History for the IB Diploma: The Cold War

An exciting new series that covers the five Paper 2 topics of the IB 20th Century World History syllabus. This stimulating coursebook covers Paper 2, Topic 5, The Cold War, in the 20th Century World History syllabus for the IB History programme. The book is divided into thematic sections, following the IB syllabus structure and is written in clear, accessible English. It covers the following areas for detailed study: Wartime conferences: Yalta and Potsdam; US policies and developments in Europe: Truman Doctrine, Marshall Plan, NATO; Soviet policies: Sovietisation of Eastern and Central Europe, COMECON, Warsaw Pact; Sino-Soviet relations; US-Chinese relations; Germany; and Castro, Gorbachev, Kennedy, Mao, Reagan, Stalin, Truman.

The Cold War

Keen to learn but short on time? Get to grips with the history of the Cold War in next to no time with this concise guide. 50Minutes.com provides a clear and engaging analysis of the Cold War. Following the violence and upheaval of the Second World War, the face of Europe had greatly changed, and an Iron Curtain divided the communist East and the democratic West. Tensions soon mounted between the Soviet Union and anti-communist America, in a conflict that would continue for almost half a century and at times lead the world to the brink of full-blown nuclear warfare. In just 50 minutes you will: • Understand the historical, social and political context of the world after the Second World War and how this led to the start of the Cold War • Identify key events and figures in the conflict and how they contributed to the war's development • Analyse key moments such as the fall of the Berlin Wall and the Cuban Missile Crisis ABOUT 50MINUTES.COM | History & Culture 50MINUTES.COM will enable you to quickly understand the main events, people, conflicts and discoveries from world history that have shaped the world we live in today. Our publications present the key information on a wide variety of topics in a quick and accessible way that is guaranteed to save you time on your journey of discovery.

The Cold War

The Cold War examines the complex arguments which divided East and West following the end of the Second World War, and analyzes its eight major phases, including: * the emergence of the Cold War

* Coexistence and Detente * Glasnost in the late 1980s. Combining factual overview and background discussion of the key issues such as the nuclear threat and who, if anyone, won the Cold War, with analysis of source material, students will find this a must-have in the study of this major historical event.

The Cold War

For over forty years much of the world was held captive by a conflict between two wholly incompatible economic ideologies-capitalism and communism-and the two primary superpower countries who practiced them, the United States and the Soviet Union. This work is first a general history of the Cold War, with an overview of its root causes and the policies and theories that were in place from 1947 through 1990. A thoroughly annotated chronology of important Cold War events follows. Short biographies of some of the major United States political figures and world leaders conclude the work. --From publisher's description.

The Cold War Reference Guide

Details the key events and issues in the history of the Cold War, and includes a dictionary of terms, institutions, and people; a condensed chronology; and an annotated resource section.

The Columbia Guide to the Cold War

Westad's seminal 2005 work shifts the focus of Cold War studies from Europe to the post-World War II interventions by both the Soviet Union and the United States in the affairs of developing nations in Africa, Asia, and Latin America. Using new archival sources that became available after the fall of communism, Westad explains how these interventions destabilized the Third World, laying the foundations for contemporary problems and conflicts in the Global South. The Global Cold War is the first example of the 'New' Cold War History school of thought, which links all the international arenas where the struggle took place and helps make sense of conflicts still raging today. Book jacket.

The Global Cold War

Retaining all the well-loved features, this book is now matched to the new AQA specification and covers AS and A Level content together. With a strong focus on history skills, exam practice and specially selected sources and extracts, this book covers the period in depth, to help students understand key ideas, events and developments.

The Cold War C1945-1991

This comprehensive A-level history textbook provides an insightful examination of the complex causes that led to the Cold War, a pivotal period in global history. Tailored specifically for the Cambridge International curriculum, this book offers a thorough analysis of the political, ideological, and geopolitical factors that fueled the East-West divide after World War II. Written by experienced Teacher and Historian, Alex Kerr, "The Causes of the Cold War" explores the origins and development of this enduring conflict, drawing on a wide range of primary and secondary sources to provide students with a deep understanding of the key events, personalities, and ideologies that shaped this era. Covering topics such as the ideological differences between the United States and the Soviet Union, the impact of World War II on international relations, the division of Europe, and the strategies of containment and deterrence, this text provides students with a solid foundation for understanding the causes and consequences of the Cold War. With engaging narrative, critical analysis, and thought-provoking questions, this textbook fosters historical thinking skills, encourages evaluation of differing interpretations, and prompts students to develop their own arguments and perspectives. It also includes relevant primary source material to stimulate class discussions and independent research.

