The Auschwitz Sonderkommando

This book is the first to bring together analyses of the full range of post-war testimony given by survivors of the Sonderkommando of Auschwitz-Birkenau. The Auschwitz Sonderkommando were slave labourers in the gas chambers and crematoria, forced to process and dispose of the bodies of those who were murdered. They have been central to a number of key topics in post-war debates about the Shoah: collaboration, moral compromise and survival, resistance, representation, and the possibility of bearing witness. Their testimony however has mostly met with a reluctance to engage in depth with it. Moving from testimonies produced within the event, the Scrolls of Auschwitz and the Sonderkommando photographs, to testimonies given at trials and for video archives, and to the paintings of David Olère and the film Shoah by Claude Lanzmann, this book demonstrates the importance of their witnessing in the post-war memory of the Holocaust, and provides vital new insights into the questions of representation, memory, gender, and the Shoah.

Testimonies of Resistance

The Sonderkommando—the “special squad” of enslaved Jewish laborers who were forced to work in the gas chambers and crematoria of Auschwitz-Birkenau—comprise one of the most fascinating and troubling topics within Holocaust history. As eyewitnesses to and unwilling abettors of the murder of their fellow Jews, they are the object of fierce condemnation even today. Yet it was a group of these seemingly compromised men who carried out the revolt of October 7, 1944, one of the most celebrated acts of Holocaust resistance. This interdisciplinary collection assembles careful investigations into how the Sonderkommando have been represented—by themselves and by others—both during and after the Holocaust.

We Wept Without Tears

The "Sonderkommando of "Auschwitz-Birkenau consisted primarily of Jewish prisoners forced by the Germans to facilitate the mass extermination. Though never involved in the killing itself, they were compelled to be "members of staff" of the Nazi death-factory. This book, translated for the first time into English from its original Hebrew, consists of interviews with the very few surviving men who witnessed at first hand the unparalleled horror of the Auschwitz-Birkenau death camp. Some of these men had never spoken of their experiences before.

The Last Consolation Vanished

"The Last Consolation Vanished is a unique first-person Holocaust account. It is by Zalmen Gradowski, who was one of the Sonderkommandos (special squads) at Auschwitz, a Jew tasked with ushering prisoners into the gas chambers, removing their bodies, salvaging any valuables, and destroying all evidence of their murders. The Sonderkommandos were forcibly recruited by SS men; when they discovered how dreadful the work they were expected to do was, a number of them committed suicide or acted with the aim of being killed by the SS. In spite of their situation, some Sonderkommandos never gave up and attempted to resist in two very interlaced ways: planning an uprising and testifying. Gradowski resisted both ways, and while the rebellion he helped to lead on October 7, 1944, was completely crushed, and Gradowski was murdered in the process, his testimony lives on. Hidden in a metal bottle in the ashes near Crematorium III, Gradowski's two lyrical accounts describe the brutality of the Nazi regime, the process of the assassination of Czech Jews, and the relationship among the men forced to assist in the horrors. But his notebooks are not the detached blow-by-blow series of declarative statements we have come to expect in narratives of this kind. In the midst of daily unimaginable horrors, Gradowski aimed to write beautifully, lyrically, movingly, to create true literature where and when one would least expect to find it. Gradowski wrote in Yiddish, and until now, his full writings have only appeared in French translation. This most exceptional text, accompanied by a preface and postface by Philippe Mesnard and Arnold I. Davidson, will be of enormous value, both in Holocaust scholarship and in continuing the remembrance of the Shoah, for many years to come"--

Inside the Gas Chambers

This is a unique, eye-witness account of everyday life right at the heart of the Nazi extermination machine. Slomo Venezia was born into a poor Jewish-Italian community living in Thessaloniki, Greece. At first, the occupying Italians protected his family; but when the Germans invaded, the Venezias were deported to Auschwitz. His mother and sisters disappeared on arrival, and he learned, at first with disbelief, that they had almost certainly been gassed. Given the chance to earn a little extra bread, he agreed to become a 'Sonderkommando', without realising what this entailed. He soon found himself a member of the 'special unit' responsible for removing the corpses from the gas chambers and burning their bodies. Dispassionately, he details the grim round of daily tasks, evokes the terror inspired by the man in charge of the crematoria, 'Angel of Death' Otto Moll, and recounts the attempts made by some of the prisoners to escape, including the revolt of October 1944. It is usual to imagine that none of those who went into the gas chambers at Auschwitz ever emerged to tell their tale - but, as a member of a 'Sonderkommando', Shlomo Venezia was given this horrific privilege. He knew that, having witnessed the unspeakable, he in turn would probably be eliminated by the SS in case he ever told his tale. He survived: this is his story. Published in association with the United States Holocaust Memorial Museum.

