"We Will Dance Through This Fire" Ty and the Angels Angels and 'The Beyond', 'Life after Death' is real. This start of a new era that closes the gap between dark and light, between real or surreal and real requires that we speak as a nation and as a community of individuals to each other (meaning the Angels and Divine Masters and we as Humans whether 'alive' or crossed over). It commands that we listen even in the dark of the night sky. The Earth at this time, including the United States of America, is overrun with the desires of a few who have unwittingly been put into 'power' by forces other than the people of this Earth. This is not the Truth of Humanity's origins or its path, but rather its destiny under the influence of Heaven's Unruly Child. There is no doubt that Heaven's Unruly Child intends to destroy us. This book is dedicated to Mankind on Earth and in Heaven coming together to win once again over the forces of Evil here on this Earth. We Will Succeed. Catherine Ferrier AHealingLifeCoach.com

TIME WAITS FOR NO ONE Imagine that there is a bank which credits your account each morning with \$86,400 carries over no balance from day to day, allows you to keep no cash balance, and every evening cancels whatever part of the amount that you failed to use during the day. What would you do? Of course, draw out every CENT!!! Everyone has such a bank. Its name is TIME, every morning, it credit you with 86,400 seconds. Every night it writes off, as lost, whatever of this time you have failed to invest for good purpose. It carries over no balance. It allows no overdrafts. Each day it opens a new account for you. Each night it burns the record of the day. If you fail to use the day's deposits, the loss is yours. There is no going back. There is no drawing against the "tomorrow". You must live in the present on today's deposits. Invest it so as to get the utmost in health, happiness and success! To realize the value of ONE YEAR, ask a student who has failed a grade. To realize the value of ONE MONTH, ask a mother that has given birth to a premature baby. To realize the value of ONE WEEK, ask an unprepared defendant who stands trial, or a lawyer unprepared for trial. To realize the value of ONE DAY, ask the daily wage laborer who has children to feed. To realize the value of ONE HOUR, ask the lovers who are waiting to meet. to realize the value of ONE MINUTE, ask the person who has just missed the bus or the train. To realize the value of ONE SECOND, ask the person who has avoided an accident. To realize the value of ONE MILLISECOND, ask the person who has won a silver medal in the Olympics. Blake's 'Jerusalem' As Visionary Theatre

Before etching Jerusalem William Blake wrote about creating 'the grandest poem that this world contains.' Blake's avowed intention in constructing the work was to move readers from a solely rational way of being (called Ulro) to one that is highly imaginative (called Eden/Eternity), with each word chosen to suit 'the mouth of a true Orator.' Rational interpretation is of limited use when reading this

multifaceted epic and its non-linear structure presents a perennial challenge for readers. Susanne Sklar engages with the interpretive challenges of Jerusalem by considering it as a piece of visionary theatre—an imaginative performance in which characters, settings, and imagery are not confined by mundane space and time—allowing readers to find coherence within its complexities. With his characters, Blake's readers can participate imaginatively in what Blake calls 'the Divine Body, the Saviour's Kingdom,' a way of being in which all things interconnect: spiritually, ecologically, socially, and erotically. Imaginatively engaging with Jerusalem involves close textual reading and analysis. The first part of this book discusses the notion of visionary theatre, and the theological, literary, and historical antecedents of Jerusalem's imagery, characters, and settings. Particular attention is paid to the theological context of Blake's Jesus ('the Divine Body'), and Jerusalem, the heroine of his poem. This prepares the ground for a scene-by-scene commentary of the entire illuminated work. Jerusalem tells the story of Albion's fall, many rescue attempts, escalating violence and oppression, and a surprising apocalypse—in which all living things, awakening, are transfigured in ferocious forgiveness.

The real Christ is Buddhi-Manas, the glorified Divine Ego

The real Saviours of Mankind all descend to the Nether World, the Kingdom of Darkness, of temptation, lust, and selfishness. And, after having overcome the Chrest condition or the tyranny of separateness, their astral or worldly ego is enlightened by Lucifer, the Glorified Divine Ego (Buddhi-Manas), who is the real Christ in every man. Pythagoras, Buddha, Apollonius, were Initiates of the same Secret School. The Sun is the external manifestation of the Seventh Principle of our Planetary System while the Moon is its Fourth Principle. Shining in the borrowed robes of her Master, she is saturated with and reflects every passionate impulse and evil desire of her grossly material body, our earth. Jesus as "Son of God" and "Saviour of Mankind," was not unique in the world's annals. The "infallible" Churches made up history as they went along, building up the Apostolic Church on a jumble of contradictions. See how the Fathers have falsified Jesus' last words and made him a victim of his own success. "My God, my Sun, thou hast poured thy radiance upon me!" concluded the thanksgiving prayer of the Initiate, "the Son and the Glorified Elect of the Sun." The Baptism in the Jordan is the Rite of Initiation and the final purification, when Christos and Sophia (Divine Intelligence–Wisdom) enter the Initiate by transference from Guru to Chela, leave the physical body upon death of the latter, and re-enter the Nirmanakaya, the Astral Ego of the new Adept. The "baptism" or Initiation of Jesus stands for the "descent" of the Higher Self or Soul (Atma-Buddhi) on Manas, the Higher Ego. And the union of Christos with Chrestos establishes a conscious communication of the Universal Individuality with the transcendent personality (Theophania) — the Adept. Jesus was crucified by his own Church, not by Scripture. The key to the hitherto unfathomable mystery of Jesus is hidden in the paronomasia of Chrestos and Christos. He who will not ponder over and master the great difference between the meaning of the two Greek words (Chrestos and Christos), must remain blind for ever to the true esoteric meaning of the Gospels; that is to say, to the living Spirit entombed in the sterile dead-letter of the texts, the very Dead Sea fruit of lip-Christianity. Jesus was Chrestos, a virtuous man in his trial of life and candidate to initiation. Not yet Christos, as he had not passed the third degree of initiation to become Epoptes. Chrestos, the neophyte, is admitted into the Christos condition at the end of his last incarnation when Manas is fully merged with Buddhi. His real temple is the awakened soul in the sanctuary of the heart. The real Christ is the Serpent or Dragon of Wisdom falling from on high into the hearts and minds of men. Christos is a Ray of Logos: Passive Wisdom in Heaven and Self-Active, Conscious Wisdom on Earth. Though the two are one, the permanent can never merge with the impermanent. It is only when the impermanent begins loving the permanent sufficiently to give up its ephemeral self and being, that a spiritual union of the "Heavenly man" with the "Virgin of the World" is accomplished and a new Saviour of Humanity is born here on earth but "without sin." Alas, few are they who are fit to join that Holy Brotherhood where each, in order to gain admittance, must be at one with the Christ within him. Deity in Man is symbolised by Tau, a double glyph. Tau is formed from the figure Seven and the Greek letter Gamma, symbols of divine and earthly life, respectively. In its terrestrial attachment, Tau is the Sun shorn of his beams. In Greek Mythology, Tau is the iron lathe of Procrustes, the Attican Vishvakarman. Christos is Prometheus, a personification of the Great Logoic Sacrifice. On sending out its personal ray, Christos or Higher Manas becomes "crucified between two thieves": the lower, impure tendencies that after death dissipate in Kama-Loka, and the higher aspirations that survive death and reascend the cyclic arc. Vishvakarman, the creator and "carpenter" of gods and men, crucifies Vikartana on a lathe and, cutting off the eighth part of his rays, deprives his head of its effulgence and creates round it a dark aureole. Christos is the "Man-God" of Plato, who crucifies himself for an eternity in the darkness of matter for the redemption of the Spirit of Light from the Kingdom of Darkness. As Deity and Man are

