Dangerous Charter (1962) Adventure, Thriller | Chris Warfield, Sally Fraser | Full Movie, subtitles by Cult Cinema Classics 80,869 views 8 months ago 1 hour, 15 minutes - A nerve-shattering voyage with death lurking at every turn! The crew of a fishing boat discovers a deserted luxury yacht at sea with ...

Full Movie

A group of people explore a boat called Medusa and find strange and interesting things on board.

A mysterious yacht with no registry and a dead man on board is brought in by two men who hope to claim salvage, but the authorities are unable to trace the owner or determine what happened.

A group of individuals discuss a fisherman named Anselmo who is suspected of being a smuggler and is connected to the yacht Medusa.

A man named Cain charts a boat called Medusa and hires Marty McMahon and his crew to take him to La Paz.

A man goes missing on a ship and is later found in the engine room.

Richard is confronted by Mr. Manay who claims to have no interest in the Medusa but offers \$10,000 in exchange for a trip to Catalina.

A man confesses to abandoning a crew member at sea and threatens to harm others on the boat.

A group of people on a boat are involved in smuggling narcotics and plan to transfer the cargo to a cabin cruiser.

A bomb is discovered on a cruise ship, leading to chaos and a dramatic ending.

The Serpent Sword

Beobrand is compelled by his brother's almost-certain murder to embark on a quest for revenge in the war-ravaged kingdoms of Northumbria. The land is rife with danger, as warlords vie for supremacy and dominion. In the battles for control of the region, new oaths are made and broken, and loyalties are tested to the limits.

The Serpent Sword

An action-packed historical thriller set in Anglo-Saxon Britain in AD 633. The first book in The Bernicia Chronicles.

The Bernicia Chronicles Boxset: I-VI

'Historical fiction doesn't get much better than this.' Angus Donald We first encounter doughty warrior Beobrand in The Serpent Sword as he fights for King Edwin in Northumbria, while seeking vengeance for his brother's death. In The Cross and the Curse, Beobrand returns home a hero after a stunning victory against the Waelisc, but despite riches and fame for his skill in battle, he is soon surrounded by enemies and treachery on all sides. Blood and Blade sees Beobrand escorting a princess of Wessex to her new home in Northumbria, as bride of King Oswald. With Oswald away fighting the Picts, and old enemies closing in, it is up to Beobrand to overcome the plots and perils in their path and get his new queen safely home. In Killer of Kings, Beobrand finds himself caught up in bloody conflict as Penda of Mercia marches on the southern kingdoms just as Beobrand is sent on an important mission by his king. Warrior of Woden sees Beobrand, now a renowned warlord, fight for his king, Oswald of Northumbria, as Penda invades the kingdom in a clash of pagans and Christians and a battle for the soul of Albion. Storm of Steel sees Beobrand sail to lands he once knew on a perilous quest to avenge a girl kidnapped by slavers. Collected in a single volume for the first time, books 1–6 of the epic Bernicia Chronicles series featuring mighty Anglo-Saxon warlord Beobrand, including: THE SERPENT SWORD THE CROSS AND CURSE BLOOD AND BLADE KILLER OF KINGS WARRIOR OF WODEN STORM OF STEEL Reviewers on Matthew Harffy: 'Nothing less than superb.' Historical Novel Society 'Beobrand is the warrior to follow.' David Gilman

Blood and Blade

Oswald is now King of Northumbria. However, his plans for further alliances and conquests are quickly thrown into disarray when his wedding to a princess of Wessex is interrupted by news of a Pictish uprising. Rushing north, Oswald leaves Beobrand to escort the young queen to her new home. Their path is fraught with danger and uncertainty, Beobrand must try to unravel secrets and lies if they are to survive. Meanwhile, old enemies are closing in, seeking brutal revenge. Beobrand will give his blood

and blade in service to his king, but will that be enough to avert disaster and save his kith and kin from the evil forces that surround them?

