The Boy Who Dreamed in Colour

This is a story of a boy who lived in a world without colour, who believed that there was something other than grey. This wish for the 'something' began to cause beautiful colours to appear in his dreams, colours that he longed to see in the grey day. The Boy who Dreamed Big

A young mathematical genius from India searches for the secrets hidden inside numbers — and for someone who understands him — in this gorgeous picture-book biography. A mango . . . is just one thing. But if I chop it in two, then chop the half in two, and keep on chopping, I get more and more bits, on and on, endlessly, to an infinity I could never ever reach. In 1887 in India, a boy named Ramanujan is born with a passion for numbers. He sees numbers in the squares of light pricking his thatched roof and in the beasts dancing on the temple tower. He writes mathematics with his finger in the sand, across the pages of his notebooks, and with chalk on the temple floor. "What is small?" he wonders. "What is big?" Head in the clouds, Ramanujan struggles in school — but his mother knows that her son and his ideas have a purpose. As he grows up, Ramanujan reinvents much of modern mathematics, but where in the world could he find someone to understand what he has conceived? Author Amy Alznauer gently introduces young readers to math concepts while Daniel Miyares's illustrations bring the wonder of Ramanujan's world to life in the inspiring real-life story of a boy who changed mathematics and science forever. Back matter includes a bibliography and an author's note recounting more of Ramanujan's life and accomplishments, as well as the author's father's remarkable discovery of Ramanujan's Lost Notebook.

The Boy Who Dreamed of Infinity: A Tale of the Genius Ramanujan

New York, 1909: Fifteen-year-old Cetta arrives on a freighter with nothing but her infant son Natale: strikingly blond, dark-eyed, and precocious. They've fled the furthest reaches of southern Italy with the dream of a better life in America. But even in the "Land of the Free," the merciless laws of gangs rule the miserable, poverty-stricken, and crime-filled Lower East Side. Only those with enough strength and conviction survive. As young Natale grows up in the Roaring Twenties, he takes a page from his crippled mother's book and finds he possesses a certain charisma that enables him to charm the dangerous people around him ... Weaving Natale's unusual life and quest for his one true love against the gritty backdrop of New York's underbelly, Di Fulvio proves yet again that he is a master storyteller as he constructs enticing characters ravaged by circumstance, driven by dreams, and awakened by destiny. Haunting and luminous, this masterfully written blend of romance, crime, and historical fiction will thrill lovers of turn-of-the-century dramas like "Once Upon a Time in America" and "Gangs of New York." About the Author: Luca Di Fulvio was born in 1957 in Rome where he now works as an independent author. His versatile talent allows him to write riveting adult thrillers and cheerful children's stories (published under a pseudonym) with equal ease. One of his previous thrillers, "L'Impagliatore," was filmed in Italian under the title "Occhi di cristallo." Di Fulvio studied dramaturgy in Rome where he was mentored by Andrea Camilleri.

In *A Boy and His Dream*, Okosun shares the struggles he endured and how he strived to overcome those early challenges. From hunger to being ostracized by a polygamist family, he experienced severe poverty while growing up. At the same time, his elders imparted important lessons that Okosun took to heart, including the message that he was in charge of his own destiny. Learning by trial and error and with guidance from God, Okosun tells how he became educated, earned several degrees, and immigrated to the United States. *A Boy and His Dream* narrates the story of a man who has come a long way from being an abused little boy in Nigeria.

The Boy Who Sang with Dragons (The Boy Who Grew Dragons 5)

"Eerie, twisty, fast, and funny, Dream Boy will forever change the way you see your dreams—and your nightmares."—Lois Metzger, author of *A Trick of the Light When Dreams Start Coming True*... It was all just brain waves, I thought—disconnected, like the notebook my friend Talon keeps. She draws a line down the middle; on the right she writes everything she remembers about a dream, and on the left notes about what's happening in real life. Reality on one side, dreams on the other, a clear line between the two. But it turns out there are no clear lines—just a jumble of what is and what might be. And all of it is real. How Do You Know What's Real? Annabelle's dreams have started coming to life. Which is great when you're dreaming about a gorgeous guy whose purpose in life is to win the Best Boyfriend Ever Award. And then Dream Boy walks into your science class. Talk about the perfect date to homecoming. But not all of Annabelle's dreams are so...friendly. And when the dream stops, the nightmare begins... "The authors expertly weave the real world and the mysterious world of dreams—where we access our deepest desires—in a perfect blend."—Eric Orloff, author of *In Dreams*

