EXISTENTIALISM

DON'T FOLLOW THE HERD MENTALITY

THE STRICT DOGMATIC JUDGMENT OF HUMAN BEHAVIOR CAN EVEN MAKE

MORALITY IS PREACHED IN A VERY STRICT WAY

EMBRACE THE DIFFICULTY OF SELF-DISCOVERY

IT'S ONLY WHEN WE ARE WILLING TO FACE THE CHALLENGES OF LIFE THAT WE ARE

SPIRITUALLY GROWING

YOU SHOULD REFUSE TAKING AN EASY PATH AND YOU SHOULD DECIDE TO EMBARK IN THE QUEST FOR GAINING

TO BE FREE MEANS ALSO TO BE FREE FROM ALL PHYSIOLOGICAL AND PSYCHOLOGICAL NEEDS

THE FIGHT IS AN INNER FIGHT, THE STRUGGLE IS TO FIND YOURSELF AND THIS QUEST IS

A MUCH MORE DIFFICULT QUEST, REQUIRING A
IF YOU DON'T GO OUT AND EXPERIENCE LIFE FIRST HAND IN A FULLY AWARE STATE, YOU
CANNOT CLAIM YOU HAVE LIVED YOUR LIFE CHALLENGE OUR OWN DEMONS
FINDING YOURSELF IS FINDING YOUR UNIQUENESS, THAT UNIQUE SET OF VALUES AND
THINGS YOU TRULY LOVE
SAY YES TO WHAT GIVES YOU MEANING
WE SHOULD SAY YES TO WHATEVER GIVES US MEANING IN OUR OWN LIVES - THE THINGS
THE HUMANITIES OFFER US THE ABILITY TO CONTEXTUALIZE OUR SUFFERINGS, OUR
EFFORTS
THE ÜBERMENSCH IS A SUPERHUMAN THAT CREATES HIS OWN MEANING AND VALUES
WITHOUT REFERENCE TO OUTSIDE INFLUENCES
AMOR FATI

FIND YOUR TRUE VALUES

WE NEED TO CREATE OUR OWN VALUES TO LIFT THE GREATEST WEIGHT
YOU NEED TO CHANGE YOURSELF AND REEVALUATE YOUR VALUES, THEN AND
YOU NEED TO BREAKOUT FROM YOUR SELF-MADE HERD-BASED PRISON AND CHASE
AFTER THE DREAMS THAT

A People's History of the United States

Since its original landmark publication in 1980, A People's History of the United States has been chronicling American history from the bottom up, throwing out the official version of history taught in schools -- with its emphasis on great men in high places -- to focus on the street, the home, and the workplace. Known for its lively, clear prose as well as its scholarly research, A People's History is the only volume to tell America's story from the point of view of -- and in the words of -- America's women, factory workers, African-Americans, Native Americans, the working poor, and immigrant laborers. As historian Howard Zinn shows, many of our country's greatest battles -- the fights for a fair wage, an eight-hour workday, child-labor laws, health and safety standards, universal suffrage, women's rights, racial equality -- were carried out at the grassroots level, against bloody resistance. Covering Christopher Columbus's arrival through President Clinton's first term, A People's History of the United States, which was nominated for the American Book Award in 1981, features insightful analysis of the most important events in our history. Revised, updated, and featuring a new afterword by the author, this special twentieth anniversary edition continues Zinn's important contribution to a complete and balanced understanding of American history.

As It Was in the Days of Noah

Doom, gloom, tribulation, apocalypse, Armageddon, 2012, plaques, earthquakes, wars, rumours of warthese have all become synonymous with what we call the end-times. Is this really the end that the creator of heaven and earth had in mind when He created all things? Did He fail in His original plan? Has He lost his grip on creation? Is He still in control? How did He plan to end what He started? Will there be a rapture? Will there be great tribulation? Will it end in war and ruins? Or does the God of

the universe have a far greater plan than most men anticipate? Let us travel back in time to the days of Noah and get some insight into God's plans for creation. As He said: But as THE DAYS OF NOAH were, so also will the coming of the Son of Man be.

