HEALTHCARE TRIAGE

It found that those responsible for more of the cost of care use far less of it - and with no short-term adverse health outcomes (except for the poorest families with relatively sicker members).

The findings that Medicaid increases access to care, diminishes financial hardship and reduces rates of depression have provided justification for program expansion.

The innovation center's pioneer accountable care organization program offered health care organizations the opportunity to earn bonuses in exchange for accepting some financial risk, provided they meet a set of quality targets.

Many low-quality studies suggest that wellness programs reduce employers' health care costs as they improve health outcomes.

2021: teen bullying and the rise in popularity of gender identity

How not being liked leads to gender dysphoria

Early interventions and developing an online persona

The danger of affirmation on TikTok and online communities  
The pressure of the community makes it so you can't go back  
Thinking she would "grow out of it," and when the fantasy broke  
Secretly buying hormones online, taking the wrong dosages, and experiencing side effects  
Accusations of abuse, child protective services  
Going to the hospital for suicide prevention, playing with fire  
The hospital staff turned against the parents  
Assigned a non-binary aid when encouraged top surgery  
Covert plans to send daughter to a gender care clinic in Montana  
CPS witnessed the daughter's tendency to lie and ignored it  
Without notice, CPS removes daughter and sends her to Wyoming  
"It feels like we are up against the devil"

Affirmation is not care, but it is now legally required  
Part of her wanted to come home, but CPS blocked it  
State appointed guardian, full affirmation or full removal  
Alerting the public with a video, being "put in their place" by the judge  
Daughter is sent to Canada to live with birth mother, the system failed