One, so Christ is the God in Space and Man's Saviour on Earth. Christos is the eternal, real Individuality or Universal Altruism, whereas Jesus-Chrestos is the ephemeral, false individuality or Egotism. Man is Deity on Earth, whose body is the cross of flesh, on, through, and in which he is ever crucifying and putting to death Christ, the Divine Logos, who is his benefactor and true friend. Chrest is a Ray made manifest from that Centre of Life which is hidden from the eyes of Humanity for and in Eternity. That Centre is the real Christ, crucified as a body of flesh and bones. The great mystery is at last unravelled: Christos, incarnating in Chrestos, becomes for certain purposes a willing candidate for a long series of tortures, mental and physical. Chrestos is the mortal man who, by crucifying the man of flesh and his passions on the Procrustean bed of torture, is reborn Immortal and leaves the animal-man behind him tied on the Cross of Initiation like an empty chrysalis. Then, his Higher Soul becomes as free as a butterfly.

The True Christian Religion

The God who created a good and perfect world, but whose world turned from him, has brought restoration through gift: The Father loved the world and gave the Son, and the Father and the Son pour out the gift of the Spirit into the hearts of humanity bringing about praise, hope, and new creation. Those who are united to the Son by his Spirit then find they have received the glorious gift of God's coming Kingdom. In other words, the Gospel is shaped by giving: God's generosity buys us out of bondage and brings us into all the blessings of belonging. But the good news is not only that God has made us to be recipients of his grace but also participants in the movement of his divine justice and generosity. Living in God's gifts, Christians discover they are free to give themselves. The cross and resurrection of Christ come to shape and define this new life of faith, hope and generosity—a life that is best lived not in isolation but as a community. Throughout the book special attention is given to the relationship between divine generosity and concern for the poor and oppressed. Kapic and Berger encourage readers to not simply discover the immensity of God's grace, but to enter into the flow of divine generosity as God has invited them to become avenues of his great gifts to the world.

Enter the Quiet Heart

Did God Give Us Our Senses So that We Could Enjoy Him More? Sensing God is a discovery of Jesus in all of the sensory points embedded into each of us. It shows how the holiest acts in our daily lives are often the simplest: reveling in the beauty of nature; listening to our favorite music; eating a nourishing meal with family. These are potentially heartbeats of a living faith, and when we learn to recognize and respond to God's goodness in them, it draws us into redemptive participation with Him, the source of all beauty. Joel Clarkson shares personal stories and paints vivid imagery so that we, too, can taste and see (and hear and touch and smell) that the Lord is good. In our exploration, we meet Jesus, who invites us to enjoy his presence and proclaim his visible, tangible, and touchable gospel. We physically experience the glory of our Creator and at the same time, we make that encounter a testimony to a broken world that is desperate for restoration. We are encouraged to get the good dirt of God's holy world under our nails. Together, we will come into contact with the God who reaches out to us with His eternal truth through the goodness of beauty. Will you join the journey? Come and learn how to truly worship the Lord in the beauty of holiness.

The New Divine Feminine

Are you ready to enter the dance of becoming fully alive? Have you ever wondered, if we have the God of heaven and earth living inside us, why aren't we experiencing more in life? Why aren't we seeing more transformation in ourselves, or in others for that matter? What does it look like to have "Jesus in me" anyway, as an individual and also as a woman? These are the questions life coach and pastor Terri Sullivant was asking herself when God answered her in a profound, life-changing way. The Divine Invitation provides a pathway to find what your heart deeply longs for in every area of life. It's a metaphor showing the way for every woman to enter the dance of becoming fully alive. Learning this dance is about developing a relationship with Jesus, like two people dancing skillfully and gracefully. It's about becoming so entwined with the thoughts, words, emotions, and behaviors of Jesus that the two of you are one. You find that this deep connection transcends all of life, enabling you to live joyfully and freely, come what may.

Treasure Identifying Divine Eyes

The excerpts from the book for quick awareness: 1. Those who love God but do not practise a religion are better than you if you follow a religion and yet are deprived of God's love. 2. Love relates to the heart. The word, "Allah," when synchronised within heartbeats, reaches all veins and arteries through the blood and revives the souls. Then the souls, engulfed by God's name, "Allah," enter God's love. 3. All names given to God in all languages are worthy of respect. However, God's original name is "Allah," which is a word from the Suryani language. The creatures of empyrean speak this language. The angels call upon God with the name of "Allah." "Allah" is attached with the faith declaration motto of every prophet. 4. Any person who, with all the sincerity of heart, is in search for God, on land or in the sea, is worthy of respect. 5. Many Adams were sent in different regions of the world simultaneously. All Adams were moulded from the clay in this world, for except the last Adam who was moulded from the clay in paradise, and is buried in the Arab region. The angels did not prostrate to any other Adam for except Adam Safi Allah. And Iblis (the Devil) developed enmity for the progeny of Adam Safi Allah only. 6. There are seven different sub-spirits in the human skeleton, and each relates to a different realm, a different paradise, and different functions in the human body. If these sub-spirits are empowered with God's light (Noor), they may appear in human form in many places simultaneously. They may reach the esoteric gatherings of the saints and the prophets, speak with God, and even see God in person also. 7. There are two different types of religions for all humans: the religion for the body, which expires when the body does, and the religion for the soul, which existed even in the primordial time—that is God's love. And only this religion elevates humans. 8. Ishq (Rapturous Love) of Allah is above all other religions, and seeing Allah is above all forms of worship. 9. Information on how human beings, animals, plants, and stones were brought into existence, and why something is prohibited or permissible. 10. Who pre-existed the Amr Kun (the command "Be") of the souls and the angels? Which dog will enter the paradise in form of Qatmir? The souls of which individuals had already affirmed the declaration of faith in the primordial time? The secret of which man is not mentioned in this book?

