Intro Music

Your days of serious parents are just beginning.

First of all, you need to know that it never ends. The part no one tells you about being a parent is that parenting never stops.

Your heart and mind will always be with each one of your children for the rest of your life.

When we observe life happening to our adult children in a challenging way, we want to help them.

Parents are finding it so hard to know where to draw the line between letting an adult child learn a hard lesson and helping them to get on their feet.

We all must ask God to show us what to do and what not to do for our adult children.

The third thing you need to know is you must stop blaming yourself.

Guilt is a killer. We parents beat ourselves up with guilt, every time something concerning happens to one of our children because we see how we could have done things differently.

In order to be effective in praying for your adult child, you must stop blaming yourself or everything that goes wrong.

Would you pray with me about this?

In **my**, book, **The Power, of Praying, for Your Adult, ...**

Intro Music

Having a sense of purpose in life doesn't necessarily mean your adult children know every detail about what they should do and where they should go, but they will have an inkling regarding some particulars.

Take a day every month to fast and pray about that adult child.

If your adult child doesn't seem to have a sense of purpose right now, don't be worried by it. Instead, trust God to give that to him or her because you are praying for it.

Ask God to reveal what you need to see about your adult children.

Adult children cannot live with you forever...for then they will never discover what God has for them. One of the most important things our adult children need to hear from God about is direction regarding their life's work.

... **You**, can **pray**, that same thing for **your adult children**,.

The Bible says in Romans 8:28, "that all things work together for good to those who love God, to those who are the called according to His purpose."

God says in Isaiah 65:17-24 that He wants us to enjoy our work and not labor in vain. And that's what we want for our adult children as well.

Intro Music

No matter how good a parent you have been, your children can still be impacted by the dark side of today's culture.

We must instruct **our adult children**, in the same way.

Because Joseph was godly and faithful, God worked in all the evil that came against him.

If **your adult child**, is enduring an undeserved ...

Ask God to send strength from heaven to help your adult child get through what she is facing.

Genesis 4:6...God gave Cain a choice. He could choose to do the right thing and rule over sin, and therefore please God. Or he could choose not to do the right thing and allow his own jealousy, anger, and revenge to rule over him.

We can't give up on our adult children either, no matter what they have done.

Pray that your adult child's heart will be filled with wisdom and knowledge.

God can deliver us and He promises to continue to deliver us and that includes your adult children.

Do not allow the enemy to make you feel that you are disqualified from the powerful intercession for your adult children because of mistakes you may have made in the past.

You have the authority to call upon the Deliverer on behalf of your adult children, so that they can find the deliverance they need.

Trust your instincts when it comes to your adult children.

Pray with me about this.

The Message of Judaism

Published in 1908, this book draws on a variety of sermons written by Rev. Morris Josephs, to provide a message on Judaism. Designed to create a discourse for universal readership this book covers topics such as the ethics of Jewish life, the perception of the world vs Judaism, and the religious experience of Judaism.

The Message of Judaism; Sermons Preached at the West London Synagogue

Unlike some other reproductions of classic texts (1) We have not used OCR(Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

The Message of Judaism

Originally published in 1930, this book was intended to be an effective inspiration to faith and duty and emphasizes the importance of Judaism as a living creed. Although inevitably a product of the time in which it was originally published, the author's experience and wisdom from many years of preaching means that book has enduring relevance for many aspects of Jewish life: Family, Leadership, Anti-Semitism, Morality, Faith, Reason and the Nation of Israel are all topics which are covered.

The Message of Israel

Rabbi Jacobs, with sixty years' experience of pulpit work to his credit, provides a number of homilies for each weekly portion of the modern sermon and for the chapters of Ethics of the Fathers. The text for the modern sermon is usually the sidra, the weekly portion, or, in the summer months the Talmudic book known universally as Ethics of the Fathers. Among the sermonic themes are contemporary problems, the religious and ethical needs of the individual, and, of course, the impact of the Holocaust and the State of Israel.

The Spirit of Judaism

Imagine yourself transported two thousand years back in time to Galilee at the moment of Jesus' Sermon on the Mount. After hearing it, would you abandon your religious beliefs and ideology to follow him, or would you hold on to your own beliefs and walk away? In A Rabbi Talks with Jesus Jacob Neusner considers just such a spiritual journey.

Sermons Preached on Various Occasions at the West London Synagogue of British Jews

This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high quality, modern editions that are true to the original work.