It Was Good That I Was Afflicted

Laphoia V. Long is a born-again believer who speaks to her audience by Divine Holy Inspiration, through the Word of God. She expresses to the reader, that we all have an appointment with destiny. She believes every person birthed in the earth has a purpose in life, ordained by God. Her belief is that the reader will find hope, encouragement and words of inspiration, as she walks them through her own personal journey as a Christian. She reveals to the reader that trials, test, and tribulation is to identify each child of God as partaking of the sufferings, of Christ. She explains that through the eyes of God, He gets the ultimate Glory, just as He did with His Son Jesus. Her concept of writing this book is symbolic to traveling on a road to reach the destination of "The Promise Land"

Journal of the Executive Proceedings of the Senate of the United States of America

ReRelease! Please read synopsis before purchasing After escaping the horrors of what life was like growing up in the foster care system, Ty and Kayla find themselves trying to navigate through life and figure out how to adjust to their new found freedom. With the allure of the streets calling and the determination to survive, they succumb to the 'get it by any means' mentality. What started as petty theft quickly escalated to robberies and eventually landed Ty in a position to better their life. Hesitation set in as they questioned whether the risk was worth the reward. When you're used to receiving the short end of the stick, it's almost instinct to jump on the best ship sailing and that's what they did. Unfortunately, with Ty's new success in the drug game came a slew of issues they weren't prepared for. Secrets, infidelity, enemies, and of course the root of all evil; Money, threaten to tear apart what the young couple have struggled so hard to build and maintain. One would hope that their bond is strong enough to withstand all but with this game called love... You just never know.

Ariana. In two parts. As it was translated out of the French [of J. Desmarets de Saint Sorlin], etc

Sometimes you need a dream, and journeying the length of America's longest road is as dreamy as it gets. Attempting to complete the Pan American Highway during 2020 was, well, ultimately quite extraordinary! In October of 2019, Mark and his partner Selly headed for Patagonia with huge doses of excitement, just a little naivety and zero hindsight. Waiting for them were volcanoes, glaciers, an abundance of wildlife and enduring friendships. Also waiting were riots, breakdowns, a comical Caribbean island robbery and a not so comical fire, hurricanes and the occasional near-death experience. Oh, and the small matter of a global pandemic trapping them inside a Nicaraguan jungle-filled volcano crater, for several months. But then a twist of fate introduced them to 'Mocha', an adorable stray dog who won their hearts and insisted upon commandeering Mark's pannier. Her escape from Central America and back to England will prove just as gruelling as for her human companions. Sometimes, when the world spins upside down, the plans just get better!

From the Beginning It Was Us

The Holy Bible contains God and his promises to every believer. Through the Holy Spirit, by divine revelations, we get to know and understand God's words to us. Author Ted Theodore shares wisdom and divine insight about God's word to every reader, especially devout Christians, in his book, As It Was Told To Me. When God promises, rather when God speaks, His Word is certain. It is definite. It is truth. It is life. When Jesus said, The words that I speak are spirit and life, He was referring to the spiritual creation of the Word and the eventual physical manifestation. It is this certainty that makes the concordance meaning of the word promise, in the New Testament, come alive, the author stated. In As It Was Told To Me, Theodore offers a deeper understanding of the scriptures found in the books of the Holy Bible. He captures truths that help readers understand about God, his absolute power, eternal presence, the value of faith, the lessons found in the Book of Genesis, the importance of prayer, and inspires readers to re-examine their beliefs, and their spiritual journey. This book will open readers' eyes to the truth of God's words providing a deeper and greater understanding of the Bible, which will eventually help them to in their spiritual growth and walk with God.

It Was a Good Plan!

Jeffrey Record has specialized in investigating the causes of war. In *The Specter of Munich: Reconsidering the Lessons of Appeasing Hitler* (Potomac Books, Inc., 2006), he contended that Hitler could not have been deterred from going to war by any action the Allies could plausibly have taken. In *Beating Goliath: Why Insurgencies Win* (Potomac Books, Inc., 2007), Record reviewed eleven insurgencies and evaluated the reasons for their success or failure, including the insurgents' stronger will to prevail. *Wanting War: Why the Bush Administration Invaded Iraq* (Potomac Books, Inc., 2009) includes one of Record's most cogent explanations of why an often uncritical belief in one's own victory is frequently (but not always) a critical component of the decision to make war. Record incorporates the lessons of these earlier books in his latest, *A War It Was Always Going to Lose: Why Japan Attacked America in 1941*. The attack on Pearl Harbor is one of the most perplexing cases in living memory of a weaker power seeming to believe that it could vanquish a clearly superior force. On closer inspection, however, Record finds that Japan did not believe it could win; yet, the Japanese imperial command decided to attack the United States anyway. Conventional explanations that Japan's leaders were criminally stupid, wildly deluded, or just plumb crazy don't fully answer all our questions, Record finds. Instead, he argues, the Japanese were driven by an insatiable appetite for national glory and economic security via the conquest of East Asia. The scope of their ambitions and their fear of economic destruction overwhelmed their knowledge that the likelihood of winning was slim and propelled them into a war they were always going to lose.

