German books in print

Written between 1944 and 1947, *Minima Moralia* is a collection of rich, lucid aphorisms and essays about life in modern capitalist society. Adorno casts his penetrating eye across society in mid-century America and finds a life deformed by capitalism. This is Adorno's theoretical and literary masterpiece and a classic of twentieth-century thought.

The *Nibelungenlied*, has been regarded as significant work throughout human history, and in order to ensure that this work is never lost, we have taken steps to ensure its preservation by republishing this book in a contemporary format for both current and future generations. This entire book has been retyped, redesigned, and reformatted. Since these books are not made from scanned copies, the text is readable and clear.

Der perfekte Vorname für dein Kind!

This is Susi and Benjamin. Susi and her family used to live in a big city full of cars, highways, and buildings. Now they live on a small island in the Mediterranean, which is full of much more interesting things: butterflies, snakes, fishing boats, and ... Benjamin the donkey. Benjamin and Susi are best friends. She washes his face each morning, they play wonderful games all day, and they sleep next to each other every night. Until one day, Benjamin disappears ...

Vornamen

This is the first English-language edition of Klingsor's Last Summer, which was originally published in 1920, a year after Demian and two years before Siddhartha. The book has three parts: a story called A Child's Heart, followed by Klein and Wagner and Klingsor's Last Summer, Hesse's two longest and finest novellas. These novellas, along with Siddhartha (the three works were republished in 1931 under the title The Inward Way), are the first fruits of the period that began in the spring of 1919, when Hesse settled in the Ticino mountain village of Montagnola to start a new life without his wife and children. A Child's Heart, written in January 1919, in Basel, concerns the transmutation of a boy's innocence into knowledge of good and evil, and the painful guilt that accompanies this process. Both Klein and Wagner (written in May-June 1919, immediately after the arrival in Montagnola) and Klingsor's Last Summer (written shortly after) are set in a southern landscape that reflects Hesse's life that summer; both novellas have heroes who are more or less Hesse's age at the time; and in both the hero's death is preceded by a grand vision of unity in which the polarities of life are resolved. Hesse exposes himself mercilessly in Klein and Wagner, a story of escape, wrenching loose, letting go. But the expressionist painter Klingsor is a more direct self-portrait of the Hesse of 1919.

Peking to Paris

International bestseller As seen in The Wall Street Journal--from free play to cozy together time, discover the parenting secrets of the happiest people in the world What makes Denmark the happiest country in the world--and how do Danish parents raise happy, confident, successful kids, year after year? This upbeat and practical book presents six essential principles, which spell out P-A-R-E-N-T: Play is essential for development and well-being. Authenticity fosters trust and an "inner compass." Reframing helps kids cope with setbacks and look on the bright side. Empathy allows us to act with kindness toward others. No ultimatums means no power struggles, lines in the sand, or resentment. Togetherness is a way to celebrate family time, on special occasions and every day. The Danes call this hygge--and it's a fun, cozy way to foster closeness. Preparing meals together, playing favorite games, and sharing other family traditions are all hygge. (Cell phones, bickering, and complaining are not!) With illuminating examples and simple yet powerful advice, The Danish Way of Parenting will help parents from all walks of life raise the happiest, most well-adjusted kids in the world.

Minima Moralia

Readers' comments: A Fabulous, Important Book. Jesper Juul provides parents with such an amazing and absolutely vital approach to raising children that it rings true on every page. Some of what he suggests we as parents do is difficult, but all of it is right on about how we can raise confident, healthy, whole humans, right from the start. I was thrilled to have discovered a book that allowed me to see different possibilities with child raising. Anyone with a child will gain immensely from reading this book, seeing themselves in his numerous examples, and learning how to move on from there. I am grateful for this book and highly recommend it. No Parent Should Be Without It. With tremendous wisdom and a warm, pragmatic eye, Mr. Juul helps us redefine the ways we look at a child's behavior and our relationship to our children and ultimately, each other. This is a book that doesn't offer easy answers or 'tricks' to help in the raising of your child. This is a book that helps you see with a child's eye, hear with a child's ear, and feel with a child's heart in ways that feel so natural and obvious, you will wonder why you haven't thought of them before. It is a book that offers day-to-day skills along with the thinking that helps generate them. This groundbreaking book should be on the shelf of all parents everywhere. I cannot recommend it highly enough. If you have children - read this book! This is an amazing book that will surely turn upside down any thoughts you ever had about raising children. Even though you may not agree with all the views in this book, there is so much food for thought and new ideas that you will return to this book again and again for interesting and mind blowing advice.

"Das" Kränzchen

At home there are four bedrooms: one for her, one for her little brother Sam, one for her parents, and one for the carcasses. Her father is a big-game hunter, a powerful predator, and her mother is submissive to her violent husband's demands. The young narrator spends the days with Sam, playing in the shells

of cars dumped for scrap and listening out for the melody of the ice-cream truck, until a brutal accident shatters their world. This breathtaking debut is a sharp and funny coming-of-age tale in which reality and fantasy collide.

The Nibelungenlied

Highly controversial but impeccably researched, *The Real Messiah* explodes the myth that Jesus was the long-prophesied Messiah of the Jewish nation. Indeed, it argues that Jesus never claimed that role but thought of himself as herald to the true Messiah: Marcus Julius Agrippa, the last King of the Jews and Jesus' contemporary. It was he who truly founded what became known as Christianity, and wanted to build a faith to which anyone could aspire. Though Marcus Agrippa was initially successful, with the passing of time those in charge of the new faith capitulated to the whims of successive Roman Emperors and centered their religion on Jesus instead.