Killer of Kings

AD 636. Anglo-Saxon Britain. Beobrand has land, men and riches. He should be content. And yet he cannot find peace until his enemies are food for the ravens. But before Beobrand can embark on his bloodfeud, King Oswald orders him southward, to escort holy men bearing sacred relics. When Penda of Mercia marches a warhost into the southern kingdoms, Beobrand and his men are thrown into the midst of the conflict. Beobrand soon finds himself fighting for his life and his honour. In the chaos that grips the south, dark secrets are exposed, bringing into question much that Beobrand had believed true. Can he unearth the answers and exact the vengeance he craves? Or will the blood-price prove too high, even for a warrior of his battle-fame and skill?

The Serpent Sword

BRITAIN 633 A.D. Certain that his brother's death is murder, young farmhand Beobrand embarks on a quest for revenge in war-torn Northumbria. When he witnesses barbaric acts at the hands of warriors he considers his friends, Beobrand questions his chosen path and vows to bring the men to justice. Relentless in pursuit of his enemies, Beobrand faces challenges that change him irrevocably. Just as a great sword is forged by beating together rods of iron, so his adversities transform him from a farm boy to a man who stands strong in the clamour and gore of the shieldwall. As he closes in on his kin's slayer and the bodies begin to pile up, can Beobrand mete out the vengeance he craves without sacrificing his own honour ... or even his soul? The Serpent Sword is the first novel of the Bernicia Chronicles. PRAISE FOR THE SERPENT SWORD "The Serpent Sword is a stunning debut: fast, confident, adrenaline-pumped, this story of a young warrior's coming of age in the maelstrom of the Dark Ages has the flavour of early Giles Kristian or James Aitcheson: it's raw, rugged and rich in colour and texture." MANDA SCOTT "...a gripping and credible tale of Dark Ages Britain...Historical fiction doesn't get much better than this." ANGUS DONALD "Vivid and compelling, The Serpent Sword is historical fiction at its brutal best." PAUL FRASER COLLARD "A storming debut novel fans of Bernard Cornwell should not miss!" STEVEN A. MCKAY "...a fast-paced tale of historical adventure beautifully written. The Serpent Sword is a story of revenge, passion, betrayal, honour, love and loss. Above all, it contains both a quest and a love story. Harffy's characters are portrayed with depth and humanity. This novel is a thrilling read." CAROL MCGRATH "With powerful language and gripping action, Harffy tells a tale of courage, revenge and love..." JUSTIN HILL

Wolf of Wessex

'Harffy's Dunston is a fantastic creation – old, creaking and misanthropic. The forest is beautifully evoked. A treat of a book' The Times. AD 838. Deep in the forests of Wessex, Dunston's solitary existence is shattered when he stumbles on a mutilated corpse. Accused of the murder, Dunston must clear his name and keep the dead man's daughter alive in the face of savage pursuers desperate to prevent a terrible secret from being revealed. Rushing headlong through Wessex, Dunston will need to use all the skills of survival garnered from a lifetime in the wilderness. And if he has any hope of victory against the implacable enemies on their trail, he must confront his long-buried past – becoming the man he once was and embracing traits he had promised he would never return to. The Wolf of Wessex must hunt again; honour and duty demand it. 'A page-turner... Matthew Harffy tells a great story' Joanna Hickson. 'A breathtaking novel that sweeps the reader into a dark and dangerous world' Paul Fraser Collard. 'Harffy's writing just gets better and better... He is really proving himself the rightful heir to Gemmell's crown' Jemahl Evans. 'Harffy has a real winner on his hands... A genuinely superb novel' Steven McKay.

Warrior of Woden

AD 642, Anglo-Saxon Britain: Oswald has reigned over Northumbria for eight years and Beobrand has led the king to ever-greater victories. Rewarded for his fealty and prowess in battle, Beobrand is now a wealthy warlord, with a sizable warband. Tales of Beobrand's fearsome black-shielded warriors and the great treasure he has amassed are told throughout the halls of the land. Many are the kings who bow to Oswald. And yet there are those who look upon his realm with a covetous eye. And there is one ruler who will never kneel before him. When Penda of Mercia, the great killer of kings, invades Northumbria, Beobrand is once more called upon to stand in an epic battle where the blood of many

will be shed in defense of the kingdom. But in this climactic clash between the pagan Penda and the Christian Oswald, there is much more at stake than sovereignty. This is a battle for the very souls of the people of Albion.

