In this "mesmerizing" novel from the New York Times bestselling author of Pachinko, the Korean-American daughter of first-generation immigrants strives to join Manhattan's inner circle (USA Today). Meet Casey Han: a strong-willed, Queens-bred daughter of Korean immigrants immersed in a glamorous Manhattan lifestyle she can't afford. Casey is eager to make it on her own, away from the judgements of her parents' tight-knit community, but she soon finds that her Princeton economics degree isn't enough to rid her of ever-growing credit card debt and a toxic boyfriend. When a chance encounter with an old friend lands her a new opportunity, she's determined to carve a space for herself in a glittering world of privilege, power, and wealth-but at what cost? Set in a city where millionaires scramble for the free lunches the poor are too proud to accept, this sharp-eyed epic of love, greed, and ambition is a compelling portrait of intergenerational strife, immigrant struggle, and social and economic mobility. Addictively readable, Min Jin Lee's bestselling debut *Free Food for Millionaires* exposes the intricate layers of a community clinging to its old ways in a city packed with haves and have-nots. Includes a Reading Group Guide.

Written within a cloistered environment to protect sources that have yet to be identified, TOO LATE TO SAY GOODBYE is a chilling portrait of two beautiful, successful women whose murders were made to look like suicides. Jenn Corbin appeared to have it all: two little boys, a posh home in the suburbs of Atlanta, and a husband - Dr Bart Corbin, a successful dentist - who was handsome and brilliant. Then, in December 2004, Jenn was found dead with a bullet in her head, apparently by suicide. Only later would detectives learn that another woman in Dr Corbin's past had been found years earlier with nearly the exact same wound to the head, also ruled a suicide. In TOO LATE TO SAY GOODBYE, Ann Rule - working in cooperation with victims' families, police investigators, and sources from Georgia to Australia - unravels the now-sensational deaths. What emerges is an incredible tale of jealous rage; of stunning evidence that runs from the steamy to the macabre; and of a fateful, mind-boggling coincidence that appears to have motivated the killings. The definitive unravelling of one of the strangest murder investigations of our time, this is the greatest achievement of a truly great writing career.

STORYTOWN PRACTICE BOOK GRADE. 1(STORYTOWN

A look at the towering twentieth-century leader and his lifestyle that goes beyond the political and into the personal. Countless books have examined the public accomplishments of the man who led Britain in a desperate fight against the Nazis with a ferocity and focus that earned him the nickname “the British Bulldog.” Churchill Style takes a different kind of look at this historic icon—delving into the way he lived and the things he loved, from books to automobiles, as well as how he dressed, dined, and drank in his daily life. With numerous photographs, this unique volume explores Churchill's interests, hobbies, and vices—from his maddening oversight of the renovation of his country house, Chartwell, and the unusual styles of clothing he preferred, to the seemingly endless flow of cognac and champagne he demanded and his ability to enjoy any cigar, from the cheapest stogies to the most pristine Cubans. Churchill always knew how to live well, truly combining substance with style, and now you can get to know the man behind the legend—from the top of his Homburg hat to the bottom of his velvet slippers. “All readers will appreciate Singer's highly intelligent observations about how Churchill's style contributed to, and was ultimately an integral part of his brilliant career.” —Gentleman's Gazette

'The Silence is Don DeLillo distilled . . . a straight shot of the good stuff' – Spectator

Harry Cat's Pet Puppy

"In the days when Columbus sailed the ocean and Da Vinci painted the Mona Lisa, a German banker named Jacob Fugger became the richest man in history. Fugger lived in Germany at the turn of the sixteenth century, the grandson of a peasant. By the time he died, his fortune amounted to nearly two percent of European GDP. In an era when kings had unlimited power, Fugger dared to stare down heads of state and ask them to pay back their loans--with interest. It was this coolness and self-assurance,

along with his inexhaustible ambition, that made him not only the richest man ever, but a force of history as well. Before Fugger came along it was illegal under church law to charge interest on loans, but he got the Pope to change that. He also helped trigger the Reformation and likely funded Magellan's circumnavigation of the globe. His creation of a news service gave him an information edge over his rivals and customers and earned Fugger a footnote in the history of journalism. And he took Austria's Habsburg family from being second-tier sovereigns to rulers of the first empire where the sun never set."--Provided by publisher.

Rope Burn

On the heels of her acclaimed book *In an Instant*, the #1 New York Times bestseller she wrote with her husband, ABC News anchor Bob Woodruff, and with the same candor and charm, Lee Woodruff now chronicles her life as wife, mother, daughter, sister, and friend. Woodruff's deeply personal and, at times, uproariously funny stories highlight such universal topics as family, marriage, friends, and how life never seems to go as planned. From raising teenagers ("Now with a boy and girl on the precipice of serious adolescence, the bathroom door is sealed tighter than a government nuclear testing ground") to how she copes with tragedy ("Swimming surrounds me in the velvet wet of a bluish green world where I can dive deep down and sob with no trace"), *Perfectly Imperfect: A Life in Progress* is the testimonial of a woman who embraces the chaos of her surroundings, discovers the splendor of life's flaws, and accepts that perfection is as impossible to achieve as a spotless kitchen floor.

Life Under Ice

Too Late to Say Goodbye

From legendary master storyteller Stephen King, a riveting story about "an ordinary man in an extraordinary condition rising above hatred" (*The Washington Post*) and bringing the fictional town of Castle Rock, Maine together—a "joyful, uplifting" (*Entertainment Weekly*) tale about finding common ground despite deep-rooted differences, "the sign of a master elevating his own legendary game yet again" (*USA TODAY*). Although Scott Carey doesn't look any different, he's been steadily losing weight. There are a couple of other odd things, too. He weighs the same in his clothes and out of them, no matter how heavy they are. Scott doesn't want to be poked and prodded. He mostly just wants someone else to know, and he trusts Doctor Bob Ellis. In the small town of Castle Rock, the setting of many of King's most iconic stories, Scott is engaged in a low grade—but escalating—battle with the lesbians next door whose dog regularly drops his business on Scott's lawn. One of the women is friendly; the other, cold as ice. Both are trying to launch a new restaurant, but the people of Castle Rock want no part of a gay married couple, and the place is in trouble. When Scott finally understands the prejudices they face—including his own—he tries to help. Unlikely alliances, the annual foot race, and the mystery of Scott's affliction bring out the best in people who have indulged the worst in themselves and others. "Written in masterly Stephen King's signature translucent...this uncharacteristically glimmering fairy tale calls unabashedly for us to rise above our differences" (*Booklist*, starred review). *Elevation* is an antidote to our divisive culture, an "elegant whisper of a story" (*Kirkus Reviews*, starred review), "perfect for any fan of small towns, magic, and the joys and challenges of doing the right thing" (*Publishers Weekly*, starred review).