The Divine Invitation

Over the last 5,000 years, inspired leaders and saints of all the great spiritual traditions have produced a rich collection of writings describing the transcendent states they have experienced. They have used poetry, prose, and sacred art to illuminate their experiences. This book draws on all the great traditions, from Taoism to Christianity, from Sufism to Judaism, to describe the psychology of humankind's deepest spiritual encounters. It identifies ten distinct psychological states common to all religious experience. A study of the specific characteristics of each state reveals that sages from widely different theologies, times and cultures have experienced God's love in remarkably similar ways. Their words show us what intimate encounters with "the Great Beloved" feel like, and how we can cultivate these mystical unions in our own lives. The compassionate wisdom in the pages of this book are a moving testament to the majesty, variety, and splendor of the direct experience of God's love.

The Religion of God (Divine Love)

In this lengthy essay, Towne (Christian Theological Seminary, Indianapolis) examines the fundamental metaphysical and methodological commitments of Paul Tillich and Charles Hartshorne and the ways in which these commitments shape the two thinkers' doctrines of God. Towne maintains that differences between Hartshorne and Tillich are disclosed most distinctly in their views of the ontological dimension of God. On the phenomenological level, Towne finds a similarity with respect to the relation of faith and reason. No index. Annotation copyrighted by Book News, Inc., Portland, OR

The Satapatha-brâhmana

Grounded in Christian love mysticism, Love's Oneing gives voice to the luminous consciousness that awakens from within our oneness in God in contemplation. With great sensitivity, the book offers nuanced insight into the marriage of kenosis and desire in contemplation, through the rich tapestry of writings from nine mystics: Julian of Norwich, the Cloud of Unknowing author, Meister Eckhart, Mechthild of Magdeburg, Clare of Assisi, John of the Cross, Teilhard de Chardin, Beatrice Bruteau and Ilia Delio. With the delicate eye of a spiritual director immersed in mystical literature, Kerrie Hide situates these mystical teachings within contemplative prayer, whilst offering a scholarly exploration of contemplative practice to embody the insights. Deeply grounded in traditional and contemporary mystical classics, Hide celebrates how the Christian mystical tradition lays a foundation for the evolutionary growth of communion consciousness and the insights of quantum science, highlighting key moments in contemplation that when surrendered into, open into divine love. Born of intellectual reflection, lived experience and contemplative wisdom, Love's Oneing makes a unique contribution to the existing literature on contemplation at a time when the recovery of the mystical dimension of life is crucial for the future of our planet in this climate crisis moment.

The Evangelical Review

"What to tolerate; what not to tolerate?" This is perhaps the most important question our nation, as well as other Western nations, must consider today. What gives this question its crucial importance is the fact that how it is answered will determine the moral and ethical character of a nation and its people. It will determine the integrity and virtue, or lack thereof, of a nation's religious, political, educational, and sociological institutions and their policies, laws, beliefs, and practices. Concerning Western nations and societies, it will determine either faithfulness or unfaithfulness to their underlying religious, political, and historical foundations and heritage. In short, it will determine the very identity of a nation and people.

The Divine Surrender

"Manifesting God" is about the principles of contemplative prayer the retreat into the "inner room" mentioned by Jesus in Matthew 6:6, where the individual is able to meet God. In the inner room, the silent space in which God unloads the burdens and false selves that govern our individuality and our daily lives, God acts as a divine therapist, healing us and forcing us to recognize how many barriers we put up between ourselves and an authentic relationship with God. The process whereby this happens is the foundation of centering prayer a technique of prayer that Keating and other contemporary mystics have revived out of the ancient mystical traditions of the Desert Fathers and the medieval mystics. Abbot Keating explores in this book what it means to enter the inner room and the transformation that takes place there. It explains the guidelines of centering prayer and offers advice on how to develop the relationship more deeply."

Spiritual Canticle of the Soul

God's Grand Design By: William R. Arnold, Edited by Ms. Aurora Payad-Arnold God's Grand Design is to restore mankind to its original state of sacred perfection after Adam and Eve fell and created the original sin of disobedience, hiding, and lying to the Lord. When God cursed the serpent for tempting Adam and Eve to be like God, he promised to send his only begotten Son to save humanity. He did via the incarnate word in the womb of the immaculately conceived Virgin Mary. God wants to be man and receive a new body to defeat death through Jesus Christ. Man wants to become God to receive eternal life. Man's journey to become God starts from being an ignorant baby gaining knowledge, to a cowardly teenager obtaining courage, to an adult converting greed to generosity, to a wise man changing selfishness to unselfishness, and at last, to a free man able to think for himself in eternal service to God in his kingdom. The journey requires him to know right from wrong, good from evil, and God's will from man's will and thus defeat evil, worldly temptations, and demonic possession. Through Christ, God and man are destined to become one through three advents, making the God/Man Christ into the new human spirit (blessings). Then, the Man/God Jesus becomes the new human flesh to make all things perfect in the sight of God. Jesus Christ came as a priest on a donkey to decode the Torah, bring knowledge, and remove blindness to defeat sin. By his death and resurrection, he granted free redemption to man's flesh to give him a new body. The second coming of Jesus Christ as thief in the night will bring awakening to remove deafness by teaching God's truths to defeat evil. As a just judge on a cloud on his third advent, the Lord will remove mankind's dumbness to defeat death. And then man can become worthy of receiving God's rewards of paradise in heaven or heaven on earth.

Divine Love / Divine Intolerance

In this eagerly awaited follow-up to his international bestsellers *Anam Cara* and *Eternal Echoes*, John O'Donohue turns his attention to the subject of beauty - the divine beauty that calls the imagination and awakens all that is noble in the human heart. In these uncertain times of global conflict and crisis, we are riven with anxiety; our trust in the future has lost its innocence, for we know now that anything can happen from one second to the next. In such an unsheltered world, it may sound naive to suggest that this might be the moment to invoke and awaken beauty, yet this is exactly the claim that this book seeks to explore. *DIVINE BEAUTY* is a gentle but urgent call to awaken. O'Donohue opens our eyes, hearts and minds to the wonder of our own relationship with beauty. Rather than 'covering' this theme, he uncovers it, exposing the infinity and mystery of its breadth. His words return us home to the

dignity of silence, the profundity of stillness, the power of thought and perception, and the eternal grace and generosity of beauty's presence. In this masterful and revelatory work, O'Donohue encourages our greater intimacy with beauty, and celebrates it for what it really is: a homecoming of the human spirit. As he focuses on the classical, medieval and Celtic traditions, on art, music, literature, nature and language, O'Donohue reveals how beauty's invisible embrace invites us towards new heights of passion and creativity. DIVINE BEAUTY is an exquisite treasury of Forms of the Beautiful. Its surface employs narrative, image, anecdote and myth, while into the silence of its subtext are sown seeds of reflection that gradually blossom in the heart.

