the rich mosaic of American life from the pre-contact era to the present day. The sources, both public and private documents ranging from letters, diary excerpts, stories, novels, to speeches, court cases, and government reports tell the story of American history in the words of those who lived it."

America Through the Eyes of Its People

This collection of primary sources includes both classic and lesser-known documents describing the rich mosaic of American life from the pre-contact era to the present day. The sources, both public and private documents--ranging from letters, diary excerpts, stories, novels, to speeches, court cases, and government reports--tell the story of American history in the words of those who lived it.

America Through the Eyes of Its People

With this book, students, teachers, and general readers get a most important look at primary documents—essentially history's "first draft"—revealing rare insights into how American life in past eras really was, and also about how professional historians begin their work. Daily Life through American History in Primary Documents presents a large sweep of American history through the voices of the American people themselves. This multivolume work explores the daily lives of American people from colonial times to the present through primary documents that include diaries, letters, memoirs, speeches, sermons, pamphlets, and all manner of public and private writings from "the people." The emphasis is on the variety of people's experiences as they ordered and lived their daily lives. The cast includes Americans of every class and condition, men and women, parents and children, free

and "unfree," native-born and immigrant. Hundreds of images further illustrate American life as it developed over more than four centuries and as Americans moved across a continent. Organized both chronologically and topically, this collection invites many uses by students, teachers, librarians, and anyone wanting to discover what counted in American lives at any one time and over time. Its focus on primary documents encourages readers of the volume to explore specific and critical events by taking a firsthand look at the actual documents from which those events draw historical meaning. The documents show Americans at work, at home, at play, in the public square, in places of worship, and on the move. As such, they perfectly complement the acclaimed Greenwood Encyclopedia of Daily Life in America and will enrich any American history, social science, and sociology classroom.

America Through the Eyes of Its People

America and Its Peoples, Fourth Edition presents American history in an exciting way, with a spirited narrative, vivid character sketches, and colorful anecdotes. The book highlights the rich ethnic diversity of the American people. Social history-with an emphasis on sports, leisure, and popular culture-is integrated with more traditional coverage of military history, politics, and diplomacy. MARKET Appropriate for anyone with an interest in American history.

Daily Life through American History in Primary Documents [4 volumes]

Drawing on the expertise of a renowned team of authors, the text highlights the interaction of social, political, economic, cultural, religious, and technological forces in a clear, cohesive organizational framework. The text examines recurring themes in American history, including the adaptability of our political system to a changing society, liberty and authority, the reform impulse in American society, and the struggle for national unity and cultural diversity. The Brief Second Edition reflects revisions made in the third edition of the full-length volume. There is increased attention to environmental history, including a section on the dust bowl of the 1930s and consideration of the environment in chapters on industrialization and sections on farming. Chapter 9, "Society and Politics in the Early Republic," has been revised and reorganized to include an examination of the society and economy of preindustrial America. The final chapters of the book feature new discussions and analysis of economic and demographic changes during the last decades of the twentieth century. Carefully abridged to preserve the authors' distinctive voice, the Brief Second Edition is perfect for one-semester courses or those using extensive supplementary readings. Available in a single volume edition and in two volumes, The American People, Brief Second Edition, fits any course structure.

America and Its Peoples

This Primary Source Edition provides 1 to 2 primary sources per chapter, tied to the chapter's content, with critical thinking questions for each source -- at no additional cost to your students. A condensed version of The American People, Seventh Edition, this engaging text examines U.S. history as revealed through the experiences of all Americans, both ordinary and extraordinary. With a thought-provoking and rich presentation, the authors explore the complex lives of Americans of all national origins and cultural backgrounds, at all levels of society, and in all regions of the country. A vibrant four-color design and compact size make this book accessible, convenient, and easy-to read.

America Through the Eyes of Its People

The Primary Sources Edition of America Past and Present integrates the social and political dimensions of American history into one rich chronological narrative and includes two to three primary sources per chapter with critical thinking questions for each source. This edition features all of the strengths found in the successful comprehensive text: a compelling narrative, clear organization, and exceptional pedagogy. An attractive four-color design highlighted with numerous maps and photos will engage students and instructors alike.

The American People

A collection of first-person accounts by average Americans detailing the first 500 years of U.S. history. Multicultural perspectives are emphasized.