Dream Boy

"In Curtis Dawkins's first short story collection, he offers a window into prison life through the eyes of his narrators and their cellmates. Dawkins reveals the idiosyncrasies, tedium, and desperation of long-term incarceration—he describes men who struggle to keep their souls alive despite the challenges they face. In 'A Human Number,' a man spends his days collect-calling strangers just to hear the sounds of the outside world. In '573543,' an inmate recalls his descent into addiction as his prison softball team gears up for an annual tournament against another unit. In 'Leche Quemada,' an inmate is released and finds freedom more complex and baffling than he expected. Dawkins's stories are funny and sad, filled with unforgettable detail—the barter system based on calligraphy-ink tattoos, handmade cards, and cigarettes; a single dandelion smuggled in from the rec yard; candy made from powdered milk, water, sugar, and hot sauce. His characters are nuanced and sympathetic, despite their obvious flaws. The Graybar Hotel tells moving, human stories about men enduring impossible circumstances."--

The Boy Who Dreamed of Sleep

The Boy Who Dared to Dream

Short listed for the Best Football Book in the 2010 British Sport Book Awards The way Britain develops its top football talent is a hot topic of debate. The failure of all four of the UK's national teams to reach the 2008 European Championships and the ever-increasing reliance of England's top clubs on foreign talent underlines an undisputable fact: that Britain now lags well behind the world's top countries in producing the best footballers, despite having the wealthiest league in the world and untold riches at the game's disposal. Every Boy's Dream: England's Football Future on the Line investigates why - despite unprecedented expenditure on a huge overhaul of youth development in the past decade - British football continues to fail to nurture top-class football talent. With some 10,000 boys in the system at any time - and less than one per cent of those boys likely to make it as professional footballers - there is a real need for a long, hard look at our domestic football development system. Who funds the system? How are the boys recruited? Who is responsible for their coaching and what qualifications do they have for the job? Who looks after their welfare, ensuring they are enjoying the sport and still keeping up with their schooling while under the clubs' stewardship? What happens when the boys don't make the cut and are released by the clubs? Every Boy's Dream does not pull any punches. It lays the blame at the doors of the authorities in charge of youth football. But, rather than just listing the faults of system - which are many, as the hard-hitting real-life examples demonstrate - it provides tales of inspiration and a blueprint for the future of the national game. It is the most thorough book ever written about football youth development, and cracks through the age-old veneer of perceived wisdom that has stifled debate on the subject.

Learning to train the dragons and keep them out of trouble at school and home will take all Tomas's creativity and patience ... What is more, the dragonfruit tree is starting to look droopy and unwell. Tomas and his friends have got to do all they can restore it to health and uncover its deepest mysteries, as well as trying to work out what big secret local bully Liam, 'King of Trouble', has got up his sleeve ... As he shares his adventures in walking between the worlds, we begin to understand that all times — past, future, and parallel — may be accessible now. Soon after he arrives, the community is

shocked by the disappearance of Evie's young son. The townspeople, shaken by the Dawson family's tragedy and captivated by Robert's subversive magic, begin to experiment with his dreams. And Evie, devastated by grief, turns to Robert for a comfort only he can sell her. The Woman Who Read Too Much

"Breathtaking in its scope and wonderfully illuminating. . . . one of the most powerfully convincing characters in recent historical fiction." —Alberto Manguel, *The Guardian* Gossip was rife in the capital about the poetess of Qazvin. Some claimed she had been arrested for masterminding the murder of the grand Mullah, her uncle. Others echoed her words, and passed her poems from hand to hand. Everyone spoke of her beauty, and her dazzling intelligence. But most alarming to the Shah and the