Storm of Steel

AD 643. Anglo-Saxon Britain. A gripping, action-packed historical thriller and the sixth instalment in the Bernicia Chronicles. Heading south to lands he once considered his home, Beobrand is plunged into a dark world of piracy and slavery when an old friend enlists his help to recover a kidnapped girl. Embarking onto the wind-tossed seas, Beobrand pursues his quarry with single-minded tenacity. But the Whale Road is never calm and his journey is beset with storms, betrayal and violence. As the winds of his wyrd blow him ever further from what he knows, will Beobrand find victory on his quest or has his luck finally abandoned him? Praise for Matthew Harffy: 'Nothing less than superb... The tale is fast paced and violence lurks on every page' Historical Novel Society 'Beobrand is the warrior to follow' David Gilman 'A tale that rings like sword song in the reader's mind' Giles Kristian 'Historical fiction doesn't get much better than this' Angus Donald 'A brilliant characterization of a difficult hero in a dangerous time. Excellent!' Christian Cameron 'A terrific novel. It illuminates the Dark Ages like a bolt of lightning' Toby Clements 'Battles, treachery, revenge and a healthy dose of Dark Age adventure' Simon Turney 'Matthew Harffy tells a great story' Joanna Hickson 'Harffy's writing just gets better and better... He is really proving himself the rightful heir to Gemmell's crown' Jemahl Evans 'Harffy has a real winner on his hands... A genuinely superb novel' Steven McKay 'A breathtaking novel that sweeps the reader into a dark and dangerous world' Paul Fraser Collard

A Time for Swords

Lindisfarne, AD793. The life of a novice monk will be changed forever when the Vikings attack...

For Lord and Land

Greed and ambition threaten to tear the north apart. War rages between the two kingdoms of Northumbria. Kin is pitted against kin and friend becomes foe as ambitious kings vie for supremacy. When Beobrand travels south into East Angeln to rescue a friend, he unwittingly tilts the balance of power in the north, setting in motion events that will lead to a climactic confrontation between Oswiu of Bernicia and Oswine of Deira. While the lord of Ubbanford is entangled in the clash of kings, his most trusted warrior, Cynan, finds himself on his own quest, called to the aid of someone he thought never to see again. Riding into the mountainous region of Rheged, Cynan faces implacable enemies who would do anything to further their own ends. Forced to confront their pasts, and with death and betrayal at every turn, both Beobrand and Cynan have their loyalties tested to breaking point. Who will survive the battle for a united Northumbria, and who will pay the ultimate price for lord and land? Praise for Matthew Harffy: "Terrific white-knuckle action, absolutely gripping storytelling . . . This is the first novel in what promises to be a fantastic new Viking series. Can't wait for the next one. Highly recommended!" --Angus Donald

The Bookseller's Tale

The death of a scholar, the birth of a detective... Oxford, Spring 1353. When young bookseller Nicholas Elyot discovers the body of William Farrington floating in the River Cherwell, all the signs point to suicide. Soon, however, Nicholas discovers evidence of murder. Who could have wanted to kill this promising student? As Nicholas and his close friend Jordain try to unravel what lies behind William's death, they learn that he was innocently caught up in a criminal plot. When their investigations begin to involve town, university, and abbey, Nicholas takes a risky gamble – and puts his family in terrible danger in order to uncover the truth. A thrilling historical mystery full of twists and intrigue, perfect for fans of Ellis Peters, Paul Doherty and E. M. Powell.

The Whale Road (The Oathsworn Series, Book 1)

DISCOVER SOMETHING NEW WITH THIS LIMITED-TIME DISCOUNT ON BOOK ONE OF THE SERIES. The first in the Oathsworn series, charting the adventures of a band of Vikings on the chase for the secret hoard of Attila the Hun.

