Sisters of the Dark Moon

Presenting the 13 Dark Moons of the year by the zodiac sign in which they fall, this book lets readers explore the Dark Moon lessons of the Unseen in Aquarius, Risk in Leo, Time in Pisces, Silence in Virgo, Identity in Aries, Descent in Libra, the Body in Taurus, Intuition in Scorpio, Knowledge in Gemini, Creativity in Sagittarius, Emotion in Cancer, Power in Capricorn, and the Dark in Arachne (a spirit sign).

Rituals of the Dark Moon

Rituals of the Dark Moon Everyone is familiar with the image of Witches performing rituals under a Full Moon. Mysterious but not frightening, the Dark Moon (the night before the New Moon) is lesser known but equally powerful. This guidebook reveals the hidden wisdom of the Dark Moon Path. It presents the thirteen Dark Moons of the year by the zodiac sign in which they fall, along with rituals designed to help you experience and learn from their energies. You'll explore the Dark Moon lessons of: • The Unseen in Aquarius • Risk in Leo • Time in Pisces • Silence in Virgo • Identity in Aries • Descent in Libra • The Body in Taurus • Intuition in Scorpio • Knowledge in Gemini • Creativity in Sagittarius • Emotion in Cancer • Power in Capricorn • The Dark in Arachne (a spirit sign) Deepen your understanding of the Moon as the Goddess as you experience the intuitive and deep healing powers of the Dark.

Sisters of the 13 Moons

The Dark Goddess is often associated with the Underworld where she leads the uninitiated through a transformative journey of self-discovery, change and soul renewal. She is connected with the unwanted, the forgotten, the ignored or even ashamed parts of our psyche. However there is more to her than that. Encountering the Dark Goddess: A Journey into the Shadow Realms guides you through what this challenging facet of the Divine Feminine, the Dark Goddess, is truly about, and encourages you to step through the veils into her hidden realm to explore 13 aspects of herself. Whether you seek healing from past trauma, release from fears or acceptance of the "unacceptable" aspects of your self, Encountering the Dark Goddess: A Journey into the Shadow Realms offers ways for you to transform and heal your life through the power of meditation, ritual and inner journeying with the Dark Goddess into her shadowy realms. Use the 13 goddess myths as a guide to discover how to remove the stagnant and unwanted and embrace the ever changing aspects of life that can drag us into the pits of despair. When we connect to the Dark Goddess, we are able to find the light within the darkness and our lives are enriched through the integration of all aspects of our soul as a perfect whole.

Encountering the Dark Goddess

Authored by Ara Campbell of wildly popular Goddess Circle school and community, Dark Goddess Magick shows readers how to tap into the energy of shadow magick and the support of the dark goddesses to set boundaries and reclaim their power.

Dark Goddess Magick

I thought the worst was over, but I was wrong. Now I have to protect a halfling and keep my birth father from taking over the world. All this while not having any powers. I also may have to face the fact that Connor is not as good as I thought he was. When the dark moon rises all hell is going to break loose.

The British National Bibliography

Alex and Maggie think they live in an ordinary townhouse, until they discover a diary containing secret Wiccan herb-lore--and awaken a malevolent force they can't control.

The Publishers Weekly

Super sleuth Sister Fidelma returns in *BADGER'S MOON*, the thirteenth historical mystery by Peter Tremayne, acclaimed author *THE HAUNTED ABBOT*, *SMOKE IN THE WIND* and many more. **PRAISE FOR THE SISTER FIDELMA SERIES:** 'Rich helpings of evil and tension with lively and varied characters' *Historical Novels Review*, 'The detail of the books is fascinating, giving us a vivid picture of everyday life at this time' *Irish Examiner* A series of horrific murders has brought terror to the Kingdom of Muman. The victims, all young girls, were slaughtered with unspeakable violence on the nights of three consecutive full moons. Suspicion falls on three dark strangers from the distant land of Aksum (Ethiopia), who are guests at the Abbey of Finbarr. A panic-stricken mob attacks the abbey, leaving the religious in fear for their lives. Sister Fidelma and Brother Eadulf are called in to restore order and find the killer, but it soon becomes clear that the three mysterious strangers are hiding a dark secret. And what about the ageing Laig, a hermit-like apothecary, who is known to have instructed all three victims about the magic and power of the moon; what sinister truths are hidden in his dark woodland dwelling? As Fidelma struggles to repair her faltering relationship with Eadulf, can she uncover the truth before the killer strikes again on the next night of the full moon? What readers are saying about *BADGER'S MOON*: 'Another exciting whodunit from the master of historic intrigue' 'Fast-paced and suspenseful, this Sister Fidelma mystery is a real page-turner' 'Complex and multi-layered - one of the best in the series so far'

American Book Publishing Record

Time to put my magic to the test or die trying. Scott worries about my soul. Can you believe that crap? I've killed multiple people because I was too darn stubborn to accept that I was the reincarnated Celtic goddess Brigit, and now, that I've embraced my goddess self, I've figured out how to bring everyone back from the dead, and he's too busy worrying about my soul when what he should be worried about is my boot in his rear end. To make matters more complicated, Alaric returned from his show with shocking news. If I was smart, I would hop on the next plane and get out of Kildares, but I've never been very good at taking care of myself. And do you know who showed up? I can't freaking believe it. I thought he was out of my life for good, but bad luck always follows me like many of my bad habits. I don't have time to play games. I need to learn to use my magic before the Dark Moon approaches or I'll miss out on my chance to bring back to life everyone who died trying to protect me.

