## Finding My Way Home

After many years of searching, John Houston found his way home—his true home. Now, he wants to help you do the same. John Houston has spent the past sixteen years building for others what he didn't always have for himself growing up: a family home. Today, John is one of the premier custom home builders in Texas. Throughout the Dallas-Fort Worth area, you see signs proudly presenting "John Houston Custom Homes" that paint a picture of the kind of home life John would have done anything to have as a child. From a young age, home was not a place where John wanted to be. After his parents divorced and his mother moved out, his father remarried and moved in with his new family. John and his older brother struggled to adjust and began living by themselves with little to no adult supervision at the ages of 11 and 15. They helped support themselves financially by working long hours running a lawncare business before and after school. The years that followed were challenging but also marked by God's protection, even when John didn't realize it, as he overcame hardships that could have permanently derailed his life. He met and married the woman of his dreams, completed his education and became a respected and successful business owner. And he isn't confused for one second about who's ultimately responsible for his success: God. In Finding My Way Home, John Houston reflects on a life of trials, hardships, and painful mistakes through the lens of gratitude for God's enduring faithfulness. He explains, "God created a story with my life that puts a spotlight on His mercy and grace—a story of my anger and His forgiveness; of the broken family I grew up in and His restoration; of my demanding 'leadership' as a husband and father and His model for me to lead with love."

## Can't Find My Way Home

Can't Find My Way Home is a history of illicit drug use in America in the second half of the twentieth century and a personal journey through the drug experience. It's the remarkable story of how America got high, the epic tale of how the American Century transformed into the Great Stoned Age. Martin Torgoff begins with the avant-garde worlds of bebop jazz and the emerging Beat writers, who embraced the consciousness-altering properties of marijuana and other underground drugs. These musicians and writers midwived the age of marijuana in the 1960s even as Timothy Leary and Richard Alpert (later Ram Dass) discovered the power of LSD, ushering in the psychedelic era. While President John Kennedy proclaimed a New Frontier and NASA journeyed to the moon, millions of young Americans began discovering their own new frontiers on a voyage to inner space. What had been the province of a fringe avant-garde only a decade earlier became a mass movement that affected and altered mainstream America. And so America sped through the century, dropping acid and eating magic mushrooms at home, shooting heroin and ingesting amphetamines in Vietnam, snorting cocaine in the disco era, smoking crack cocaine in the devastated inner cities of the 1980s, discovering MDMA (Ecstasy) in the rave culture of the 1990s. Can't Find My Way Home tells this extraordinary story by weaving together first-person accounts and historical background into a narrative vast in scope yet rich in intimate detail. Among those who describe their experiments with consciousness are Allen Ginsberg, Timothy Leary, Robert Stone, Wavy Gravy, Grace Slick, Oliver Stone, Peter Coyote, David Crosby, and many others from Haight Ashbury to Studio 54 to housing projects and rave warehouses. But Can't Find My Way Home does not neglect the recovery movement, the war on drugs, and the ongoing debate over drug policy. And even as Martin Torgoff tells the story of his own addiction and recovery, he neither romanticizes nor demonizes drugs. If he finds them less dangerous than the moral crusaders say they are, he also finds them less benign than advocates insist. Illegal drugs changed the cultural landscape of America, and they continue to shape our country, with enormous consequences. This ambitious, fascinating book is the story of how that happened.

## Finding My Way Home

I had asked the ultimate question; what is Life before and so now my prayers were being answered. I was about to find out for myself. Never imagined this is how God was going to capture my heart but he did and so the journey begun. This provided insight on how God healed my broken heart as he mended and repaired my being. At first it felt like I went in for an open heart surgery and I was not on any medication so every single thing that was touched on I really felt it. As painful as some of the things done to me in the past felt, I came to understand that was the reason why my Lord was there so I chose to allow Him into my life for healing to begin. It was in Him to give and so a new heart was provided for me to be able to live pain free. As I accepted the gift I was given I felt the heart beat like never before. A tear drop rolled down my cheek and I knew I was transformed. I came to find out it was new life in me. I was coming out a new person, a new being who was no longer conformed to the world but renewed, enlightened & enriched. I woke up and realized I was no longer sleeping beauty as I got the awakening. To me that was healing from the house of heaven. I was now free from heartache, no longer day dreaming but living the dream. The documentary touches on life experiences and showcases a woman's journey as she worked to free herself from oppression rebuilding her life to make it out of the wilderness alive. It turned out to be a journey of a lifetime.

