The Ii-V-I Progression

"Lesson lab: book and CD for B, E, C and bass clef instruments."

Michael Jackson

"Book and CD for B, E, C, and bass clef instruments."

Postnational Musical Identities

The interdisciplinary essays gathered in this volume explore how music audiences and markets are imagined in a globalized scenario, how music reflects and reflects upon new understandings of citizenship beyond the nation-state, and how music works as a site of resistance against globalization. Focusing on the Americas, they cast a new light on the role of music production, distribution, and consumption beyond the traditional paradigms of musical discourse.

Mozart

(Jazz Play Along). For use with all B-flat, E-flat, Bass Clef and C instruments, the Jazz Play-Along Series is the ultimate learning tool for all jazz musicians. Beyond Memory

South Africa possesses one of the richest popular music traditions in the world - from marabi to mbaqanga, from boeremusiek to bubblegum, from kwela to kwaito. Yet the risk that future generations of South Africans will not know their musical roots is very real. Of all the recordings made here since the 1930s, thousands have been lost for ever, for the powers-that-be never deemed them worthy of preservation. And if one peruses the books that exist on South African popular music, one still finds that their authors have on occasion jumped to conclusions that were not as foregone as they had assumed. Yet the fault lies not with them, rather in the fact that there has been precious little documentation in South Africa of who played what, or who recorded what, with whom, and when. This is true of all music-making in this country, though it is most striking in the musics of the black communities. Beyond Memory: Recording the History, Moments and Memories of South African Music is an invaluable publication because it offers a first-hand account of the South African music scene of the past decades from the pen of a man, Max Thamagana Mojapelo, who was situated in the very thick of things, thanks to his job as a deejay at the South African Broadcasting Corporation. This book

- astonishing for the breadth of its coverage - is based on his diaries, on interviews he conducted and on numerous other sources, and we find in it not only the well-known names of recent South African music but a countless host of others whose contribution must be recorded if we and future generations are to gain an accurate picture of South African music history of the late 20th and early 21st centuries.

Elton John (Songbook)

(Jazz Play Along). For use with all Bb, Eb, C, and Bass Clef instruments, the Jazz Play-Along Series is the ultimate learning tool for all jazz musicians. With musician-friendly lead sheets, melody cues and audio, this first-of-its-kind package helps you master improvisation while playing some of the greatest tunes of all time. For study, each tune includes audio with: * Melody cue with proper style and inflection * Professional rhythm tracks * Choruses for soloing * Removable bass part * Removable piano part. For performance, each tune also has: * An additional full stereo accompaniment track (no melody) * Additional choruses for soloing. Includes 10 songs: Bennie and the Jets * Candle in the Wind * Crocodile Rock * Daniel * Don't Let the Sun Go down on Me * Goodbye Yellow Brick Road * Honky Cat * I Guess That's Why They Call It the Blues * Rocket Man (I Think It's Gonna Be a Long Long Time) * Your Song.

Songs in the Key of Z

Irwin Chusid profiles a number of "outsider" musicians - those who started as "outside" and eventually came "in" when the listening public caught up with their radical ideas. Included are The Shaggs, Tiny Tim, Syd Barrett, Joe Meek, Captain Beefheart, The Cherry Sisters, Daniel Johnston, Harry Partch, Wesley Willis, and others.

John Coltrane Standards Songbook

World Music

Authors Terry E. Miller and Andrew Shahriari take students around the world to experience the diversity of musical expression. World Music: A Global Journey, now in its third edition, is known

for its breadth in surveying the world's major cultures in a systematic study of world music within a strong pedagogical framework. As one prepares for any travel, each chapter starts with background preparation, reviewing the historical, cultural, and musical overview of the region. Visits to multiple 'sites' within a region provide in-depth studies of varied musical traditions. Music analysis begins with an experimental "first impression" of the music, followed by an "aural analysis" of the sound and prominent musical elements. Finally, students are invited to consider the cultural connections that give the music its meaning and life. Features of the Third Edition Over 3 hours of diverse musical examples. with a third audio CD of new musical examples Listening Guides analyze the various pieces of music with some presented in an interactive format online Biographical highlights of performers and ethnomusicologists updated and new ones added Numerous pedagogical aids, including "On Your Own Time" and "Explore More" sidebars, and "Questions to Consider" Popular music incorporated with the traditional Dynamic companion web site hosts new Interactive Listening Guides, plus many resources for student and instructor. Built to serve online courses. The CD set is available separately (ISBN 978-0-415-89402-9) or with its Value Pack and book (ISBN 978 0415- 80823-1). For eBook users, MP3 files for the accompanying audio files are available only with the Value Pack of eBook & MP3 files (ISBN 978-0-203-15298-0). Please find instructions on how to obtain the audio files in the contents section of the eBook.

Summertime

Illustrations and the song "Summertime" from the "Porgy and Bess" musical depict a family's routine summer day.

Classical Music

This kaleidoscopic collection reflects on the multifaceted world of classical music as it advances through the twenty-first century. With insights drawn from leading composers, performers, academics, journalists, and arts administrators, special focus is placed on classical music's defining traditions, challenges and contemporary scope. Innovative in structure and approach, the volume comprises two parts. The first provides detailed analyses of issues central to classical music in the present day, including diversity, governance, the identity and perception of classical music, and the challenges facing the achievement of financial stability in non-profit arts organizations. The second part offers case studies, from Miami to Seoul, of the innovative ways in which some arts organizations have responded to the challenges analyzed in the first part. Introductory material, as well as several of the essays, provide some preliminary thoughts about the impact of the crisis year 2020 on the world of classical music. Classical Music: Contemporary Perspectives and Challenges will be a valuable and engaging resource for all readers interested in the development of the arts and classical music, especially academics, arts administrators and organizers, and classical music practitioners and audiences.

Encyclopedia of Recorded Sound in the United States

This alphabetical reference covers the entire spectrum of the recording of sound, from Edison's experimental cylinders to contemporary high technology. The major focus is on the recorded sound industry in the US, with additional material on Canada, Europe, Australia, and New Zealand. The coverage is particularly strong on the earliest periods of recorded sound history--1877-1948, the 78 rpm era and 1949-1982, the LP era. In addition to performers and their work, entries also cover important commercial organizations, individuals who made significant technical contributions, societies and associations, sound archives and libraries, magazines, catalogs, award winners, technical topics, special and foreign terms, copyright laws, and other areas of interest. Annotation copyright by Book News, Inc., Portland, OR

Louie Louie

The author of *Glory Days* chronicles the rich history of the infamous tune sung by the Kingsmen, including the actual lyrics, the history of censorship, and other details.

Stan Kenton

An expert on Stan Kenton, Sparke delivers a comprehensive history of Kenton's activities as a bandleader and creative force in jazz. Based largely on interviews with Kenton and members of the various incarnations of his orchestra, the book shows how the "Kenton sound" evolved over four decades, focusing on the role that Kenton himself played in that development. While Sparke's style is sometimes a bit florid, his vast knowledge and enthusiasm for his subject is evident throughout the book. Likely to become the standard history of Kenton's orchestra, this book will be enjoyed by any reader interested in the history of big-band jazz. Annotation m2010 Book News, Inc., Portland, OR (booknews.com).
