When you come to know yourselves, then you will become known, and you will realize that it is you who are the sons of the living Father.

If you do not fast from the world, you will not find the (Father's) domain.

The Criminal Prisons of London, and Scenes of Prison Life

This book is the synopsis of three areas of an individual's life and his family. It begins with his ancestors in the mid 19th century and concludes with the present life of his family in 2011. It includes his family life on cotton farms as a youth and his careers as a football, basketball and track coach and finally several years as a minister.

The Life of a Cotton Picking Coaching Preacher

John McEuen is one of the founding members of the Nitty Gritty Dirt Band, NGDB. Now 50-years strong, the band is best known for its evergreen bestselling album Will the Circle Be Unbroken and for its gorgeous version of the song "Mr. Bojangles." McEuen is one of the seminal figures who conceived

and originated the fusion of folk, rock and country, a unique sound still hugely popular today. In addition to performing on tour with the Nitty Gritty Dirt Band and on dozens of bestselling NGDB albums (many of which went platinum and gold), McEuen also has a successful solo performing and recording career. And as a music producer, he won the Grammy Award in 2010 for producing *The Crow*, a music album by Steve Martin, John's lifelong friend. McEuen writes candidly and movingly about the ups and downs in his life. Among the highs was NGDB's tour of the Soviet Union in 1977; they were the first American group to perform there. Among the downs was the breakup of his family in the 1980s. McEuen is a born storyteller, and his tales of working with everyone from Linda Ronstadt to Willie Nelson to Johnny Cash to the Allman Brothers to Bob Dylan to Dolly Parton to, of course, Steve Martin will thrill every fan of folk, rock, and country music alike.

Life I've Picked

In a career spanning over 50 years, Morley Roberts wrote hundreds of short stories and was one of the most successful operators in the Victorian-Edwardian literary marketplace. His remarkable imagination and willingness to experiment resulted in tales of sailors on the high seas, adventurers in the Australian bush, cowboys in the wild west, saloon society in frontier towns, tramps on the railroad, miners in the mountains of British Columbia, farmers on the South African veld, and writers in men's clubs. Whatever the setting, Roberts evokes the dangers and challenges his characters face. With an eye for detail and an unerring skill in capturing the vernacular of the desperate characters he portrays, Roberts leads the reader into vividly-drawn masculine worlds. Markus Neacey acknowledges Roberts's special contribution to the British short story by selecting the best examples from his extensive work. This edition includes: Critical introduction Extensive explanatory footnotes Author biography Suggestions for further reading Selection of contemporary reviews Extracts from Roberts's interviews with *The Idler* Extracts from Roberts's *A Tramp's Note-book* The full text of Roberts's lecture, *The Sea in Fiction*

Selected Stories of Morley Roberts

New commentaries on Aleister Crowley's *Book of the Law* reveal how it is connected to both Right- and Left-Hand Paths • Examines each line of the *Book of the Law* in the light of modern psychology, Egyptology, Gurdjieff's teachings, and contemporary Left-Hand Path thought • Explores Crowley's identification with the First Beast of Revelations as well as his adoption of the Loki archetype for becoming a vessel of love for all humanity • Recasts the *Cairo Working* as a text of personal sovereignty and a relevant tool for personal transformation • Includes commentary on the *Book of the Law* by Dr. Michael A. Aquino, who served as High Priest of the Temple of Set from 1975 to 1996 Received by Aleister Crowley in April 1904 in Cairo, Egypt, the *Book of the Law* is the most provocative record of magical working in several hundred years, affecting not only organizations directly associated with Crowley such as the *Ordo Templi Orientis* but also modern Wicca, Chaos Magic, and the Temple of Set. Boldly defying Crowley's warning not to comment on the *Book of the Law*, Ipsissimus Don Webb provides in-depth interpretation from both Black and White Magical perspectives, including commentary from Dr. Michael A. Aquino, who served as High Priest of the Temple of Set from 1975 to 1996. Webb examines each line of the *Book* in the light of modern psychology, Egyptology, existentialism, and competing occult systems such as the teachings of G. I. Gurdjieff and contemporary Left-Hand Path thought. Discarding the common image of Crowley formulated in a spiritually unsophisticated time when the devotee of the Left-Hand Path was dismissed as a selfish evil doer, Webb unveils a new side of Crowley based on his adoption of the Loki archetype and his aim to become a vessel of love for all humanity. In so doing, he shows how the *Book of the Law* is connected to both Right- and Left-Hand Paths and reveals how Crowley's magical path of mastery over the self and Cosmos overthrew the gods of old religion, which had kept humanity asleep to dream the nightmare of history. Providing in-depth analysis of Crowley's sources and his self-identification with the First Beast of Revelation from a profound esoteric perspective, Webb takes his views out of the Golden Dawn matrix within which he received the *Book of the Law* and radically recasts the *Cairo Working* as a text of personal sovereignty and a relevant tool for personal transformation.