## Finding My Way Home

This book is written as a journal, recording my memories of what happened in my past, and during the times of trials and tribulations I experienced while writing it. It is extremely honest and reveals the pain I experienced while living through events and traumas that have impacted my life, making me the person I have become. I hope the true dramas and desperate incidents happening within these pages give you an intimate perspective of the life of a black female growing up in the South during the 1960's.

### Can You Help Me Find My Way Home? Through The Eyes Of My Mother

Here I stand, beholding an amazing paradise. Never, in my entire life have my eyes envisioned such beauty, not even in travel brochures or nature magazines. Jasmine vines and honeysuckle bushes, perfume the air with the most fragrant smell that has ever filled my nostrils. How did I get here; I do not recall? I think to myself, do I have amnesia or have I died and gone to heaven? Are my love ones searching for me? Where in all glory can I be? Can you help me find my way home?

### Finding His Way Home

I don't know why nobody ever wanted me. For real, I mean. My parents died when I was eight, and I spent the next ten years hopping between foster homes. Let's just say, they barely did me any favors. Now I'm done with school, degree in hand, and... I've got nothing. No job lined up. No apartment, once the lease runs out. Nowhere to be and no one to be there with. Except... well... I do have DNA test results from a genealogy website. With close family matches. It's probably a stupid idea. A total long shot, really. ...I'm going to go and find them. This is just about loose ends. I quit calling Bennett Wood home years ago. It was more like a... home base. Living the life of a long haul trucker didn't lend itself to much settling down in one spot. And for a long time, it worked. Always on the go, looking ahead to the next shipment, the next truck stop. But honestly? I'm getting too old for this. I want to set down roots. Find a partner, someone to share lazy Saturday mornings with. I've got a plan - sell the house I inherited. Move to a larger city. Find a lover. But that was before he showed up, looking for his kin. He's too young for me, of course. It's just a fling. Just two people passing through, taking some comfort from one another. Isn't it? Finding His Way Home is the first book in the new, contemporary Benson Brothers series. Set in the small town of Bennett Wood, North Carolina, you won't want to miss out on these sweet and steamy love stories! This book, and all the books in the series, can be read as a standalone.

### Finding Our Way Home

In this time of ecological crisis, all that is holy calls us into a more intimate partnership with the diverse and beautiful beings of this earth. In Finding Our Way Home, Myke Johnson reflects on her personal journey into such a partnership and offers a guide for others to begin this path. Lyrically expressed, it weaves together lessons from a chamomile flower, a small bird, a copper beech tree, a garden slug, and a forest fern, along with insights from Indigenous philosophy, environmental science, fractal geometry, childhood Catholic mysticism, the prophet Elijah, fairy tales, and permaculture design. This eco-spiritual journey also wrestles with the history of our society's destruction of the natural world, and its roots in the original theft of the land from Indigenous peoples. Exploring the spiritual dimensions of our brokenness, it offers tools to create healing. Finding Our Way Home is a ceremony to remember our essential unity with all of life.

### Finding My Way Home

When I was a young girl, my parents warned me never to record my story with black ink on white paper. So begins *Finding My Way Home*, the story of one Chinese Christian girl in an age of great change for a great nation. Nettie Ma chronicles the trials and tribulations she faced, including the Japanese occupation of China, China's own civil war, and Chairman Mao's Communist Cultural Revolution of re-education, brainwashing, and imprisonment. Her journey has been far from straight and smooth, but she writes, "when I have looked up, God has given me eyes to see." From the conversion of her grandfather in China by an American missionary to her immigration to the United States, Nettie Ma traces her Christian journey through the valleys and peaks that have ultimately led her home. She now captures this journey with black ink on white paper for all to read.