The American People

Study! Organize! Succeed! Our S.O.S Editions for The American People: Creating a Nation and a Society, 6/e, Volumes I and II offers a personalized study and review system that helps students examine the creation and development of the American nation and American society, save time studying, and perform better on exams. Our well-rounded program includes a paperback text with built-in, perforated Practice Tests, live tutoring assistance from our Tutor Center service, and access to our diagnostic testing and review system. Designed specifically to help enhance performance, this S.O.S. Edition's diagnostic testing system gauges students' prior knowledge of content and creates a unique customized study plan to help each student pinpoint exactly where additional study and review is needed. Students can follow the plan as a guide to focus their efforts and improve upon their areas of weakness with one-on-one assistance from our qualified tutors and/or by utilizing the printed Practice Tests. Additional testing features in this program help students assess their progress with the textbook material to reach their ultimate goal of success in your course. seamlessly weaves together the rich and complex story of the creation and development of the American nation and American society. With the addition of the S.O.S. Edition tools, it's a powerful combination to help your students test with confidence--and complete your course with greater comprehension and higher grades.

The American People, Brief EDITION

This Primary Source Edition provides 1 to 2 primary sources per chapter, tied to the chapter's content, with critical thinking questions for each source -- at no additional cost to your students. Providing students with a thought-provoking account of America's past, The American People examines how American society assumed its present shape and developed its present forms of government.

America

From the days of the thirteen colonies to the age of the computer, this history of America by the people encompasses a wide-ranging collection of excerpts from diaries, memoirs, trial testimony, public documents, news reports and interviews, and other eye-witness accounts that sheds light on every corner of American life.

Ordinary Americans

With its careful balance of the social and political dimensions of our history, America Past and Present presents the experiences of both the ordinary men and women and the extraordinary historical figures who have contributed so much to our American past. A lively narrative, clear organization, attractive maps and illustrations, and exceptional pedagogy will help you better understand that past, and help you appreciate the role of the past in shaping your present - and your future.

Created Equal

In this study, Marinova examines the diverse practices of crossing boundaries, tactics of translation, and experiences of double and multiple political and national attachments evident in texts about Russo-American encounters from the end of the American Civil War to the Russian Revolution of 1905. Marinova brings together published writings, archival materials, and personal correspondence of well or less known travelers of diverse ethnic backgrounds and artistic predilections: from the quintessential American Mark Twain to the Russian-Jewish ethnographer and revolutionary Vladimir Bogoraz; from masters of realist prose such as the Ukrainian-born Vladimir Korolenko and the Jewish-Russian-American Abraham Cahan, to romantic wanderers like Edna Proctor, Isabel Hapgood or Grigorii Machtet. By highlighting the reification of problematic stereotypes of ethnic and racial difference in these texts, Marinova illuminates the astonishing success of the Cold War period's rhetoric of mutual hatred and exclusion, and its continuing legacy today.

The American People

This book provides a historical examination of everyday life to reveal how and why Americans during the Progressive Era structured their world and made their lives meaningful. The Progressive Era represented a tumultuous time for Americans as they attempted to come to terms with a rapidly emerging modern, urban, and industrial society, and ultimately the dislocations caused by World War I. Steven L. Piott's *Daily Life in the Progressive Era* tells the story of how all Americans—black and white, women and men, rural inhabitants and urban residents, workers and employers, consumers and producers—contended with new cultural attitudes, persistent racial and class tensions, and the power

struggles of evolving classes. This book provides a broad examination of American society between 1900 and 1920. Organized thematically, it covers rural and urban America, the changing nature of work, race relations, popular culture, citizen activism, and society during wartime. Appropriate for general readers as well as students of history, *Daily Life in the Progressive Era* provides an informed and compelling narrative history and analysis of daily life within the context of broad historical patterns.