Pick-me-up

This edited volume examines representations of disability within popular science fiction, using examples from television, film, literature, and gaming to explore how the genre of science fiction shapes cultural understanding of disability experience. Science fiction texts typically grapple with concepts such as transhumanism, embodiment, and autonomy more directly than do those of other genres. In doing

so, they raise significant questions about the experience of disability. More broadly, they often convey the place of disability in not only the future but also the world of today. Through critical research, the chapters within this interdisciplinary collection explore what science fiction texts convey about the value of disability, whether it be through disabled characters, biotechnologies, or, more broadly, conceptions of an idealized future. Chapters are grouped thematically and include discussions of the intersections of disability with other identity groups, the interplay of disability and market/capitalist value, and how disability shapes current and future definitions of human-ness, agency, and autonomy. This full volume builds on current research regarding the relationship of disability studies to the science fiction genre by exploring new themes and contemporary media to aid as an instructional tool for scholars in fields of disability studies, science fiction literature, and media studies.

Overthrowing the Old Gods

In *Team Trump and the Evangelical White House*, the author paints perhaps a different picture of Donald J. Trump than you will find in the mainstream media. With so many Trump-Thumping articles, opinion pieces, and news stories doing the rounds today, it is refreshing, therefore, to get a glimpse into a different side of the Trump White House. Surprisingly, the author shows a faith-friendly president, whose relationship with evangelicals goes back nearly two decades. As the author proposes throughout--Trump's Team has energized evangelical Christians--in a way, not seen for a long time. Some even hark back in their comparisons of the current White House to the Reagan-era. This was when the well-known Moral Majority backed a former-Hollywood actor launching Ronald Reagan into the fortieth presidency. The book begins by exploring why picking V P Pence made sense in bringing evangelicals on board with the Trump agenda. You'll also see how the White House welcome mat is once again out for evangelicals as the front door is always open to people of faith. *Prayer Force One* will give you a glimpse; perhaps of a side of Donald Trump, you may not have seen as he prays with faith leaders. These fifteen chapters will look at how the White House was won, and may yet be won again with evangelical support in 2020.

Project(ing) Human: Representations of Disability in Science Fiction

Three career Army officers, the author's father, grandfather and uncle, are thrust into the global struggle to save the world from Hitler's Nazi empire. United by their love of Imogene—daughter, sister, and wife—their letters to her and her replies chronicle the personal side of war. Imogene's father, Major General Donald Stroh, initially the assistant commander of the 9th Infantry Division, later commanded the 8th and 106th Infantry Divisions. Her husband, Lieutenant Colonel Robert Stumpf, commanded a battalion in the 9th and later, a regiment in the 106th. Their campaigns began in North Africa in late 1942 and concluded in Germany nearly three years later. Imogene's brother, Captain Harry Stroh, was a P-47 Thunderbolt flight leader in the 362nd Fighter Group who at times flew close support missions for both the 8th and 9th Divisions in Normandy and Brittany. *Letters to Imogene* includes insights into the personalities of some of the war's luminaries: Generals Eisenhower, Patton, and "Lightnin' Joe" Collins, among others. The family narrative is rife with hardship and humor, courage, heartbreak, and triumph, and their letters present a unique and compelling window into the lives of those who fought and won the Second World War.

A musical genre forever outside the lines With a claim on artists from Jimmie Rodgers to Jason Isbell, Americana can be hard to define, but you know it when you hear it. John Milward's *Americanland* is filled with the enduring performers and vivid stories that are at the heart of Americana. At base a hybrid of rock and country, Americana is also infused with folk, blues, R&B, bluegrass, and other types of roots music. Performers like Bob Dylan, Johnny Cash, Ray Charles, and Gram Parsons used these ingredients to create influential music that took well-established genres down exciting new roads. The name Americana was coined in the 1990s to describe similarly inclined artists like Emmylou Harris, Steve Earle, and Wilco. Today, Brandi Carlile and I'm With Her are among the musicians carrying the genre into the twenty-first century. Essential and engaging, *Americanland* chronicles the evolution and resonance of this ever-changing amalgam of American music. Margie Greve's hand-embroidered color portraits offer a portfolio of the pioneers and contemporary practitioners of Americana.

