Every book in the New Testament, with the exception of Philemon, contains warnings about false teachings. Wolves in sheep's clothing pose a real threat to believers, and Scripture teaches us to mark and avoid them (Romans.18). However, there is substantial disagreement within the church regarding the biblical definitions of a "false teacher" and "false prophet". This debate is tied to differing views on the nature and continuation of the Holy Spirit's gifts, particularly the gifts of healing, prophecy, and tongues.

Note: This roundtable discussion was recorded on April 1, 2023, six months before the news related to Mike Bickle's sexual abuse became public. Sam Storms' and Michael Brown's joint-statement can be read
