Diamonds & Rust

Still a highly visible figure, Joan Baez has long been known for social activism and her support of people victimized by poverty and political misfortune. To trace her career is comparable to tracing the social history of her time, and it is often difficult to separate the political activist from the musician. This volume is a comprehensive reference guide to her life and career. A biography concisely summarizes her achievements, while annotated entries detail her work in music and film. Entries provide critical commentary, and a bibliography cites and annotates additional works. In 1960, when Joan Baez was just 19 years old, she had already signed a contract with Vanguard Records and released her first, and perhaps most influential, album of folk songs, ^IJoan Baez^R. Her rapid rise in music seemed effortless, and she quickly became a symbol of the blossoming youth culture. She easily filled a niche within the music industry and became the first female artist to achieve massive international success as a folk singer. Still a highly visible figure, she has long been known for social activism and her support of people victimized by poverty and political misfortune. Through a concise biography and extensive annotated entries, this volume is a comprehensive guide to Joan Baez's tremendous contribution to music and to American social history. The opening biography explores the formative years of her career, her early successes, and her continuing achievements as an artist who has grown with the times and who continues to record compelling new music. Because it is so difficult to separate the activist from the musician, it also discusses her political contributions and her lasting influence. The chapters that follow are devoted to her recordings and to her films, with entries in each chapter providing full information for individual performances. Entries include release dates, songs, songwriters, musicians, production credits, review excerpts, and critical commentary.

Joan Baez

War is Not Healthy for Children and Other Living Things.

Joan Baez

This alphabetical reference covers the entire spectrum of the recording of sound, from Edison's experimental cylinders to contemporary high technology. The major focus is on the recorded sound industry in the US, with additional material on Canada, Europe, Australia, and New Zealand. The coverage is particularly strong on the earliest periods of recorded sound history--1877-1948, the 78 rpm era and 1949-1982, the LP era. In addition to performers and their work, entries also cover important commercial organizations, individuals who made significant technical contributions, societies and associations, sound archives and libraries, magazines, catalogs, award winners, technical topics, special and foreign terms, copyright laws, and other areas of interest. Annotation copyright by Book News, Inc., Portland, OR

JEMF Quarterly

Thomas Edward Harkin's *Woodstock FAQ: All That's Left to Know About the Fabled Garden* cuts through the lofty rhetoric and mythology surrounding the legendary festival. Rather than waxing philosophical about whether or not the Woodstock Music & Art Fair was the defining moment of the 1960s as so many have done before, Harkins places the focus on the music, solo artists, and bands who performed. Thirty-two acts took to the stage in Bethel, New York that weekend, and the book gives the performers and the music their due consideration. Who were they? Where did they come from? What songs did they play? What happened to them afterward? How did the festival impact their careers? Those are the questions explored in these pages. Further, the book attempts to restore the chronological arc of the festival from concept to concert to its aftermath and enduring legacy. Drawing on his experiences as a media scholar, Harkins ponders how the album releases and Michael Wadleigh's Academy Award-winning 1970 film *Woodstock* helped shape the narrative of the festival and in the bargain distort people's memories of the actual event.

Encyclopedia of Recorded Sound in the United States

It has been reviled, dismissed, attacked, and occasionally been the subject of Congressional hearings, but still, the genre of music known as heavy metal maintains not only its market share in the recording and downloading industry, but also as a cultural force that has united millions of young and old fans across the globe. Characterized by blaring distorted guitars, drum solos, and dramatic vibrato, the heavy metal movement headbanged its way to the popular culture landscape with bands like Led Zeppelin and Black Sabbath the 1970s. Motley Crue and Metallica made metal a music phenomenon in the 1980s. Heavy metal continues to evolve today with bands like Mastodon and Lamb of God. Providing an extensive overview of the music, fashion, films, and philosophies behind the movement, this inclusive encyclopedia chronicles the history and development of heavy metal, including sub-movements such as death metal, speed metal, grindcore, and hair metal. Essential and highly entertaining reading for high school and undergraduate courses in popular music studies, communications, media studies, and cultural studies, the *Encyclopedia of Heavy Metal Music and Culture* offers a guide to the ultimate underground music, exploring its rich cultural diversity, resilience, and adaptability. Entries for musicians include a discography for those wanting to start or develop their music collections.

Woodstock FAQ

Arranged in chronological order, these pieces add up to nothing less than a full-scale history of the greatest tour band in the history of rock. From Tom Wolfe's account of the Dead's first performance as the Grateful Dead (at an Acid Test in 1965), to Ralph Gleason's 1967 interview with the 24-year-old Jerry Garcia, to Mary Eisenhart's obituary of the beloved leader of the band, these selections include not only outstanding writing on the band itself, but also superb pieces on music and pop culture generally. Fans will be fascinated by the poetry, fiction, drawings, and rare and revealing photographs featured in the book, as well as the anthology's many interviews and profiles, interpretations of lyrics, and concert and record reviews. Still, The Grateful Dead was more than a band--it was a cultural phenomenon. For three decades it remained on one unending tour, followed everywhere by a small army of nomadic fans. This phenomenon is both analyzed and celebrated here, in such pieces as Ed McClanahan's groundbreaking article in *Playboy* in 1972, fan-magazine editor Blair Jackson's 1990 essay on the

seriousness of the drug situation at Dead concerts, and Steve Silberman's insightful essays on the music and its fans.

