#### Dead Until Dark

Citing examples from folklore, as well as horror films, TV shows, and works of fiction, this book details all known ways to prevent vampirism, including how to protect oneself against attacks and how to destroy vampires. While offering explanations on the origins and uses of most commonly known tactics in fending off vampirism, the book also delves much deeper by collecting historical accounts of unusual burial rites and shocking superstitions from European history, from the “real” Serbian vampire Arnold Paole to the unique Bulgarian Djadadjii, a professional vampire “bottler.” It traces the evolution of how to kill the fictional vampire—from Bram Stoker’s *Dracula* and the Hammer horror films beginning in

the 1950s to Anne Rice's Lestat and the dreamy vamps of Twilight, True Blood, and The Vampire Diaries—and also celebrates the most important slayers, including Van Helsing, Buffy, and Blade. In exploring how and why these monsters have been created and the increasingly complex ways in which they are destroyed, the book not only serves as a handy guide to the history and modern role of the vampire, it reveals much about the changing nature of human fears.

### How to Kill a Vampire

A blockbuster anthology of original, blood-curdling vampire fiction from New York Times bestselling and award-winning authors, including Charlaine Harris, whose novels were adapted into HBO's hit show True Blood, and Scott Smith, publishing his first work since The Ruins. Before being transformed into romantic heroes and soft, emotional antiheroes, vampires were figures of overwhelming terror. Now, from some of the biggest names in horror and dark fiction, comes this stellar collection of short stories that make vampires frightening once again. Edited by New York Times bestselling author Christopher Golden and featuring all-new stories from such contributors as Charlaine Harris, John Ajvide Lindqvist, Scott Smith, Sherrilyn Kenyon, Michael Koryta, Kelley Armstrong, Brian Keene, David Wellington, Seanan McGuire, and Tim Lebbon, Seize the Night is old-school vampire fiction at its finest.

### Seize the Night

While staying at the remote and reputedly haunted Maine inn run by her father and pregnant stepmother, sixteen-year-old Cynda feels increasingly isolated from her father's new family and finds solace in the attentions of a charming but mysterious guest.

### Look for Me by Moonlight

'A groundbreaking work of Afrofuturism before the term was even coined' Guardian 'A lush, exciting, inspiring read' Sarah Waters The night hides many things . . . Louisiana, 1850. A young girl escapes slavery and is taken in by two mysterious women. Rumoured to be witches, the pair travel only at night, dress in men's clothing and seem to know others' innermost thoughts. But the girl sees the promise of true freedom in their dark glittering eyes- the promise to 'share the blood' and live forever. They name her Gilda. Over the next two hundred years, Gilda moves through unseen spaces- through antebellum brothels, gold-rush bars, Black women's suffrage groups, hair salons and jazz clubs, searching for a way to exist in the world. Her body, powerful against the passage of time, will know both beauty and horror through the women she desires and the blood she craves. But can Gilda truly outrun the darkness of history and face a future where the lives of everyone she loves are at stake? An instant queer classic when it was first published in 1991, The Gilda Stories is a radical reimagining of the vampire myth and astoundingly prescient in its explorations of Blackness, community and female love.
