Corcoran Gallery of Art

This authoritative catalogue of the Corcoran Gallery of Art's renowned collection of pre-1945 American paintings will greatly enhance scholarly and public understanding of one of the finest and most important collections of historic American art in the world. Composed of more than 600 objects dating from 1740 to 1945.

Hoosiers and the American Story

A supplemental textbook for middle and high school students, Hoosiers and the American Story provides intimate views of individuals and places in Indiana set within themes from American history. During the frontier days when Americans battled with and exiled native peoples from the East, Indiana was on the leading edge of America's westward expansion. As waves of immigrants swept across the Appalachians and eastern waterways, Indiana became established as both a crossroads and as a vital part of Middle America. Indiana's stories illuminate the history of American agriculture, wars, industrialization, ethnic conflicts, technological improvements, political battles, transportation networks, economic shifts, social welfare initiatives, and more. In so doing, they elucidate large national issues so that students can relate personally to the ideas and events that comprise American history. At the same time, the stories shed light on what it means to be a Hoosier, today and in the past.

Billion-Dollar Brain

The classic spy thriller of lethal computer-age intrigue and a maniac's private cold war, featuring the same anonymous narrator and milieu of *The IPCRESS File*.

World War Z

An account of the decade-long conflict between humankind and hordes of the predatory undead is told from the perspective of dozens of survivors who describe in their own words the epic human battle for survival, in a novel that is the basis for the June 2013 film starring Brad Pitt. Reissue. Movie Tie-In.

Deception Point

From the #1 New York Times bestselling author of *The Da Vinci Code*, *Angels & Demons*, and *Inferno* and the "master of smart thrills" (People) comes a "rocket-fast thriller" (Vince Flynn) about an astonishing NASA discovery that unravels a deadly conspiracy that leads all the way to the White House. When a NASA satellite spots evidence of an astoundingly rare object buried deep in the Arctic ice, the floundering space agency proclaims a much-needed victory—one that could have profound implications for US space policy and the impending presidential election. With his re-election hanging in the balance, the President sends White House Intelligence analyst Rachel Sexton to the Milne Ice Shelf to verify the authenticity of the find. Accompanied by a team of experts, including the charismatic academic Michael Tolland, Rachel uncovers the unthinkable: evidence of scientific trickery. Before she can contact the President, she and Michael are attacked by a deadly team of assassins controlled by a mysterious power broker who will stop at nothing to hide the truth. Fleeing for their lives in an environment as desolate as it is lethal, their only hope for survival is to find out who is behind this masterful ploy. The truth, they will learn, is the most shocking deception of all in this "taut, fast-paced, barn-burner of a book" (St. Petersburg Times).

A Circular Argument

Uniquely combining two parts, one critical in the form of a research piece, and the other creative in the form of a fictional novel, *A Circular Argument* spans creative writing, criminology and architecture to look at the ways in which power and hierarchies are explored and exploited in space.

Inter/View

Twenty-eight powerful and individual voices are heard as Pearlman and Henderson offer a forum for a generous cross-section of the women writing fiction in America today -- writers whose vital statistics cross the borders of race, religion, ethnic origin, sexual preference, marital status, age, geography, and lifestyle. Each writer is presented in an essay/interview reflecting the dynamic that develops naturally when two vital minds meet to discuss topic of mutual interest. The writers talk about the role of memory, space, and family in their work, about politics, dreams, and race, about their mothers and children and alma maters, about book reviewing and their agents, editors, and publishers, and about each others' work. A bibliography of principal works follows each essay. A valuable contribution to writers both female and male, for above all else, this is a book about writing.

The Hitchhiker's Guide to the Galaxy

'One of the greatest achievements in comedy. A work of staggering genius' - David Walliams An international phenomenon and pop-culture classic, *The Hitchhiker's Guide to the Galaxy* has been a radio show, TV series, novel, stage play, comic book and film. Following the galactic (mis)adventures of Arthur Dent, *Hitchhiker's* in its various incarnations has captured the imaginations of curious minds around the world . . . It's an ordinary Thursday lunchtime for Arthur Dent until his house gets demolished. The Earth follows shortly afterwards to make way for a new hyperspace express route, and his best friend has just announced that he's an alien. At this moment, they're hurtling through space with nothing but their towels and an innocuous-looking book inscribed, in large friendly letters, with the words: DON'T PANIC. The weekend has only just begun . . . This 42nd Anniversary Edition includes exclusive bonus material from the Douglas Adams archives, and an introduction by former Doctor Who showrunner, Russell T Davies. Continue Arthur Dent's intergalactic adventures in the rest of the trilogy with five parts: *The Restaurant at the End of the Universe*, *Life, the Universe and Everything*, *So Long*, and *Thanks for All the Fish*, and *Mostly Harmless*.