court was how the poetess could read. As her warnings and predictions became prophecies fulfilled, about the assassination of the Shah, the hanging of the Mayor, and the murder of the Grand Vazir, many wondered whether she was not only reading history but writing it as well. Was she herself guilty of the crimes she was foretelling? Set in the world of the Qajar monarchs, mayors, ministers, and mullahs, this book explores the dangerous yet luminous legacy left by a remarkable person. Bahiyyih Nakhjavani offers a gripping tale that is at once a compelling history of a pioneering woman, a story of nineteenth century Iran told from the street level up, and a work that is universally relevant to our times. "Mordant and seethingly intelligent." —Sam Sacks, Wall Street Journal "An engrossing story." —Gayatri Devi, World Literature Today "Haunting . . . reminds us all that whether Tudor, Qajar, or Clinton, behind every throne is a queen mother, wife, and sister who runs the show." —Davar Ardalan, Washington Independent Review "Nakhjavani offers a philosophically complex yet lyrically wrought examination of the eternal struggle for women's rights." —Carol Haggas, Booklist "Nakhjavani deftly transforms an incomplete history into legend. . . . An expertly crafted epic." —Kirkus Reviews

Too Much Lip

A dark and funny new novel from the multi-award-winning author of Mullumbimby. Too much lip, her old problem from way back. And the older she got, the harder it seemed to get to swallow her opinions. The avalanche of bullshit in the world would drown her if she let it; the least she could do was raise her voice in anger. Wise-cracking Kerry Salter has spent a lifetime avoiding two things – her hometown and prison. But now her Pop is dying and she's an inch away from the lockup, so she heads south on a stolen Harley. Kerry plans to spend twenty-four hours, tops, over the border. She quickly discovers, though, that Bundjalung country has a funny way of grabbing on to people. Old family wounds open as the Salters fight to stop the development of their beloved river. And the unexpected arrival on the scene of a good-looking dugai fella intent on loving her up only adds more trouble – but then trouble is Kerry's middle name. Gritty and darkly hilarious, Too Much Lip offers redemption and forgiveness where none seems possible.

Too Much Happiness

Brilliantly paced, lit with sparks of danger and underlying menace, these are dazzling, provocative stories about Svengali men, and radical women who outmanoeuvre them, about destructive marriages and curdled friendships, about mothers and sons, about moments which change or haunt a life. Alice Munro takes on complex, even harrowing emotions and events, and renders them into stories that surprise, amaze and shed light on the unpredictable ways we accommodate to what happens in our lives. A young wife and mother, whose spirit has been crushed, finds release from her extraordinary pain in the most unlikely place. The student victim of a humiliating seduction (which involves reading Housman in the nude) finds an unusual way to get her own back and move on. An older woman, dying of cancer, weaves a poisonous story to save her life. Other stories uncover the 'deep holes' in marriage and their consequences, the dangerous intimacy of girls and the cruelty of children. The long title story follows Sophia Kovalevsky, a late nineteenth-century Russian emigree and mathematical genius, as she takes a fateful winter journey that begins with a visit to her lover on the Riviera, and ends in Sweden, where she is a professor at the only university willing to hire a woman to teach her subject. Munro's unsettling stories turn lives into art, expand our world and our understanding of the strange workings of the human heart.

Too Much

Lacing cultural criticism, Victorian literature, and storytelling together, Too Much explores how culture corsets women's bodies, souls, and sexualities - and how we might finally undo the strings. Written in the tradition of ShriLL, Dead Girls, Sex Object and other frank books about the female gaze, Too Much encourages women to reconsider the beauty of their excesses - emotional, physical, and spiritual. Rachel Vorona Cote braids cultural criticism, theory, and storytelling together in her exploration of how culture grinds away our bodies, souls, and sexualities, forcing us into smaller lives than we desire. An erstwhile Victorian scholar, she sees many parallels between that era's fixation on women's 'hysterical' behavior and our modern policing of the same; in the space of her writing, you're as likely to encounter Jane Eyre and Lizzie Bennet as you are Britney Spears and Lana Del Rey. This book will tell the story of how women, from then and now, have learned to draw power from their reservoirs of feeling, all that makes us 'too much'.

Us & Them

The international bestselling author shares “a glitteringly poignant novel” of an Iranian family navigating war, migration, and generational divides (Ruth Padel, author of Where the Serpent Lives). Ever since the Iranian Revolution, Lili and Goli have argued about where their mother, Bibijan, should live. They also disagree about her finances, which remain blocked as long as she insists on waiting for her missing son to return from the Iran–Iraq war. When they begin sending Bibijan back and forth between Paris and Los Angeles, they begin to wonder where the money is coming from. But in order to remember the truth, Bibijan must finally relinquishes the past. Mirrored in fragmented lives, Us&Them is a story of generational tensions that explores Iranian life away from home in all its aspects—the ludicrous and the tragic, the venal and the generous. It also highlights how “we” can become “them” at any moment, for

our true exile is alienation from others. Acclaimed author Bahiyyih Nakhjavani offers a poignant satire about migration, one of the vital issues of our times.