Aspects of Judaism

This anthology of largely unknown medieval and early modern Jewish sermons provides an introduction to a neglected area of Jewish creativity, one that gives insights into the central intellectual issues, spiritual movements, and communal centers during six critical centuries of Jewish experience. The sermons, presented here in their entirety, have been translated, annotated, and introduced by Marc Saperstein, who also provides a discussion of the historical background of the sermons, their context, and their relationship to Hebrew literature. "A scholarly masterpiece and an intellectual tour de force that must be read by anybody with a serious interest in Jewish studies or the art of preaching."--Howard Adelman, *Shofar* "This splendid and interesting collection, a description true of all the Yale Judaica, is richly documented."--Thomas L. Shaffer, *Christian Legal Society Quarterly* "A work of profound scholarship, it is also a pleasure to read."--Choice "Jewish Preaching offers the reader an exceptional overview of many different and fascinating aspects of Jewish history, culture and theology."--Yaakov Ort, *Wellsprings* "Marc Saperstein's careful and detailed translations and annotations, and his cogent introductory essay, are examples of scholarship at its highest level, and should serve to secure the place of this body of literature in the field of Jewish studies."--Present Tense/Joel H. Caviour Literary Award, 1990 "A groundbreaking work of exquisite scholarship that truly points the way for others to follow."--David E. Fass, American Rabbi Winner of the 1990 National Jewish Book Award in the category of Jewish Thought given by the Jewish Book Council

Sermons by American Rabbis

The eighteen studies in this book continue the exploration of the Jewish sermon Saperstein began in his groundbreaking *Jewish Preaching 1200-1800*. His new research further illustrates the importance of this genre, largely ignored by modern scholarship, as an indispensable resource for understanding Jewish history, spirituality, and thought from the High Middle Ages to the beginning of the Emancipation in Europe. Saperstein's thematic studies explore the most important occasions for traditional rabbinic preaching: the Days of Awe and the Passover season. Two studies focus on the homiletical exegesis of classical Jewish texts, and two deal with the historical interaction of Christians and Jews. Saperstein discusses the diffusion of philosophical ideas through homiletics and identifies central conceptual issues presented in the Italian Jewish pulpit. Other essays include a critical analysis of the work of Saul Levi Morteira of Amsterdam, an examination of sermons in eighteenth-century Prague for indications of a traditional community in crisis, and homiletical evidence for a developing sense of patriotic identification with the state, even before Emancipation changed the legal status of the Jews. Saperstein also presents newly discovered sermon texts in order to explore a full panoply of issues relating to historical context and genre. All are published for the first time with his annotated translation accompanying the Hebrew original. Included are a Guide for Preachers, sermons on repentance and on the Binding of Isaac, and three eulogies, the last a fascinating memorialization of the antisemitic empress Maria Theresa.

The Ideal in Judaism

With particular attention paid to fresh analysis and new understanding of the evolution of Judaism in the post-exilic age, this work features an outstanding array of Christian scholars and preachers dealing with the extremely vexing issue of anti-Judaism in the New Testament and in Christian preaching.

Christianity without Judaism, 2 sermons

Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Jewish Preaching

Exile in Amsterdam is based on a rich, extensive, and previously untapped source for one of the most important and fascinating Jewish communities in early modern Europe: the sermons of Saul Levi Morteira (ca. 1596-1660). Morteira, the leading rabbi of Amsterdam and a master of Jewish homiletical art, was known to have published only one book of fifty sermons in 1645, until a collection of 550 manuscript sermons in his own handwriting turned up in the Rabbinical Seminary of Budapest. After years of painstaking study from microfilms and three trips to Budapest to consult the actual manuscripts, Marc Saperstein has written the first comprehensive analysis of the historical significance of these texts, some of which were heard by the young Spinoza. Saperstein reviews the broad outlines of Morteira's biography, his treatment by scholars, and his image in literary works. He then reconstructs

the process by which the preacher produced and delivered his sermons. Morteira's sermons also provide a trove of information about individuals and institutions in Morteira's Amsterdam, enabling Saperstein to analyze the shortcomings of behavior and the lapses in faith criticized by the preacher. The sermons also presented an ongoing program of adult education that transmitted the Jewish tradition on a high yet accessible level to a congregation of new Jews-immigrants who had lived as Christians in Portugal and were now assuming a Jewish identity with minimal prior knowledge. Here Saperstein focuses on themes Morteira considered crucial: memories of the historical past, confrontations with Christianity, ideas of exile and messianic redemption, and attitudes toward the New Christians who remained in Portugal. These historical reflections on Amsterdam's community of new Jews are illustrated by eight of Morteira's sermons, which Saperstein presents in English and with full annotation for the first time. Exile in Amsterdam offers those interested in European Jewish history and homiletics access to primary source documents and the scholarship of one of the premier historians of Jewish preaching.

