Oracle of the Coast

Oracle of the Coast Fantasy Erotica ***BONUS BOOK - Includes the bonus books The Lover of the Daughter of Woden and The Imperial Legions of Luxor. **** **** **** The king, filled with hubris, grasped the arm of the High Priestess. He ripped open her robes, desecrating the holy sanctuary. His hands dishonored the person of the sworn virgin, sealing his own doom. Oracle of the Coast records the death of a King who dishonored and killed the Oracle of the Goddess because she foretold his defeat. As was said long ago, Those whom the gods would destroy they first make mad. And thus it was in the days when the gods walked among men.

days when the gods walked among men. (Portions of the text were published by the author writing as Juliet Baranne) Cover: Taxiarchos - Weiblicher Akt - Wikimedia.

The Coast Guard Oracle

A former cook looks for a new means of life and soon finds himself in the life saving branch of the military. After graduating Basic Training, Daniel Pearce becomes possessed by a wild drinking alter-ego entity while studying at an electrical school. After electrical school graduation, Daniel Pearce finds himself stationed on the island of Guam. Another form of identity takes upon Daniel, an identity of the mustache variety. Daniel Pearce finds himself in perplexing situations while experiencing adventure, debauchery and mischief.

Nature's Hidden Oracles

Nature's Hidden Oracles is a practical manual for natural divination in the outdoor environment all year round. By collecting and interacting with the objects you find outside, you can generate new ways of seeing and become more mindful of our environment and what it has to say about our past, present and future. Nature's Hidden Oracles shows you how to connect with your surroundings and the ways of our ancestors through practices such as flower divination, herb-scrying and listening to the oracles of the stones and trees that surround us. Chapters Include: 1 Oracles of the trees: Leaf, bark & branch 2 Flower divination: Petal predictions 3 Herb scrying: Sensory messengers 4 Oracles of stone: Rocks, pebbles & witch stones 5 Natural charms: Beach, field & forest

Ocean Oracle

Everyone remembers spending a day at the beach as a child collecting seashells, but what if those seashells were more than just pretty objects? What if those shells could actually tell you something about your hidden thoughts, beliefs, and attitudes? Ocean Oracle: What Seashells Reveal about Our True Nature is the bridge to learning this secret language. Simply put, seashells function as tools that enable us to speak with our subconscious, allowing the inner self to communicate the information it considers most valuable for our growth. By listening to the shells with the guidance of Ocean Oracle, you can tap into your own innate wisdom and joy. Included with the book are: • 200 shell cards in full color • 4 full color plates, 8.25 x 16.25" with all shell photos in full color Enjoy exploring the language of shells by yourself or with a group of friends.

The Obsidian Oracle

Join the quest for an ancient oracle! Sixteen years after it was first published, The Obsidian Oracle is as fresh and exciting as it ever was. Join a new generation of fantasy fans as they rediscover the sword and sorcery adventure of the Dark Sun world! Tithian of Tyr seeks the Dark Lens so that he can become the next sorcerer king. Agis needs the Dark Lens to destroy the Dragon of Athas. Before either can lay hands on it, they will have to settle their long-standing hatred of each other.

Oracle Quest

How do you lose the magic of your childhood? By growing up and discovering that rent, food, and health insurance take the place of pixie dust, fairytales and imagination. Just when she's resigned herself to the boring fate of being an adult, imagine Katie Gaber's surprise when she finds herself thrust into a

parallel dimension to our own, a Land where she is an all powerful Oracle. In the Land, Katie embarks on an historic quest to save the Prince of the Land and restore him to the throne before Evil manages to upset the delicate balance between good and evil in an effort to overtake the dimension. Along the way she rediscovers magic and herself, and comes to rely on both to reach the fulfillment of her journey. The first in a series, Oracle Quest introduces you to a world where the ordinary become extraordinary, and where one person can, indeed, make a difference.

The Oracle Encyclopaedia

Consult the animal lore given and interpret the card spreads to gain powerful insights into your life situation and receive positive guidance for the future.

SACRED SEA ORACLE

Throughout history, the uncertainties of life have driven people to seek counsel from prophets, seers, and oracles on everything from love to livelihood: people want to talk to their lost loved ones, heal old family traumas, find out about work, and determine what the future will bring. In *The Way of the Oracle*, bestselling author, scholar, and priestess Diana L. Paxson offers a broad overview of the traditions of famous oracles in history: from the pythia at Delphi, the son of Beor, the Irish druidess, and the Greenland völvá, to today's modern seers who are resurrecting ancient skills to serve their communities. Paxson identifies the core elements of prophetic practice, her belief in probability rather than predestination, and offers exercises and examples to demonstrate how anyone can be trained to do oracle work. Her methods focus on trance skills and improving communication between one's unconscious and conscious mind to encourage selfknowledge and decision making. *The Way of the Oracle* introduces the practice of oracle work to a wider audience, and shows how exploring the potential of other minds can expand our own.