As It Was Told to Me

In his mind, then, small cracks opened, from which ancient images emerged, perhaps lost in the mass grave of those fragments of memories thrown there, randomly and confused with others, buried in the cemetery of lost memories. As it happens when a ray of sunshine penetrates from the dormer window, to break through the walls of the darkness of a dusty attic, so the darkness of that mass grave was pierced by the dazzling reflection of a glow of memory, which raised the dust of seconds, minutes, hours, days, months and years past, that eternity had deposited there. Perhaps it is these ? he thought ? that appear in those strange dreams without meaning, where it happens that the door of the mass grave of those confused fragments opens and come out like the gusts of the winds of Aeolus, enclosed in the wineskin....

The Way It Was

Eddie Gianelli is helping Joey Bishop's TV wife, Abby Dalton, get out from under a blackmailer, when the news comes through that JFK has been assassinated. Frank Sinatra was a close friend of JFK, and the Rat Pack—including Eddie—rally round Frank to give him moral support. His buddies are the only ones who can really offer Frank any real comfort and after a while they all drift back to making their new movie. Eddie returns to his case, but then he soon hears that Sinatra's son, Frank Jr, has been kidnapped. Eddie continues to search for the blackmailer while trying to help Frank get through his second—and intensely more personal—traumatic experience, all of which eventually leads to murder . . . PRAISE FOR RAT PACK MYSTERY NOVELS “If you remember the Rat Pack era fondly . . . then you won't stop smiling.”—Booklist on *I'm A Fool To Kill You* “This breezy caper is unalloyed fun.”—Booklist on *I'm A Fool To Kill You* “Randisi gives a lively sense of Vegas's glitz and the glittering, feckless people who flourished in the spotlight.”—Publishers Weekly on *I'm A Fool To Kill You*

A War It Was Always Going to Lose

In 1973, Henry Kissinger shared the Nobel Peace Prize for the secret negotiations that led to the Agreement on Ending the War and Restoring Peace in Vietnam. Nixon famously declared the 1973 agreement to be “peace with honor”; America was disengaging, yet South Vietnam still stood to fight its own war. Kissinger promptly moved to seal up his personal records of the negotiations, arguing that they are private, not government, records, and that he will only allow them to be unsealed after his death. *No Peace, No Honor* deploys extraordinary documentary bombshells, including a complete North Vietnamese account of the secret talks, to blow the lid off the true story of the peace process. Neither Nixon and Kissinger's critics, nor their defenders, have guessed at the full truth: the entire peace negotiation was a sham. Nixon did not plan to exit Vietnam, but he knew that in order to continue bombing without a congressional cutoff, he would need a fig leaf. Kissinger negotiated a deal that he and Nixon expected the North to violate. Ironically, their long-maintained spin on what happened next is partially true: only Watergate stopped America from sending the bombers back in. This revelatory book has many other surprises. Berman produces new evidence that finally proves a

long-suspected connection between candidate Nixon in 1968 and the South Vietnamese government. He tells the full story of Operation Duck Hook, a large-scale offensive planned by Nixon as early as 1969 that would have widened the war even to the point of bombing civilian food supplies. He reveals transcripts of candidate George McGovern's attempts to negotiate his own October surprise for 1972, and a seriocomic plan by the CIA to overthrow South Vietnam's President Thieu even as late as 1975. Throughout, with page-turning dialogue provided by official transcriptions and notes, Berman reveals the step-by-step betrayal of South Vietnam that started with a short-circuited negotiations loop, and ended with double-talk, false promises, and outright abandonment. Berman draws on hundreds of declassified documents, including the notes of Kissinger's aides, phone taps of the Nixon campaign in 1968, and McGovern's own transcripts of his negotiations with North Vietnam. He has been able to double- and triple-check North Vietnamese accounts against American notes of meetings, as well as previously released bits of the record. He has interviewed many key players, including high-level South Vietnamese officials. This definitive account forever and completely rewrites the final chapter of the Vietnam war. Henry Kissinger's Nobel Prize was won at the cost of America's honor.