A Little Life

First delivered as a speech to schoolgirls in Kent in 1926, this enchanting short essay by the towering Modernist writer Virginia Woolf celebrates the importance of the written word. With a measured but ardent tone, Woolf weaves together thought and quote, verse and prose into a moving tract on the power literature can have over its reader, in a way which still resounds with truth today. I have sometimes dreamt, at least, that when the Day of Judgement dawns and the great conquerors and lawyers and statesmen come to receive their rewards – their crowns, their laurels, their names carved indelibly upon imperishable marble – the Almighty will turn to Peter and will say, not without a certain envy when he sees us coming with our books under our arms, “Look, these need no reward. We have nothing to give them here. They have loved reading.”

How Should One Read a Book?

Adultery, it is often assumed, was not a major concern of English culture during the Victorian age, and the apparent absence of adultery—indeed, of all explicit representations of sexuality—in turn made censorship for obscene libel unnecessary. Very few writers, conventional wisdom has it, were bold enough to defy the powerful implicit constraints imposed upon literary production. If we find no English Anna Karenina or Madame Bovary, Barbara Leckie nevertheless demonstrates that adultery preoccupied English culture during this period. After the Matrimonial Causes Act of 1857 was passed, adultery was prominently discussed in the Divorce Court. Transcriptions of divorce trials were an immensely popular front-page feature of almost all daily newspapers for more than fifty years. At the same time as narratives of adultery stood at the center of sensation novels such as Mary Elizabeth Bradden's *The Doctor's Wife*, literary reviews and cultural debates strongly encouraged serious novelists to avoid the topic. In *Culture and Adultery*, Leckie mines novels, newspapers, court and Parliamentary records to explore several related sets of issues. How, first, did adultery become "visible" in the public sphere in the second half of the nineteenth century? Why, conversely, has the discursive history of adultery been deemphasized in the English critical tradition? And how is the history of the Victorian and early twentieth-century English novel revised when the culture's concern with adultery and censorship are reintroduced?

The Westminster Review

Mrs. Dalloway takes place over the course of a single day in a woman's life in 1920's London. There are flowers to buy, outfits to choose, but also a visit from a past lover, and the tragic fate of a young war veteran who cannot adjust to life in post-war London. Virginia Woolf's supple and mesmerizing account of an ordinary day draws the reader into the minds, perceptions, and emotions of an astonishingly varied and vivid cast of characters. Woolf reminds us that each day, hour, and even minute of our lives harbors the potential to transform us and those around us. Luminously beautiful, Mrs. Dalloway uses the internal monologues of the characters to tell a story of inter-war England. With this, Virginia Woolf changed the novel forever.

ANTHONY TROLLOPE Ultimate Collection: 100+ Novels & Short Stories; Articles, Memoirs & Essays

THE HOTTEST DEBUT NOVEL OF 2023 "Frank, sexy, and so tender. Little's pen shines" Bolu Babalola, author of Love in Colour "A beautifully rendered story about love's possibilities and its limits. I laughed, I cried, couldn't put it down" Monica Heisey, author of Really Good, Actually "An effervescent and irresistible new voice" Coco Mellors, author of Cleopatra and Frankenstein "A wonderfully fresh, zesty and sexy debut novelist who is putting black queer lives, loves and longings centre stage, where they belong" Bernardine Evaristo, author of Girl, Woman, Other "Full of energy, wit and excitement, this is a book to watch" Stylist "Bold debut novel . . . free-spirited . . . amazing" Cosmopolitan "A paeon to a queer love affair that's sexy, complex and romantic. Effortlessly capturing our uncertain zeitgeist" Evening Standard Elsie is a sexy, funny, and fiercely independent woman living in South London. But, at just 28, she is also tired. Though she spends her days writing tender poetry in her journal, her nights are spent working long hours for minimum wage at a neighbourhood gay bar. The difficulty of being estranged from her family, struggle of being continually rejected from jobs, and fear of never making money doing what she loves, is too great. But Elsie is determined to keep the faith, for a little longer at least. Things will surely turn around. They have to. As she tries to breathe through the panic attacks, sleeping with her hot and spirited co-worker Bea isn't exactly straightforward and offers Elsie

just another place to hide. As Elsie tries to reconnect with her best friend Juliet, her fragile world spirals out of control. Can Elsie steady herself and not fall through the cracks? The must-read debut of 2023, *Rosewater* is an ideal gift for fans of Candice Carty-Williams, Sally Rooney and Mendez.

