John Bogle-Founder of Vanguard 10 rules for investment success

Reversion to the mean What's hot today isn't likely to be hot tomorrow

Time is your friend Let the miracle of compound interest work for you.

Buy right and hold tight Stick to the plan no matter how greedy or scared you become

Have realistic expectations You are unlikely to get rich quickly.

Forget the needle, buy the haystack Buy index funds and you can cut risk

Minimize the "croupier's" take Minimize fees by investing in low-cost funds. This increases your return.

There's no escaping risk

Don't fight the last war What worked in the past is no predictor of what will work in future
The hedgehog beats the fox Foxes represent financial institutions & hedgehogs are index funds
Stay the course Make a plan, stick to it, and eliminate unnecessary risks