Letters to Imogene

Many of us live life in bondage - to food, family or fear, to our past, present or future —almost anything that keeps us from being who God intended us to be. But Jesus has come to give us abundant life and set us free. In *A Life-Changing Journey through the Gospel of Luke*, we learn that nothing is impossible with God. Dare to learn His Word through this inductive study and begin to live a life of liberty in Christ. "In this wonderful Bible study on Luke, Leesa Donner does a masterful job of challenging and encouraging the reader...to enter the world of the gospel and come away not only with a better knowledge of the text but a transformed heart." —Dr. Tremper Longman III Robert H. Gundry Professor of Biblical Studies Westmont College "This helpful, scholarly and yet accessible workbook is a unique aid in understanding the gospel of Luke. It...has already produced spiritual fruit in the lives of many who have used it." —Dr. Robert Norris, Senior Pastor Fourth Presbyterian Church, Bethesda, MD "Leesa and her husband Tim are two great blessings in the lives of my wife and me. I am pleased to recommend Leesa's excellent Bible study." —Cal Thomas Syndicated Columnist/Fox News Contributor "Free at Last is the most thought-provoking of the many Ladies Bible studies I've done over the years." —Cheryl (student) "Wonderful material...works well within the scope of a small group." —Linda (student) "The scholarship and the practicality of this study was a good balance. Not overly academic but rich in history..." —Bonnie (student)

CHASING LATITUDES A crazed cockamamie Caribbean tale: The Caribbean. The name alone conjures up images of sun, surf and fun. Fun being the ideal word for the sometimes mysterious Caribbean. A place where anything can happen and usually does. Years ago Captain Yellow-Top inherited his grandfather's 1942 seaplane, a Grumman Goose called the 'Latitude Jumper'. A free spirited freelance computer programmer, and an ex-Navy man; the Captain has a love affair for the old reliable seaplane. Every summer he flies to the Caribbean, catching up with his wild and crazy friends, including, his 'on again and off again' girlfriend named "sexy-D." This one particular summer, half way to the Bahamas, he discovers a stowaway aboard his plane. Afraid that someone is trying to shanghai his plane he retaliates, only to find a sixteen year old runaway aboard. Frustrated, with no desire of turning back, Captain decides to take the kid under his wing and teach him the ropes. The kid inherits the name Tex

and the two develop a friendship. Willingly, Tex is thrust into the wild side of the crazy Caribbean, zany over the top characters and has a crash course living a pirate's life where he discovers an irresistible gumbo of fast boats, fast planes, bandits, pirates, Rock-n-Roll and hot girls. Suddenly the two find themselves involved in a daring adventure and rescue at sea. For the renegade seaplane pilot Captain Yellow- Top and his side kick Tex, the adventure is turning their summer upside down.

Have you ever wondered why you are here? "Diamond Life" approaches the way you look at God, yourself and others. A diamond is surfaced from deep in the earth, cut and polished. Our lives seem to have similar processes. Sometimes we're being polished and other times facets are being carefully cut, resulting in our lives shining out the brilliance God has designed us for. God has put His radiance in you. When He created you in His image, God put His stamp of approval in you. We may look around our country and our world and wonder where His radiance is. It's out there, but oftentimes it's hidden under hurt, pain, sin, loneliness, criticism and disappointment. No matter what is hiding God's radiance in you, there is one fact that will never change - You are a diamond meant to reflect God's radiance. Find out where you are in your process of living a diamond life.

Antoinette De Poi@s novella Love@s Release, defines genre of Christian Romance. De Poi weaves Christian themes of fellowship, trust, fidelity and forgiveness into Joseph@s Coat of Many Colors. What differentiates this genre from other romances, with similar themes, is that God is the keystone of the love story. @ @The setting is Clayville a fictitious town in South Jersey. Ronni, the confident protagonist, attends college and maintains herself by delivering newspapers. The reader is never quite sure about her nebulous past. She meets the grounded Connor McGowan, a local detective. As the relationship bumps along, Ronni is welcomed into the McGowan clan. The writer introduces and develops a crime

mystery subplot which involves the reader to the end. @ @De Poi garners praise for engaging realism, developed character, plot structure and an inspiring theme. @ @The answer to the title, @What@s Love Got To Do With It?@ Is Everything. @ @Rosemary Biggio BA, MA, PhD in English St John@s University

The idea of the "anti-sexist man" is often treated with scorn by feminists and hesitantly by men. People are suspicious and unsure about the whole idea. Based around interviews with eight men who have responded positively to feminism, this book provides the reader with the first full length discussion of anti-sexist male attitudes. The interviewees tell their life stories, their `making' and reveal their differences to male chauvinists. Timely and sincere, The Making of Anti-Sexist Men will appeal to all those interested in changing oppressive gender attitudes and social structures.

When we hear a favorite song, the memories unfold; who we knew, where we were, our age, best friends, lovers, good memories and bad. Even if the memories pour sadness into our hearts, still we listen, remember and slot the events from the past into a song. Alto Reed plays the first soulful notes on "Turn the Page" and Seger grips our hearts with his rich voice. 13 songs written by Seger are in short story form. Each story starts with a problem for at least one character and the song is woven into the story. Enjoy the read!