One for the Money

Filmatised in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Crossword Lists

"The Collector's Guide To Heavy Metal" was a mammoth of a book crammed with 3700 reviews of metal records through the decades. It elicited much discussion, including close to 70 reviews at the book's Amazon page and counting. Now it is being split into three volumes focusing on the '70s, '80s and '90s respectively with an additional 700-800 reviews added to the 70's. In "The Collector's Guide To Heavy Metal -- Volume I: The Seventies"

Anagram Solver is the essential guide to cracking all types of quiz and crossword featuring anagrams. Containing over 200,000 words and phrases, Anagram Solver includes plural noun forms, palindromes, idioms, first names and all parts of speech. Anagrams are grouped by the number of letters they contain with the letters set out in alphabetical order so that once the letters of an anagram are arranged alphabetically, finding the solution is as easy as locating the word in a dictionary.

Twelve Years a Slave

This new kind of dictionary reflects the use of "rhythm rhymes" by rappers, poets, and songwriters of today. Users can look up words to find collections of words that have the same rhythm as the original and are useable in ways that are familiar to us in everything from vers libre poetry to the lyrics and music of Bob Dylan and hip hop groups.

The Collector's Guide to Heavy Metal: The seventies

This original and multidimensional book brings a refreshing new approach to the study of the arts of the Middle East. By dealing in one volume with dance, music, painting, and cinema, as experienced and practiced not only within the Middle East but also abroad, Images of Enchantment breaks down the artificial distinctions--of form, geography, 'high' and 'low' art, performer and artist--that are so often used to delineate the subjects and processes of Middle Eastern artistic culture. The eighteen essays in this book cover themes as diverse as Bedouin dance, the music of Arab Americans, cinema in Egypt and Iran, Hollywood representations of the Middle East, and contemporary Sudanese painting. The contributions come from scholars and critics and from the artists themselves. Together, they present a wide-ranging and holistic view of the arts in their social, political, anthropological, and gender contexts. Contributors: Walter Armbrust, Farida Ben Lyazid, Kay Hardy Campbell, Virginia Danielson, Marjorie Franken, Sondra Hale, Carolee Kent, Hamid Naficy, Salwa Mikdadi Nashashibi, Anne K. Rasmussen,

Selim Sednaoui, Simon Shaheen, Rebecca Stone, Chaïbia Talal, Karin Van Nieuwkerk, William Young, Sherifa Zuhur.

Exploring American Folk Music

This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Anagram Solver

"'Folksongs' interest many people nowadays, because they are meant to be the kinds of songs most of our ancestors sang, before industrialisation, before the mass media, before music and song became commodities, and before all the assorted evils associated with advanced capitalist society. 'Folksongs' and 'ballads' represent real values something honest and straightforward and beautiful to hang on to, and make us feel our roots in the Britain of 1900 or 1800 or even 1700. The only problem with this way of thinking is that it is based on myths. What we now know as 'folksongs' and 'ballads' were sought after, collected, edited and published by individuals who were either members of the rising bourgeoisie, or were ideologically sympathetic to bourgeois culture and values. The working people who sang their songs, and had them chopped up, amended and sometimes re-written or invented on their behalf, are remarkably absent from the story of 'folksong'. Before we can begin to piece together the real history of our ancestors' culture, we have to penetrate the 'mediations' of people like Cecil Sharp, Francis James Child and Albert Lancaster Lloyd, and to begin building again on firmer foundations. This book sets out to clear the ground"--Page 4 of cover.

The Word Rhythm Dictionary

Jazz-it was America's first truly indigenous music. Starting in the red-hot clubs of New Orleans, jazz made its way north and settled in Chicago. The Windy City became a focal point for musicians, and many jazz legends made names for themselves here, including Jelly Roll Morton, Joe "King" Oliver, and Louis Armstrong. As jazz grew in popularity, Chicago became a hub of musical genius. Jimmy McPartland, Muggsy Spanier, and Benny Goodman were just a few of the artists who benefited from the influx of talent into their hometown. From these early days, jazz has spread to influence musical styles worldwide. Destination Chicago Jazz is a virtual tour of the city's most influential jazz havens, telling the story of the amazing musicians and the unparalleled musical phenomenon they created. Readers will find images of the many world-famous theatres that lined State Street, the hot jazz clubs that made the city's South Side a musical Mecca, and the celebrated players that made it all possible. Destination Chicago Jazz provides a captivating history of the beginnings of jazz on the South Side, downtown's golden age, and the quick and far-reaching effect the music had on the city's North and West Sides.

