Trieste Publishing has a massive catalogue of classic book titles. Our aim is to provide readers with the highest quality reproductions of fiction and non-fiction literature that has stood the test of time. The many thousands of books in our collection have been sourced from libraries and private collections around the world. The titles that Trieste Publishing has chosen to be part of the collection have been scanned to simulate the original. Our readers see the books the same way that their first readers did decades or a hundred or more years ago. Books from that period are often spoiled by imperfections that did not exist in the original. Imperfections could be in the form of blurred text, photographs, or missing pages. It is highly unlikely that this would occur with one of our books. Our extensive quality control ensures that the readers of Trieste Publishing's books will be delighted with their purchase. Our staff has thoroughly reviewed every page of all the books in the collection, repairing, or if necessary, rejecting titles that are not of the highest quality. This process ensures that the reader of one of Trieste Publishing's titles receives a volume that faithfully reproduces the original, and to the maximum degree possible, gives them the experience of owning the original work. We pride ourselves on not only creating a pathway to an extensive reservoir of books of the finest quality, but also providing value to every one of our readers. Generally, Trieste books are purchased singly - on demand, however they may also be purchased in bulk. Readers interested in bulk purchases are invited to contact us directly to enquire about our tailored bulk rates.

Chinese Gordon

Unlike some other reproductions of classic texts (1) We have not used OCR (Optical Character Recognition), as this leads to bad quality books with introduced typos. (2) In books where there are images such as portraits, maps, sketches etc We have endeavoured to keep the quality of these images, so they represent accurately the original artefact. Although occasionally there may be certain imperfections with these old texts, we feel they deserve to be made available for future generations to enjoy.

Chinese Gordon, the Uncrowned King

The story of Chinese Gordon by A. Egmont Hake. This book is a reproduction of the original book published in 1884 and may have some imperfections such as marks or hand-written notes.

The Story of Chinese Gordon;

This historic book may have numerous typos and missing text. Purchasers can usually download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1884 edition. Excerpt: ... CHAPTER II. CHINESE GORDON IN CHINA. Leaving England for China in July, 1860, Captain Gordon did not reach the scene of our military operations there in time to participate in the capture of the Taku Forts. But Sep-^{*}tember saw him at Tientsin, whence the allied forces had already commenced (September 9) their advance on Peking, since the Chinese Commissioners were shuffling in the Chinese manner in regard to compliance with the conditions on which the allies were prepared to suspend hostilities and conclude peace. It was in the course of this movement, while negotiations were still proceeding, and had suddenly seemed prospering when indeed a basis of arrangement had been agreed to, that the representatives of the British Ambassador with their escort, while on their way back to the army from Tungchow after a not unsatisfactory conference with the Chinese Commissioners, were beset, made prisoners, vilely maltreated, and finally carried off to dungeons in Peking, whence few of the party emerged alive. This outrage made further negotiations out of the question until satisfaction had been exacted. Lord Elgin informed the Chinese authorities that he would sign no convention with the Imperial Commissioners except within the walls of Peking; and the stern pronouncement was made good. But as the advance was now to be an avowedly hostile one, certain additional military preparations had to be made which detained the allied armies near Tungchow until the beginning of October. This pause gave Captain Gordon the opportunity of joining the British force which the late Sir Hope Grant so ably commanded. Excerpt from The Life of Gordon, Major-General, R. E., C. B.; Turkish Field-Marshal, Grand Cordon Medjidieh, and Pasha; Chinese Titu (Field-Marshal), Yellow Jacket Order, Vol. 1 AS so many books of a more or less biographical nature have been written about General Charles Gordon, it is both appropriate and natural that I should preface the following pages with a statement of a personal character as to how and why I have written another. Chinese Gordon

Volume 1 of a biography of General Charles Gordon, the British army officer and administrator known for his work in China and northern Africa.

Chinese Gordon

The turbulent and chequered past of the world's most populous country is one of the most fascinating in world history, and relatively little known in the West. From the beginnings of Chinese prehistory right through to internet censorship with the 'Great Firewall of China', Gordon Kerr offers a comprehensive introduction to the sprawling history of this enormous country. A Short History of China provides an absorbing introduction to more than 4,000 years of Chinese history, telling the stories of the tyrants, despots, femmes fatales, artists, warriors and philosophers who have shaped this fascinating and complex nation. It describes the amazing technological advances that her scientists and inventors made many hundreds of years before similar discoveries in Europe. It also investigates the Chinese view of the world and examines the movements, aspirations and philosophies that moulded it and, in so doing, created the Chinese nation. Finally, the book examines the dramatic changes of the last few decades and the emergence of China as an economic and industrial 21st century superpower, making Napoleon Bonaparte's words about her ring true: "Let China sleep, for when she awakes, she will shake the world."