Why do literary theorists see reading as an act of dispassionate textual analysis and meaning production, when historical evidence shows that readers have often read excessively, obsessively, and for sensory stimulation? Posing these and other questions, this is the first major work to bring insights from book history to bear on literary history and theory. In so doing, the book charts a compelling and innovative history of theories of reading. While literary theorists have greatly contributed to our understanding of the text-reader relation, they have rarely taken into account that the relation between a book and a reader is also a relation between two bodies: one made of paper and ink, the other flesh and blood. This is why, Karin Littau argues, we need to look beyond the words on the page, and pay attention to the technical innovations in the physical format of the book. Only then is it possible to understand more fully how media technology has changed our experience of reading, and why media history presents a challenge to our conceptions of what reading is. Each chapter places the reader in specific disciplinary and historical contexts: literature, criticism, philosophy, cultural history, bibliography, film, new media. Overall, the history recounted in this book points to a split between modern literary study which regards reading as a reducibly mental activity, and a tradition reaching back to antiquity which assumed that reading was not only about sense-making but also about sensation. *Theories of Reading: Books, Bodies and Bibliomania* will be essential reading for all students and scholars of literary theory and history as well as of great interest to students of the history of the book and new media.

Theories of Reading

ONE CHANCE AT FOREVER Ben Badwin likes his women sexy, wild, and as uninhibited as his desires. Nothing like the brash, dirt-covered, wholesomely cute woman who just strutted into his diner. But something about Sierra Murphy's independent attitude makes Ben's fantasies run wild... Sierra doesn't need a man in her life, not even one as tempting as Ben. But the more she keeps her distance, the more he wants her, and the harder it is for Sierra to steer clear of his enticing eyes. To get him out of her system, Sierra makes a proposition: she'll sleep with him, but for one night only. Now, it's up to Ben to turn one night of pure ecstasy into a passion that never ends

Even the characters in his story seem dubious, almost unreal. So what is he hiding? And why? Is there any truth to his story at all? In this darkly suspenseful romance mystery, Akshara is left facing a truth that will make her doubt not just Harry but herself as well . . .

They say history repeats itself. In the near future, Jim Proffitt leads a group of men loyal to him. When a false ally from his past becomes his greatest adversary, Jim is the only one who can stand against him. In a selfless act of sacrificing himself, he puts a daring plan into motion to save the world. It will be up to his sons to continue the fight after he is gone. But to do so, they must choose their own path without their fathers help. Without that guidance, will their fate continue on the path that Jim has laid before them, or will they fall from grace and side against those who still follow their fathers will? One above all others knows the final outcome. But will he choose to meddle in the affairs of man or stand idle and let fate decide the outcome? The difference will either be hell on earth or peace for a thousand years.

Caught off guard, their relationship deepens but like a gut punch, a promise that Aiden made to himself changes everything. Eli is left to pick up the pieces. In Cutting of Harp Strings, author E. G. Cutting of Harp Strings

Irv and Mary Reiss (aka Dad and Mom) wrote this book as two letters per day for fifteen months from late 1943 through March 1945. Friends and relatives added more letters to bring the total to nearly 1,000. Virtually all of their letters ended with "I love you very very much" and "I miss you very very much." It's easy to empathize with their frustrations and anxieties about being separated and worried, especially with the birth and nurturing of their first child Stephen (aka me) in June 1944. This book title of *From Burma With Love* is an understatement. Irv Reiss served in the US Army from June 27, 1941 until September 17, 1945 for a total of 4 years, 2 months, and 20 days. Foreign service in India and Burma (Myanmar) was 1 year, 1 month, and 23 days. The foreign service in Burma was very intense and is the heart of this book -- hence the name, *From Burma With Love*. Irv was a labor officer along the Ledo Road from August 28, 1944 until December 11, 1944. His job was to hire and feed and pay several thousand native laborers (and a few elephants) to help build that road from Ledo, India to Mongyu, Burma. Read his letter of October 7, 1944.

