Animal Farm - Literature Kit Gr. 9-12

Experience the corruption of power and downfall of rebellion with this allegorical story of the Russian Revolution. This resource is great to use as a stand-alone resource, as well as a starting point for bigger activities. Predict whether old Major's words will inspire any action from the animals. Explain how life for the animals changed immediately following the rebellion. Answer multiple choice questions that reference life on the farm under the leadership of the pigs. Get into the minds of the animals who continue to confess in the face of executions to determine their motivations. Research the concepts of propaganda and historical revisionism and how they connect to Napoleon's actions in the novel. Discuss some of the instances of foreshadowing that can be found within the novel and how they influenced perceptions going forward. Aligned to your State Standards and written to Bloom's Taxonomy, our worksheets incorporate a variety of scaffolding strategies along with additional crossword, word search, comprehension quiz and answer key. About the Novel: Animal Farm is an allegorical satire that recalls the Russian Revolution, in which the unhappy animals of Manor Farm rise up against humanity. In Willingdon, England, Mr Jones runs the neglected Manor Farm. His animals are not happy with their living conditions. One night, old Major calls on the other animals to overthrow the humans. He teaches them a revolutionary song called 'Beasts of England'. When he dies, conditions on the farm continue to deteriorate, to the point where the animals decide to rise up. They chase the humans off the farm and rename it Animal Farm. Two pigs, named Snowball and Napoleon take control and immediately adopt a set of seven commandments they call Animalism. The farm runs smoothly until bit by bit these commandments are broken by the pigs. Through propaganda, the pigs continue to keep control over

the farm, even when the other animals start to question their actions. The story continues down a rabbit hole that inevitably shows the pigs are no different than the humans.

Canadian Provinces & Territories Gr. 4-6

Dreaming of a life of freedom and equality, the animals of Manor Farm stage an uprising against their negligent human master, Mr Jones. However, their dream rapidly turns sour and most of the animals don't realise that one form of tyranny has replaced another until it is too late. This edition comes with accessible and informative notes.

Essential Student Texts: Animal Farm

Anyone can overcome their destiny in this story of a pig who saves himself from the table. Great discussion questions engage students to think deeper about the text. Students explore the concept of prejudice and give an example of this from their own experiences. Write sentences using the vocabulary words from the story. Identify statements about Babe herding ducks as true or false. Brainstorm reasons why Farmer Hogget never named his pig. Conduct an interview with Babe for the London Times. Create a trading card for one of the characters in the book. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: Everyone is astonished when sheep farmer Hogget brings home a pig from the county fair. Shortly after his arrival, the piglet is adopted by the sheepdog. Destined for the oven, Babe changes that destiny by becoming skilled at the process of sheep-herding. Babe is taken to the Sheepdog Trials, where he astonishes the judges and spectators by excelling at herding the sheep. Babe: The Gallant Pig is a charming story with an unforgettable cast of characters. A number of positive themes run throughout the novel including the dangers of prejudice and stereotyping, leadership styles, and the positive results that can come through hard work, perseverance and courage. Set in rural America, other themes are those of farm life, sheep, sheepdogs, pigs and sheepdog trials.

On 20th August 1940 Trotsky's life was brutally ended when a Stalinist agent brought an ice pick crashing down on his head. Among the works left unfinished was the second part of his biography of Stalin. Trotsky's Stalin is unique in Marxist literature in that it attempts to explain some of the most decisive events of the 20th century, not just in terms of epoch-making economic and social transformations, but in the individual psychology of one of the protagonists in a great historical drama. It is a fascinating study of the way in which the peculiar character of an individual, his personal traits and psychology, interacts with great events. How did it come about that Stalin, who began his political life as a revolutionary and a Bolshevik, ended as a tyrant and a monster? Was this something pre-ordained by genetic factors or childhood upbringing? Drawing on a mass of carefully assembled material from his personal archives and many other sources, Trotsky provides the answer to these questions. In the present edition we have brought together all the material that was available from the Trotsky archives in English and supplemented it with additional material translated from Russian. It is the most complete version of the book that has ever been published.