The Kigango Oracle

The Threadbound Oracle is a card deck and guidebook themed around a magic library, bookbinding, and storytelling. It is a companion to the novel "The Thread That Binds." The cards may be used for divination or storytelling prompts, and the guidebook explains and expands on their meanings.

The Druid Animal Oracle

Joining a group of German divers in search of the fabled Pearl of Palawan, which is rumored to grant a power long coveted by mankind, archaeologist Annja Creed becomes submerged in a dark world that pits her against old and new acquaintances. Original.

The Way of the Oracle

Stunningly illustrated set of oracle cards that deliver powerful messages of love, healing and protection to a new generation. From the author of *The Oracle Tarot*, *Magical Spell Cards* and *White Magic*. As Above, So Below CD also available.

The Threadbound Oracle

Enter the world of plant spirit medicine with the Plant Spirit Oracle! The Plant Spirit Oracle is a 49-card, full color, borderless oracle deck. Each card represents a unique plant, tree, or mushroom commonly found in the United States East Coast and Midwest regions. Each card has three primary meanings, listed on the cards. Listen to the voices of nature and connect deeply with the spirit of nature with this beautiful deck.

The Oracle's Message

This title is part of UC Press's Voices Revived program, which commemorates University of California Press's mission to seek out and cultivate the brightest minds and give them voice, reach, and impact. Drawing on a backlist dating to 1893, Voices Revived makes high-quality, peer-reviewed scholarship accessible once again using print-on-demand technology. This title was originally published in 1978.

Oracle of the Dragonfae

Destiny. We all have our own, some of us choose to accept it others choose to fight it no matter how important or inconsequential it may be, but ultimately you get to choose when and how to face it... or not. Sean Olson doesn't get that luxury, he has lived countless lives committing horrible atrocities and witnessing the worst humanity has to offer. Every life he has lived and died has all led up to this last one where his destiny will confront him in the worst possible way. He will have to face his destiny and all of its horrors while having to fight the demons of his past at every turn. Sean will stumble, he will fall, he does not want this life but he knows that nobody else can do it. It isn't that his destiny is to save the world from the son of Lucifer or from a colossal monster that can level a city if it throws a temper tantrum. But because of his daughter Tamara, he must keep her safe from all of the things that go bump in the night even if she doesn't know he exists. If he is to protect his daughter and save the world from the evils that come from both Heaven and Hell, Sean will have to get the help of a succubus named Heather and a collector named Jay. Together they will try to fix the problems that threaten the existence and destiny of humanity.

The Plant Spirit Oracle

The Delphic Oracle was where, according to Greek tradition, Apollo would speak through his priestesses. This work explores the importance placed on consultations at Delphi by Athenians in the city's age of democracy. It demonstrates the extent to which concern to do the will of the gods affected Athenian politics, challenging the notion that Athenian democracy may be seen as a model for modern secular democratic constitutions. All the known consultations of the oracle by Athens in the period before 300 BC are examined, and descriptions of consultations found in Attic tragedy and comedy are discussed. This work provides a new account of how the Delphic oracle functioned and presents a thorough analysis of the relationship between the Athenians and the oracle, making it essential reading both for students of the oracle itself and of Athenian democracy.

The Delphic Oracle

Use an innovative approach that relies on big data and advanced analytical techniques to analyze and improve Oracle Database performance. The approach used in this book represents a step-change paradigm shift away from traditional methods. Instead of relying on a few hand-picked, favorite metrics, or wading through multiple specialized tables of information such as those found in an automatic workload repository (AWR) report, you will draw on all available data, applying big data methods and analytical techniques to help the performance tuner draw impactful, focused performance improvement conclusions. This book briefly reviews past and present practices, along with available tools, to help you recognize areas where improvements can be made. The book then guides you through a step-by-step method that can be used to take advantage of all available metrics to identify problem areas and work toward improving them. The method presented simplifies the tuning process and solves the problem of metric overload. You will learn how to: collect and normalize data, generate deltas that are useful in performing statistical analysis, create and use a taxonomy to enhance your understanding of problem performance areas in your database and its applications, and create a root cause analysis report that enables understanding of a specific performance problem and its likely solutions. What You'll Learn Collect and prepare metrics for analysis from a wide array of sources Apply statistical techniques to select relevant metrics Create a taxonomy to provide additional insight into problem areas Provide a metrics-based root cause analysis regarding the performance issue Generate an actionable tuning plan prioritized according to problem areas Monitor performance using database-specific normal ranges Who This Book Is For Professional tuners: responsible for maintaining the efficient operation of large-scale databases who wish to focus on analysis, who want to expand their repertoire to include a big data methodology and use metrics without being overwhelmed, who desire to provide accurate root cause analysis and avoid the cyclical fix-test cycles that are inevitable when speculation is used

The Oracle

This entertaining divination book draws on the ancient wisdom of bibliomancy--the art of foretelling the future using books--to help readers make any kind of life decision.