The Awakening Ones

This new trilogy speaks of the urgent call to awaken humanity in this time of world crisis. It is historical fiction, love story, adventure, mystery, and the journey that addresses the global dark night of the soul that our planet is currently facing. The light and darkness are in hand-to-hand combat, and our world and hearts are shattering. Will you be one of those rare beings who hold the light? Not since *The Da Vinci Code* has a story been so fast-paced, suspenseful, and compelling. *The Awakening Ones* is a poignant tale that opens with present-day students in Professor Jake Reynolds's theology class. Several of his students, unbeknownst to each other, begin to remember dreams of events that took place over two thousand years ago. Is it fact or fiction? They will soon find out. This story is about the journey that brings them together to begin an adventure of a lifetime. Riddled with confusion, betrayal, possibilities, and the remembering of events from the past, it brings this cast of characters from all walks of life together to unravel the clues and piece together the location of a long-awaited historical reunion that has the potential to save forty-four percent of humanity from destruction. The original teachings of Yeshua, Mary Magdalene, and other great saints and prophets for thousands of years have been intentionally or unintentionally altered, twisted, omitted, burned, or hidden in the name of greed, and the insatiable lust for power and control. Are you ready to step into your true authentic power and be a part of the forty-four percent who will make the transformation into the new world? Can you feel the urgency of our times and the immense evolutionary transformation we are in? *The Awakening Ones* is a thought-provoking, passionate drama and historical novel wrapped in the mystery of lucid dreams challenging today's dangerous desire for greed and the severe imbalance between technology and spirituality. On opposite sides of the globe, a tapestry is being woven. What appears to be separate lives in separate worlds will soon be colliding as present-day characters from many walks of life remember dreams of living two thousand years ago, thrusting them on a journey of discovery, adventure, friendship, and reunion with lovers, as well as the unadulterated teachings from past lives. Humankind has been manipulated and conditioned to believe themselves unworthy, powerless sinners when, in truth, they are supreme beings of light in a dance of co-creation. The question remains: Will they transform their lives and propel the earth into the new world? Or will they discover it is already too late? This is the question that humanity faces: Is it too late for humanity, as even Creation and Planet Earth have waged environmental wars against us? The choice is yours: Will you be one of the protected ones who hold enough light and energy within to be escorted into higher dimensions of a new world-or be left behind and subjected to the same repercussions that led to the destruction of many ancient civilizations?

A New Divinity

This is a study on Reformed theological debates during the »Long Eighteenth Century« in Britain and New England. By »Long« a period that goes beyond 1700–1799 is in view. This examination begins just before the eighteenth century by looking at the Neonomian-Antinomian debate in the 1690s. This is followed by the Marrow Controversy in Scotland in the eighteenth century. After that, the authors address the ecclesiological debates between George Whitefield and the Erskines. The doctrine of free choice concerning Edwards and his departure from classical Reformed orthodoxy is highlighted next, followed by reflections on the Edwardseans and the atonement. Returning to Britain again, the volume provides a study on hyper-Calvinism, and on eschatological differences among key figures in the eighteenth century. More specific debates in particular Baptist circles are noted, including the battle over Sandemanianism and the Trinitarian battles fought by Andrew Fuller and others. Returning to ecclesiology, a discussion on the subscription controversy in Philadelphia in the early eighteenth century and an analysis of the debate about the nature of »revival« in New England close this volume.

MMARA NE KYI - Divine Law/Love and Divine Hate

MMARA NE KYI - Divine Law/Love and Divine Hate Afurakani/Afuraitkaitnit (African) Ancestral Religion is defined in essence as the ritual incorporation of Divine Law and the ritual restoration of Divine Balance. Through ritual we incorporate those things, objects, deeds and entities we need to harmonize with Divine Order and through ritual we reject those things, objects, deeds and entities we need to in order to restore balance to our lives. Afurakani/Afuraitkaitnit (African) Ancestral Religion animates our culture, our way of life, for Afurakani/Afuraitkaitnit (African) Ancestral Culture is the Divine acceptance

(Love/Law) of Order and the Divine rejection (Hate) of disorder. The phrase *mmara ne kyi* is Akan for law and hate. These terms derive from the same terms in Kamit: *maa hna kht*. Divine Law and Divine Hate are the Expansive and Contractive Poles of Divine Order. In this work we properly define these concepts inclusive of the fact that there are Deities (Abosom, Orisha, Vodou, Ntorou/Ntorotu [Neteru/Netertu-Ntrw/Ntrwt]) who embody these concepts: Maa and Maat (Law) and Heru Behdety and Sekhmet (Hate). We demonstrate that Law and Love have always been the same concept in Afurakani/Afuraitkaitnit (African) culture and that Hate has been and always will be Divine. Just as there are Deities of Law/Love, there are Deities of Hate. Moreover, and most critically, without an understanding of the Divinity of Hate one has absolutely no understanding of authentic Afurakani/Afuraitkaitnit (African) cosmology, culture, religion, philosophy and its infrastructure: Divine Order.

The Second Coming

Two thousand years ago, the Archangel Gabriel announced the coming of a new age with the birth of Jesus, the Christ. Now, Gabriel is proclaiming a new 2,000 year age, one of man's spiritual unity. This New Age was born January 23, 1997, when planets aligned to form a six point star - the same configuration that announced Jesus' birth 2,000 years ago. In this New Age, humans will follow the pattern of self mastery that Jesus demonstrated to awaken the soul. This, Gabriel says, is the Second Coming. It is not, "The Christ, the man, coming to rescue and save you...What he was telling you was that the Christ lies within you. You are the Christ. The time in evolution has come for the Christ Consciousness - the soul - to awaken in all humankind. We come to give you the step-by-step process for the awakening of the Christ Consciousness in all humanity." In this in-depth and intriguing interview, Joel D. Anastasi has transcribed wisdom received from the Archangel Gabriel, who communicated to Joel through trance channel, Robert Baker, his spiritual advisor. Working from hundreds of pages of interviews, Anastasi not only shares Gabriel's wisdom on great spiritual themes, but also provides Energizing Exercises to prepare you for the awakening of the soul.