The Causes of The Cold War

Summary: Provides: - Reliable, clear and in-depth narrative from topic experts - Analysis of the historiography surrounding key debates - Dedicated exam practice with model answers and practice questions - TOK support activities and Historical Investigation questions to help with all aspects of the Diploma. AP World History Quiz (Questions and Answers)

"American Spy updates the espionage thriller with blazing originality."—Entertainment Weekly "There has never been anything like it."—Marlon James, GQ "So much fun . . . Like the best of John le Carré, it's extremely tough to put down."—NPR NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY CHICAGO TRIBUNE AND ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • Time • NPR • Entertainment Weekly • Esquire • BuzzFeed • Vulture • Real Simple • Good Housekeeping • The New York Public Library What if your sense of duty required you to betray the man you love? It's 1986, the heart of the Cold War, and Marie Mitchell is an intelligence officer with the FBI. She's brilliant, but she's also a young black woman working in an old boys' club. Her career has stalled out, she's overlooked for every high-profile squad, and her days are filled with monotonous paperwork. So when she's given the opportunity to join a shadowy task force aimed at undermining Thomas Sankara, the charismatic revolutionary president of Burkina Faso whose Communist ideology has made him a target for American intervention, she says yes. Yes, even though she secretly admires the work Sankara is doing for his country. Yes, even though she is still grieving the mysterious death of her sister, whose example led Marie to this career path in the first place. Yes, even though a furious part of her suspects she's being offered the job because of her appearance and not her talent. In the year that follows, Marie will observe Sankara, seduce him, and ultimately have a hand in the coup that will bring him down. But doing so will change everything she believes about what it means to be a spy, a lover, a sister, and a good American. Inspired by true events—Thomas Sankara is known as "Africa's Che Guevara"—American Spy knits together a gripping spy thriller, a heartbreaking family drama, and a passionate romance. This is a face of the Cold War you've never seen before, and it introduces a powerful new literary voice. NOMINATED FOR THE NAACP IMAGE AWARD • Shortlisted for the Center for Fiction First Novel Prize "Spy fiction plus allegory, and a splash of pan-Africanism. What could go wrong? As it happens, very little. Clever, bracing, darkly funny, and really, really good."—Ta-Nehisi Coates "Inspired by real events, this espionage thriller ticks all the right boxes, delivering a sexually charged interrogation of both politics and race."—Esquire "Echoing the stoic cynicism of Hurston and Ellison, and the verve of Conan Doyle, American Spy lays out our complicities—political, racial, and

sexual—bare. Packed with unforgettable characters, it's a stunning book, timely as it is timeless.”—Paul Beatty, Man Booker Prizewinning author of *The Sellout*

General Knowledge MCQ PDF Book (Class 7-12 GK eBook Download)

CompTIA Network+ Certification Study Guide: Exam N10-004, Second Edition, offers a practical guide for those interested in pursuing CompTIA Network+ certification. It presents the fundamental terminology needed to perform duties as a network technician and to pass the CompTIA Network+ exam. The book begins with a brief history of the development of networks, including their origins and where they are heading. It describes network models such as centralized and decentralized, and distinguishes between a local area network (LAN) and a wide area network (WAN). The discussions include cable connections and termination for the Network+ exam; the meaning of convergence; and the most common network devices being used on small and large networks, including the Internet. The role of switches in improving network functionality and enhancing security is described. The book also contains chapters on wireless networking; Open Systems Interconnection (OSI) model; Transmission Control Protocol/Internet Protocol (TCP/IP); wide area network (WAN) technologies; network security; and network management and troubleshooting. New to this edition in accordance with the newly revised exam is an intensified focus on network security. Two NEW practice exams to help eliminate test-day jitters. Tiered chapter ending questions that allow for graduated learning. Covers everything from test taking techniques to advanced topics - keeping the beginner and intermediate IT professional in mind. Layout of the guide parallels the Network+ N10-004 objectives for ease of study.