Theory and Analysis of Classic Heavy Metal Harmony

This detailed exploration looks at the musical works of recording artist Billy Joel and his impact on popular culture. Billy Joel skyrocketed to popularity in 1977 with his fifth album, *The Stranger*, and he has been a major American artist ever since. His songs are timeless and appreciated by generations of fans. *The Words and Music of Billy Joel* examines this influential musician's songs in detail, exploring the meaning of the lyrics and placing Joel's artistry in a regional and cultural context. Covering work that ranges from Joel's recordings with the Lost Souls to his classical compositions, the book focuses on the dozen studio albums of popular music released between 1971 and 1993. A bibliographic essay is included, as are both a discography and a filmography. There is also a special focus on the interpretation of Joel's songs by other recording artists.

Images of Enchantment

An aid to solving crosswords. It contains over 100,000 potential solutions, including plurals, comparative and superlative adjectives, and inflections of verbs. The list extends to first names, place names and technical terms, euphemisms and compound expressions, as well as abbreviations.

ABC's, First Words, Numbers and Shapes, Colors and Opposites including a special note to parents. Children will enjoy hours of learning fun in each 32-page bi-lingual book. All four books are designed specifically to teach and reinforce basic concepts for preschool through early elementary school children.

Achtung-Panzer!

Looks at the history of rockabilly music, profiling such greats as Elvis, Jer Lee Lewis, Malcolm Yelvington, and Roy Hall.

Fakesong

Outside of music, the importance of sound and listening have been greatly overlooked in Latin American history. Visual media has dominated cultural studies, affording an incomplete record of the modern era. This edited volume presents an original analysis of the role of sound in Latin American and Caribbean societies, from the late nineteenth century to the present. The contributors examine the importance of sound in the purveyance of power, gender roles, race, community, religion, and populism. They also demonstrate how sound is essential to the formation of citizenship and nationalism. Sonic media, and radio in particular, have become primary tools for contesting political issues. In that vein, the contributors view the control of radio transmission and those who manipulate its content for political gain. Conversely, they show how, in neoliberal climates, radio programs have exposed corruption and provided a voice for activism. The chapters address sonic production in a variety of media: radio, Internet, digital recordings, phonographs, speeches, carnival performances, fireworks festivals, and the reinterpretation of sound in literature. They examine the embodied experience of listening and its importance to memory coding and identity formation. This collection looks to sonic media as an essential vehicle for transmitting ideologies, imagined communities, and culture. As the contributors discern, sound is ubiquitous, and its study is therefore crucial to understanding the flow of information and influence in Latin America and globally.

Destination Chicago Jazz

Explores the resounding musical performances of Mexican American women such as Chelo Silva, Eva Ybarra, Eva Garza, and Selena within Tejano/Chicano music

The Words and Music of Billy Joel

Reprint of the original, first published in 1883.

Go Cat Go!

This comprehensive survey examines Latin American music, focusing on popular—as opposed to folk or art—music and containing more than 200 entries on the concepts and terminology, ensembles, and instruments that the genre comprises. The rich and soulful character of Latin American culture is expressed most vividly in the sounds and expressions of its musical heritage. While other scholars have attempted to define and interpret this body of work, no other resource has provided such a detailed view of the topic, covering everything from the mambo and unique music instruments to the biographies of famous Latino musicians. *Encyclopedia of Latin American Popular Music* delivers scholarly, authoritative, and accessible information on the subject, and is the only single-volume reference in English that is devoted to an encyclopedic study of the popular music in this genre. This comprehensive text—organized alphabetically—contains roughly 200 entries and includes a chronology, discussion of themes in Latin American music, and 37 biographical sidebars of significant musicians and performers. The depth and scope of the book's coverage will benefit music courses, as well as studies in Latin American history, multicultural perspectives, and popular culture.

Media, Sound, and Culture in Latin America and the Caribbean

In the beginning, a scarecrow made his own history, like a symbol that everyone sees year-around (like Halloween) placed in the middle of surrounding pumpkins and flames all around but never hurting the scarecrow. At the end, two different species—a goblin and a troll—made their own history as well. Keeping the scarecrow strong and their willpower intact, so nobody can erase all three of their history, in which no one can change.

Dissonant Divas in Chicana Music

A fascinating exploration of the relationship between American culture and music as defined by musicians, scholars, and critics from around the world. Music has been the cornerstone of popular culture in the United States since the beginning of our nation's history. From early immigrants sharing the sounds of their native lands to contemporary artists performing benefit concerts for social causes, our country's musical expressions reflect where we, as a people, have been, as well as our hope for the future. This four-volume encyclopedia examines music's influence on contemporary American life, tracing historical connections over time. *Music in American Life: An Encyclopedia of the Songs, Styles, Stars, and Stories That Shaped Our Culture* demonstrates the symbiotic relationship between this art form and our society. Entries include singers, composers, lyricists, songs, musical genres, places, instruments, technologies, music in films, music in political realms, and music shows on television.