The Awakening of Global Consciousness

One of the world's leading spiritual teachers returns with an inspiring and provocative message with solutions to our planetary crises, offering effective steps to change the world and integrate all levels of our Being. Religion is psychological entrapment promoting the controlled behavior of the herd civilization. Institutionalized organized religion is the cause of enslavement, violence, prejudice, hatred, classism, and war. False religious institutions created god in their own personal image and after the likeness of their own mind for control and money. Every religious holy book has been altered, dissected, rewritten, and censored to appear as the word of God, and all the gods of religious holy books are controlled by fundamentalists. Organized religion is a serious threat to the human race and a mental illness that afflicts over 80% of the world's population. It has nothing to do with spirituality and is no more than a collection of unholy lies. The spiritual terrorism of religion frowns upon free will, dispises questions, prohibits doubt, and survives on blind faith. Eternal life with God is only promised to the obedient religious-slaves who unconditionally follow rigid religious belief structures. This mythology was created based on division, not unity. Control is the essence of evil. The easiest way to control humanity is through fear, which is why the religious Elite created gods of intimidation and fear; to control others and solicit money. "The Awakening of Global Consciousness is a must read for the millions who've read Jawara's earlier classic books and a great beginning for those unfamiliar with his great works questioning the validity of the world's three major religions."

Ethics and the Wars of Insurgency

Ethics of Wars of Insurgency is my fifth study on "the ethics of war and peace." It spans a twenty-year period of perplexing war and peace history focusing on the theological and ethical aspects of American foreign policy analysis from Somalia to Rwanda to Bosnia, concluding with present activities involving Syria--and the concurrent events of ending the wars in Iraq and Afghanistan. This study highlights the theological themes of prophecy and biblical teaching and the ethical themes of human rights, violence, and peacemaking. The thesis of Ethics and the Wars of Insurgency is that only theological and ethical analysis can fathom the depths of meaning and appropriate action in these vital areas of policy and strategy in American and world affairs.

The Awakening in Wales

Watchman Nee called it the “greatest known revival in church history.” On October 31, 1904, Evan Roberts, a twenty-six-year-old former miner, returned home from a ministry training program, having quit his job at the urging of the Holy Spirit. That night, he joined sixteen other young people at a village chapel, and from that humble origin sprang a spiritual revival that roared across the hills and valleys of Wales. Thousands of souls were welcomed into God’s kingdom. Even the press could not ignore the changes occurring and eagerly reported on Roberts’ every move. As suddenly as he had appeared, Roberts vanished from the world stage, only to reemerge twenty years later. What happened? How did God work so miraculously? Jessie Penn-Lewis was well-acquainted with the revival and with its leader, Evan Roberts. Her clear and concise history of the events of that time remains a treasure for all of us who pray for revival to return in our day

THE GOSPEL OF THE DIVINE MOTHER

God has appeared over the ages through many sacred texts that have become a heritage for humanity, among which we can mention the Torah, the Tao Te King, the New Testament, the Koran, the Essene Bible, which contains the psalms of the Archangels Michael, Gabriel, Raphael and Ouriel, collected between 2003 and 2016 by the Essene Nation. In 2019, through her 19 rules, God the Mother awakens and instructs us on an art of living with her virtues. It is the announcement of a new way of being on earth, at the dawn of a fundamental turnaround for the future of the world. An exceptional historical book, born of the alliance of a nation of enlightened men and women with God, at a time when all religions of men are collapsing.

The Infinite and The Divine

Explore a story told across the millennia that delves deep into a pair of fascinating necron characters, their relationship and their plans for the galaxy. Before the being called the Emperor revealed Himself, before the rise of the aeldari, before the necrontyr traded their flesh for immortal metal, the world was born in violence. Even when they inhabited bodies of flesh, Trazyn the Infinite and Orikan the Diviner were polar opposites. Trazyn, a collector of historical oddities, presides over a gallery full of the most dangerous artefacts – and people – of the galactic past. Orikan, a chronomancer without peer, draws zodiacs that predict and manipulate the future. But when an artefact emerges that may hold the key to the necrons' next evolution, these two obsessives enter a multi-millennia game of cat and mouse that ends civilisations, reshapes timelines, and changes both forever. As riddles unwind and ancient secrets are revealed, the question remains: will their feud save the necron race or destroy it?

Franz Schubert and the Mysterium Magnum

What if you had to share your consciousness with a benign, but ancient being on a mission? What if the balance between Dark and Light has shifted -- giving Dark the upper hand? The answers can be found in "Prophecy: The Awakening" and its New Age realm where the inhabitants travel astral planes, converse with the gods and use computers to unite their efforts.

On Textual Understanding and Other Essays

Lalitha Sahasra Nama (Thousand Names of Goddess Lalitha) are chanted everyday by the devotees of Divine Mother. There are the most prominent among all the hymns of Devi (God in the form of Mother). Though these names have many hidden meanings, they are basically Tantric in nature, because the sadhana of Sakti (God as energy) is the key factor Tantras. However there are many verses in this hymn that praise the Para Brahman (Supreme One God) of Vedas. The hidden secrets of many disciplines like Astrology, Vedanta, Yoga and Tantra are explained in this book at respective places while commenting on the hidden meanings of these names. There is no such commentary on these verses in recent times which reveals as much as this book does, It is hoped that this book will motivate the readers who are in the path of sadhana to move ahead towards realization of their spiritual practice.

Hidden meanings of Lalita Sahasranama

The Shreemad Bhagavad Gita is one of the most ancient scriptures in the world. It contains the direct word of God, spoken for all of mankind, irrespective of religion or tradition. Its philosophy and teachings are central to human life. It teaches us to live our daily lives in Divinity, as a service unto God and His creation. It achieves this by gifting us true knowledge, faith, devotion, surrender, detachment, and a release of expectations and ownership over one's own actions. It comes as a stark contrast to the lives with which we have grown accustomed to leading. Today's world is filled with constant desire for material wealth, sense pleasures, individualism and egoism. The Gita acts as a lighthouse on the shores of Vaikunta, guiding lost sailors at the sea of illusion to safety. But like any teaching, time and unqualified minds can distort it and misunderstand what is contained within. It is for that purpose that the Lord continuously takes birth on earth in the form of the Guru to revive the true essence of the Gita, to show the simplicity of the message of Bhagavan. One such Master is Paramahansa Sri Swami Vishwananda, and in this book, which is his personal commentary, we hold a treasure chest of spiritual insight.

All Along Your Journey

This collection of essays examines the life and thought of Agnes Heller, who rose to international acclaim as a Marxist dissident in Eastern Europe, then went on to develop one of the most comprehensive oeuvres in contemporary philosophy, putting forward a distinctive ethical theory and analyses of a vast range of topics covering most every philosophical area. Here, philosophers, sociologists, journalists, and political scientists contextualize, compare and assess different elements of Heller's work; the collection as a whole highlights relevant shifts within that work as well as its intrinsic consistency. Essays in the collection address the relationship between philosophy, political practice and everyday life, Heller's theory of modernity and her ethical theory, her recent scholarship on comedy and the Biblical book of Genesis, her theories of radical needs and radical politics, her aesthetic theory, and questions about her relationship to feminist theory. The collection includes Heller's reflections on the collected essays, as well as an early essay on her mentor LukOcs that exposes her own steadfast engagement with certain practical and philosophical issues throughout her life's work.