Judaism Confronts Modernity

Every Shabbat in synagogues around the world and across America, sermons from the local rabbi are an important component of worship. This book brings together thirty-five sermons preached to the congregation of a typical small southern city, Lake Charles, Louisiana. Included are several sermons based upon the weekly parashah (assigned biblical portion from the Pentateuch), a series of messages brought during the high holy days (Rosh Hashanah and Yom Kippur) of 2007, three funeral sermons, a special Yom ha-Sho'ah (Holocaust-memorial) address, and a short talk about freedom, given on July 4, 2008. Each message represents the author's attempt to link the concerns of the modern world back to the classical, biblical roots of the Jewish faith, thereby invoking the principles of biblical faith to serve as guidelines in the twenty-first century.

Rabbi Talks with Jesus

Standing at Sinai: Sermons and Writings captures the trends and the struggles of 25 years at Temple Sinai, a large Reform Jewish synagogue in Washington, D.C. The book includes a selection of Rabbi Fred Reiners High Holy Day sermons, Purim messages, scholarly papers, and additional writings that comment on key moments in his tenure. The result reflects Rabbi Reiners religious and intellectual journey, as well as the history of Temple Sinai during years of challenge, expansion, and growth. Standing at Sinai grapples with the questions confronting the congregation and the larger Jewish community at the turn of the 21st century: Can our Jewish community maintain its integrity as it continues to assimilate? What role does Israel play in our lives? What are the beliefs and values that help to shape us as post-modern American Jews?

The Jewish Sources of the Sermon on the Mount

A lifetime of hard-won wisdom and insight into the human heart is contained in this collection of eighty impassioned essays on ethical and spiritual issues ranging from racial injustice and the abuses of power to the legacy of the Holocaust, from the evolving relationship between American Jewry and Israel to raising morally sensitive children, from the mystery of death to the meaning of God in the modern world. If there is a single motif dominating this treasury of rabbinic wisdom, it is the need for ethical accountability on the part of both individuals and institutions. Each of these sermons faces life's dilemmas squarely with courage and a deep understanding of the complexities of human nature. They do not offer facile answers to difficult questions nor are they ever self-righteous but rather thoughtful, reflective, sensitive, often funny, intensely Jewish and deeply human, deriving their profound insights from Jewish tradition and the joys and sufferings of the author's own life. The best sermon is a reflection of wisdom forged by experience and infused with ancient truths. The best sermon is a well-lived life.

Jewish Preaching, 1200-1800

Woodward offers an intellectually rich look at the five great religions' foundational miracles and those of the later sages and saints.

Best Jewish Sermons of ...

Many scholars have focused on contemporary sources pertaining to the Nazi persecution and mass murder of Jews between 1933 and 1945--citing dated documents, newspapers, diaries, and letters--but

the sermons delivered by rabbis describing and protesting against the ever-growing oppression of European Jews have been largely neglected. *Agony in the Pulpit* is a response to this neglect, and to the accusations made by respected figures that Jewish leaders remained silent in the wake of catastrophe. The passages from sermons reproduced in this volume--delivered by 135 rabbis in fifteen countries, mainly from the United States and England--provide important evidence of how these rabbis communicated the ever-worsening news to their congregants, especially on important religious occasions when they had peak attendance and peak receptivity. A central theme is how the preachers related the contemporary horrors to ancient examples of persecution. Did they present what was occurring under Hitler as a reenactment of the murderous oppressions by Pharaoh, Amalek, Haman, Ahasuerus, the Crusaders, the Spanish Inquisition, the Russian Pogroms? When did they begin to recognize and articulate from their pulpits an awareness that current events were fundamentally unprecedented? Was the developing cataclysm consistent with traditional beliefs about God's control of what happened on earth? No other book-length study has presented such abundant evidence of rabbis in all streams of Jewish religious life seeking to rouse and inspire their congregants to full awareness of the catastrophic realities that were taking shape in the world beyond their synagogues.