They were my entire world, then everything fell apart. I didn't get to say goodbye, I didn't get to explain to them that my dad had finally gone off the deep end. Of course, they wouldn't have understood anyway, we were only eight and I never told them how bad it had gotten. Maybe if I had I wouldn't be in this fucked up situation. I wouldn't of seen and done the things I've had to do in order to survive, maybe I

would've even been able to stay with the boys I loved. Well jokes on me, life's thrown me yet another freaking curve ball and I'm going back, I'm going home but they're not boys anymore and although they've still got the traits of the boys I once loved, I don't know them like I used to. They sure as hell aren't going to remember me. I had to change a lot in order to protect myself and to survive. I'm so far away from who I used to be, I'd be surprised if they even recognized me, I sure as hell don't. I'm going to lose them all over again, and I barely survived losing them the first time. A wonderful and inspiring memoir of a devout woman seeking meaning for years of chronic pain, and searching for inner peace as she pursues the presence of God in her daily life. Her honest conversations with God and her inner vocal critic, lead her to a community of Camaldolese Benedictine monks living along the California coast. Their gentle and loving nature, their willingness to listen and share encouraging words with Lois, help her to move down the path and find her way home. I highly recommend this book to anyone seeking a closer and more personal relationship with God in the midst

of physical and spiritual struggles. This book would also be of value to those who care for the terminally ill.

*Finding Our Way Home: Women's Accounts of Being Sent to Boarding School* shares the personal stories of sixteen women, all of whom were sent away to board at an early age. Their accounts delve into the depths of long suppressed emotions and feelings, and the lifelong impact that the early separation from their families has had. Much has been written about the impact of 'boarding school syndrome' on male boarders, but less about their female counterparts. This book is the first to explore the experience from a purely female perspective, and offers an intriguing insight into the world of boarding schools and the upbringing of girls born in the mid-to-late 20th century. *Finding Our Way Home* is a book for everyone who ever attended boarding school, as well as psychotherapists and counsellors working with boarding school survivors.

A queer / takatapui Maori writer living in Berlin, Germany since 2015, Hinemoana Baker brings a unique perspective both to and from the 'global North'. Drawing on the German meaning of the word 'funken' - to send a radio signal - her latest collection broadcasts unsettling songs of rebirth, love, friendship and alienation across homes and languages, to the living and to the dead. Funkhaus is home to big, punchy poems and shimmering delicacy, as well as Hinemoana's trademark humour. This book invites readers to tune out the crackle and static, and dial in their own receivers to a signal that has travelled a long way to reach them, no matter where they are.

### How to Find Your Way Home

This book has been written mainly to share with others what the Lord has done for me. These pages describe key events from my youth and explain how I grew up in a good home with good parents, in an average family environment. Nearly everything about my early life had been ideal. I had lived in a fairly small town, during what had seemed to be a fairly good period in our nation's history - the fifties and sixties. As I approached my teen years, the future looked bright except for one very important fact. I did not know the Lord as my Savior. Because of that, my whole existence from a spiritual perspective was totally backward and undone. Shortly out of the starting blocks of life, everything for me quickly went awry. My life did eventually come back into order but only after several years of difficulty and trouble. In the first part of this book, I share some of those troubles along with my finally coming to the Lord. In the second part of this book, I explain how God miraculously turned my whole life around. What He did for me in December 1967 and the months following had so great an impact on me and everything about me that I have not been the same since. In presenting some of my post-conversion experiences, the hope will be that others might also see the genuine joy that comes from knowing and serving God. Hence, this text is not intended to be a work about me and certainly not one in which my goal is to be exalted or credited in any way. This book is about the Lord, about His mercy and His goodness, and also about how He can and does rescue the perishing. In short, what He has done and continues to do for me, He can and will do for others. May Christ be the One that gets all the honor and glory for what He has done and continues to do in the hearts and lives of those that trust Him. The second edition of this book was written to clean up some of the poorly worded statements in the first edition and to show important Bible verses rather than just refer to them.

