The guide all MBAs and executive students need. If you're enrolled in an MBA or executive education program, you've probably encountered a powerful learning tool: the business case. But if you're like many people, you may find interpreting and writing about cases mystifying and time-consuming. In *The Case Study Handbook, Revised Edition*, William Ellet presents a potent new approach for efficiently analyzing, discussing, and writing about cases. Early chapters show how to classify cases according to the analytical task they require (making a decision, performing an evaluation, or diagnosing a problem) and quickly establish a base of knowledge about a case. Strategies and templates, in addition to several sample Harvard Business School cases, help you apply the author's framework. Later in the book, Ellet shows how to write persuasive case-analytical essays based on the process laid out earlier. Examples of effective writing further reinforce the methods. The book also includes a chapter on how to talk about cases more effectively in class. Any current or prospective MBA or executive education student needs this guide.

Talleyrand: A Biographical Study

This book is a biography of Charles Maurice de Talleyrand-Périgord. He was a French clergyman, politician and leading diplomat. He worked at the highest levels of successive French governments, most commonly as foreign minister or in some other diplomatic capacity. His career spanned the regimes of Louis XVI, the years of the French Revolution, Napoleon, Louis XVIII, and Louis-Philippe. Talleyrand polarizes scholarly opinion. He is universally regarded as one of the most versatile, skilled and influential diplomats in European history, but some believe that he was also a traitor, betraying, in turn, the Ancien Régime, the French Revolution, Napoleon, and the Restoration.

Memoirs of the Prince de Talleyrand

The arrival of Charles-Maurice, Prince de Talleyrand-Perigord, as French ambassador in London in September 1830, was regarded as a great event by the British government. Two months earlier the July Revolution in Paris, overthrowing the reactionary rule of Charles X, had brought the liberal Louis-Philippe to the throne. Talleyrand, the best-known diplomat in Europe, had emerged from retirement at the age of 76 to lend his support to the new monarchy and to confirm its acceptance by the other European powers. Few people had aroused more controversy than Talleyrand. A former bishop whose love affairs were notorious, and a turncoat who had abandoned every master he had served, he was widely detested by the French public. But he was greeted as a celebrity in London, where the July Revolution - foreshadowing Britain's own Reform Bill - had been hugely popular. London society had not yet acquired the virtuous tone of the Victorian era. The easy-going morals of the Regency had carried on into the reign of William IV, and the fact that Talleyrand's niece by marriage, the Duchess of Dino, 37 years his junior, was not only his hostess but reputedly his mistress, merely added to the interest he

induced. Talleyrand had arrived in London at a perilous moment. Revolution had broken out in Belgium, where the Belgians demanded independence from Holland to which they had been forcibly joined in 1815. The autocratic powers of Russia, Austria and Prussia threatened war to restore the status quo. It was largely thanks to Talleyrand's diplomatic skills and his close collaboration with the British that the creation of Belgium as a constitutional monarchy was peacefully achieved. Talleyrand's four years in London were the last and, in his own opinion, the most important of his diplomatic career. Linda Kelly's sparkling narrative brings the period to life, providing a fascinating picture of one of Europe's greatest statesmen as he appeared to English eyes.

Excerpt from book: do not succeed in all that he wishes, you will succeed in all that is necessary, just, and useful for France. (12) It is to be hoped that in Europe force will no longer be transformed into law, and that equity, not expediency, will be made the rule. Circular to the Ambassadors by M. de Talleyrand, 3rd October, 1814. (13) For the expression used here, les convenances, there is no entirely exact equivalent in English. Translator. (14) Talleyrand thus discreetly reminded the Emperor Alexander I. that he also had betrayed the cause of the Kings in 1807 (Treaty of Tilsit). LETTER IV. Vienna, 8th October, 1814. Sire, The ministers of the four Courts, embarrassed by my note of the 1st of October, and finding no argument with which to contest it, have taken the line of being offended. That note, said M. de Humboldt, is a firebrand flung into our midst; the object of it, said M. de Nesselrode, is to disunite us; it shall not be successful. While they openly avowed what it was easy to perceive, that they had formed a league to make themselves masters of everything, and constitute themselves supreme arbiters of Europe, Lord Castlereagh, speaking with more moderation and in a milder tone, told me it had been intended that the conference to which M. de Labrador and myself had been summoned should be entirely confidential, but that I had deprived it of that character by my note, and especially as it was a signed note. I replied that the fault was theirs, not mine; they had asked my opinion, and I was bound to give it, and if I had thought proper to give it in writing and signed, it was because I had observed that in their conferences between themselves they wrote and signed, and therefore I considered that I too ought to write and sign. Meantime, the contents of my ...

The French Monarchy - Scholar's Choice Edition

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.