Classical Athens and the Delphic Oracle

Come into the enchanting Garden of the Night and explore your power and passion with this dedicated oracle of 44 cards and guidebook. Each card depicts a flower in its original environment and is coupled with the animals insects and birds of the flowers habitat. Find guidance inspiration and healing while

you learn the language of the Flowers of the Night. Nature author and environmental artist Cheralyn Darcey shares with you the true Language of Flowers with an oracle deck which can also be used in any modality using flowers including aromatherapy flower essences and flower reading.

Dynamic Oracle Performance Analytics

The youth came upon a fair huntress in the forest. She enticed him into her web of desire and passion. She was the Artemis the Divine !Thus it was when the gods took men as lovers.8/2013Long, long ago Artemis and her race sailed to the stars, and seeded many worlds with life. One of these was Sol III. The children of the gods from the stars recorded their myths. They also fostered demigods with them, and came to practice many new arts. The men of the new world in time would also sail into the unknown.A prior edition was published under the title Oracle of the Coast.REVIEWS of the fantasy books by Jerome Brooke have said -...This... was rather gory at times. Not that that bothers me. I am, after all, a huge horror/slasher/gore movie fan. Reading it isn't much different than watching it...The descriptions are fantastic! The city, the people, the creatures, and the battles were extremely well written and I was able to visualize everything that was described...Brooke did a wonderful job of creating a new, strange world and transporting the reader there without coming across as unbelievable.The...author wrote with so much raw emotion during certain scenes that I could feel everything the characters felt. And who doesn't love a book that can really make you feel for the characters like that?Personally, I felt...based on how the story is structured, that much narrative is probably needed. And while there was a lot of action scenes, they felt a bit clunky to me at times.... Overall, it was a quick read with a plot that was easy to follow. I'm glad I had the opportunity to read it.Kara Leigh Miller, December 13, 2012

The Oracle Book

Oracle is the most popular database management system in use today, and PL/SQL plays a pivotal role in current and projected Oracle products and applications. PL/SQL is a programming language providing procedural extensions to the SQL relational database language and to an ever-growing number of oracle development tools. originally a rather limited tool, PL/SQL became with Oracle7 a mature and effective language for developers. now, with the introduction of Oracle8, PL/SQL has taken the next step towards becoming a fully realized programming language providing sophisticated object-oriented capabilities. Steven Feuerstein'sOracle PL/SQL Programming is a comprehensive guide to building applications with PL/SQL. That book has become the bible for PL/SQL developers who have raved about its completeness, readability, and practicality.Built-in packages are collections of PL/SQL objects built by Oracle Corporation and stored directly in the Oracle database. The functionality of these packages is available from any programming environment that can call PL/SQL stored procedures, including Visual Basic, Oracle Developer/2000, Oracle Application Server (for web-based development), and, of course, the Oracle database itself. Built-in packages extend the capabilities and power of PL/SQL in many significant ways. for example: DBMS_SQL executes dynamically constructed SQL statements and PL/SQL blocks of code. DBMS_PIPE communicates between different Oracle sessions through a pipe in the RDBMS shared memory. DBMS_JOB submits and manages regularly scheduled jobs for execution inside the database. DBMS_LOB accesses and manipulates Oracle8's large objects (LOBs) from within PL/SQL programs. The first edition of Oracle PL/SQL Programming contained a chapter on Oracle's built-in packages. but there is much more to say about the basic PL/SQL packages than Feuerstein could fit in his first book. In addition, now that Oracle8 has been released, there are many new Oracle8 built-in packages not described in the PL/SQL book. There are also packages extensions for specific oracle environments such as distributed database. hence this book.Oracle Built-in Packages pulls together information about how to use the calling interface (API) to Oracle's Built-in Packages, and provides extensive examples on using the built-in packages effectively.The windows diskette included with the book contains the companion guide, an online tool developed by RevealNet, Inc., that provides point-and-click access to the many files of source code and online documentation developed by the authors.The table of contents follows:PrefacePart I: Overview 1. Introduction Part II: Application Development Packages Executing Dynamic SQL and PL/SQL Intersession Communication User Lock and Transaction Management Oracle Advanced Queuing Generating Output from PL/SQL Programs Defining an Application Profile Managing Large Objects Datatype Packages Miscellaneous Packages Part III: Server Management Packages Managing Session Information Managing Server Resources Job Scheduling in the Database Part IV: Distributed Database Packages Snapshots Advanced Replication Conflict Resolution Deferred Transactions and Remote Procedure Calls Appendix. What's on the companion disk?