It was a time where no time could be lost

In "...And it was So" Dr. Scott Ransom argues that perceived gaps between science and the Biblical account of creation are symptoms of misinterpretation. A proper understanding of the Hebrew language, the audience for which Genesis was written, the process of Biblical translation, and the nature of science coalesce into a coherent picture of creation in which science and the Bible align. Ransom takes the reader into the story of creation and the science behind it, distilling complex scientific concepts into easily digestible nuggets, and along the way introducing us to many of the lesser-known heroes of scientific discovery. In the end the reader will have a new appreciation for both science and the Bible as well as the harmony that exists between both.

Scope of Soviet Activity in the United States

Here is a major science-fiction novel in the tradition of *Brave New World* and 1984. Frank Belknap Long's long-lost science fiction masterpiece concerns a machine that computes men's futures . . . and the one person who dared to tamper with its infallible system! Frank Belknap Long (1901-1904), one of the Lovecraft Circle, is best known for his contributions to *Weird Tales*, *Thrilling Wonder Stories* and other pulp magazines. Long also wrote for radio and television.

It Was A Very Bad Year

If It Was Not for Terrorism: Crisis, Compromise, and Elite Discourse in the Age of "War on Terror" aims to investigate questions regarding the hegemonic power that is exercised by elites (and mass media) through the discourse of "War on Terror." The chapters in the volume provide case studies from a wide variety of geographies to debate questions regarding the construction of the meaning of "terrorism," communication of collective identities and otherness, and media frames regarding the "War on Terror," civil liberties, and government restrictions. In bringing this collection together, it was the editors' intention to provide a venue for discussion of expressions and diverse concerns around the themes of media and terrorism from international and interdisciplinary perspectives. The edited volume is divided into two parts. The first part focuses on elite discourse about the definition of "terrorism" and discursive strategies involved in construction of "us" vs. "others." The second part of the volume investigates issues related to media framing of the compromises that are deemed necessary for success in the "War on Terror." At the same time, several chapters of this part also identify opportunities for resistance to hegemonic discourse.

No Peace, No Honor

"These translations of Mahmoud Darwish's marvelous poems reveal the lifelong development of a major world poet. The book is a gift to other poets and lovers of poetry. It's also an important contribution to current and future discourse on culture and politics."—Adrienne Rich, author of *Fox: Poems, 1996-2000*

"At this critical moment in world relations, cultural, creative projects feel more necessary than ever. Celebrate this most comprehensive gathering of Mahmoud Darwish's poetry ever translated into English. Darwish is the premier poetic voice of the Palestinian people, and the collaboration between translators Akash and Forché is a fine mingling of extraordinary talents. The style here is quintessential Darwish—lyrical, imagistic, plaintive, haunting, always passionate, and elegant—and never anything less than free—what he would dream for all his people."—Naomi Shihab Nye, author of *Fuel*

...And It Was So

And That's the Way it Was is a legacy to her family (daughter, son, and three grandsons and many nieces and nephews) as told by Florence Baltimore McDaniels. The intent is to tell how a family that had little material things and wealth functioned and worked together to make a happy home. The family was poor but the children didn't realize that they were because they had the most important necessity—love. There were a lot of family-oriented activities, fun and games, and wholesome activities that stimulated a desire to learn and excel in everything that was done. Lessons learned are instilled in behaviors such as trustworthiness, obedience versus disobedience, doing one's part, sharing the responsibilities, caring for each other, and respecting one's parents and siblings. It is very important that every individual knows how to spend one's spare time. One should have a hobby or develop a skill to hone in on when alone or when you need time to one's self and to reflect on one's inner strength. Continue to take on new skills and acquire new knowledge that will enhance and stimulate the mind. Try to keep up with current events and be aware of how changes in government and community will affect you. When making decisions always try to make choices with which you can live. It's all right to take chances, but remember that you must live with the consequences. And remember that no one is perfect. We all make mistakes; but once we make a mistake, try not to repeat that same mistake again. An intelligent person learns from his/her mistakes. That is how we grow and gain self confidence.