Shreemad Bhagavad Gita

Introduction: A timeless narrative has fascinated centuries with its profound symbolism and moral precepts in the enormous tapestry of Hindu mythology, where gods and mortals interact in an

intricate dance of destiny. It is the story of the Devas and Asuras, an eternal conflict that serves as a profound allegory for existence's fundamental dichotomies, repeating the cosmic fight between light and darkness, good and evil. In Hindu cosmology, the Devas and Asuras, celestial entities of enormous power and intricacy, represent conflicting forces. While their titles may simply translate to "gods" and "demons," the richness of their characterization and the depth of their responsibilities in Hindu philosophy much outweigh such crude classifications. Understanding the Devas and Asuras is to dig into the heart of Hindu spirituality, where the divine and the human, the ethereal and the earthly, intersect in a complex tale that has fashioned one of the world's oldest religions' moral and ethical fabric.

The Devas of the Divine Pantheon: The Devas, often known as gods or celestial creatures, live in the heavenly region of Svarga. They are the personification of virtues, the keepers of cosmic order, and the keepers of the virtuous path, dharma. They control the cosmos and maintain the equilibrium of creation, led by the great Indra, king of the Devas. Each Deva has distinct characteristics and responsibilities that contribute to the cosmic balance. The universe is sustained by Vishnu, the preserver; Brahma, the creator, brings out life; and Shiva, the destroyer, clears the way for fresh beginnings. In Hinduism, these Devas are respected, and their stories explain the holy characteristics they personify. The Devas are the forces of light, wisdom, and goodness. Their brilliant presence in the sky inspires and guides mortals, providing hope in times of darkness and uncertainty. The Devas' stories teach excellent lessons about morals, ethics, and the search for higher knowledge.

Asuras' Shadowy Realm In contrast to the Devas, the Asuras are frequently seen as demons or wicked beings. Their home is the Patala netherworld, which is shrouded in darkness and mystery. The Asuras, led by the ambitious and cunning Mahabali, are motivated by cravings, ego, and a constant pursuit of power. The Asuras' stories are full of defiance, deceit, and rebellion against the cosmic order. Figures like Ravana, Hiranyakashipu, and Vritra exemplify the Asura archetype's arrogance and ambition. Within this complication, however, there is a deeper examination of the human condition, where the defects and fallacies of the Asuras mirror the struggles and temptations experienced by mortals. Despite their frequently evil image, the Asuras have redeeming traits. They represent the dark parts of the human psyche, urging people to confront their own inner demons and transcend the constraints of ego and want. In this way, the Asuras reflect humanity's struggle with its own darker inclinations.

The Eternal Battle of the Cosmic Dichotomy The eternal conflict between these two cosmic powers is at the heart of the Devas and Asuras story. It is a war that spans time and space, symbolizing the ongoing clash between opposing principles that exists within each human and across the universe. The Devas and Asuras are always at odds over sovereignty, power, and the very nature of the cosmic order. This is a philosophical and spiritual war in which the forces of virtue combat the attraction of material aspirations and the dangers of unrestrained ambition. This dichotomy is a comprehensive investigation of the dualities inherent in reality, rather than a simplified presentation of good versus evil. The Devas and Asuras depict the eternal effort to create balance and harmony in a world full of paradoxes.

Mortals' Lessons As enthralling as the stories of Devas and Asuras are, their relevance stretches beyond mythology. These stories serve as allegories for human life, providing vital lessons and insights for navigating life's complexity. The Devas motivate us to practice virtues like compassion, wisdom, and selflessness. They teach us that the route to enlightenment is to live a dharmic life, preserve moral ideals, and strive for spiritual growth. The Asuras, on the other hand, warn against the dangers of ego, desire, and unrestrained ambition. They challenge us to confront our inner demons, to identify our destructive inclinations, and to seek the higher path of self-transformation and self-realization. We find a mirror reflecting our own problems and goals in this magnificent story of the Devas and Asuras. It reminds us that the war between light and darkness does not take place only in the celestial regions, but also within our own hearts and minds. It exhorts us to achieve harmony in the midst of life's duality and to strive for the heavenly attributes symbolized by the Devas. In the pages that follow, we will travel through the rich tapestry of Hindu mythology, delving into the stories, symbolism, and profound knowledge encompassed in the eternal conflict between the Devas and Asuras. It is a trip that encourages introspection, thought, and a greater understanding of the timeless truths that govern human existence.

This story's summary: The epic tale of the Devas and Asuras unfolds in the mysterious realm of Hindu mythology, where gods and mortals mix, and cosmic plays influence the fate of the universe. This timeless story is a drama of endless conflict and transformation, a story that speaks to the very core of human experience. When the universe was just a cosmic womb, two unique cosmic energies emerged: the Devas and the Asuras. These strong beings were more than mortal, embodying existence's duality. The Devas symbolized justice, virtue, and harmony, whereas the Asuras represented ambition, pride, and disorder. The Devas lived in the heavenly realm of Svarga, a land of magnificent beauty and divine majesty, led by their strong monarch, Indra. They ruled the universe, guaranteeing the harmony and balance of all creation, and were revered as protectors and benefactors by mortals. The Asuras, on the other hand, established