The first day at a new school is always the hardest, right? No, not always as George finds out the hard way. On the second day at...Sugarman Elementary School, he is suddenly seized by uncontrollable burps, burps so loud they practically break the sound barrier, burps that make him do wild and crazy stuff and land him in trouble with a capital T. One thing is for sure: these are not normal burps, they are magic burps—and they must be stopped! But how?

With her debut memoir "A Tiny Isle in the Northern Sea" Katja Just excited many readers for Hallig Hooge, the tiny marsh island in the middle of the North Frisian Sea. Born in Munich and living and working on Hooge for almost twenty years, she is considered by many to be "the ambassador of Hallig Hooge" and is tirelessly working for her adopted home. What does the future have in the store for Hooge? Climate change, environmental pollution and structural changes in agriculture and tourism do not stop at the Hallig isles. And what will the upcoming mayoral election bring - should Katja Just really let herself be nominated? Once again, the author takes her readers to her haven in the rough sea, to her little piece of the world with the huge sky. The bestselling author tells very personal stories about challenges and new tasks, about saying goodbye and a new roommate, about traditions and searching for traces of lost heritages.

Wanderlust: New Adventures in the Northern Sea

Excuse You Pig For Burping So Big was inspired by Dave Utter and his "Utterisms"... Dave used to say it to my children when they were young (and still does now that they are older). It was fun to take the first line and develop it into a children's book that can be appreciated by kids and adults alike. I was thrilled that Tia Christiansen was able to illustrate the book. She really brought out the words through pictures. It was fun for us to create this book and bring it to you! Hoping you enjoy many years of fun reading it!

Excuse You Pig for Burping So Big

Penelope literally brings down the house with her boisterous belching. Summon the doctors! Phone the fire fighters! Call the police! Too thirsty to heed her mother's warnings, Penelope soon learns the disastrous consequences of gulping a few glass of grape soda too quickly!

Penelope and the Humongous Burp

With a new foreword by Dr. Dominic D'Agostino, PhD and epilogue by the author A masterful synchronization of history and cutting-edge science shines new light on humanity's darkest diagnosis. In the

wake of the Cancer Genome Atlas project's failure to provide a legible roadmap to a cure for cancer, science writer Travis Christofferson illuminates a promising blend of old and new perspectives on the disease. Tripping over the Truth follows the story of cancer's proposed metabolic origin from the vaunted halls of the German scientific golden age to modern laboratories around the world. The reader is taken on a journey through time and science that results in an unlikely connecting of the dots with profound therapeutic implications. Transporting us on a rich narrative of humanity's struggle to understand the cellular events that conspire to form malignancy, Tripping over the Truth reads like a detective novel, full of twists and cover-ups, blind-alleys and striking moments of discovery by men and women with uncommon vision, grit, and fortitude. Ultimately, Christofferson arrives at a conclusion that challenges everything we thought we knew about the disease, suggesting the reason for the failed war against cancer stems from a flawed paradigm that categorizes cancer as an exclusively genetic disease. For anyone affected by this terrifying disease and the physicians who struggle to treat it, this book provides a fresh and hopeful perspective. It explores the new and exciting non-toxic therapies born from the emerging metabolic theory of cancer. These therapies may one day prove to be a turning point in the struggle against our ancient enemy. We are shown how the metabolic theory redraws the battle map, directing researchers to approach cancer treatment from a different angle, framing it more like a gentle rehabilitation rather than all-out combat. In a sharp departure from the current "targeted" revolution occurring in cancer pharmaceuticals, the metabolic therapies highlighted have one striking feature that sets them apart—the potential to treat all types of cancer because they exploit the one weakness that is common to every cancer cell: dysfunctional metabolism. With contributions from Thomas Seyfried, PhD, author of *Cancer as a Metabolic Disease*; Miriam Kalamian, EdM, MS, CNS, author of *Keto for Cancer*; and Beth Zupec Kania, consultant nutritionist of The Charlie Foundation.

