Rhythmic Lead Guitar - Solo Phrasing, Groove and Timing for All Styles

(Musicians Institute Press). The notes of any solo are only half the story; the other, equally crucial element is the rhythm. Though there are leagues of books teaching you the scales, modes, and arpeggios that are used when soloing, there's been a great void in the available material with regards to teaching the concept of rhythm. We don't instinctually possess knowledge of which notes to use, so why would we instinctually know which rhythms to use when playing these notes? This is where Rhythmic Guitar comes into play. In this book, you'll learn the timing of notes from the ground up, helping you to develop a solid, internal sense of rhythm that will stick with you throughout your career. You'll be armed with an intimate knowledge of a beat's anatomy, and you'll possess the tools necessary to manipulate the timing of any phrase as you see fit. With a strong command of rhythm, your solos will sound more authoritative, unique and memorable.

Fretboard Harmony

An introduction to music theory that offers detailed explanations of topics such as rhythm, pitch, scales, intervals, chords, harmony, and form, and includes illustrations and exercises. Includes CD.

Music Theory

Unleash the song of your soul with Zen Guitar, a contemplative handbook that draws on ancient Eastern wisdom and applies it to music and performance. Each of us carries a song inside us, the song that makes us human. Zen Guitar provides the key to unlocking this song—a series of life lessons presented through the metaphor of music. Philip Sudo offers his own experiences with music to enable us to rediscover the harmony in each of our lives and open ourselves to Zen awareness uniquely suited to the Western Mind. Through fifty-eight lessons that provide focus and a guide, the reader is led through to Zen awareness. This harmony is further illuminated through quotes from sources ranging from Eric Clapton and Jimi Hendrix to Miles Davis. From those who have never strummed a guitar to the more

experienced, Zen Guitar shows how the path of music offers fulfillment in all aspects of life—a winning idea and an instant classic.

Modes for Guitar (Guitar Instruction)

Learn the entire fretboard in under an hour. Completely break out of the limiting CAGED box shapes. Be able to name the notes as you are playing at speed. Learn a framework which will allow you to move between modes and scales quickly and easily. The same framework will allow you to quite easily derive the major and minor pentatonic scales and major and minor blues scales from the major scale giving you a complete understanding of their inter-relationships. The framework presented in The Rosetta

Pattern is fundamental to giving guitar players a solid foundation for future exploration and is essential to exploiting, width and breadth, the true power of the guitar -- and it's all easier than you've been led to believe. If you are a new player, or one that has not yet mastered the fretboard, modes or scales, this guitar book is an absolute necessity.