Forest of Foes

AD 652. Beobrand has been ordered to lead a group of pilgrims to the holy city of Rome. Chief among them is Wilfrid, a novice of the Church with some surprisingly important connections. Taking only Cynan and some of his best men, Beobrand hopes to make the journey through Frankia quickly and return to Northumbria without delay, though the road is long and perilous. But where Beobrand treads, menace is never far behind. The lands of the Merovingian kings are rife with intrigue. The queen of Frankia is unpopular and her ambitious schemes, though benevolent, have made her powerful enemies. Soon Wilfrid, and Beobrand, are caught up in sinister plots against the royal house. After interrupting a brutal ambush in a forest, Beobrand and his trusted gesithas find their lives on the line. Dark forces will stop at nothing to seize control of the Frankish throne, and Beobrand is thrown into a deadly race for survival through foreign lands where he cannot be sure who is friend and who is foe. The only certainty is that if he is to save his men, thwart the plots, and unmask his enemies, blood will flow.

The Huntsman's Tale

The hunt is on... To find a killer, to save the life of a friend. On hearing that his cousin is short-handed for the harvest, Nicholas Elyot takes a group of friends back to the family farm to help. But after a deer hunt in Wychwood ends in tragedy, suspicion is directed toward the huntsman, a boyhood friend of Nicholas. Yet the victim has made many other enemies, any one of whom could have shot the fatal arrow. Can Nicholas uncover the real killer before it is too late? A totally scintillating medieval whodunnit full of twists and suspense, perfect for fans of Edward Marston, E. M. Powell and Sarah Hawkswood.

A Kingdom's Cost: A Historical Novel of Scotland

Eighteen-year-old James Douglas can only watch, helpless, as the Scottish freedom fighter, William Wallace, is hanged, drawn, and quartered. Even under the heel of a brutal English conqueror, James's blood-drenched homeland may still have one hope for freedom, the rightful king of the Scots, Robert the Bruce. James swears fealty to the man he believes can lead the fight against English tyranny. The Bruce is soon a fugitive, king in name and nothing more. Scotland is occupied, the Scottish resistance crushed. The woman James loves is captured and imprisoned. Yet James believes their cause is not lost. With driving determination, he blazes a path in blood and violence, in cunning and ruthlessness as he wages a guerrilla war to restore Scotland's freedom. James knows he risks sharing Wallace's fate, but what he truly fears is that he has become as merciless as the conqueror he fights.

Fortress of Fury

AD 647. Anglo-Saxon Britain. War hangs heavy in the hot summer air as Penda of Mercia and his allies march into the north. Caught unawares, the Bernician forces are besieged within the great fortress of Bebbanburg.

William of Malmesbury's Chronicle of the Kings of England

'Donald is a writer not only at the top of his game, but of the game' Giles Kristian, author of the Raven series 'Donald delivers a masterclass' Theodore Brun, author of A Burning Sea 'A gory, gleeful treat' The Times The greatest warriors are forged in the flames Two pagan fighters 771AD, Northern Europe. Bjarki Bloodhand and Tor Hildarsdottir are journeying south into Saxony. Their destination is the Irminsul, the One Tree that links the Nine Worlds of the Middle-Realm. In this most holy place, they hope to learn how to summon their animal spirits so they can enter the ranks of the legendary berserkir: the elite frenzied fighters of the North. One Christian king Karolus, newly crowned King of the Franks, has a thorn in his side: the warlike Saxon tribes on his northern borders who shun the teachings of the Church, blasphemously continuing to worship their pagan gods. An epic battle for the soul of the North The West's greatest warlord vows to stamp out his neighbours' superstitions and bring the light of the True Faith to the Northmen – at the point of a sword. It will fall to Bjarki, Tor and the men and women of Saxony to resist him in a struggle for the fate of all Europe. Praise for The Last Berserker 'Donald has taken the legendary berserkers, those frothing-at-the-mouth shield-biters, and made them human, which once again proves that Donald is a writer not only at the top of his game, but of the game ... It is a wonderful, rich and violent brew. I welcome Angus Donald to the shield wall of Viking fiction like a thirsty man welcomes a mead-brother to the feast ... A tale worthy of the skalds' Giles Kristian, author of the Raven series 'With The Last Berserker, Donald has given us the first cut of some serious Dark Age beef. By turns heart-racing, intriguing, and touching, this is not a book for the faint-hearted – I can't wait for more' Theodore Brun, author of A Burning Sea 'The Last Berserker strikes with the thundering power of Thor's hammer... rich with the earthy depth, historical