Tripping over the Truth

When life is funny, make some jokes about it. Billy Plimpton has a big dream: to become a famous comedian when he grows up. He already knows a lot of jokes, but thinks he has one big problem standing in his way: his stutter. At first, Billy thinks the best way to deal with this is to . . . never say a word. That way, the kids in his new school won't hear him stammer. But soon he finds out this is NOT the best way to deal with things. (For one thing, it's very hard to tell a joke without getting a word out.) As Billy makes his way toward the spotlight, a lot of funny things (and some less funny things) happen to him. In the end, the whole school will know -- If you think you can hold Billy Plimpton back, be warned: The joke will soon be on you!

What could be better than a Fart with a heart? A Super Fart of course! Wafting around with his stinky best friend Burp, Fart couldn't be happier. But sometimes Burp wishes people wouldn't say, YUCK and GROSS and PEE-YEW . . . Could being smelly ever be a force for good? A super stinker of a tale that proves anyone can be a hero. Readers who loved Zoë Foster Blake's ABIA award-winning and best-selling *No One Likes a Fart* will love this companion book as Fart and Burp decide to make difference in the world whether people love them or not. They'll make some friends along the way and even get capes! Be ready for some powerful pongs, the Superstinkers are in town!

The Boy Who Made Everyone Laugh

Bill and Sally Smith are heading back to Sally's childhood town of Centerville, Indiana for a very special Christmas celebration with Sally's family as this isn't any ordinary Christmas, but the first Christmas since Sally gave birth to triplets: William, Candace and Carol Anne so that her parents can meet them for the first time, but when a snowstorm hits as they are heading cross country, either plans are put in jeopardy until a last second Christmas miracle saves them from the depths of despair

Fart and Burp are Superstinkers

Bob Deaton takes a whimsical look back at the hazards of growing up clueless in Indiana in the 1950s. It is a gonzo take on a time and place in which vomiting in a grade school cafeteria is a political act, prom dresses are impenetrable fortresses of taffeta and rebar, and a cigar-smoking dentist favors conspiracy theories but not anesthesia. Zealous summer camp chaplains routinely recruit Manchurian Candidates for Jesus, but basketball reigns supreme as the real state religion. Even churches field teams, but at their own peril, for a defeat on the court is not without serious theological consequences: "St. Marys 55 First Methodist 49, Meatless Fridays Commence for Methodists on March 3!" Everyone burned their

trash in fifty-five gallon drums out in the alley, and any kid with a quarter could score a pack of unfiltered Luckies from a vending machine. Dogs roamed free to forage and fight and copulate and form packs and establish hierarchies, and aside from TV and retirement plans, they were just like everyone else in Middle America, navigating life without a map."Never Say Excuse Me Louder Than You Burp" lives in that sweet spot where Jean Shepherd, Garrison Keillor and David Sedaris come to play and it wont put our eye out!

The Last Minute Christmas Miracle

The Reluctant Story-Teller: Sixteen-year-old Astrid keeps mostly to herself, finding companionship in the stories her grandmother used to tell. She's too shy even to talk in front of Torolf, the young man she secretly dreams of. Then the Norse god of eloquence appears in Astrid's dreams and forces her to drink the Mead of Poetry. Suddenly, she's compelled to tell her stories. In public. Even in front of Torolf. Astrid is meant to use these stories to guide her people from starvation in Greenland to a better future in Markland. A place legends claim is the abode of dragons. But not all of her fierce and independent people are willing to follow a mere girl, even the chieftain's daughter--especially when she counsels peace. Some have other plans for the new land and want to use Astrid and her gift as a tool.

The Inventive Young Man Who Loves Her: Torolf never dreamed that quiet Astrid could choose him. Now he's stranded in Iceland as she sails in the opposite direction. To attain the promise of a future with Astrid, he'll have to attempt the impossible--sailing alone across the North Atlantic. Together, they might defy the plans the gods have made for them and change the fate of more than just their own people. This guidebook, packed with wisdom, practical advice, resources, and encouragement, explores how moms can equip their sons with what they most need to succeed in life. Monica Swanson knew she'd tapped a heartfelt concern when nearly two million readers shared her blog post "What a Teenage Boy Needs Most from His Mom." In this helpful book, she takes mothers deeper into the insights they need for the boy-raising journey, covering topics from dealing with the daily influences of friends and technology to helping a boy grow to be physically, spiritually, and emotionally healthy. She also addresses learning and finding passions, perspectives on relationships and dating, and work ethics and money management. Each chapter features relatable stories, handy checklists, and practical advice based on a combination of research, experience, and biblical truth to guide and equip a mom in helping