Dark Moon Rising: the 13th Witch Book Two

This book is a thorough study of Lilith's position by sign, house & aspects as clues to its influence in the chart. Lilith, the lesser Moon of the earth, is an intangible, offering only a shadow across the Sun as proof of its existence.

Dark Sister

Learn to Work with the Magick of the Dark Moon Shadow magick occupies a critical but often misunderstood role in the rich history of witchcraft. This book explores topics such as the ethical use of animal parts and bones, blood magick, dark moon energy, and other rarely discussed aspects of witchcraft. With a focus on ethically sourcing materials and suggestions for plant-based substitutions, author Kate Freuler provides much-needed information and hands-on techniques to help you strengthen your witchcraft practice, connect to nature, protect yourself (and your kith and kin), and know yourself in a deep way. Within these pages, you will also discover methods for hexing, scrying, sex magick, and working with dark deities in addition to the magickal use of graveyard dirt and performing spells to assist the crossing of a dying loved one. The shadow work explored in *Of Blood and Bones* reminds us that not everything is love and light, and that facing the dark side supports the quest to achieve spiritual wholeness.

Badger's Moon (Sister Fidelma Mysteries Book 13)

Oral tales establish relationships between storytellers and their listeners. Yet most printed collections of folktales contain only stories, stripped of the human contexts in which they are told. If storytellers are mentioned at all, they are rarely consulted about what meanings they see in their tales. In this innovative book, Indian-American anthropologist Kirin Narayan reproduces twenty-one folktales narrated in a mountain dialect by a middle-aged Indian village woman, Urmila Devi Sood, or "Urmilaji." The tales are set within the larger story of Kirin Narayan's research in the Himalayan foothill region of Kangra, and of her growing friendship with Urmilaji Sood. In turn, Urmilaji Sood supplements her tales with interpretations of the wisdom that she discerns in their plots. At a moment when the mass-media is flooding through rural India, Urmilaji Sood asserts the value of her tales which have been told and retold across generations. As she says, "Television can't teach you these things." These tales serve as both moral instruction and as beguiling entertainment. The first set of tales, focussing on women's domestic rituals, lays out guidelines for female devotion and virtue. Here are tales of a pious washerwoman who brings the dead to life, a female weevil observing fasts for a better rebirth, a barren woman who adopts a frog and lights ritual oil lamps, and a queen who remains with her husband through twelve arduous years of affliction. The women performing these rituals and listening to the accompanying stories are thought to bring good fortune to their marriages, and long life to their relatives. The second set of tales, associated with passing the time around the fire through long winter nights, are magical adventure tales. Urmilaji Sood tells of a matchmaker who marries a princess off to a lion, God splitting a boy claimed by two families into two selves, a prince's journey to the land of the demons, and a girl transformed into a bird by her stepmother. In an increasingly interconnected world, anthropologists' authority to depict and theorize about distant people's lives is under fire. Kirin Narayan seeks solutions to this crisis in anthropology by locating the exchange of knowledge in a respectful, affectionate collaboration. Through the medium of oral narratives, Urmilaji Sood describes her own life and lives around her, and through the medium of ethnography Kirin Narayan shows how broader conclusions emerge from specific, spirited interactions. Set evocatively amid the changing seasons in a Himalayan foothill village, this pathbreaking book draws a moving portrait of an accomplished woman storyteller. *Mondays on the Dark Night of the Moon* offers a window into the joys and sorrows of women's changing lives in rural India, and reveals the significance of oral storytelling in nurturing human ties.

Dark Moon

This newly revised and expanded edition of *Insights on Revelation* explores one of the most perplexing books in Scripture. Drawing on Gold Medallion Award–winner Chuck Swindoll's 50 years of experience studying and preaching God's Word, this series combines Chuck's deep insight, signature easygoing style, and humor to bring a warmth and practical accessibility not often found in commentaries. Each of the 15 volumes in Swindoll's *Living Insights New Testament Commentary* series combines verse-by-verse commentary, charts, maps, photos, key terms, and background articles with practical application. The newly updated volumes now include parallel presentations of the NLT and NASB before each section. This series is a must-have for pastors, teachers, and anyone else who is seeking a deeply practical resource for exploring God's Word.

Lilith Insight

This is a book for readers who are fascinated by the Moon and the earliest speculations about life on other worlds. It takes the reader on a journey from the earliest Greek poetry, philosophy and science, through Plutarch's mystical doctrines to the thrilling lunar adventures of Lucian of Samosata.