detail, intrigue, violence and adventure that we expect from Donald. But it is Bjarki and Tor that make The Last Berserker stand out... Donald's masterful creations will live on in the imagination long after the final page' Matthew Harffy, author of the Bernicia Chronicles 'A wonderful, blood-soaked tale of redemption and revenge, set amidst the eighth century clash of civilisations between Pagan Vikings and Christian Franks, by a master of the genre' Saul David, author of Zulu Hart 'Loved this tale of a berserker facing up against the tidal wave of Charlemagne's expansion. Great characters, brilliantly paced and explosive, gritty battle-scenes. Highly recommended' John Gwynne, author of Malice 'Well researched detail and stunning battle scenes make The Last Berserker a white knuckle ride. A thrilling, up-all-night read' C. R. May, author of The Day of the Wolf 'I loved it. Bjarki and Tor are great characters, instantly relatable. The depth of the immersion in their world and their values gives the book authenticity and weight' Cecelia Holland, author of The Soul Thief

The Last Berserker

Possessing uncanny powers of observation that elevate her influence in turbulent seventh-century Britain, Hild, the king's youngest niece, is established as a seer and compelled to advise the king correctly at the risk of her loved ones. By the Nebula Award-winning author of Ammonite. 75,000 first printing.

Hild

A gripping, action-packed historical tale set in the world of the Bernicia Chronicles. Perfect for fans of Bernard Cornwell and Conn Iggulden. AD 630. Anglo-Saxon Britain. Winter grips the land in its icy fist. Terror stalks the hills, moors and marshes of Bernicia. Livestock and men have been found ripped asunder, their bones gnawed, flesh gorged upon. People cower in their halls in fear of the monster that prowls the night. King Edwin sends his champions, Bassus and Octa, and band of trusted thegns to hunt down the beast and to rid his people of this evil. Bassus leads the warriors into the chill wastes of the northern winter, and they soon question whether they are the hunters or the prey. Death follows them as they head deeper into the ice-rimed marshes, and there is ever only one ending for the mission: a welter of blood that will sow the seeds of a tale that will echo down through the ages. Reviewers on Matthew Harffy: 'A brilliant characterization of a difficult hero in a dangerous time. Excellent!' Christian Cameron 'He is really proving himself the rightful heir to Gemmell's crown.' Jemahl Evans 'A genuinely superb novel.' Steven McKay 'Beobrand is the warrior to follow' David Gilman

Kin of Cain

'Edoardo Albert's book is brilliant: hugely enjoyable, a galloping plot with characters I care about – exactly the sort of thing I love to read. . . . This was a joy to read from start to finish.' Conn Iggulden, author of the Conqueror and Emperor series. Oswald's head is on a spike. Can Oswiu avoid the same fate? The great pagan king Penda set a trap, and when the brothers Oswiu and Oswald walked in, only one came back alive. Rumours abound that the place where Oswald's body is strung up has become sacred ground a site of healing for those who seek it. Oswald's mother believes he will protect those he loves, even beyond the grave. So she asks the impossible of Oswiu: to journey to the heart of Penda's kingdom and rescue the body that was stolen from them. Oswiu: King of Kings is the masterful conclusion to The Northumbrian Thrones trilogy.