A History of Wilsons Promontory

The Prize recounts the panoramic history of oil -- and the struggle for wealth power that has always surrounded oil. This struggle has shaken the world economy, dictated the outcome of wars, and transformed the destiny of men and nations. The Prize is as much a history of the twentieth century as of the oil industry itself. The canvas of this history is enormous -- from the drilling of the first well in Pennsylvania through two great world wars to the Iraqi invasion of Kuwait and Operation Desert Storm. The cast extends from wildcatters and rogues to oil tycoons, and from Winston Churchill and Ibn Saud to George Bush and Saddam Hussein. The definitive work on the subject of oil and a major contribution to understanding our century, *The Prize* is a book of extraordinary breadth, riveting excitement -- and great importance.

The Prize

A combination memoir and cultural study, this book is based on 100 blog posts reflecting on 1968 from the corresponding day in 2018.

Nothing Is Revealed

The journey of a German Ecuadorian widower, Ernst Contag, and his four young children from their home in South America to Nazi Germany in 1942. Blacklisted as an enemy alien, Contag and his children were forcibly repatriated to the country of his grandparents' birth as part of a diplomatic exchange arranged by the United States State Department and cooperating countries. Denying their Ecuadorian citizenship, they had to learn to navigate an ever-shifting horizon as they faced internment, separation, hunger, and hopelessness in Germany and France, then hostility when they eventually returned to their Andean homeland.

Where the Clouds Meet the Water

This is the terrifying story of the most dangerous radical-right hate group to surface since the Ku Klux Klan first rode a century ago. The Silent Brotherhood attracted seemingly average citizens with their call for pride in race, family, and religion and their mission to save white, Christian America from a communist conspiracy. Here is how they became criminals and assassins in their effort to establish an Aryan homeland. 8-page photo insert.

The Silent Brotherhood

The ideal book for people who want to increase their word power. Thorough coverage of 1,200 words and 240 roots while introducing 2,300 words. The Vocabulary Builder is organized by Greek and Latin roots for effective study with nearly 250 new words and roots. Includes quizzes after each root discussion to test progress. A great study aid for students preparing to take standardized tests.

"Forty Years for Labrador" by Wilfred T. Grenfell is a memoir in which the author tells the story of his life in Labrador. Sir Wilfred Thomason Grenfell was a British medical missionary to Newfoundland where he fell in love with the ambiance and the people who call this part of Canada home. This book, in fact, discusses some of the patients and citizens he interacted with while operating his practice.

Merriam-Webster's Vocabulary Builder

For more than 20 years, Mike Levine wrote columns for the Times Herald-Record in Middletown, New York, that celebrated the lives of everyday people and shined a light on the darkness of corrupt and inept public servants. Mike sometimes talked about Tikkun olam, Hebrew for "repair of the world." He died in 2007 at the age of 54.

The Master of Disguise

A Reporter's Notebook on Alien Abduction, UFOS, and the Conference at MIT Alien abduction is hardly the usual topic for a scientific conference, yet in 1992 just such a conference was held at MIT. Respected journalist C D B Bryan had serious doubts about UFO encounters , but decided to attend with an open mind. This startling and thought-provoking book is the result. Fascinating - compelling, terrifying, haunting, yet entirely rational' - The Baltimore Sun'

One Second After

Presents a new translation of the Anglo-Saxon epic chronicling the heroic adventures of Beowulf, the Scandinavian warrior who saves his people from the ravages of the monster Grendel and Grendel's mother.

One Hundred Years of Singapore

The fifth hilarious novel in the classic "Hitchhiker's Guide to the Galaxy" series follows the exploits of Arthur Dent, who has to adjust to a new life when his spaceship crashes on a remote planet. "If you were hoping for more of the zany, nonsensical, mayhem produced in the earlier books, you're in luck." --"The New York Times Book Review."

LummoX Poetry Anthology #9

In The Synchronicity Key, David Wilcock goes beyond this new understanding to investigate how our universe works. Using history and astrology, as well as new research into fractals, spiritual geometry and quantum physics, Wilcock demonstrates that there is a hidden architecture within time which guides individuals and nations through a system of enlightenment (which Joseph Campbell called the Hero's Journey). Historical events occur in shockingly precise and repeating cycles of time and once the hidden laws governing our fate through seemingly random 'synchronicity' are identified we are left with a remarkable blueprint of how to lead our lives in an uncertain world. David Wilcock's understanding of the living fabric that binds the universe together is behind his knowledge of synchronicity, the connections between seemingly unrelated events, and how we are guided by it. Synchronicity is a means to awaken

us to our true identity, the thoughts we think and the actions we take are being guided by hidden cycles that repeat throughout the universe and time. David Wilcock is our guide to this new world.
