A Calendar of the Middle Temple Records

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Middle Temple Records: 1603-1649

This collection of legal records provides a fascinating glimpse into the legal system of early modern England. The Middle Temple was one of the four Inns of Court, where lawyers went to study and prepare for practice. These records document the day-to-day activities of the Middle Temple, including the admission of new members, the regulation of legal etiquette, and the enforcement of disciplinary measures. This book is essential reading for historians of English law and early modern society. This work has been selected by scholars as being culturally important, and is part of the knowledge base of civilization as we know it. This work is in the "public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Middle Temple Records: 1650-1703

Excerpt from Middle Temple Records The fourth volume of the Minutes of the Parliament of the Middle Temple consists of an Index of the persons and places mentioned in the three preceding volumes. The successive under-treasurers or clerks who kept the Minutes had very different ideas about spelling, and the names of members of the same family, or even the name of the same man, occur in many various forms, which are retained in the body of the work. Middle Temple Records

Excerpt from A Calendar of the Middle Temple Records The Records in question, with the exception of the first volume, which is evidently a fair copy of pre existing materials, appear to have been made from time to time contemporaneously with the deliberations in the form of Minutes hurriedly written in different hands, with interpolations occasionally afterwards, largely in Latin with passages in English confined chiefly to the Resolutions or Orders come to, and unfortunately rarely commemorating matters of contemporary history, domestic or public, such as would now deeply interest us. In further illustration of these Minutes, the following paper by Master James Anderson, a most active Treasurer in 1860, may here be appropriately inserted. It is a careful description of the books, and contains other interesting matter. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Excerpt from Minutes of Parliament of the Middle Temple Records, 1501-1603, Vol. 1: With an Inquiry Into the Origin and Early History of the Inn Usually this is merely due to the fact that there was no fixed standard Of spelling when the book was made, but sometimes the variation is clearly an error in copying, Showing that the entries were not made at once, but that the book was compiled by one Of the Officials from memoranda, which he sometimes misread. A Calendar of the Middle Temple Records

The history of the Middle Temple is a long and fascinating one. Templars held the estate of the Temple from the twelfth century until their suppression in the early fourteenth century; thereafter the lawyers came. The magnificent Tudor Hall of the Middle Temple was completed in 1574. By Elizabethan times the Inns of Court were known colloquially as the Third University of England. Many persons other than lawyers became members of Middle Temple - among them Sir Walter Raleigh, Elias Ashmole, Edward Hyde (Earl of Clarendon), William Congreve, Henry Fielding, Edmund Burke, William Cowper and William Makepeace Thackeray. Another Middle Templar and explorer was Bartholomew Gosnold, discoverer of Cape Cod, who named a nearby island Martha's Vineyard in honour of his six-year-old daughter. From those beginnings grew the thirteen American colonies, and in due course five Middle Templars signed the American Declaration of Independence on 4 July 1776. Moreover, the US Constitution was drafted by a committee chaired by yet another Middle Templar, John Rutledge, who, along with six other Middle Templars, was among its 39 original signatories. The story of the Inn in modern times has seen it become one of the world's pre-eminent centres for legal education and practice. This history of the Middle Temple, written by a team of eminent lawyers and legal historians, is the product of original research in the archives of the Middle Temple and will be a treasure trove of information about the Inn, its diverse history and influence.