### Find My Way Home

Haylie was ready for a change. After her longtime roommate and best friend finally got engaged, she figured now was a good time. It was coincidence that a third-grade teaching position opened in her hometown of Midhaven. There was only one problem. She vowed never to return to this small town again due to the heartache and humiliation she had endured years ago. She got burned once, and now she refused to let any man get the best of her. She knew he would still be living in Midhaven and would run into him from time to time. It was too small of a town not to expect it. None of that mattered because she had erased Waylon out of her life long ago. Haylie didn't realize how hard it would be to pretend like nothing had happened between them. He still looked sexy as hell, and she did her best to ignore the chemistry that still sparked between them. She should stay away and ignore him. At least, that's what her family and friends kept saying. He broke her heart once, and she'd be stupid to let him do it again. Waylon was finally content with the direction his life was going after all these years of messing up. He had made a habit of making bad decisions and refused to do that with his son. He had given up on women a long time ago when his first love left him standing in his high school parking lot, broken and ashamed. Nothing could prepare him for the day he walked into his son's teachers' room and saw Haylie standing there, beautiful as ever. She made it clear she hated him, yet he was desperate for one more chance to show her how much she meant to him.

This book is a memoir of my journey in faith. That journey began in the home of my childhood, but the chapters cover experiences extending from some of my earliest memories until just a few years ago. I had already begun reflecting on these experiences, theologically, as the later ones were occurring, but it was not until a friend invited me to speak to his congregation that I connected them. "You're not what most of our people think of when they hear the word Baptist," the priest of a local Episcopal church said. "Come talk to us about how you got where you are from where you started." It was a fascinating challenge. As I sat down to prepare a one-hour Sunday school lesson for Episcopalian adults, I realized I had a story to tell. My suspicion is that this story, regardless of how eloquently I have or have not told it, will resonate with many people. Too frequently I hear people speak of their "bad experiences" with the church, experiences often occurring in the formative years of childhood or adolescence. Sadly, too many of these folks leave organized religion, if not turn their backs altogether on a God they suspect has turned a blind eye or a judgmental whim against them. I have managed to stay within the realm of organized religion. In fact, it is my life. I have not felt the need to abandon or reject God. In fact, God has become more important, more real, more central to my story. I understand those who leave, but because I believe so strongly in the church and the value of faith in one's life, I hope my experience might be an encouragement. One can question, doubt, reject much of what we learned in our childhood, and still remain faithful. There is a "new way home." Maybe my experiences will help some of you find it. Each chapter includes a sermon I have preached over the course of the last eighteen years as co-pastor of the Park Road Baptist Church in Charlotte, North Carolina, with my wife, Amy Jacks Dean. I include these sermons as a testimony to the faith that has been developing and changing. I have enjoyed the privilege of being a "professional proclaimer" of Christianity, and although I did not write the sermons for this book, it should be clear in reading them that the faith which is very real to me continues to be a "work in progress." Each chapter also begins with several "Questions to Consider." Unlike many books that conclude chapters with similar reflection/study questions, I have included these questions as a prelude to each chapter. I hope they will whet your appetite and get your wheels turning in the right direction for the chapter and sermon that follow. To get the most out of these questions, you might reflect on them briefly before you read and then come back to them before starting the next chapter. There is room for you to make notes about your own experience and any deepened insight you may have gained by reading my story and relating it to your own faith experience. Finding a New Way Home is not just a book; it really is the experience of my life. I am glad to have this opportunity to share it with you. Especially if you have strayed from the path and have considered leaving it all behind, I welcome you. It's a journey worth taking, because even if you are surprised where you find yourself along the way today, you can be sure that home is where your heart is-and where God is-and there's just no place like it. Welcome to the journey. Welcome home!
