This collection, titled "Expulsion into Paradise: Untimely Texts for Our Time," delves into the profound paradox of banishment leading to a paradisiacal state. It presents a series of anachronistic writings that, despite their 'untimely' nature, offer surprisingly relevant and critical insights into contemporary human experience and philosophical dilemmas.

Vertreibung ins Paradies

"With Brecht, Benn, Bobrowski and Celan, Peter Huchel is one of a handful of essential post-war poets in the German language. A precise observer of natural phenomena, Huchel is above all a realist whose metaphors take us deep into the social and historical landscape, into zones of devastation and despair, the zero-hour of isolation. His world is devoid of illusion or sentimentality; there is no redemption, at most an exactitude that is itself a confirmation of what is human and real. Lifted out of the schismatic currents of the Cold War era by Martyn Crucefix's supple and arrestingly sensual translations, Huchel surprises us as a fresh and startling voice for our own numbered days." --Iain Galbraith

Gezählte Tage (1972)

It's undeniable: sex is everywhere: advertisements, fashion, art, film, music and television. All proliferating the "sex sells" adage. SEX DESIGN is a great looking, graphic, and entertaining book presenting an exciting selection of designers and their work on the pursuit of pleasure. Included are both product and graphic designs, objects relating to sex, hearts, love, provocative ads using sex as an enticement, phallic architecture, sex toys, and lots of sexual innuendo. This amusing collection is amassed from sources around the world, from a diverse group of designers who are happy to cross the line into risqué territory. From the subliminal to the overt, SEX DESIGN takes a look at the way this subject has become ingrained in popular culture and brings ingenious new meaning to the word "erotica".

In fourth-century Greece (BCE), the debate over the nature of philosophy generated a novel claim: that the highest form of wisdom is *theoria*, the rational 'vision' of metaphysical truths (the 'spectator theory of knowledge'). This 2004 book offers an original analysis of the construction of 'theoretical' philosophy in fourth-century Greece. In the effort to conceptualise and legitimise theoretical philosophy, the philosophers turned to a venerable cultural practice: *theoria* (state pilgrimage). In this practice, an individual journeyed abroad as an official witness of sacralized spectacles. This book examines the philosophic appropriation and transformation of *theoria*, and analyses the competing conceptions of theoretical wisdom in fourth-century philosophy. By tracing the link between traditional and philosophic *theoria*, this book locates the creation of theoretical philosophy in its historical context, analysing *theoria* as a cultural and an intellectual practice. It develops a new, interdisciplinary approach, drawing on philosophy, history and literary studies.

The four short works in *Untimely Meditations* were published by Nietzsche between 1873 and 1876. They deal with such broad topics as the relationship between popular and genuine culture, strategies for cultural reform, the task of philosophy, the nature of education, and the relationship between art, science and life. They also include Nietzsche's earliest statement of his own understanding of human selfhood as a process of endlessly 'becoming who one is'. As Daniel Breazeale shows in his introduction to this new edition of R. J. Hollingdale's translation of the essays, these four early texts are key documents for understanding the development of Nietzsche's thought and clearly anticipate many of the themes of his later writings. Nietzsche himself always cherished his *Untimely Meditations* and believed that they provide valuable evidence of his 'becoming and self-overcoming' and constitute a 'public pledge' concerning his own distinctive task as a philosopher.

In August 1944, Hans Georg Klamroth was executed for his part in the 20 July plot to assassinate Hitler. Wibke Bruhns, his youngest daughter, was six years old at the time. Decades later, watching a documentary about the events of 20 July, images of her father in the Third Reich People's Court appeared on the screen - and she realises she never knew him. In *My Father's Country*, Bruhns tells of her search for her father. Returning to her ancestral home in Halberstadt, Northern Germany, she retraces her family's story from Kaiser Wilhelm to the end of World War Two, discovering old photographs, letters and diaries, which she uses to piece together a unique and unforgettable family epic.

Kreuzzuege Des Philologen

Miranda will not be pigeonholed by the academy. It is to be strongly hoped that he is taken seriously, for there is in his writing the kind of discernment which may reform and renew Scripture study. Walter Brueggemann, Professor of Old Testament, Eden Theological Seminary This book, like the liberation theologies generally (Latin American, Black, feminist), challenges traditional 'intentional misunderstandings' of the Scripture by established powers. It allows familiar biblical passages, such

as the parable of the rich man and Lazarus, to speak out with their original force and clarity--and the message sounds astonishingly new! An excellent translation by Robert Barr. Madeleine Boucher, Associate Professor of New Testament, Fordham University Jose Miranda's book is an extremely valuable statement, which advances the discussion of biblical economics to a new stage. Miranda minces no words in exposing the exegetical sleight-of-hand attempted by 'conscience-tranquillizing theologians.' His passionate and informed defense of 'Christian communism' will have to be reckoned with by all who have professed a willingness to be obedient to the Gospel. Richard J. Mouw, Professor of Philosophy, Calvin College A scholarly study in biblical teaching--brief, direct, powerful--which puts the burden of proof on those who would deny that original and authentic Christianity is communistic (not, to say, Marxist). This is vintage Miranda--erudite, passionate, persuasive, and above all, disturbing. Robert T. Osborn, Chairman, Department of Religion, Duke University

