Raising a Daughter

Girls are born believing that they can do anything, but our media-driven culture of mixed messages and conflicting values can make growing up a confusing and risky business. And for parents, it is a daunting responsibility to raise confident, independent daughters while still keeping them safe. Jeanne and Don Elum address such complex challenges as: • peer pressure and evolving social roles • emotional effects of physical changes • moodiness, eating disorders, and depression • the consequences of early sexuality • the gender gap between girls and boys • new research on ADD and ADHD in girls • daughters and single parenting Raising A Daughter guides parents through each stage of a girl's development, from infant to toddler, through middle childhood, the teen years, and on into early adulthood. A bestseller since 1994, this newly revised classic offers a practical exploration of what it means to have a daughter, and a compassionate study of what it means to be a woman coming of age in today's world.

The A to Z Guide to Raising Happy, Confident Kids

As an experienced therapist, a parenting expert on television and radio, an award-winning columnist, and a parent, Dr. Jenn Berman provides insightful and informative advice to parents as they guide their children through early childhood. The A to Z Guide to Raising Happy, Confident Kids addresses twenty-six of the most important issues that modern parents face. Each self-contained and easy-to-read chapter covers a different topic, allowing busy parents to quickly find and read what they need. You'll turn to this great resource again and again as your children grow.

Resources in Education

Researchers at Minneapolis-based Search Institute have identified 40 Developmental Assets that all kids need in their lives—good things like family support, a caring neighborhood, and resistance skills. Communities across the nation have embraced the book's quick-read, commonsense suggestions for helping kids lead healthy, productive, positive lives and stay out of trouble. This revised and updated third edition draws on findings from a 2010 survey of about 90,000 kids (grades 6–12) from communities across the United States. The new data confirms the power of Developmental Assets in young people's lives, reflecting updated levels of assets young people experience as well as the power that assets have to prevent high-risk behaviors and increase thriving behaviors.

What Kids Need to Succeed

"The Handbook of Girls' and Women's Psychological Health presents a contemporary view of psychological health for girls and women that integrates psychology, physiology, society, and culture. A

range of 50 chapters integrates current research, scholarship, and practice on the risks and protective factors that influence women's health and well-being across the life span. Within and biopsychosocial framework, the Handbook explores mind and body, risks and resilience, research and interventions, cultural diversity, and public policy." "This Handbook underscores the importance of gender in the lives of girls and women developmentally across significant phases of the life span. Considering the importance of cultural context, this book illustrates how gender socialization in female development and behavior affects self-evaluation, identity processes, and the social roles that girls and women adopt. Its chapters illustrate how externally induced risks such as poverty, discrimination, and violence present challenges to healthy development. Significantly, the chapters also draw attention to long overlooked and compelling strengths and capacities that provide a firm basis for growth and health."--BOOK JACKET.

Handbook of Girls' and Women's Psychological Health

A resource for daughters of mothers with narcissistic personality disorder explains how to manage feelings of inadequacy and abandonment in the face of inappropriate maternal expectations and conditional love, in a step-by-step guide that shares recommendations for creating a personalized program for self-protection and recovery. 50,000 first printing.

Will I Ever be Good Enough?

A girl learns as much about being a woman from her father as she does from her mother - and the learning starts much younger than we think. Tween expert Nancy Rue, and her husband, Jim, guide fathers in relating to their tween daughters as they make the transition from girl to young woman.

What Happened to My Little Girl?

8 lectures, Stuttgart, June 12-19, 1921 (CW 302) In these eight talks on education for adolescent-aged young people, Steiner addressed the teachers of the first Waldorf school two years after it was first opened. A high school was needed, and Steiner wanted to provide a foundation for study and a guide for teachers already familiar with his approach to the human being, child development, and education based on spiritual science. Steiner's education affirms the being of every child within the world of spirit. This approach works within the context of the child's gradual entry into earthly life, aided by spiritual forces, and children's need for an education that cooperates with those forces. Some of Steiner's remarks may be controversial, but unbiased study will lead to an appreciation of the profound thought and wisdom behind what is presented here. German source: Menschenerkenntnis und Unterrichtsgestaltung (GA 302).

Education for Adolescents

"Father Hunger" is the emptiness experienced by women whose fathers were physically or emotionally absent—a void that leads to unrealistic body image, yo-yo dieting, food fears and disordered eating patterns. The term, which is now part of the psychology lexicon, originated with the first edition of this work in 1991. After having completed a decade's worth of further investigation, Dr. Maine has updated the information about men and their daughters in this second edition. She offers a new crash course on being a girl in today's culture, based on her expertise as a leading eating disorders prevention advocate. This edition describes the origins of father hunger and its effect on the family, with even more practical solutions to help fathers and daughters understand and improve their relationships. Also included is an expanded section for educators and therapists to help them more effectively prevent and treat the problems that occur between dads and daughters.