Making a Nation

A world history textbook chronicling the rise of Western and Eastern civilizations. Includes photos, art, illustrated charts, vocabulary exercises, and review questions.

World History

National bestseller 2017 National Book Critics Circle (NBCC) Finalist ABA Indies Introduce Winter / Spring 2017 Selection Barnes & Noble Discover Great New Writers Spring 2017 Selection ALA 2018 Notable Books Selection An intimate and poignant graphic novel portraying one family's journey from war-torn Vietnam, from debut author Thi Bui. This beautifully illustrated and emotional story is an evocative memoir about the search for a better future and a longing for the past. Exploring the anguish of immigration and the lasting effects that displacement has on a child and her family, Bui documents the story of her family's daring escape after the fall of South Vietnam in the 1970s, and the difficulties they faced building new lives for themselves. At the heart of Bui's story is a universal struggle: While adjusting to life as a first-time mother, she ultimately discovers what it means to be a parent—the endless sacrifices, the unnoticed gestures, and the depths of unspoken love. Despite how impossible it seems to take on the simultaneous roles of both parent and child, Bui pushes through. With haunting, poetic writing and breathtaking art, she examines the strength of family, the importance of identity, and the meaning of home. In what Pulitzer Prize-winning novelist Viet Thanh Nguyen calls “a book to break your heart and heal it,” *The Best We Could Do* brings to life Thi Bui's journey of understanding, and provides inspiration to all of those who search for a better future while longing for a simpler past.

"Learn About the United States" is intended to help permanent residents gain a deeper understanding of U.S. history and government as they prepare to become citizens. The product presents 96 short lessons, based on the sample questions from which the civics portion of the naturalization test is drawn. An audio CD that allows students to listen to the questions, answers, and civics lessons read aloud is also included. For immigrants preparing to naturalize, the chance to learn more about the history and government of the United States will make their journey toward citizenship a more meaningful one.

Locksmith and Security Professionals' Exam Study Guide

"The ongoing COVID-19 pandemic marks the most significant, singular global disruption since World War II, with health, economic, political, and security implications that will ripple for years to come." -Global Trends 2040 (2021) Global Trends 2040-A More Contested World (2021), released by the US National Intelligence Council, is the latest report in its series of reports starting in 1997 about megatrends and the world's future. This report, strongly influenced by the COVID-19 pandemic, paints a bleak picture of the future and describes a contested, fragmented and turbulent world. It specifically discusses the four main trends that will shape tomorrow's world: - Demographics-by 2040, 1.4 billion people will be added mostly in Africa and South Asia. - Economics-increased government debt and concentrated economic power will escalate problems for the poor and middleclass. - Climate-a hotter world will increase water, food, and health insecurity. - Technology-the emergence of new technologies could both solve and cause problems for human life. Students of trends, policymakers, entrepreneurs, academics, journalists and anyone eager for a glimpse into the next decades, will find this report, with colored graphs, essential reading.

Some topics include: · Principles of American democracy · Systems of government · Rights and representation · Colonial history · Recent American history · American symbols · Important holidays · And dozens more topics!

The Best We Could Do

The Butter Battle Book, Dr. Seuss's classic cautionary tale, introduces readers to the important lesson of respecting differences. The Yooks and Zooks share a love of buttered bread, but animosity brews between the two groups because they prefer to enjoy the tasty treat differently. The timeless and topical rhyming text is an ideal way to teach young children about the issues of tolerance and respect. Whether in the home or in the classroom, The Butter Battle Book is a must-have for readers of all ages.

World Studies: Eastern Hemisphere

Work more effectively and gauge your progress as you go along! This Study Guide that is designed to accompany Raven's Environment, 4th Edition includes study outlines, key terms, and practice questions in a variety of formats (multiple choice, matching, short answer, and discussion/critical thinking). The key to a sustainable future lies with the students. It is their passion, their understanding of the issues, and most of all their choices that will shape the future of our planet. As it has through three previous editions, Peter Raven and Linda Berg's Environment gives students all the skills and tools they need to make the right choices for a sustainable environment! Covering the enormous environmental challenges facing our world today, this Fourth Edition helps readers think critically about these challenges and understand the concepts that underlie environmental problems.
