The simple tense verbs simply indicate actions in present, past, and future.

The simple present tense is used to indicate the following

It resembles the base form of a verb, but we add-s, or-es, or-les when the subject is in the third person (he/she/it).

The simple future tense is used to indicate an action that will happen (after speaking). We add will (or shall) before the base verb.

Imperative sentences use verbs in simple present tense; the verb stays in the base form.

Interrogative sentences in simple tenses begin with to do or to be verbs followed by the subject and the main verb.