Oswiu: King of Kings

On the battlefield, Wulfhere fights for his life but elsewhere the enemy is closer to home, sinister and shadowy and far more dangerous than any war. 1054, pious King Edward sits on the throne, spending his days hunting, sleeping and praying, leaving the security of his kingdom to his more capable brother-in-law Harold Godwinson, the powerful Earl of Wessex. Against this backdrop we meet Wulfhere, a Sussex thegn who, as the sun sets over the wild forest of Andredesweald, is returning home victoriously from a great battle in the north. Holding his lands directly from the King, his position demands loyalty to Edward himself, but Wulfhere is duty-bound to also serve Harold, a bond forged within Wulfhere's family heritage and borne of the ancient Teutonic ideology of honour and loyalty. Wulfhere is a man with the strength and courage of a bear, a warrior whose loyalty to his lord and king is unquestionable. He is also a man who holds his family dear and would do anything to protect them. So when Harold demands that he wed his daughter to the son of Helghi, his sworn enemy, Wulfhere has to find a way to save his daughter from a life of certain misery in the household of the cruel and resentful Helghi without compromising his honour and loyalty to his lord, Harold. Sons of the Wolf is a

panoramic snapshot of medieval life and politics as the events that lead to the downfall of Anglo Saxon England play out, immersing the reader in the tapestry of life as it was before the Doomsday Book. With depictions of everyday life experienced through the minds of the peoples of the time; of feasts in the Great Halls to battles fought in the countryside, it cannot help but enlighten, educate and entertain.

Sons of the Wolf

Richard I was crowned King in 1189 and set off almost immediately for the Third Crusade. This was a bloody campaign to regain the Holy Land, marked by warfare among the Christians and extraordinary campaigns against the Saracens. Men and women found themselves facing new sorts of challenges and facing an uncertain future. John, the youngest son, was left behind – and with Richard gone, he was free to conspire with the French king to steal his brother's throne. Overshadowing the battlefields that stretched to Jerusalem and beyond were the personalities of two great adversaries: Richard and Saladin. They quickly took the measure of each other in both war and diplomacy. The result was mutual admiration: a profound acknowledgement of a worthy opponent. In *Lionheart*, a gripping narrative of passion, intrigue, battle and deceit, Sharon Penman reveals a true and complex Richard – a man remarkable for his power and intelligence, his keen grasp of warfare and his concern for the safety of his men, who followed him against all odds.

Lionheart

'An enthralling adventure story, honest and powerful. The Wars of the Roses are imagined here with energy, with ferocity, with hunger to engage the reader.' Hilary Mantel *February 1460* In the bitter dawn of a winter's morning, a young man and a woman escape from a priory. In fear of their lives, they are forced to flee across a land ravaged by conflict. For this is the Wars of the Roses, one of the most savage and bloody civil wars in history, Where brother confronts brother, king faces king, And Thomas and Katherine must fight - just to stay alive ...

Winter Pilgrims

When an aurochs, a huge prehistoric ox long thought to be extinct, falls dead in a farmer's field in Scotland, Simon and Lewis, two graduate students, decide to investigate.

The Paradise War

A wild land. A lethal fanatic. A violent revolt. Northumbria, AD 794. Those who rule the seas, rule the land. None know the truth of this more than the Vikings. To compete with the sea-faring, violent raiders, the king of Northumbria orders the construction of his own longships under the command of oath-sworn Norseman, Runolf. When the Northern sea wolves attack for the second year, the king sends cleric turned warrior, Hunlaf, on a mission across the Whale Road to persuade the king of Rogaland into an alliance. But Runolf and Hunlaf have other plans; old scores to settle, kin to seek out, and a heretical tome to find in the wild lands of the Norse.