Spectacles of Truth in Classical Greek Philosophy

Victims and Perpetrators What form does the dialogue about the family past during the Nazi period take in families of those persecuted by the Nazi regime and in families of Nazi perpetrators and bystanders? What impact does the past of the first generation, and their own way of dealing with it have on the lives of their children and grandchildren? What are the differences between the dialogue about the family past and the Holocaust in families of Nazi perpetrators and in families of Holocaust survivors? This book examines these questions on the basis of selected case studies.

Nietzsche: Untimely Meditations

A unique synthesis of the contemporary, Anglo-American philosophical approach with an abiding concern for classical philosophical problems. This book seeks to clarify the precise structure of self-consciousness and self-determination and elucidates their significance for our philosophical understanding of self-knowledge and human agency. The analysis challenges traditional models of theoretical self-knowledge and practical self-relation and elaborates an account of rationally grounded responsibility that jointly fulfills the demands of autonomy and authenticity. Tugendhat's study is a unique synthesis of the contemporary Anglo-American philosophical approach with an abiding concern for classical philosophical problems. It brings the methods of linguistic analysis to bear on such epistemological, moral, and metaphysical issues as the meaning and interconnections of self-knowledge, ego identity, rational self-understanding, and freedom of the will. In this context, the views of Wittgenstein, Heidegger, Mead, and Hegel are searchingly examined. The philosophical testimony of Kierkegaard, Freud, Habermas, and others is also presented and weighed. *Self-Consciousness and Self-Determination* is based on a series of lectures given at Heidelberg. The book is included in the series *Studies in Contemporary German Social Thought*, edited by Thomas McCarthy.

Mémoire en Temps Advenir

This book is a groundbreaking history of balance, exploring how a new model of equilibrium emerged during the medieval period.

My Father's Country

The Pentagon's New Map was one of the most talked-about books of the year - a fundamental reexamination of war and peace in the post-9/11 world that provided a compelling vision of the future. Now, senior advisor and military analyst Thomas P.M. Barnett explores our possible long- and short-term relations with such nations and regions as Iran, Iraq, and the Middle East, China and North Korea, Latin America and Africa, while outlining the strategies to pursue, the entities to create, and the pitfalls to overcome. If his first book was "a compelling framework for confronting twenty-first century problems" (Business Week), Barnett's new book is something more - a powerful road map through a chaotic and uncertain world to "a future worth creating."

Communism in the Bible

Kuno, a male nurse in an old people's home in Switzerland, has a new inmate: his father. In the isolation of the home, they finally start talking. Kuno had always regarded his father as boring, a man without a history and without a destiny until one day he realizes that he had once risked his life in the war. His ageing father had a destiny, and what a destiny it was! This realization changes Kuno's life, and he embarks on a journey into his own psyche which takes him to the depths of the Congo. Longings

awaken and dreams come true rays of light in the darkness, meetings with kings, seductive women and the songs of the jungle: the alluring far-away places which he once regarded as the heart of darkness become an adventurous, exciting scene of lunacy, wildness and a test of his own inner strength. In his characteristic manner, Urs Widmer spins yet another riveting yarn, but this time he threads through the many aspects of the relationship between Europe and Africa an always timely tale. "

The Holocaust in Three Generations

Already a much loved classic in Austria, "Tante Jolesch or the Decline of the West in Anecdotes" is Friedrich Torberg's tribute to the Jewish coffee-house world that flourished in Vienna in the afterglow of the Austro-Hungarian Empire until its final collapse in 1938. Based on Torberg's personal memories of intellectuals and eccentrics of the time, including Egon Friedell, Fritz Grünbaum, Egon Erwin Kisch, Alfred Polgar, and Franz Werfel, this work evokes the storytelling and humour prominent among Vienna's coffee-house denizens. These anecdotes allow one to see into the lives of assimilated Jews before the Shoah, beginning in the living room of Tante Jolesch, revolving around the coffee-house, and extending to summer resorts, sports matches, dinner parties, a psychiatric clinic under the care of Sigmund Freud, and the office of a U.S. consular official in charge of granting visas to the United States. In this volume, Torberg builds a literary monument to a group of people, a time, and a culture of which he saw himself as one of the last representatives. Despite being one of the most prominent Austrian literary figures of the twentieth century, Friedrich Torberg is not well known in the English-speaking world. He joined the literary elite of pre-war Austria at the age of twenty-two, but his career was cut short by the Nazi ban on Jewish writers. Invited by the New York PEN Club as one of "ten outstanding German anti-Nazi writers\

Erbe und Umbruch in der neueren deutschsprachigen Komödie

A valuable feature of the second edition (1953) of Counter-Statement was the Curriculum Criticum in which the author placed the book in terms of his later work. For this new paperback edition, Mr. Burke continues his "curve of development" in an Addendum which surveys the course of his thought in subsequent books (up to the publication of his Collected Poems, 1915 - 1967) and work-in-progress.