their dominion in Patala's netherworld, a region cloaked in shadows and mystery. The Asuras aspired to challenge the Devas' supremacy, led by the fearsome Mahabali, a charismatic and ambitious king, driven by their insatiable wants and greed for power. When the Devas and Asuras collaborated on a huge endeavor—the churning of the cosmic ocean—their unending war reached a climax. Their goal was to find the elixir of immortality known as Amrita, which was concealed deep within the ocean. The churning process, however, was not without its difficulties. As the story progressed, a lethal toxin known as Halahala erupted from the depths, threatening to swallow all of creation. Lord Shiva, the cosmic destroyer, ingested the poison in a frantic attempt to preserve the universe, staining his neck blue in the process. Despite their short cooperation, the Devas and Asuras' fundamental hatred could not be overcome. Mahabali, the astute strategist, disguised himself as a poor Brahmin and addressed Lord Vishnu as Vamana, a dwarf, during one of his incarnations. Mahabali pledged to provide Vamana with three steps of land in a selfless act. Vamana miraculously grew to include the entire cosmos, claiming the earth and sky before asking Mahabali where he may place his third foot. When Mahabali realized the deception, he offered his own skull, which pushed him deep into the netherworld. Because of his humility and dedication, Lord Vishnu granted him permission to visit his people during the Onam festival. The Devas believed they had achieved perpetual dominion after obtaining Amrita, but the Asuras were tenacious in their pursuit of immortality. They performed rigorous penance, practiced formidable austerities, and called powerful godly boons. Ravana and Hiranyakashipu, for example, developed great power and near-invulnerability. The cosmic struggle spilled over into the mortal realm from the celestial realms. According to the epic Mahabharata, the Kurukshetra War was fought between the Pandavas, who were supported by the Devas, and the Kauravas, who were supported by the Asuras. Lord Krishna, an avatar of Lord Vishnu, was crucial in leading the Pandavas to victory and restoring balance and justice. The Devas and Asuras continued their unending conflict as the ages passed, their fates linked in a cosmic dance of creation and destruction. They guided mortals down the road of dharma (righteousness), acting as catalysts for the evolution of the universe and its souls. Some Asuras, such as Shukracharya, eventually saw the destructive nature of their goals and pursued a path of peace. They began teaching fellow Asuras wisdom, compassion, and self-realization, developing a faction that turned away from harmful ways. This transition was not lost on the Devas, who watched the changes with cautious optimism. The Devas saw that a universe in which all beings strived for spiritual development and harmony would be more stable and pleasant. When the cosmic energies of the Devas and Asuras converged as the universe grew and contracted, it was a moment of immense significance. Both sides went on a quest to understand their existence, aided by sages and enlightened beings. They experimented with meditation, introspection, and self-realization, realizing the interconnection of all beings and the underlying duality that exists within every soul. The Devas and Asuras joined together in a vast assembly in a moment of profound revelation, establishing a truce that transcended their endless hostility. They vowed to work together to keep the universe in balance, realizing that unity and understanding were the ultimate paths to enlightenment. This merger signaled the beginning of a new era in which the Devas and Asuras ceased to be antagonistic forces and became co-creators of a harmonious universe. They combined their knowledge and strength to guide humanity toward righteousness, knowledge, and spiritual progress. The cosmos thrived in a condition of balance and harmony because the Devas and Asuras were unified in purpose. Mortals, inspired by the newfound harmony of the angelic realms, adopted the virtues of compassion, love, and wisdom. The Devas and Asuras continued to inspire mortals through stories, myths, and teachings as cosmic teachers rather than antagonistic factions. They led humanity to see that the eternal conflict between light and darkness existed not just on the outside, but also within the human soul. The Devas and Asuras taught the universe in the great finale that the route to enlightenment lay not in the annihilation of conflicting forces, but in their integration and transcendence. They revealed that existence was a great tapestry woven of light and darkness, good and evil, and that the cosmic dance would continue indefinitely, calling all beings to join the quest for unification and enlightenment. As a result, this epic story, which began with war and hatred, evolved into one of redemption, forgiveness, and the eternal search for cosmic harmony. It is a timeless reminder that even the most profound schisms can be bridged through understanding, compassion, and acknowledgement of our connected cosmic history. The story concludes with profound insights into the essence of existence, the value of unity, and the unending quest for enlightenment. A heavenly drama is unfolding in the endless vastness of the cosmos, where the lines between gods and mortals blur. This is the story of the Devas and Asuras, the eons-long struggle between light and darkness, good and evil, that has formed the fate of the cosmos. The Devas and Asuras are the main characters in this cosmic play, their roles representing the fundamental duality that defines existence. It is a drama that transcends time and location because it is a story that is woven into the very fabric of Hindu mythology, philosophy, and spirituality. The Devas represent the luminous

energies of righteousness, virtue, and heavenly harmony in this timeless epic, residing in the brilliant region of Svarga. They are celestial beings of radiant beauty and limitless compassion, cosmic order keepers, and guides to the path of dharma—the virtuous path. The Asuras, who came from the gloomy depths of Patala, represent ambition, pride, and the instability that exists within the human psyche. They are driven by insatiable cravings, always challenging the authority of the Devas, and testing the bounds of cosmic balance. This eternal tug-of-war between these two opposing forces serves as a profound allegory for the universal battle between light and evil, a topic that resonates with human experience throughout nations and civilizations. It is a story that invites us to contemplate the nature of good and evil, to go into the depths of our own souls, and to seek the elusive balance that reconciles these opposing sides of our life. We begin on a trip that transcends myth and enters the world of spiritual contemplation as we dig into the epic storylines, teachings, and symbols associated with the Devas and Asuras. It is a trip that continues to shape millions of people's collective consciousness, providing significant insights into the intricate fabric of life, death, and reincarnation that defines the cosmic order. The stories of these celestial beings serve as mirrors to our own struggles and aspirations, from the churning of the cosmic ocean to the benevolent direction of Devas like Vishnu, Brahma, and Shiva, to the crafty schemes of Asuras like Mahabali and Ravana. They remind us that the conflict between light and darkness is not limited to the worlds of gods and demons but is a universal theme that manifests itself within each of us. This story has survived millennia because it addresses timeless issues that have preoccupied human minds since the start of civilization: What is the nature of good and evil? How do we achieve equilibrium in the face of chaos? Can virtue's light win over the shadows of temptation and desire? The Devas and Asuras provide deep insights into these questions, asking us to go into the depths of our own moral compass and spiritual path. We develop a deeper understanding for Hindu philosophy and the rich tapestry of Indian mythology as we navigate the heavenly battles, cosmic machinations, and moral quandaries that enrich the stories of these divine beings.

From World War II to the war in Iraq, periods of international conflict seem like unique moments in U.S. political history—but when it comes to public opinion, they are not. To make this groundbreaking revelation, *In Time of War* explodes conventional wisdom about American reactions to World War II, as well as the more recent conflicts in Korea, Vietnam, the Gulf, Afghanistan, and Iraq. Adam Berinsky argues that public response to these crises has been shaped less by their defining characteristics—such as what they cost in lives and resources—than by the same political interests and group affiliations that influence our ideas about domestic issues. With the help of World War II-era survey data that had gone virtually untouched for the past sixty years, Berinsky begins by disproving the myth of “the good war” that Americans all fell in line to support after the Japanese bombed Pearl Harbor. The attack, he reveals, did not significantly alter public opinion but merely punctuated interventionist sentiment that had already risen in response to the ways that political leaders at home had framed the fighting abroad. Weaving his findings into the first general theory of the factors that shape American wartime opinion, Berinsky also sheds new light on our reactions to other crises. He shows, for example, that our attitudes toward restricted civil liberties during Vietnam and after 9/11 stemmed from the same kinds of judgments we make during times of peace. With Iraq and Afghanistan now competing for attention with urgent issues within the United States, *In Time of War* offers a timely reminder of the full extent to which foreign and domestic politics profoundly influence—and ultimately illuminate—each other.