Insights on Revelation

The world's only non-denominational exorcist tells her astonishing true story: a riveting chronicle of wrestling entities from infected souls, showing how pain and trauma opens us to attachment from forces that drain our energy . . . and can even destroy our humanity. As a secular exorcist, Rachel H. Stavis has cleansed thousands of tormented people, from small children and Hollywood moguls to stay-at-home moms and politicians. But for many years, the horror screenwriter and novelist denied her gift. As a little girl, she began to see "monsters" floating around her bedroom or attached to other children. Told it was only her imagination, Rachel learned to ignore the things she saw. But a series of events in adulthood forced her to acknowledge her unique ability and embrace her power to heal. Since then, Rachel has dedicated her life to helping others cast off the forces feeding off of us. Performing her services pro-bono, she quietly worked in the shadows, until she unknowingly revealed her work to a journalist, who told her story to NPR. A unique look at demonology removed from religious dogma, *Sister of Darkness* recounts Rachel's journey to becoming an exorcist and chronicles some of her most extreme cleansings cases, including those that put her and her clients in peril. Going deep into her world, we meet the diverse range of people she has helped—young, old, famous and not—in gripping stories of danger and sometimes sadness, that are ultimately about redemption. Rachel teaches us that there are a diverse range of "entities" surrounding us—some of these are playful or misguided, while some are dangerous and harmful. She introduces each of them and explains their power, helping us understand what is attacking and hurting us, and what we can do to protect ourselves. Frightening, eye-opening, and utterly enthralling, *Sister of Darkness* brings to light a world ruled by destruction, chaos and fear, and the woman who bravely fights to protect those who seek her out.

Dictionary of the English/Creole of Trinidad & Tobago

Exploring the mystery, wisdom, and power of the dark phase of the moon's cycle--a lunar-based model for moving through the dark times in our lives with understanding, consciousness, and faith

in renewal. The moon's dark phase has traditionally been a time of fear and superstition, a time associated with death and isolation. The mythical embodiment of these fears is the Dark Goddess. Known around the world by many names--Lilith, Kali, Hecate, and Morgana--the archetypal Dark Goddess represents death, sexuality, and the unconscious--the little understood, often feared aspects of life. Demetra George combines psychological, mythical, and spiritual perspective on the shadowy, feminine symbolism of the dark moon to reclaim the darkness from oppressive, fear-based images. George offers rites for rebirth and transformation that teach us to tap into the power of our dark times, maximizing the potential for renewal inherent in our inevitable periods of loss, depression, and anger.

From live productions of the 1950s like *Requiem for a Heavyweight* to big budget mini-series like *Band of Brothers*, long-form television programs have been helmed by some of the most creative and accomplished names in directing. *Encyclopedia of Television Film Directors* brings attention to the directors of these productions, citing every director of stand alone long-form television programs: made for TV movies, movie-length pilots, mini-series, and feature-length anthology programs, as well as drama, comedy, and musical specials of more than 60 minutes. Each of the nearly 2,000 entries provides a brief career sketch of the director, his or her notable works, awards, and a filmography. Many entries also provide brief discussions of key shows, movies, and other productions. Appendixes include Emmy Awards, DGA Awards, and other accolades, as well as a list of anthology programs. A much-needed reference that celebrates these often-neglected artists, *Encyclopedia of Television Film Directors* is an indispensable resource for anyone interested in the history of the medium.

The American Humanities Index

The post-apocalyptic modern classic with an introduction by novelist John Banville. In a burned-out America, a father and his young son walk under a darkened sky, heading slowly for the coast. They have no idea what, if anything, awaits them there. The landscape is destroyed, nothing moves save the ash on the wind and cruel, lawless men stalk the roadside, lying in wait. Attempting to survive in this brave new world, the young boy and his protector have nothing but a pistol to defend themselves. They must keep walking. Winner of the Pulitzer Prize for Fiction, *The Road* is an incandescent novel, the story of a remarkable and profoundly moving journey. In this unflinching study of the best and worst of humankind, Cormac McCarthy boldly divines a future without hope, but one in which, miraculously, this young family finds tenderness. An exemplar of post-apocalyptic writing, *The Road* is a true modern classic, a masterful, moving and increasingly prescient novel. This edition is part of the Picador Collection, a series of the best in contemporary literature, inaugurated in Picador's 50th Anniversary year.

Journey to the Dark Goddess

The Book of Lies was written by English occultist and teacher Aleister Crowley under the pen name of Frater Perdurabo. As Crowley describes it: "This book deals with many matters on all planes of the very highest importance. It is an official publication for Babes of the Abyss, but is recommended even to beginners as highly suggestive." The book consists of 91 chapters, each of which consists of one page of text. The chapters include a question mark, poems, rituals, instructions, and obscure allusions and cryptograms. The subject of each chapter is generally determined by its number and its corresponding Qabalistic meaning.