The American Nation

Long respected for its lush narrative and balanced coverage, *A Short History of The American Nation* uses political history as the framework for an engaging discussion of social, economic, and cultural developments in this country. Numerous anecdotes, new biographical portraits (new American Lives essays), and extensive quotations help give students a closer view of the major figures and events on the American historical stage. Mark Carnes joins John Garraty in preparing the Eighth Edition of *A Short History of The American Nation*. Selected by Garraty, Mark Carnes' scholarly specialization in cultural and social issues, especially gender, complements Garraty's specialty in politics and the economy. In the new edition of this bestseller, every chapter has been reviewed and updated with a substantially rewritten Chapter 1, a new, final Chapter 33, "Crimes and Misdemeanors," and reorganized Chapters 29 - 32. New material on women has been added throughout the book. The new, four-color format of the Eighth Edition enhances the value of the map program. Many more photographs have been added, making the book more visually compelling and accessible. New captions emphasize how illustrations interpret the past.

Mine Eyes Have Seen

This Primary Source Edition provides 1 to 2 primary sources per chapter, tied to the chapter's content, with critical thinking questions for each source -- at no additional cost to your students. Providing students with a thought-provoking account of America's past, *The American People* examines how American society assumed its present shape and developed its present forms of government.

America Past and Present

Presenting the American Jewish historical experience from its communal beginnings to the present through documents, photographs, and other illustrations, many of which have never before been published, this entirely new collection of source materials complements existing textbooks on American Jewish history with an organization and pedagogy that reflect the latest historiographical trends and the most creative teaching approaches. Ten chapters, organized chronologically, include source materials that highlight the major thematic questions of each era and tell many stories about what it was like to immigrate and acculturate to American life, practice different forms of Judaism, engage with the larger political, economic, and social cultures that surrounded American Jews, and offer assistance to Jews in need around the world. At the beginning of each chapter, the editors provide a brief historical overview highlighting some of the most important developments in both American and American Jewish history during that particular era. Source materials in the collection are preceded by short headnotes that orient readers to the documents' historical context and significance.

The American Nation: A history of the United States to 1877

America Past and Present blends the excitement and drama of the American experience with insights about the social, economic, and cultural forces that underlie it. Each of the authors is a renowned scholar in American history. Their goal has been to present a clear, relevant, and balanced history of the United States as an unfolding story of national development, from the days of the earliest inhabitants to the present. Clear writing, excellent organization, and attractive maps and illustrations make the material accessible and will help you understand the past - and do well in your course.

Transnational Russian-American Travel Writing

Long-positioned and long-respected as a bestseller for the U.S. history survey course that focuses on political history as its framework, this textbook's most significant strength is its rich and distinctive prose. For this Eleventh Edition, co-authors Mark Carnes of Barnard College at Columbia University and John Garraty have collaborated to retell the story of America's past. For the Eleventh Edition, the authors have written a new prologue on pre-Columbian America and the continent's earliest human inhabitants, revised each chapter to incorporate recent research and scholarship, integrated more

social and cultural history, selected many new illustrations and written informative new captions to engage students visually, introduced two new features, and updated the final chapter (33) to carry the story through the election of 2000, the beginnings of the Bush administration, and the events and aftermath of September 11, 2001, which have profoundly changed the American nation and its people.

Daily Life in the Progressive Era

This Primary Source Edition provides 1 to 2 primary sources per chapter, tied to the chapter's content, with critical thinking questions for each source -- at no additional cost to your students. A condensed version of *The American People*, Seventh Edition, this engaging text examines U.S. history as revealed through the experiences of all Americans, both ordinary and extraordinary. With a thought-provoking and rich presentation, the authors explore the complex lives of Americans of all national origins and cultural backgrounds, at all levels of society, and in all regions of the country. A vibrant four-color design and compact size make this book accessible, convenient, and easy-to read.

A Short History of the American Nation

Since its original landmark publication in 1980, *A People's History of the United States* has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, *A People's History* is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, *A People's History of the United States*, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

The American People

Military history is an essential component of wartime diplomatic history, Jonathan R. Dull contends, and this belief shapes his account of the French navy as the means by which French diplomacy helped to win American independence. The author discusses the place of long-range naval requirements in the French decision to aid the American colonists, the part played by naval rivalry in the transition from limited aid to full-scale war, and the ways naval considerations affected French wartime diplomacy. His book focuses on military strategy and diplomatic requirements in a setting in which military officers themselves did not participate directly in decision-making, but in which diplomats had to take continual account of military needs. Since military action is a means of accomplishing diplomatic goals, even military victory can prove hollow. The author examines the American war not as a successful exercise of French power, but rather as a tragic failure based on economic and political miscalculations. Among the questions he asks are: What relationship did the war bear to overall French diplomacy? What strains did the limited nature of the war impose on French diplomacy and war strategy? How did the results of the war relate to the objectives with which France entered the conflict? Originally published in 1976. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