Father Hunger

Very practical science based tips and guidelines and stories for moms and dads of baby girls. Including: Why you need a book just about girls. The very different health issues, genetic predisposition, hard wiring, neurological and biological development of girls, including unique strengths and weaknesses. How to understand the core nature of your girl and nourish it through problems of crying, fussing, eating, sleeping, attaching and other key issues during the first 12 months of life. Warm hearted stories about girls and tips from real moms, and a preview of what's to come for girls as they become toddlers, preschool kids, pubescent and beyond.

It's a Baby Girl!

When two people form a relationship or marry, they begin to move towards one another with the expectation of closeness. The emotionality or intensity that accompanies this process, however, may result in fusion followed by a desperate need for space or distance. *Intrusive Partners - Elusive Mates* is the first book to deal exclusively with the pursuer-distancer interaction, and to focus significant attention on the emerging male pursuer-female distancer dynamic. This book revisits Fogarty's work, traces the concept over time and across different professional fields, and discusses in detail the concepts correlation with gender issues and social change. A detailed, step-by-step model of treatment to aid in de-escalating this potentially problematic style is also offered. The model in and of itself is unique because it integrates psychoanalytic conflict theory and psychodynamic systems theory into one treatment approach. This book is intended to offer the therapist a model for understanding and effectively discussing this dynamic, while at the same time allowing couples to read and explore it on their own.

Intrusive Partners - Elusive Mates: The Pursuer-Distancer Dynamic in Couples

Michael Gurian, whose national bestseller *The Wonder of Boys* presented a radical and enlightening view of parenting sons, now offers a groundbreaking approach to raising daughters. In *The Wonder of Girls*, Gurian, himself the father of two girls, provides crucial information for fully understanding the basic nature of girls: up-to-date scientific research on female biology, hormones, and brain development and how they shape girls' interests, behavior, and relationships. He also offers insight into a culture mired in competition between traditionalism and feminism and a new vision that provides for the equal status of girls and women yet acknowledges their nature as complex and distinct from men. He explains what is "normal" for girls each year from birth to age 20; what developmental needs girls face in each stage; how to communicate effectively with girls; and how to cope with developmental crises such as early sexuality, eating disorders, parental divorce, and more. With personal insights, practical tips, real-life anecdotes, and accessible science, *The Wonder of Girls* creates a new parenting paradigm. Key elements include: a nature-based approach to why girls are the way they are the connection between the need for profound attachment and the physical and brain development of girls support for a girl's inherent need for intimacy tools to protect girls' self-esteem and emotional life a new approach to girls' character development and rites of passage. With this scientifically based developmental map of girlhood, Gurian equips parents with a comprehensive guide for raising daughters. Challenging our culture to examine and embrace a crucial piece of the puzzle missing thus far, *The Wonder of Girls* elevates the dialogue on parenthood.

The Wonder of Girls

The most popular question any pregnant woman is asked — aside from "When are you due?" — has got to be "Are you having a girl or a boy?" When author Andrea Buchanan was pregnant with her daughter, she was thrilled to be expecting a girl. Some people were happy for her; visions of flouncy pink dresses and promises of mother-daughter bonding were the predictable responses. Other people, though, were concerned: "Is your husband OK with that?" "You can try again." "Girls are tough." This mixed message led her to explore the issue herself, with help from her fellow writers and moms, many of whom had had the same experience. As she did in *It's a Boy: Women Writers on Raising Sons*, Buchanan and her contributors take on what it's really like to raise a child—in this case, a girl—from babyhood to adulthood. *It's a Girl*, is a wide-ranging, often humorous, and honest collection of essays about the experience of the mother-daughter bond, taking on topics like "princess power" ("Shining, Shimmering, Splendid"), adding a girl to a brood of boys ("Confessions of a Tomboy Mom"), dealing with a daughter's eating disorder ("The Food Rules"), and mothering "hardcore mini-feminists" ("Tough Girls").

It's a Girl

The must-have parenting book for parents with daughters. After the huge success of *Growing Great Boys* comes this companion title focusing on girls. There are many issues today to challenge girls and their parents. This book gives support and advice to parents in the same way that *Growing Great Boys* has done. It includes some general chapters on the nature of girls; girls and mothers; girls and fathers; solo parenting; preschool girls; middle years, and teen girls. Throughout the text Ian and Mary also address these topics: the delightful side of girl-culture as well as the negative side; the special challenges of our current culture - the rise of the brainless bimbo; girls and success - those things which impact a girl's likelihood of success; girls and friendships; girls and self-esteem - character is

more important than curves; fun and communication - girl-style; preparing for puberty; building blocks for a meaningful life; mentoring a girl; and lots more.

