I'M Sorry if She Can't Shoot She's Never GonNa Make It on the National Team because People Will Not Guard Her and They'LI Double Team or She Can't Defend a Position if You Can't Defend a Position You'Re GonNa Struggle because We Can't Be Helping All the Time So I'M Just GonNa Give You a Couple Little Thoughts That I Have on Shooting and on Defending the Ball That We'Re Really Trying To Focus In on Guys Just Have a Seat for a Second Just Have a Seat for a Second We'LI Get that All Organized

And We Sometimes through Coaching Have Actually Taught Things That Don't Really Actually Happen if Game Speed or in Real Live Motion and We'Ve Coached some Good Things out of Players and I Think Backswing Is One That's a Very Controversial but It Has To Be There and Here's What I Always Do with Players Coaches Just Put Your Hand on Your Chest like this Take this Finger and Just Lift It Up and Then Push It to Your Chest As Hard as You and Fast as You Can So That Simulates no Backswing so that Would Be like Shooting Where I Start in this Position

We Used To Teach Shooting like this We Used To Say Ready Position We Go One Two Three Well What I Do Now Is We Start like this and We Go One There's My Dip One Two Three so I'M a Little 10 Year Old Tour That's How I'M Teaching Them Shooting Out One Two Three One Two Three and So He Says Mike that Step Makes Them Slow but if I Shot Off the Dribble Does that Look like What I Just Showed that's the Exact Same Position if I Was Stepping into My Pet Does that Look like the Same It's the Same Position and the Only Time They'Re Probably Actually GonNa Do that in the Game Is at a Foul Shot cuz Everything Else Is either off the Dribble or the Catch but They'Re Learning the Rhythm and Getting Generating that Power so Guys Pretend You'Re 12 Year Olds 10 Year Olds You Want To Start 1 2 3 Can You Go a Little Work Your Rhythm Where You Go Where You Go Go Ahead Shoot

Self Toss Shooting Is a Skill That Sometimes Doesn't Transfer to the Game so As Much as Possible

I Tried You More Shooting off the Pass What I Want To Just Talk Now Boat Is Guys Just Have a Seat for Second Is the 0 1 2 Step and How that Impacts Shooting the First Thing Is I Get every Time I Talk About 0 1 2 Stuff I Get Coaches Saying Well the Refs Are Not Going To Allow You To Do that It's a Travel and I Don't Like It and I Go I'M Just that's the Rule

His Feet Are Parallel There and He's Really Now Trying To Force Down to There to that Corner Right so that's What We Play a Lot on the Wings Are Influence Okay the Last One Is Force Force Maybe So if I Was Forced Right I'M Teeing Them Up I'M Really Teeing Him Up and the Only Option He Has To Do Is Dribble with His Right Hand this Is Mostly Forcing Him into a Trap Force Him into a Ball Screen Something like that Okay or Downing a Trap on a Pick Will Show that Later but if I Play Force Here the Problem with Force Right Now Is You'Re Still of a Straight Line Don't You so We Got To Be Careful To Give Him that Straight Line

Which Hand Would You Block this Shot with Why that Hand Aren't You Right-Handed Don't You Want To Swat this Thing out of Bounds and Everything To Pop Your Chest Whenever He Goes Crazy Why Would You Block with that Hand What Happens When You Block this Show Where's It Go Actually It's GonNa Go Right There Who's GonNa Get It You Are You Teaming and Actually if You'Re Real Good You'Re GonNa Block It and Catch It so We Want To Block with this Hand

You'Re GonNa Drive Down Here Go To Shoot that's My Hand Content Then I'M GonNa Cross Over Here Try To Shoot with this in You Go Block with that Hand Great Well on the One of Them You'Re GonNa Try To Score the Second One but You'Re Working To Contest So Drive to the Ass Spin or Change Go that Side Ready Here We Go Okay Good That's Working on Offense because the Spin Dribble Is an Effective Move Now because of the Zero One Two in the Old Rules Zero One Can Do Anything Now I Can Go Zero