Flowers of the Night Oracle

Odysseus must fight for the honor of his family, the survival of his people, and the glory of his goddess—from the author of *Athena's Champion*. When Prince Odysseus is sent on a quest to recover his family honor, he's led to Delos where a mysterious new prophecy has captivated the gods. Caught in a tangled web of intrigue, he discovers that this prophecy is tied to his own destiny and the fate of his patron goddess, Athena. With the future of his people hanging by a thread, Odysseus, the daemon Bria, the hero Diomedes and a small band of loyal Ithacans, must unveil the truth before it's too late. But opposing them is Tiresias, the greatest seer of the age, who will do anything to burn his own vision onto the face of history. Caught between the prophecy, the gods and his mortal enemies, Odysseus must start a war: one that may be impossible to win . . . Oracle's War, second in the epic Olympus Series, is perfect for fans of David Gemmell and Madeline Miller. Praise for *Athena's Champion* "If you like magic and mayhem wrapped around ancient historical legends, this cup of nectar has your name on it. Recommended." —Historical Novel Society "A refreshing, modern take of Odysseus' story. It has humor and exciting action." —Book Rambler

Artemis, the Huntress

The mythic figures of ancient Greece offer wisdom and guidance for the future in this illustrated collection of forty-five oracle cards and an in-depth guidebook. As exciting as they are insightful, the Greek gods, Titans, heroes, and magical beings of the Mythic Oracle deck reflect the many aspects of human nature, and it is through their stories that we can better understand ourselves. The bold fantasy styling of the Mythic Oracle goes beyond traditional serious tarot cards to offer fascinating entertainment and real guidance in matters of love, creativity, family, and fulfillment through the ancient, eternal wisdom of Greek mythology. Now, you can gain deeper understanding into what is happening in your life, what is needed, and what comes next. Author Carisa Mellado leads you on a discovery of the myths and their interpretations and instructs you on how to give accurate and powerful readings for yourself and others. With forty-five beautifully illustrated cards and a straightforward guidebook, you can begin moving through life's challenges with clarity and confidence. Face the future. Find your courage. And let the Mythic Oracle guide you on your own epic journey.

Oracle Built-in Packages

Part of A. S. "Pete" Peterson's short story series, *Tales of an Unremembered Country*. In this second tale, "The Oracle of Philadelphia," Thurston follows famed captain Nathan Winthrop on an expedition into the polar sea where he hopes to find the Northwest Passage. What he discovers instead is a baffling oddity named John Obadiah, who's faith in a strange prophetess stretches the boundaries of possibility.

Oracle's War

Reconnect with the natural world and discover your true sense of self with this beautifully illustrated card deck and guidebook celebrating the inherent wisdom and spirituality of trees. They have been here long before we arrived on this planet, and will be here long after we are gone. The power and wisdom of trees have been noted by many cultures throughout history, from the image of the World Tree to the symbolism of the Tree of Life. Even today, trees are regularly used as focal points of worship all over the world. Inspired by the serene and majestic beauty of nature and rich with insights from spiritual traditions from around the globe, this superbly illustrated deck and accompanying guide will help you gain new and profound levels of awareness about yourself, your relationships and where you are headed, from the wisdom of trees. Describing the mythology, symbolism and power of 40 of the world's trees, from the homely apple to the magnificent giant redwood, *The Wisdom of Trees Oracle* also introduces you to the deva, or nature spirit, that works in conjunction with each tree to give you its true message.

The Obsidian Oracle

A complete revision of the original title, this second edition adds new material on Oracle 7.3 and many Oracle 8 features. It explores new Oracle capabilities like parallel server, parallel query, and distributed database. It contains more detail on constraints and triggers, many more examples, and information on new tuning tools like the Oracle Performance Pack, Oracle Trace, and Oracle Expert.