Growing Great Girls

C. Lynn Williams speaks with a refreshing honesty. Her voice provides an interesting perspective on how to effectively improve communication and self-esteem. Her book provides a roadmap for selfdiscovery that will benefit not only caregivers who are raising daughters, but also those who do not have children, but have been daughters themselves. Even men who find themselves asking why some women are the way they are or are puzzled by how women think will benefit from reading *Raising Your Daughter Through the Joys, Tears & HORMONES!*

Raising Your Daughter Through the Joys, Tears &

Single Moms Raising Girls is a book that is focused on the reality that occurs between mothers and daughters. This is not a book that is meant to sugar-coat the issues single moms face and it is certainly not filled with mumbo-jumbo that focuses more on psycho-analytic babble than offering practical help. If you are a single mom who is trying to raise a daughter during these difficult times, you are sure to find this book will be an encouragement to you and a great source for finding strength during the difficult times. In this book, you will discover real advice, from a real single mom who knows how it feels to be all alone in trying to raise a child. You will find this book will serve as a reference to help you deal with the many obstacles you may face on the path to raising your daughter to be a healthy young woman who is ready to go out and face her own adventures in life.

Single Moms Raising Girls

This is a reader-friendly Waldorf 'taster' with three public lectures by Rudolf Steiner on Waldorf education and a thought-provoking, accessible introduction by a Waldorf teacher and longtime student of Steiner's pedagogy.

What is Waldorf Education?

Maiden USA: Girl Icons Come of Age explores images of powerful, contradictory pop culture icons of the past decade, which run the gamut from Mean Girls and their Endangered Victims to Superheroines and Ingenue Goddesses. Are girls of the Title IX generation in need of Internet protection, or are they Supergirls evolving beyond gender stereotypes to rescue us all? *Maiden USA* provides an overview of girl trends since the '90s including the emergence of girls' digital media-making and self-representation venues on MySpace, Facebook and YouTube as the newest wave of Girl Power.

Skole

"The primary task of a Waldorf teacher is to understand the human being in body, soul, and spirit. From this understanding will grow the approach, the curriculum, and the methods of an education capable of addressing the whole child." --Roberto Trostli
Waldorf education, an established and growing independent school movement, continues to be shaped and inspired by Rudolf Steiner's numerous lectures on education. In *Rhythms of Learning*, key lectures on children and education have been thoughtfully chosen from the vast amount of material by Steiner and presented in a context that makes them approachable and accessible. In his many discussions and lectures, Steiner shared his vision of an education that considers the spirit, soul, and physiology in children as they grow. Roberto Trostli, an experienced Waldorf teacher, has selected the works that best illustrate the fundamentals of this unique approach. In each chapter, Trostli explains Steiner's concepts and describes how they work in the contemporary Waldorf classroom. We learn how the teacher-child relationship and the Waldorf school curriculum changes as the students progress from kindergarten through high-school. This book will serve as an excellent resource for parents who want to understand how their child is learning. Parents will be better prepared to discuss their child's education with teachers, and teachers will find it a valuable reference source and communication tool.

Maiden USA

"Everyone has had a mother, and most of us would admit that these women have profoundly affected our lives. *The Quotable Mom* gathers together some of the wisest and most memorable words ever written or spoken about and by the women who gave birth to us. This well-rounded volume includes

quotes from individuals as diverse as Mick Jagger, Ann Landers, Mother Teresa, and Beatrix Potter. This gem of a book makes the perfect gift for any mother or grandmother. It is a heartwarming and inspiring collection of humorous, profound, thoughtful, and compelling remarks and observations by and about mothers and their children."--Publisher description.

Rhythms of Learning

Dr. Evelyn Bassoff draws on personal experience as a mother as well as her years as a psychologist to offer parents the confidence and skills they need to raise a daughter ready to achieve, compete, and succeed.

The Writers Directory

Packed with easy-to-follow advice, quotes and tips from parents and daughters, and based on seven timeless secrets, Darling Daughters offers a fresh, positive and practical approach to the pleasures and pitfalls of parenting a daughter from birth onwards.

The Quotable Mom

A new guide to fatherhood from Armin A. Brott, the author of *The Expectant Father*, on dealing with the unique difficulties of parenting alone. In this ground-breaking volume author Armin Brott gives single dads the knowledge, skills, and support they need to become—and remain—actively involved fathers. With the same thoroughness, accessibility, and humor that have made the books in his critically acclaimed *New Father* series the best and most popular fatherhood guides in the country, Brott steers divorced, separated, gay, widowed, and never-married men through every aspect of fathering without a partner. Incorporating the advice of top psychologists, lawyers, and other experts, *The Single Father* offers a wealth of essential information and practical tips. Illustrated with cartoons that underscore the challenges and, yes, even the satisfactions of single parenting, and complete with an extensive list of resources for divorced, widowed, and gay dads, *The Single Father* is one book no single dad can afford to do without.