Christianity without Judaism, a 2nd ser. of essays, including sermons

This is the first of two volumes of edited sermons spanning the greater part of the second half of the twentieth century, and the first major collection of sermons from a Liberal Jewish point of view produced in Britain since Claude G. Montefiore's *Truth in Religion* of 1906. It combines forthrightly radical thinking with spirituality, love of Jewish tradition, and an abundance of carefully documented quotations from classical Jewish sources. This combination yields many fresh insights into the interpretation of Scripture, as examined in Part I, and the significance of the Jewish festivals dealt with in Part II, and brings out the relevance of both to present-day intellectual and social issues. Both Parts will be found to contain many original ideas, novel formulations, and occasional touches of humour.

Your Voice Like a Ram's Horn

No religious text has influenced the world more than has the New Testament's Sermon on the Mount, and yet this crucial text still begs to be more clearly understood. Why was it written? What unifying theme or purpose holds it all together? Should it be called a sermon? Or is it some other kind of composition? How would its earliest listeners have heard its encoded allusions and systematic program? This book offers new insights into the Sermon on the Mount by seeing it in the shadow of the all-pervasive Temple in Jerusalem, which dominated the religious landscape of the world of Jesus and his earliest disciples. Analyzing Matthew 5-7 in light of biblical and Jewish backgrounds, ritual studies, and oral performances in early Christian worship, this reading coherently integrates every line in the Sermon. It positions the Sermon as the premier Christian mystery.

Removing Anti-Judaism from the Pulpit

The religious world knows Dr. Kaufmann Kohler as the erudite author of the most comprehensive pioneer work on "Jewish Theology" (1918), of the volumes "Heaven and Hell in Comparative Religion" (1923) and of the hundreds of articles and essays in the *Jewish Encyclopedia* and various other learned publications. These writings show his marked critical judgment and scientific objectivity. This is but one profile of the great master. The other is disclosed in his homiletical expressions, which in part comes to light in his "Hebrew Union College and Other Addresses" (1916) and in his "Studies, Addresses and Personal Papers" (1931). The scientific theologian was also a preacher of exceptional powers, one of the greatest in the Reform Jewish pulpit in America. The present volume consists of sermons and addresses selected from the literary remains of Dr. Kohler. Most were delivered from his own pulpit at Temple Beth-El in New York City, and a number of them as guest preacher at Adat Israel of Louisville, Kentucky, Wise Temple of Cincinnati, Rodef Shalom of Pittsburgh, and others. The Hebrew Union College addresses were delivered by Dr. Kohler in his capacity as president of that institution during opening and ordination exercises. His personal sermons and addresses are richly autobiographical. The memorial addresses and tributes contain valuable material on the history of modern Judaism. At the same time they show the breadth of Dr. Kohler's sympathies. The uncompromising champion of Reform appears as a lover of genuine orthodoxy. A life long opponent of political Zionism, he applauds the return of Jews to agricultural pursuits in Palestine.

Judaism & the American Jew

The point of this book is simple: to make Christians aware of a story that they have not been told—the story of relations between Christians and Jews. This involves tracing the church's anti-Judaism to its source in the gospels and the Book of Acts and describing the development of the church's displacement-replacement theology according to which we new Gentiles, spiritual, universal, inclusive Christians replace the old, carnal, ethnocentric legalist and works-righteous Jews in the favor of God. The story also details the actions of the churches, specifically a long chain of canons (laws) governing relations between Jews and Christians, all the way from banning Christians for socializing or dining with Jews, marrying Jews, and asking rabbis for blessings, to requiring all Jews to live in ghettos. This history of actions comes down to the present and its consequences in the Holocaust in which all the killers were Christians and in the Nazi laws governing Jewish behavior. Each such law took its precedent from a canon law passed by a council of the church. The recent rash of bomb threats against Jewish Community Centers and synagogues reminds us of how deeply this bigotry is embedded in people. The point of making people aware of anti-Judaism is to prompt them not to shrug it off when scripture readings regularly teach contempt for Jews with the rhetoric of vilification. Words are important. Teaching contempt should be called out and rejected. This can be done pastorally and gently, but it should be done. Otherwise the church's language reinforces a deeply embedded bigotry. Most Christian pastors are unaware of this reality and prone to thinking that anti-Judaism is not a serious problem for the church. Hence most anti-Judaism in Christian preaching is unintentional. Awareness of the story of Christian anti-Judaism prods us to move from unintentional anti-Judaism to intentional teaching of respect for Jews and Judaism.

The Voice Still Speaks

The Derashot 'al Hatorah of Rabbi Joshua ibn Shu 'eib is an appropriate point of departure for a study of the derashah literature. It opens an era of homiletic works highly developed in form and comprehensive in their range and scope.