Mythic Oracle

Ian Wigby is about to find out that he is a very special boy. Along the southern coast of England, atop the White Cliffs of Dover, stands a castle. And at that castle's old keep is an orphanage. Delphi Keep has seen many youngsters come and go through its gates, and Ian Wigby and his sister, Theodosia, are happy to call it home. Life has always been simple at the Keep, and the orphanage safe, until one day, Ian and Theo find a silver treasure box. And within the box, a prophesy. Three thousand years ago a great Greek oracle wrote of a quest. A quest on which the fate of the world depends. A quest that names two children—Ian and Theodosia. Suddenly Delphi Keep is no longer safe. And Ian and Theo, along with a very special group of friends, realize they must unravel the meaning behind the scroll of Dover cavern before darkness falls on the world. And before an unfathomable evil catches up with them.

The Oracle of Philadelphia

Self Love Oracle is the oracle for the modern woman! Explore your chakras and aura, and integrate your past emotional experiences and energies for a total mind, body, and soul healing. Through its stunning, multilayered illustrations and unique and loving messages, this 36-card oracle invites you to discover the essence of your divine femininity. Each card offers an energy description, a soul lesson, an element, a gift, sensual therapy, and a ritual. Additional cards for the seven chakras and aura, as well as four wild cards for extended guidance, complete the deck. Create your own path to total well-being and divine spirituality.

The Wisdom of Trees Oracle

While reluctantly agreeing to help gather the rathstones to open Hallowmere, Sibohan is thrown back to twelfth-century Scotland, to the beginning of the conflict with the Unhallowed.

Oracle Performance Tuning

The Oracle server. Database objects. Oracle enterprise manager. Distributed computing. Forms and reports overview. Partitioning data.

Oracles of Delphi Keep

An oracle was a person or agency considered to be a source of wise counsel or prophetic opinion, predictions or precognition of the future, inspired by the gods. As such it is a form of divination. The word is derived from the Latin verb orare "to speak" and properly refers to the priest or priestess uttering the prediction. In extended use, oracle may also refer to the site of the oracle, and to the oracular utterances themselves, called in Greek. Oracles were thought to be portals through which the gods spoke directly to man. In this sense they were different from seers who interpreted signs sent by the gods through bird signs, animal entrails, and other various methods. The most important oracles of Greek antiquity were Pythia, priestess to Apollo at Delphi, and the oracle of Dione and Zeus at Dodona in Epirus. Other temples of Apollo were located at Didyma on the coast of Asia Minor, at Corinth and Bassae in the Peloponnese, and at the islands of Delos and Aegina in the Aegean Sea. Only the Delphic Oracle was a female; all others were male. The Sibylline Oracles are a collection of oracular utterances written in Greek hexameters ascribed to the Sibyls, prophetesses who uttered divine revelations in a frenzied state. Preface "Like other pseudonymous apocalypses, these Sibyllines contain evidence of being the work of a number of different authors. They are obviously a composite of Jewish and Christian elements. The citation from the Sibyl which appears in Josephus (Ant. i, iv, 3) shows that the oldest portion of our present third book (line 117, ff) must have been current before the beginning of the Christian era. The verses of the Jewish Sibyl probably originated at Alexandria, and may possibly have incorporated some fragments of more ancient oracles once included in the Sibylline books which were kept at Rome. They presented such a fascinating form of pseudepigraphical composition that not a few other writers followed the successful example and put forth verses of various merit. And so it came to pass that after a few centuries the later Jewish and the early Christian literature abounded with poetic oracles purporting to be productions of the ancient Sibyls. Many independent compositions of this kind were accordingly in circulation some time before the task was taken in hand of arranging the entire body of so-called Sibylline Oracles into one connected and orderly series. This task was undertaken by the author of what is known as the "Anonymous Preface," who combined the scattered oracles into fourteen books. The repetitions of language and sentiment now found in these different books indicate that already, before

this larger task was attempted, other minor compilations had been made, and that the later compiler and editor left these smaller independent collections intact, not attempting to eliminate the repetitions, nor even to harmonize conflicting statements."

Self-Love Oracle

In a similar format to the ever-popular Oracle of the Dragonfae, bestselling author and recording artist Lucy Cavendish again brings her powerful insight to this new oracle deck. The card messages, which deliver straight-forward guidance designed to develop our courage, intuition, sense of purpose and belief in ourselves, demonstrate her unique gift for connecting with people. The 45 exquisite cards are accompanied by in-depth guidebook that provides clear step-by-step instructions on how to give accurate, powerful and very healing readings for yourself and others.

Oracle of the Morrigan

The Last Oracle is a lightening-paced thriller where Love, Adventure, and Wisdom merge as Sarah Rider, a direct descendant of a powerful Delphic priestess, races towards a prophetic and dangerous destiny.
