To many people, strategy is a mystery.

Strategy does not start with a focus on profit.

It's about creating value.

There's a simple tool to help visualize the value you create: the value stick.

What is willingness-to-pay?
 What is willingness-to-sell?
 Remind me: Where does profit come in again?
 How do I raise willingness-to-pay?
 And how do I lower willingness-to-sell?
 Real world example: Best Buy's dramatic turnaround

Strategic Management: Concepts and Cases (13th Edition)

This package contains the following components: -0136120989: Strategic Management -0136125387: MyManagementLab with Pearson eText -- Access Card -- for Strategic Management

Strategic Management

A skills-oriented, practitioner perspective on strategy, thoroughly updated with current research and concepts. In today's economy, gaining and sustaining a competitive advantage is harder than ever. Strategic Management: Concepts captures the complexity of the current business environment and delivers the latest skills and concepts with unrivaled clarity, helping readers develop their own cutting-edge strategy through skill-developing exercises. The thirteenth edition explores the current global recession and shows how it has affected the business environment, providing readers with updated coverage of strategic-management concepts, theory, research, and techniques in every chapter.

Strategic Management

This business policy textbook meets the AACSB guidelines, which support a more practical orientation over a theory/research based approach.

Strategic Management

This edition presents updated coverage of international strategy, with revised cases and concepts, organized by industry.

Strategic Management

For undergraduate courses in Strategic Management and Business Policy. Designed in functional four-color, it offers a popular practitioner-oriented perspective, focuses on skill-building in all major areas of strategy formation, implementation, and evaluation, and weaves three very contemporary themes throughout each chapter globalization, the natural environment, and e-commerce. Numerous Experiential Exercises.

Strategic Management

This text includes recent research in strategy in a way that students can understand and apply to business cases and problems. Also, it offers coverage of strategy implementation, which many instructors think is critical if students are to understand the how and not just the what and why. This book also includes coverage of Michael Porter's classic 5-forces model. In this 13th edition there are two new chapters on global and e-commerce strategy, and cases that should spark student interest and generate lively classroom discussions. Many of the cases reflect high profile companies, products, and people that students will have heard of, know about from personal experience, or can easily identify with. The new case line-up features a collection of dot.com/new economy companies. Cases

are further selected to highlight other critical types of business and trends, such as non-US companies, globalization, cross-cultural situations, relatively small, entrepreneurial firms, non-profit organizations and more.

Strategic Management with Powerweb

A component of Strategic Management by the same author, this text focuses on the study of concepts involved in strategic management. It incorporates three themes: globalization, the natural environment and technology, and presents concepts in strategy formulation, implementation and evaluation.

Concepts of Strategic Management

"In today's economy, gaining and sustaining a competitive advantage is harder than ever. Strategic Management captures the complexity of the current business environment and delivers the latest skills and concepts with unrivaled clarity, helping students develop their own cutting-edge strategy through skill-developing exercises"--Publisher's website.

Strategic Management

The global economic recovery has created a business environment that is quite different and more complex than before. This new edition of the textbook reveals how to conduct effective strategic planning in this new world order.

Strategic Management Concepts

An introduction to strategic management, this book incorporates three themes throughout each chapter: globalization, the natural environment and technology. It focuses on skill-building in all the major areas of strategy formulation, implementation and evaluation.

Strategic Management

For undergraduate/graduate-level courses in Strategic Management, Strategy, and Business Policy. Communicating both the excitement and value of strategic management, this popular, lively and conversational text reflects the effect our rapidly changing world has on strategic management theory and practice.

Fundamentals of Strategic Management

This text focuses on SWOT (Strengths, weaknesses, opportunities, threats) analysis. It includes all new cases, and contains a unique chapter on not-for-profit organisations.

Strategic Management

For courses in strategy. A Practical, Skills-oriented Approach to Strategic Management In today's economy, gaining and sustaining a competitive advantage is harder than ever. Strategic Management captures the complexity of the current business environment and delivers the latest skills and concepts with unrivaled clarity, helping students develop their own cutting-edge strategy through skill-developing exercises. The 16th Edition has been thoroughly updated and revised with current research and concepts.