Children are naturally inquisitive and eager to explore and learn about the world around them. It is important for their guardians, both Parents and Teachers, to satisfy their queries, and that too, in such a way that the children are able to understand and comprehend the concepts as well as learn from them. Also, there exists a gap in the level of information and knowledge provided to the children by the Parents vs. that provided by their Teachers. Discrepancies might also exist in the methodology(ies) through which the information and knowledge is relayed. This increases the possibility that the children might either not understand the concept clearly or become confused about the correct interpretation of the concepts. With these objectives in mind, and to build connectivity between the teaching methodologies by Parents and Teachers, we at Oswaal Books, have come up with this Manual for Teachers and Parents. Some benefits of using this manual are: • It aims to aid the Teachers and Parents in simplifying the concepts studied by children as a part of their curriculum • It equips the parents and teachers to enable the children to understand the subjects, and also evaluate their measure of understanding and creativity. • It includes Learning and Understanding Aids along with a Lesson Plan for each Chapter • It demonstrates Effective Teaching Techniques • It also gives various Propositions for Step-wise Learning and Building up of Concepts **IMPORTANT FEATURES OF THE BOOK:** Strictly based on latest NCERT Textbook The manual is based on the latest NCERT Textbook 6 Exploratory Learning objectives These provide explicit instructions to parents and teachers to teach their wards Effective Teaching Techniques The manual has tried and tested teaching techniques for higher success rate **WHAT THIS BOOK HAS FOR YOU:** Lesson Plan for each Chapter This provides clarity and direction to the users Tabulated and Categorized information This helps in creating and effectively executing the lesson plan 5Es of Learning This Manual is based on the 5 Es of Learning: Engage, Explore, Explain, Elaborate & Evaluate About Oswaal Books: We feel extremely happy to announce that Oswaal Books has been awarded as 'The Most Promising Brand 2019' by The Economic Times. In Project-Based Learning Applied to the Language Classroom, the authors propose a way to develop PBL in the language classrooms taking into account all of the obstacles and specifics involved in teaching a foreign language. It is about teaching English as a second or foreign language using Project-Based Learning (PBL). We approach this combination because many people seem to think about implementing PBL in their language classes and ask questions about how to do it, but feel that there aren't enough materials based on this methodology. In fact, most researchers and writers we have come across discuss the applications of PBL in the students' mother tongue to subjects such as Math, History, Literature, Social Studies, and Science. However, there are few published works about the specifics of PBL in foreign language classes. Besides, it seems obvious to us that the main difficulty in developing projects in a second or foreign language lies exactly on the fact that communication may be hindered when students do not have enough knowledge in the target language.

Students choose their own animal to become their faithful companion, much like Frightful is to Sam. Elaborate on Sam's realization that he is low in vitamin C by researching other vitamins and explaining what they provide to the human body. Test comprehension with multiple choice questions that ask about how Sam spends Christmas on the mountain. Predict how long it will be before Sam sees his father again. Identify the different relationships Sam makes with both animals and other people during his time in the Catskill Mountains. Aligned to your State Standards, additional crossword, word search, comprehension quiz and answer key are also included. About the Novel: My Side of the Mountain follows one boy's journey into the wilderness and the most unlikely realization he finds there. Sam Gribble is an adolescent boy who lives in a small New York City apartment with eight brothers and sisters. He hates feeling trapped and dreams of living in the wide open space that only the wilderness can provide. He decides then to run away to his grandfather's abandoned farm in the Catskill Mountains. On the way, Sam recounts how he survives a snowstorm and befriends a falcon and weasel. He learns many skills from people he meets on his journey that will help him to survive his independent lifestyle. However, Sam finds his solitude more lonesome than he thought, and soon yearns for human interaction. This coming-of-age story follows the mental and physical growth of a young boy as he discovers who he really is.

Measurement - Task Sheets Vol. 5 Gr. 6-8

****This is the chapter slice "Word Problems Vol. 5 Gr. 6-8" from the full lesson plan "Measurement"*****
For grades 6-8, our resource meets the measurement concepts addressed by the NCTM standards and encourages the students to learn and review the concepts in unique ways. We provide students the opportunity to learn, review, and master essential measurement skills by encouraging them to use, compare, analyze, and assess different units of measurement. Students will reinforce and develop their knowledge of measurement tools including: length, volume, time, money, weight and area. Students

will be asked to use standard as well as metric units of measure as they practice these measurement skills. The task sheets offer space for reflection, and opportunity for the appropriate use of technology. Also contained are assessment and standards rubrics, review sheets, color activity posters and bonus worksheets. All of our content meets the Common Core State Standards and are written to Bloom's Taxonomy, STEM, and NCTM standards.

Oswaal NCERT Teachers & Parents Manual Mathematics Math Magic Class 5 (For 2021 Exam)

Children are naturally inquisitive and eager to explore and learn about the world around them. It is important for their guardians, both Parents and Teachers, to satisfy their queries, and that too, in such a way that the children are able to understand and comprehend the concepts as well as learn from them. Also, there exists a gap in the level of information and knowledge provided to the children by the Parents vs. that provided by their Teachers. Discrepancies might also exist in the methodology(ies) through which the information and knowledge is relayed. This increases the possibility that the children might either not understand the concept clearly or become confused about the correct interpretation of the concepts. With these objectives in mind, and to build connectivity between the teaching methodologies by Parents and Teachers, we at Oswaal Books, have come up with this Manual for Teachers and Parents. Some benefits of using this manual are: • It aims to aid the Teachers and Parents in simplifying the concepts studied by children as a part of their curriculum • It equips the parents and teachers to enable the children to understand the subjects, and also evaluate their measure of understanding and creativity. • It includes Learning and Understanding Aids along with a Lesson Plan for each Chapter • It demonstrates Effective Teaching Techniques • It also gives various Propositions for Step-wise Learning and Building up of Concepts

IMPORTANT FEATURES OF THE BOOK: Strictly based on latest NCERT Textbook The manual is based on the latest NCERT Textbook 6 Exploratory Learning objectives These provide explicit instructions to parents and teachers to teach their wards Effective Teaching Techniques The manual has tried and tested teaching techniques for higher success rate

WHAT THIS BOOK HAS FOR YOU: Lesson Plan for each Chapter This provides clarity and direction to the users Tabulated and Categorised information This helps in creating and effectively executing the lesson plan 5Es of Learning This Manual is based on the 5 Es of Learning: Engage, Explore, Explain, Elaborate & Evaluate