A Night of Flames

The image of a giant sword melting stands at the structural and thematic heart of the Old English heroic poem *Beowulf*. This meticulously researched book investigates the nature and significance of this golden-hilted weapon and its likely relatives within *Beowulf* and beyond, drawing on the fields of Old English and Old Norse language and literature, liturgy, archaeology, astronomy, folklore and comparative mythology. In Part I, Pettit explores the complex of connotations surrounding this image (from icicles to candles and crosses) by examining a range of medieval sources, and argues that the giant sword may function as a visual motif in which pre-Christian Germanic concepts and prominent Christian symbols coalesce. In Part II, Pettit investigates the broader Germanic background to this image, especially in relation to the god Ing/Yngvi-Freyr, and explores the capacity of myths to recur and endure across time. Drawing on an eclectic range of narrative and linguistic evidence from Northern European texts, and on archaeological discoveries, Pettit suggests that the image of the giant sword, and the characters and events associated with it, may reflect an elemental struggle between the sun and the moon, articulated through an underlying myth about the theft and repossession of sunlight. *The Waning Sword: Conversion Imagery and Celestial Myth in 'Beowulf'* is a welcome contribution to the overlapping fields of *Beowulf*-scholarship, Old Norse-Icelandic literature and Germanic philology. Not only does it present a wealth of new readings that shed light on the craft of the *Beowulf*-poet and

inform our understanding of the poem's major episodes and themes; it further highlights the merits of adopting an interdisciplinary approach alongside a comparative vantage point. As such, *The Waning Sword* will be compelling reading for Beowulf-scholars and for a wider audience of medievalists.

The Waning Sword: Conversion Imagery and Celestial Myth in 'Beowulf'

A young girl's disappearance hints at a disturbing truth... When novice Emma Thorgold goes missing from Godstow Abbey in the summer of 1353, the hunt is on throughout the Oxfordshire countryside for any sign of where she could have gone. Bookseller Nicholas Elyot and scholar Jordain Brinkylsworth are anxious to help the girl, but her stepfather has other, more sinister intentions. Why is he so determined to shut her away for life? Or worse? And will she be found unharmed? A truly gripping historical mystery with twists and turns aplenty, perfect for fans of S. W. Perry, Graham Brack and Ellis Peters.

The Novice's Tale

'Brilliantly evoked' SUNDAY TIMES Discover the first medieval adventure in the action-packed Chivalry series! Perfect for fans of Bernard Cornwell, Simon Scarrow and Conn Iggulden. September, 1356. Poitiers. The greatest knights of the age were ready to give battle. On the English side, Edward, the Black Prince, who'd earned his spurs at Crecy. On the French side, the King and his son, the Dauphin. With 12,000 knights. And then there is William Gold. A cook's boy - the lowest of the low - who had once been branded as a thief. William dreams of being a knight, but in this savage new world of intrigue, betrayal and greed, first he must learn to survive. As rapacious English mercenaries plunder a country already ravaged by plague, and the peasantry take violent revenge against the French knights who have failed to protect them, is chivalry any more than a boyish fantasy? 'A sword-slash above the rest' IRISH EXAMINER 'One of the finest writers of historical fiction in the world' BEN KANE

The Ill-Made Knight

Sometimes Keeping Your Honor Means Breaking Your Word The early twelfth century is a time for ambitious men to prosper. John FitzGilbert is a man of honor and loyalty, sworn to royal service. When the old king dies, his successor rewards the handsome and ambitious John with castles and lands. But King Stephen has a tenuous hold on both his reign and his barons, and when jealous rivals at court seek to destroy John, he backs a woman's claim to the crown, sacrifices his marriage, and eventually is forced to make a gamble that is perhaps one step too far. Rich with detail, masterful in its storytelling, *A Place Beyond Courage* is a tale of impossible gambles and the real meaning of honor. "Picking up an Elizabeth Chadwick novel is like having a Bentley draw up at your door: you know you are in for a sumptuous ride."-Daily Telegraph "The best writer of medieval fiction currently around."-Richard Lee, founder and publisher, Historical Novel Society "A star back in Britain, Elizabeth Chadwick is finally getting the attention she deserves here."-USA Today

A Place Beyond Courage

Roman commander leads his troops against the horde of the of the Druid warrior queen Boudicca to their last stand.