America Through the Eyes of Its People

Through primary sources of the time that documented the many reasons people left their homes in Europe and settled in the American colonies, this series provides insights to the waves of immigrants who headed for the New World and the contributions they made to the formation of a diverse nation. Readers will see the big moments at the dawning of the United States and its experiment in

self-government through the eyes of the people who lived it. This lends perspective and insights to the ideals on which the United States was founded.

Concise History of America and Its People

Discover the origins and consequences of human movement over time, from the 16th-century Age of Discovery to 21st-century immigration politics. This book examines the complex forces behind international migration and the enormous impact it is having on our globalized world. Chapters cover both the challenges and opportunities associated with migration in a broad selection of countries in Africa, Asia, Europe, North America, South America, and Oceania. Readers will find in-depth analysis of such recent events as the Ukrainian refugee crisis, violence against immigrants in South Africa, support for right-wing political parties in Germany, Australia's use of offshore detention centers, and the Trump administration's efforts to curb immigration. Readers will also uncover the historical antecedents to the modern landscape of human migration, including the push for colonization and the exploitation and horrors of the slave trade. The book also investigates the profound impact that climate change will have on patterns of human migration in the coming years. Taken together, the chapters offer candid and compelling coverage of a dynamic subject that affects millions of people worldwide. For readers wishing to delve even deeper into this multifaceted and often contentious subject, a comprehensive list of recommended readings serves as a gateway to further exploration.

Chapters 1-16 of Short History of the American Nation 7e

Central America has a long history as a site of cultural and political exchange, from Mayan and Nahua trade networks to the effects of Spanish imperialism, capitalism, and globalization. In *Teaching Central American Literature in a Global Context*, instructors will find practical, interdisciplinary, and innovative pedagogical approaches to the cultures of Central America that are adaptable to various fields of study. The essays map out classroom lessons that encourage students to relate writings and films to their own experience of global interconnectedness and to read critically the history that binds Central America to the United States, Mexico, and the Caribbean. In the context of debates about immigration and a growing Central American presence in the United States, this book provides vital resources about the region's cultural production and covers trends in Central American literary studies including Mayan and other Indigenous literatures, modernismo, Jewish and Afro-descendant literatures, nineteenth- and twentieth-century literature, and contemporary texts and films. This volume contains discussion of the following authors, filmmakers, and public figures: Humberto Ak'abal, María José Álvarez and Martha Clarissa Hernández, Dennis Ávila, Abner Benaim, Jayro Bustamante, Berta Cáceres, Isaac Esau Carrillo Can, Jennifer Cárcamo, Horacio Castellanos Moya, Quince Duncan, Jacinta Escudos, Regina José Galindo, Francisco Gavidia, Francisco Goldman, Enrique Gómez Carrillo, Gaspar Pedro González, Carlos "Cubena" Guillermo Wilson, Eduardo Halfon, Tatiana Huezo, Florence Jaugey, Hernán Jiménez, Óscar Martínez, Victor Montejo, Marisol Ceh Moo, Victor Perera, Archbishop Oscar Romero, José Coronel Urtecho, and Marcela Zamora.

American Jewish History

This is a reproduction of a book published before 1923. This book may have occasional imperfections such as missing or blurred pages, poor pictures, errant marks, etc. that were either part of the original artifact, or were introduced by the scanning process. We believe this work is culturally important, and despite the imperfections, have elected to bring it back into print as part of our continuing commitment to the preservation of printed works worldwide. We appreciate your understanding of the imperfections in the preservation process, and hope you enjoy this valuable book.

America, Past and Present

The American People

From the founding of this nation, to the stories and beliefs of its founders, to the future ahead. My Documents for an America of my own design are all-inclusive. I set the Founding Ideals in stone through definition and example. I give merit, honor, and pride to the great American Way which was envisioned by those who gave us our independence. This is truly a grand showcase of my devotion to the colonial days and to the things which came of them.

A People's History of the United States

The French Navy and American Independence
