Intro

Hang rods high - just 2-3 from the ceiling or crown molding

Install brackets wider than your window to let in more light and give the room a grander appearance.

Metal Selection - draw the eye by contrasting metal color to wall color, blend with lack of contrast.

Have fun with finials - the decorative knobs at the end of your rods.

Consider a double rod for further light and privacy customization

Simple, textured curtains in your preferred neutral will never go out of style.

Double or even triple the width of the curtain rod for fuller curtains, open or closed.

Elevate affordable drapes with rings, hooks, and clips.
