You Know You're a Cat Lover When...

A handy symptoms guide to discern when love for your little lion has turned to lunacy You know you're a cat lover when you perch precariously on the arm rest rather than evict your feline friend from the best seat in the house. If this sounds all too familiar, read on to discover whether you're the number one member of the feline fan club or just plain mouser mad!

You Know You're a Cat Lover When

You know you're a cat lover when you have an emergency tuna stash in the cupboard, you consider 'that crazy cat person' to be a highly honourable title, and you have, on occasion, been known to speak cat. If this sounds familiar, read on to determine where you lie on the scale from 'feline fan' to 'plain moggy mad'!

I Will See You in Heaven

Friar Jack Wintz wants you to know--the Bible gives us many clues that we will be with our pets in heaven for eternity! "Our God is a God of overflowing love, goodness, and beauty who is ready to give over everything to those he loves. This goodness is reflected in the whole family of creation. When God says of any creature, whether human or nonhuman, that it is good or very good, it's not a simple matter of moral goodness. The creature also has an inherent goodness and beauty--a beauty that reflects God, who is beauty itself"

Me and My Cat

Every cat owner believes that his or her cat understands every word that they say. Every cat owner believes that cats are far more intelligent than dogs - they're just too cool to show it. Every cat owner believes that their cat should be on TV starring in advertisements for everything from furniture and carpets to central heating and, yes, cat food. And those Andrex puppies have had it their own way for far too long... Every cat owner, in fact, is a cat lover. If they're not cat lovers when the cat first comes along - you don't purchase a cat, they choose to live with you - then they will be within a very short space of time. There are stories, of course, that every cat owner loves to tell. It may be that the cat became hugely and unusually distressed the day a relative died unexpectedly on the other side of town. It may be about how the cat is a constant source of comfort during bad times, or how the cat faces up to urban foxes in the garden. It may simply be a story about how the cat is a loving companion. Cat lovers simply love telling cat stories!

A Cup of Comfort Stories for Cat Lovers

You know how much joy your furry friend adds to your life, and in A Cup of Comfort Stories for Cat Lovers, you'll find cats that will steal your heart - one meow at a time. These stories celebrate the courage, healing, and affection of these mysterious and loyal companions. So snuggle in with your favorite feline and bask in the love that only a cat can give. Because a life without cats is no life worth purring about.

Your Cat's Just Not that Into You

Aloof. Haughty. Disdainful. Withholding. Moody. Petulant. Imperious. Sound like anyone you know? It does if you own a cat. And while you've probably made hundreds of excuses about why your cat's this way, the sad fact is—your cat's just not that into you. Don't despair. It's not you. It's your cat. Cats invented not being into you. Richard Smith is here to explain, and help. Forlorn cat owners everywhere will see themselves in this book—in the "I Guess Her Mind Is on Other Things" excuse. In the "Maybe She Needs Her Own Space" excuse. In the "Maybe He Didn't Recognize Me in My New Hawaiian Shirt" excuse. They'll educate themselves about feline indifference through the Know Thy Kitty Quizzes. Test their cat's I.Q. Take the Schnapps-Porsche Well-Adjusted Cat Owner Analysis. Discover Ten Ways to Suck Up to Your Cat, including #2: leave affectionate Post-its in her kitty litter. In the tradition of All I Need to Know I Learned from My Cat (1.7 million copies in print), Kliban's Cat (985,000 copies in print), and even New York Times bestseller Bad Cat (487,000 copies in print), Your Cat's Just Not That Into You is utterly loopy and yet dead-on wise—this is, after all, from the author of the classic Dieter's Guide to Weight Loss During Sex. It's filled with insights into the interior life of the world's most maddeningly mysterious animal, and into the damaged psyches of cat lovers who are so often given to wonder: Am I my cat's punk?

Me and My Cat

Every cat owner believes that his or her cat understands them. Every cat owner believes that cats are far more intelligent than dogs—they're just too cool to show it. Every cat owner believes that their cat should be starring in TV commercials. Every cat owner, in short, is a cat lover. If you're not a cat lover when the cat first comes along—you don't purchase a cat, they choose to live with you—then you will be within a very short space of time. There are stories, of course, that every cat owner loves to tell. It may be how the cat comforted them on the day a relative died unexpectedly. It may be about how the cat stares down urban foxes in the garden. It may be a story of the cat's escapades, or how it got stuck up a tree. It may simply be a story about how the cat is a loving companion. From editor Carmel Reilly—author of numerous collections of inspirational stories including True Tales of Angel Encounters—comes this delightful anthology of tales about beloved cats and the joy they bring to human lives. Each story is a different cat owner's tribute to his or her favorite feline, and each falls into a special category, from Cats with Attitude to Kitten Escapades, from Magical Cats to tales about Cats' Nine Lives. You'll read about cats that ward off unwanted visitors, cats that hoard silver jewelry, and cats that get stuck in tubs of yogurt. Accompanied by twenty-five charming illustrations and told with warmth, humor, and affection, Me and My Cat is an ideal gift for the cat lover in your life, and a perfect book to curl up with next to a furry friend.

Meow

Cats have a way of walking into our lives and making themselves right at home. No cat lover can imagine life without a feline presence -- even if it is only as fleeting as the occasional conversation with a neighbourhood stray. Meow: A book of happiness for cat lovers is a compendium of delightful quotes that capture the essence of this fascination. Some are by famous people (Mark Twain, Jean Cocteau, Ernest Hemingway), others not; some are philosophical, others lighthearted -- all are memorable. Accompanied by beautiful photography, and presented in a high-quality gift format, this is a collection of quotes to treasure.