Trogon: The Awakening, takes place a long time long ago in the Tryphenian Empire where Emperor Khabah XXIII is fighting a rebel group on his northern borders led by the wily rebel leader Turabath. The Emperor is also desperately in need new land for his ever-growing population and as a dumping ground for his over crowded prisons. Palento Island a former province of the Empire is home to three communities. The Highlanders to the north, the Lowlanders to the south and the Trogons who remain out of sight in the great western caves. Trogons have unique telepathic and fighting skills as well as the ability to move rapidly without being seen. Because of a previous betrayal by the Islanders they do not become involved in Island affairs unless there is a grave threat to the Island or themselves but they continue to conduct regular patrols of the Island to watch for invaders. Palento is eventually invaded and the Island warriors prove no match for the well-trained legionnaires. The Islanders have limited means to defend themselves and are greatly outnumbered and ill equipped to fight the well-trained legionnaires. Sacha and the Trogon warriors plan a surprise for the invading forces but not without some close encounters and a few dangerous setbacks.

The Eternal War: Devas vs. Asuras

Winner of an Award of Merit in the Christianity Today Book Awards, History/Biography category On January 17, 1776, one week after Thomas Paine published his incendiary pamphlet Common Sense, Connecticut minister Samuel Sherwood preached an equally patriotic sermon. God Almighty, with all the powers of heaven, are on our side, Sherwood said, voicing a sacred justification for war that Americans would invoke repeatedly throughout the struggle for independence. In Sacred Scripture, Sacred War, James Byrd offers the first comprehensive analysis of how American revolutionaries defended their patriotic convictions through scripture. Byrd shows that the Bible was a key text of the American Revolution. Indeed, many colonists saw the Bible as primarily a book about war. They viewed God as not merely sanctioning violence but actively participating in combat, playing a decisive role on the battlefield. When war came, preachers and patriots alike turned to scripture not only for solace but for exhortations to fight. Such scripture helped amateur soldiers overcome their natural aversion to killing, conferred on those who died for the Revolution the halo of martyrdom, and gave Americans a sense of the divine providence of their cause. Many histories of the Revolution have noted the connection between religion and war, but Sacred Scripture, Sacred War is the first to provide a detailed analysis of specific biblical texts and how they were used, especially in making the patriotic case for war. Combing through more than 500 wartime sources, which include more than 17,000 biblical citations, Byrd shows precisely how the Bible shaped American war, and how war in turn shaped Americans' view of the Bible. Brilliantly researched and cogently argued, Sacred Scripture, Sacred War sheds new light on the American Revolution.

The Gods of Prophetstown

It began as a trickle in 1792, but by century's end northwestern Connecticut was awash in revival. In 1799 Edward Dorr Griffin wrote that he could stand at his doorstep in Litchfield County and "number fifty or sixty congregations laid down in one field of divine wonders." Griffin was one of the leading ministers whose electrifying preaching triggered the Second Great Awakening--the subject of this award-winning study. *A Field of Divine Wonders* focuses on the village revivals sparked by Griffin and his fellow New Divinity ministers--the theological heirs of Jonathan Edwards. Edwards died in 1758--long before the rash of revivals in 1798--but he left an enduring legacy that later generations of disciples followed. But it was the third generation of Edwardseans, pastors such as Griffin, Asahel Nettleton, and Bennet Tyler, who personified the theology of revival. For thirty years, they successfully preached, counseled, and defended the New Divinity message of salvation until the mid-1820s when most of the leaders had passed from the scene and New Divinity revivalism had lost its appeal. Nevertheless, there remained a form of piety rooted in Edwards's teaching on "affectionate" religion, which merged with other evangelical traditions and has endured up to our own day. Unlike previous studies focused chiefly on leaders or institutions, or theology or converts, *A Field of Divine Wonders* integrates the history of ideas with newer approaches in historical research--collective biography, modes of discourse, gender studies, social and quantitative history, and local community studies--to supply the kind of "new religious history" that historians have long called for.

NEW AGE/SPIRITUALITY In this book, Quan Yin, through Shih Yin explains in simple understandable terms what this spiritual journey has been all about. It explains how we as spiritual volunteers descended into this three dimensional denseness while forgetting our connection to Divine Spirit. Upon this Earth we experience the effects of Duality, and eventually find our way back to whence we came. the journey has been difficult, but having finally passed the marker we are now in Ascension status and on our way home. the rate at which one ascends depends on one's free will and intent. Quan Yin Speaks serves as a reference book, describing in simple detail, not only the work required, but the physical, mental and spiritual changes that one can expect to experience in the path of evolution towards Enlightenment. Although one may not consciously choose the Ascension path, all will experience the inevitable changes. This book will assist you to progress at a rate consistent with the amount of work you choose to invest towards your development. --The Hon. D. Kochi **NEW AGE/SPIRITUALITY** In *Quan Yin Speaks*, by author Shih Yin, the Goddess Quan Yin poses a question for humanity: "Are you ready

to grow into spiritual adulthood and step into the role of being a guiding light on the path of the Evolution of Consciousness?" If your answer is yes, then be prepared for an amazing road map in this beautifully written book that details the steps in one's Spiritual journey and how you can receive assistance on the Ascension Path. Our morphing from 3D humans to Enlightened Beings is a complex process, and Free Will plays a major role in the journey. Through mesmerizing analogies and clear-cut guideposts, we are given simple steps to climb the Evolution Ladder. Yet, we must be willing to do the work of surrendering and relinquishing the fear that keeps us separated from our true nature. This is a must-read book for any Lightworker who is serious about clearing his or her own stuff and ascending to the ultimate stage in their spiritual transformation so that humanity at large can be fully served. --Edith Billups. A Field of Divine Wonders

Franz Werfel was born in Prague in 1890 and died in Beverly Hills in 1945, a popular and artistic success in Europe and America. Despite his Jewish birth and upbringing, he was attracted to Christianity at any early age, and although he never formally converted, he celebrated his own vision of it in his entire life's work. The original of that peculiar faith and the response it engendered in Werfel's work as he lived through the horrific end of Jewish life in Europe are treated here. Werfel was not a systematic thinker, and, while his writing contains much that is philosophical and theological, his eclecticism and idiosyncrasy render any attempt to trace the specific origins of his thought or its relation to the work of contemporary philosophers and theologians highly problematic. Thus, this work is neither biography nor intellectual history in the strict sense—it goes beyond, melding the concerns of both genres into a thoughtful, comprehensive portrait of faith at work. Of interest to historians of the twentieth century as well as to students of that intriguing zone that lies between faith and art but is neither—or both.