Cherishing Our Daughters

Written by the best-selling authors of *10 Best Gifts for Your Teen*, this book focuses on time, limits, and caring, or TLC, acknowledging that parenting teens can be complex and frightening. It covers nearly 30 diverse topics.

7 Secrets of Raising Girls Every Parent Must Know

"Conflict resolution skills for pre-K through grade 12"--Cover.

The Single Father: A Dad's Guide to Parenting Without a Partner

"Raising Our Daughters," a companion book to "Raising Our Sons," is a compilation of over 200 of the best parenting resources by more than 120 authors organized into 10 easy-to-understand chapters. ROD is organized as a parenting guide for individual learning and/or group discussion with other parents. It is also Search Institute approved and designed to help families and communities enhance the 40 Developmental Assets for their children. Each chapter contains a list of action steps you can take to put your new knowledge into practice as well as a list of resources to explore the chapter's theme more deeply. CHAPTER TITLES: 1) What's Happening to My Daughter? 2) What Influences Her? 3) Raising Her 4) Celebrating Womanhood 5) Empowering Her 6) Teaching Her 7) Making Time for Her 8) Keeping Her Safe 9) Supporting Her 10) Creating Community TESTIMONIALS "These magnificent guides will deepen and strengthen every family that uses them. They will build community and allow us to develop emotionally sturdy, well-behaved and civic-minded children." -- Mary Pipher, PhD (Lincoln, Nebraska) Author of "Reviving Ophelia," "Shelter of Each Other," "The Green Boat: Reviving Ourselves in Our Capsized Culture" and many other books about how American culture influences the mental health of its people "As a Head of School, it is very important for me to offer and have on hand appropriate and engaging resources. Dr. Masarie's "Raising Our Daughters" is not only engaging and appropriate, but it is perfect and offers a fantastic forum for supporting parents as they raise their daughters. I am also the mother of two girls, and I must say that reading this book AND creating a group is what makes it really work. I love this book and would love to see that it was required reading for all parents!" - Cathy Newman, Head of Sunstone School (Portland, Oregon) "Dr. Kathy Masarie and her approach to raising

emotionally healthy children has been a constant source of inspiration for me. I have put into action many of the ideas provided in the discussion groups, helping me to instill self-confidence and nurture a close, open and mutually rewarding relationship with both my daughter and my son." -- Katherine Melchior Ray, International Marketing Expert (Tokyo, Japan)

Parenting Your Teens with T.L.C.

Raising Our Daughters

Information on more than 17,500 living authors from English speaking countries.

Study Guide for Use with a Child's World

"I shouldn't have to tell him that again!" "She is just so spoiled." "They don't appreciate anything I do for them." Do you feel like you're at the end of your rope? Are you exhausted by your kids arguing over every little thing? Finally there's a name for your feelings: "Parent Frustration Syndrome" (PFS). No kid is perfect, but parents often don't realize just how much their own thoughts, rather than their children's behavior, contribute to being emotionally overwhelmed and discouraged. In *Liking the Child You Love*, Renowned psychologist Dr. Jeffrey Bernstein offers proven strategies for taming the 9 most common toxic thought patterns that stop us from parenting effectively: The "Always or Never" Trap Label Gluing Seething Sarcasm Smoldering Suspicions Detrimental Denial Emotional Overheating Blame Blasting "Should" Slamming Dooming Conclusions As you identify and put a stop to PFS's negative thought patterns, you'll be amazed at how your kids' defiant behavior quickly improves, without having to raise your voice or dole out harsh punishments. Soon you will have a closer, calmer, and more loving relationship with your kids -- just by changing your own mindset.

New Age Journal

Explains to fathers and mothers how to raise their female children, covering all stages from birth to adulthood and topics such as single parenting, stepparenting, cultural influences on gender roles, and breaking unhealthy intergenerational mothering patterns.

How to Solve Our Social Problems

The relationship between parents and daughters is often considered to be one of the most complex and nuanced bonds in the world. From the moment a daughter is born, parents are faced with the unique challenge of guiding their daughters through life while also trying to maintain a close and loving relationship. This great book will take you through several important subjects such as helping your daughter find her path in life; how to navigate your daughter's teen years; talking to her about sex and relationships; how to encourage a positive self-image and body image; empowering her financially; as well as managing disagreements and conflict amongst other subjects.

Good Mother's Guide to Disciplining Your Child

This book is my blueprint that can be used to raise your daughters to be articulate, self-confident, intelligent, and extraordinary young women and leaders. I want to inspire other parents to teach their daughters to be extraordinary from the moment they are born. Dr. Hawkins, author of "Raising Boys Into Extraordinary Young Men" and "Raising Girls Into Extraordinary Young Women"

Voice of Youth Advocates