Hero of Rome

The first book in the Insurrection trilogy, which tells the thrilling story of Robert the Bruce. 1286 A.D. Scotland is in the grip of the worst winter in living memory. Some say the Day of Judgement has arrived. The King of Scotland rides out from Edinburgh into the stormy night. On the road he is murdered by one of his own men, leaving the succession to the throne wide open. Civil war threatens as the powerful Scottish families jostle for power, not knowing that King Edward I of England has set his own plans for conquest in motion. But all is not destined to go Edward's way. Through the ashes of war, through blood feuds and divided loyalties, a young squire will rise to defy England's greatest king. His name is Robert Bruce. *Insurrection* is the first in an addictive and action-packed trilogy in the tradition of Conn Iggulden, Bernard Cornwell and Manda Scott.

Insurrection

PRE-ORDER THE NEW MASTER OF WAR NOVEL BY DAVID GILMAN, TO KILL A KING – COMING IN FEBRUARY 2024 'Heart-pounding action' The Times FRANCE: 1356. Ten years ago, the greatest army in Christendom was slaughtered at Crécy. Archer Thomas Blackstone stood his ground and left

that squalid field a knight. He has since carved out a small fiefdom in northern France, but the wounds of war still bleed and a traitor has given the King of France the means to destroy the English knight and his family. As the traitor's net tightens, so the French King's army draws in. Blackstone will stand and fight. He will defy his friends, his family and his king. He may yet defy death, but he can't defy his destiny: MASTER OF WAR.

The Moon of Gomrath

One man would become a legend. The young boy abandoned without a tribe on the harsh Mongolian plains faced almost certain death. Hunted and alone, he dreamed first of revenge against his enemies. In time, he would unite the great tribes, forming one nation under the sky. He would be the father to the nation. He would be Genghis Khan.

Defiant Unto Death

A major reassessment of the vikings and their legacy The Vikings maintain their grip on our imagination, but their image is too often distorted by myth. It is true that they pillaged, looted, and enslaved. But they also settled peacefully and traveled far from their homelands in swift and sturdy ships to explore. The Age of the Vikings tells the full story of this exciting period in history. Drawing on a wealth of written, visual, and archaeological evidence, Anders Winroth captures the innovation and pure daring of the Vikings without glossing over their destructive heritage. He not only explains the Viking attacks, but also looks at Viking endeavors in commerce, politics, discovery, and colonization, and reveals how Viking arts, literature, and religious thought evolved in ways unequaled in the rest of Europe. The Age of the Vikings sheds new light on the complex society, culture, and legacy of these legendary seafarers.

Wolf of the Plains

Young Corban watches enviously as boys become warriors under King Brenin's rule, learning the art of war. He yearns to wield his sword and spear to protect his king's realm. But that day will come all too soon. Only when he loses those he loves will he learn the true price of courage.

The Age of the Vikings

Hugh of Singleton, fourth son of a minor knight, has been educated as a clerk, usually a prelude to taking holy orders. However, feeling no certain calling despite a lively faith, he turns to the profession of surgeon, training in Paris and then hanging out his sign in Oxford. A local lord asks him to track the killer of a young woman whose bones have been found in the castle cess pit. She is identified as the impetuous missing daughter of a local blacksmith, and her young man, whom she had provoked very publicly, is in due course arrested and sentenced at the Oxford assizes. From there the tale unfolds, with graphic medical procedures, droll medieval wit, misdirection, ambition, romantic distractions and a consistent underlying Christian compassion.

Malice

Book 1 of The Survivalist Series If society collapsed, could you survive? When Morgan Carter's car breaks down 250 miles from his home, he figures his weekend plans are ruined. But things are about to get much, much worse: the country's power grid has collapsed. There is no electricity, no running water, no Internet, and no way to know when normalcy will be restored—if it ever will be. An avid survivalist, Morgan takes to the road with his prepper pack on his back. During the grueling trek from Tallahassee to his home in Lake County, chaos threatens his every step but Morgan is hell-bent on getting home to his wife and daughters—and he'll do whatever it takes to make that happen. Fans of James Wesley Rawles, William R. Forstchen's One Second After, and The End by G. Michael Hopf will revel in A. American's apocalyptic tale.