her son achieve his God-given potential. Praise for Boy Mom “In Boy Mom Monica Swanson offers readers practical advice and resounding hope that parenting our sons well through all seasons is not only possible but also enjoyable. This book is like an essential trail guide that I’ll refer to again and again in the beautiful and challenging adventure of motherhood.”—Becky Keife, author of *No Better Mom for the Job* and mom of three spirited boys “Monica Swanson is the friend we all need in our lives: humble, straightforward, warm, full of wisdom, and short on nonsense—and she knows her stuff like no one else. In Boy Mom she holds the bar high yet is forthcoming about her own struggles and imperfections. Inside these pages you’ll find deeply rooted biblical and practical advice along with calls to action when you don’t know where to start. The Boy Mom Manifesto at the end will not only inspire you but also make your heart swell.”—Kate Merrick, author of *Here, Now: Unearthing Peace and Presence in an Overconnected World* “Monica Swanson is the ultimate Boy Mom mentor. While her perspective on parenting is grounded in biblical wisdom, each chapter holds excellent practical tools for how to work out that wisdom on a daily basis in our homes. Of course, we know there aren’t formulas that will ensure we get it all right, but we also know that gleaning wisdom from women who have gone before us (and are still in the trenches with us) is invaluable in the wonderful adventure of helping boys become all God created them to be.”—Jeannie Cunnion, author of *Mom Set Free*

The Boy with 17 Senses

For too long the main narratives of motherhood have been oppressive and exclusionary, frequently ignoring issues of female identity--especially regarding those not conforming to traditional female stereotypes. *Horrible Mothers* offers a variety of perspectives for analyzing representations of the mother in francophone literature and film at the turn of the twenty-first century in North America, including Québec, Ontario, New England, and California. Contributors reexamine the "horrible mother" paradigm within a broad range of sociocultural contexts from different locations to broaden the understanding of mothering beyond traditional ideology. The selections draw from long-established scholarship in women's studies as well as from new developments in queer studies to make sense of and articulate strategies of representation; to show how contemporary family models are constantly evolving, reshaping, and moving away from heteronormative expectations; and to reposition mothers as subjects occupying the center of their own narrative, rather than as objects. The contributors engage narratives of mothering from myriad perspectives, referencing the works of writers or filmmakers such as Marguerite Andersen, Nelly Arcan, Grégoire Chabot, Xavier Dolan, Nancy Huston, and Lucie Joubert.

The Hurting Place A novel by H.J. Ted Gresham George is a masochist. He lives a gin-soaked, deliberately lonely life as owner and keeper of a bait stand oddly distant from the Gulf Coast of Texas. He's contented with who he is until a kid named Pug pokes his face up against George's front door and steps right into George's troubled heart. Iris is the single mother of an odd "almost-twelve year old" not entirely well little boy dealing with the recent loss of her father. Pug draws the aging grump and troubled mother together in an entirely unexpected way. Everybody needs a place to go when they're in pain. When heartache and anger, sorrow and frustration are overwhelming, everyone needs a Hurting Place. Iris had one. Pug had one. And it was there that crusty old George had a cathartic moment that changed him in ways he didn't really understand. Find The Hurting Place, and find Hope, even in the midst of deepest sorrow.

The Fart Boy

If you love sweet romances (PG-rating), look no further than Rachelle Ayala's Have a Hart series. The Harts are a family of San Francisco firefighters. Their family motto is: Heart comes first. A fashion designer and her basset hound puppy convince a burned ex-firefighter that beauty is never skin deep and neither is love. Former fireman Larry Davison covers his burn scars well, by working at an elementary school as a custodian where he finds a lost hound dog behind the dumpster. Fashion designer Jenna Hart is in town to do a charity fashion show when she loses her top model, Little Treat. When Larry turns up with the puppy, she asks him to be in the show and bachelor auction. Larry's not sure he belongs in a fashion show and balks at being her good deed. Can Jenna convince Larry beauty is never skin deep and love's arrow strikes not only the beautiful, but the bold?
