 The eagle in the storm. - The eagle in the storm. by Jesus My Inspiration 18,669 views 2 years ago 59 seconds – play Short - An **eagle**, knows when a storm is approaching long before it breaks. It will fly to some high spot and wait for the winds to come.
 An eagle knows when a storm is approaching
 It will fly to some high spot and wait for the winds to come.
 When the storm hits it sets its wings so that the wind will pick it up and lift it above the storm.
 The eagle does not escape
 It simply uses the storm to lift it higher
 When the storms of life come
 like the eagle we can rise above them
 making positive use of every storm that will break out in our lives.