If A Cat Appear In Your Life Beaitiful Stories For Cat Lover

As any cat owner knows, felines and reading go hand in hand. You settle down on your sofa, maybe have a cup of tea beside you, get into your book and lo and behold, you've got a cat on your lap. Bliss! So, go ahead and cancel your plans for tonight because it's time for a quiet night in on the couch, curled up with a good book and a cat or two. Doreen Tovey enchants us with stories of life with her husband Charles in a West Country village, where they are driven to distraction by Siamese cats, Annabel the donkey, nesting swallows, bucking horses, and the villagers who still regard them as inept townsfolk, even after 18 years. In an effort to get away from it all, they take a trip to Canada to see the bears and wolves - much to the alarm of Father Adams and Miss Wellington. If they can't handle Siamese cats, how will they handle a grizzly? As for the cats, Seeley and Shebalu start acting strangely when they develop a taste for dog food. But it is time for another solemn little Seal Point to come into their lives -- Saska, who takes some settling in...

Home Is Whereever My Cat Is

What do our pets do when they're not with us? Caroline Paul and Wendy MacNaughton used GPS, cat cameras, psychics, and the web to track the adventures of their beloved cat Tibia.

Lost Cat

Do cats worry about retirement? Nope. Do cats do things they don't want to do? Definitely not. Do cats rush around at all hours of the day when they'd rather be licking their paws and looking out a window? Please. Calm, free, charismatic, wise, elegant, self-assured—our beloved feline pets strut those traits that we humans spend a lifetime aspiring to. No wonder everybody wants to be more like a cat. After observing his own cat, Ziggy, for years, bestselling French author Stéphane Garnier decided that he would be much happier if he could just live more like Ziggy. Closer study only confirmed his suspicion that cats have that *je ne sais quoi*, and he set out to share Ziggy's innate wisdom with the world. Whether at work, at home, or in your social life, your cat can teach you how to manage stress, cultivate independence, and live life on your terms. Peppered with humorous yet inspiring tips for living a day in the life of a cat, cat secrets from Ziggy, and a quiz to assess your "cat quotient," *How to Think Like a Cat* is an inspiring, humorous, and remarkably insightful guide to the subtle art of living like a feline.

Now I Am Known

At age ten, Peter Mutabazi ran away from home. For five years he survived on the streets of Kampala, Uganda, a city of 1.5 million, until one man saw potential in him. This man not only supported Peter

through school but also altered Peter's outlook in every possible way. Since then, Peter has served as a relief coordinator during the Rwandan genocide, worked for the International Committee of the Red Cross during the Sudan conflict, emigrated to the United States, fostered countless children, and become a single adoptive parent. He speaks seven languages and has traveled to more than one hundred countries as an international advocate for vulnerable children. Now I Am Known is Peter's inspiring true story. In it he reveals the transformational power of taking risks, learning to forgive, overcoming self-doubt, breaking negative patterns, and believing in a better future marked by hope and purpose. *** "God met Peter Mutabazi in the midst of his agony, and he will meet you in yours too."--Kyle Idleman, bestselling author of Not a Fan and One at a Time "Peter's astounding and unlikely true story proves that if you remain committed and give it your all, great things will happen."--Sanya Richards-Ross, Olympic gold medalist and founder of MommiNation "A must-read for anyone wondering whether they can actually make a difference in this world."--Kelly Slater, American pro surfer and world champion "One of the most redemptive stories you'll ever read."--Jedd Medefind, president of Christian Alliance for Orphans

It is Doug Lennox at his best as he masterfully dispenses the answers to quirky questions, never losing sight of the joy of discovering the "why" of ordinary things. Discover the fascinating histories behind people, places, and words: WHY DO WE SAY THAT SOMEONE WHO HAS BEEN TREATED BADLY HAS BEEN "HUNG OUT TO DRY"? Discipline on early British sailing ships was necessary but often extreme. The cat-o'-nine-tails left sailors scarred for life, but keelhauling (tying a victim with a rope and pulling him under a ship) was feared most. If the prisoner survived, he was suspended from a yardarm where he was left hanging for a predetermined period of time. WHY IS A MILITARY DINING HALL CALLED A "MESS"? The term goes back to the Middle Ages, when British sailors began calling their meagre and often grub-infested meals a "mess." It evolved into meaning the general area where the sailors gathered to eat. Later it referred to a specific area where men gathered to eat, drink, and socialize.

Now Do You Know Where You Are

After being diagnosed with terminal cancer, a professor shares the lessons he's learned—about living in the present, building a legacy, and taking full advantage of the time you have—in this life-changing classic. "We cannot change the cards we are dealt, just how we play the hand." —Randy Pausch. A lot of professors give talks titled "The Last Lecture." Professors are asked to consider their demise and to ruminate on what matters most to them. And while they speak, audiences can't help but mull over the same question: What wisdom would we impart to the world if we knew it was our last chance? If we had to vanish tomorrow, what would we want as our legacy? When Randy Pausch, a computer science professor at Carnegie Mellon, was asked to give such a lecture, he didn't have to imagine it as his last, since he had recently been diagnosed with terminal cancer. But the lecture he gave—"Really Achieving Your Childhood Dreams"—wasn't about dying. It was about the importance of overcoming obstacles, of enabling the dreams of others, of seizing every moment (because "time is all you have . . . and you may find one day that you have less than you think"). It was a summation of everything Randy had come to believe. It was about living. In this book, Randy Pausch has combined the humor, inspiration and intelligence that made his lecture such a phenomenon and given it an indelible form. It is a book that will be shared for generations to come.