Self-Consciousness and Self-Determination

In this authoritative study, one of the first to appear in English, Erik Levi explores the ambiguous relationship between music and politics during one of the darkest periods of recent cultural history. Utilising material drawn from contemporary documents, journals and newspapers, he traces the evolution of reactionary musical attitudes which were exploited by the Nazis in the final years of the Weimar Republic, chronicles the mechanisms that were established after 1933 to regiment musical life throughout Germany and the occupied territories, and examines the degree to which the climate of xenophobia, racism and anti-modernism affected the dissemination of music either in the opera house and concert hall, or on the radio and in the media.

The Dance of Death Exhibited in Elegant Engravings on Wood

Germany's master of wit and irony now for the first time in English. Hinrich takes his existence at face value. His wife, on the other hand, has always been more interested in the after-life. Or so it seemed. When she dies of a stroke, Hinrich goes through her papers, only to discover a totally different perspective on their marriage. Thus commences a dazzling intellectual game of shifting realities. Why Peirene chose to publish this book: 'This novella deals with the weighty subjects of marriage and death in an impressively light manner. Shifting realities evolve with a beautiful sense of irony and wit. It is a tone that allows us to reflect - without judgment - on misunderstandings, contradictory perceptions and the transience of life.' Meike Ziervogel 'Inventive and deeply affecting, this remarkable fiction lingers in the mind long after the last page has been turned.' CJ Schuler, Independent 'A heartbreaking tale of loss.' Nicholas Lezard, Guardian 'This is a tale of a marriage gone awry and the potential loneliness of cohabitation ... but Matthias Politycki leavens his grim tale with playful teasing of his reader's expectations.' Rebecca K. Morrison, Times Literary Supplement 'A teasing, testing story that makes you want to revisit and seek out those fascinating fragments you might just have missed.' Pam Norfolk, Lancashire Evening Post 'Elegantly realised.' Lucy Popescu, Independent on Sunday 'A page-turning pleasure ... this novella has a supreme lightness of touch ... It never feels weighed down by its own significance.' Rosie Goldsmith, BBC

Lady Johanna Gray

First published in 1991, this book — through the examination of ancient Greek literary, philosophical and legal texts — analyses how the Athenian torture of slaves emerged from and reinforced the concept of truth as something hidden in the human body. It discusses the tradition of understanding truth as something that is generally concealed and the ideas of 'secret space' in both the female body and the Greek temple. This philosophy and practice is related to Greek views of the 'Other' (women and outsiders) and considers the role of torture in distinguishing slave and free in ancient Athens. A wide range of perspectives — from Plato to Sartre — are employed to examine the subject.

Bertolt Brecht

Volume 10, dedicated to 'Comedy, Irony, Parody', celebrates the first decade of Comparative Criticism in a light-hearted vein. Michael Silk opens with a wide-ranging essay asserting the primacy of comedy and declaring its independence of tragedy. T. L. S. Sprigge explores philosophers who dared to write on laughter: Schopenhauer and Bergson. Bernard Harrison looks at the twentieth century's favourite comic novel, *Tristram Shandy*, in the light of Locke's views on 'the particular'. Peter Brand pursues the theatrical arts of disguises, masking, and gender-swapping through Renaissance Europe, from Ariosto to Shakespeare. Jane H. M. Taylor traces the danse macabre in modern 'black humour'. Christine Brooke-Rose, distinguished novelist and critic, reads from and comments on her own witty fictions. Michael Wood describes how *Lolita* outwitted her seducer.

The Films of Jean-Luc Godard

Uwe Timm was born in Germany in 1940. Just three years later his brother, Karl-Heinz, who was sixteen years his senior and a sapper in the elite SS Death's Head Division, was killed. His notebook was returned to the family, and the last entry read- 'I close my diary here because I don't see any point in recording the cruel things that sometimes happen.' When Timm decided to write this astonishing memoir, he feared the possibility that his brother's unit had taken part in the shooting of civilians and Jews. Yet he wanted to piece together his brother's experience, and also that of his nation, which once considered the qualities of an SS man so exemplary. As Timm unleashes his memories of this devastating time, he also pinpoints the questions that his parents' generation seemed unable to face, and offers new insights into the impact of the war on ordinary Germans.