It Was the Day of the Robot

David, a fighter in the Warsaw Ghetto Uprising; escapes from the Ghetto after the fall of the Uprising. His family had perished in the death camp; but the fate of his brother Stefan, who joined the Jewish Police in the Ghetto; is unknown. David hides on the "Aryan" side with the help of his teacher and his high school friends. When the Gestapo raids his place, he escapes but is accosted by a man blackmailing Jews. David overpowers him and leaves him unconscious. He meets Morris, a Jew, who also lost his entire family. Morris goes to "Hotel Polski" and buys himself a South American visa, which would let him leave Poland and go to Switzerland. Morris is taken to the Bergen-Belsen concentration camp and the "Hotel Polski" affair turns out to be a Gestapo trap; they all are eventually killed in Auschwitz. David's joins Polish underground army and prints illegal leaflets. He takes part in the sabotage action where he kills the railroad guard and rescues a teenage brother of his friend. He has to run away again when he is about to be reported by a janitor. When the Warsaw Uprising ignites; David and his friends fight the Nazis. David witnesses a Polish MP executing a Jew falsely accused of being a Nazi spy. David meets "Renia"

If It Was Not For Terrorism

Did you used to hate the water, but can't imagine why? Do you feel a constant need for a bigger boat? Do you want the Mayor to close the beaches? If the answer is "yes" to these questions, you are a Jaws fanatic. Just When You Thought It Was Safe: A Jaws Companion by Patrick Jankiewicz splashes into the terrifying yet true stories behind the making of *Jaws* (1975) starring Roy Scheider, Robert Shaw, and Richard Dreyfuss, the film director Steven Spielberg based on Peter Benchley's 1974 runaway best selling novel of the same name. The equally stupendous success of Spielberg's suspense film spawned a string of sequels. Author Patrick Jankiewicz fishes out the production back stories, such as how "Smile, You sonnuva—" and "We need a bigger boat!" were created. He reels in all the shark's victims, including John Hancock, Lance Guest, and Dorothy Tristan, for exclusive interviews, and he harpoons of the sequels, *Jaws 2* (1978), *Jaws 3-D* (1983), *Jaws: The Revenge* (1987). 235 pages.

Unfortunately, It Was Paradise

On July 1, 2006, England exited the World Cup after its penalty shootout against Portugal. The authors couldn't help but notice the negativity of both the crowd and the match commentators. They suggest that a radical change of mindset is needed in all who want their national team to win, from players and managers to fans and the media.

The Scotch-Irish in America

Life is good for Abby and West. Finally. After a brief break-up and the threat of separation, Abby Sellers and West Montgomery are together again. Abby's going to school and helping with the family business as they deal with her mother's illness and West is living his dream, playing baseball at USD. Things are going in the right direction. Until one mistake sends everything spinning out of control. The kind of mistake that changes everything in an instant. The kind of mistake that can tear people apart. The kind of mistake that guarantees their lives will be forever changed...one way or another.

Jamaica, as it Was, as it Is, and as it May be

Kathleen Hann was born into a poor working-class family in the Black Country during the depression of the nineteen thirties. She was a clever child at a time when it wasn't thought poor children could be clever, when ridicule was the only way the mediocre teachers knew how to deal with the situation. This is a book to make you laugh and cry as the author revisits her past and evokes many of the outrageous and picaresque charcters of her childhood, her youth and early womanhood. She was one of a hundred people in Shropshire chosen by the BBC to appear on the programme, The Century Speaks, in which the BBC called for people to give their views on Shropshire. This book is living history, experienced in the raw and tested on the pulses of a real participant whose vision of those times, while sympathetic, sincere and humorous, is never coloured by rose-tinted lenses. She has not given us a dry treatise of social history, but a slice of life that will forever remain with the reader.

And That's the Way It Was

In this "brave and heartbreaking novel that digs its claws into you and doesn't let go, long after you've finished it" (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of All Your Perfects, a workaholic with a too-good-to-be-true romance can't stop thinking about her first love. Lily hasn't always had it easy, but that's never stopped her from working hard for the life she wants. She's come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily's life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He's also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn't hurt. Lily can't get him out of her head. But Ryle's complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his "no dating" rule, she can't help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, It Ends with Us is "a glorious and touching read, a forever keeper. The kind of book that gets handed down" (USA TODAY).