Matters of Testimony

In 1944, members of the Sonderkommando—the “special squads,” composed almost exclusively of Jewish prisoners, who ensured the smooth operation of the gas chambers and had firsthand knowledge of the extermination process—buried on the grounds of Auschwitz-Birkenau a series of remarkable eyewitness accounts of Nazi genocide. This careful and penetrating study examines anew these “Scrolls of Auschwitz,” which were gradually recovered, in damaged and fragmentary form, in the years following the camp’s liberation. It painstakingly reconstructs their historical context and textual content, revealing complex literary works that resist narrow moral judgment and engage difficult questions about the limits of testimony.

Amidst a Nightmare of Crime

Translations of five manuscripts found near the sites of the Auschwitz-Birkenau crematoria, where they had been buried by prisoners tending the gas chambers. Written by eyewitnesses of the mass exterminations, these diaries and notes are unique historical documents.

Testimonies of Resistance

The Nazis' vast concentration camp network and, later, the 'Final Solution' programme made heavy demands on the SS whose responsibility it was. The use of 'overseers' minimised costs and enabled the camps to run with fewer SS personnel. As this well researched book describes, there were three principal groups of 'helpers': Sonderkommandos, Kapos and Trawniki. The Sonderkommandos' duties included unloading Jews from trains, collecting their possessions and allocating work details. Under SS supervision, they also ran the gas chambers and crematoria. The Kapos oversaw the Sonderkommandos. Many were originally prisoner functionaries recruited from violent criminal gangs and had a well-deserved reputation for brutality. The third group, known as Trawniki or Trawnikimänner, were Central and Eastern European collaborators recruited from Russian POW camps. While some served in a military capacity, others played an instrumental role in the Holocaust programme, rounding up and transporting Jews from the ghettos to the concentration camps. The graphic images and text of this Images of War series work demonstrate that the 'overseer' system was extensive and effective as its members competed without scruple to maintain the favour of their SS masters while pitting victim against victim.

Nazi Concentration Camp Overseers

Among mainstream historians, the Auschwitz survivor and former member of the so-called "Sonderkommando" Henryk Tauber is one of the most important witnesses about the alleged gas chambers inside the crematoria of the Auschwitz-Birkenau Camp, because right at the war's end, he made several extremely detailed depositions about what he claims to have experienced there. The same is true for Szlama Dragon, only he claims to have worked at the so-called "bunkers" of Birkenau, two makeshift gas chambers just outside the camp perimeter. This study thoroughly scrutinizes these two key testimonies.

Sonderkommando Auschwitz II

This is the story of a young Greek Jew, who was transported with his family to Auschwitz. His parents exterminated immediately, the boy's survival depended upon his ability to survive unspeakable tasks as a trade-off for life, until his liberation by the advancing American troops.

The Holocaust Odyssey of Daniel Bannahmias, Sonderkommando

The Sonderkommando of Auschwitz-Birkenau consisted primarily of Jewish prisoners forced by the Germans to facilitate the mass extermination. Though never involved in the killing itself, they were compelled to be "members of staff" of the Nazi death-factory. This book, translated for the first time into English from its original Hebrew, consists of interviews with the very few surviving men who witnessed at first hand the unparalleled horror of the Auschwitz-Birkenau death camp. Some of these men had never spoken of their experiences before. Over a period of years, Gideon Greif interviewed intensively all Sonderkommando survivors living in Israel. They describe not only the details of the German-Nazi killing program but also the moral and human challenges they faced. The book provides direct testimony about the "Final Solution of the Jewish Problem," but it is also a unique document on the boundless

cruelty and deceit practiced by the Germans. It documents the helplessness and powerlessness of the one-and-a-half million people, 90 percent of them Jews, who were brutally murdered in the gas chambers of Auschwitz-Birkenau.

We Wept Without Tears

In this searching and eloquent book, Inga Clendinnen explores the experience of the Holocaust from both the victims' and the perpetrators' point of view in an attempt to extract the comprehensible—the recognisably human—from the unthinkable.

Reading the Holocaust

Filip Müller came to Auschwitz with one of the earliest transports from Slovakia in April 1942 and began working in the gassing installations and crematoria in May. He was still alive when the gassings ceased in November 1944. He saw millions come and disappear; by sheer luck he survived. Müller is neither a historian nor a psychologist; he is a source—one of the few prisoners who saw the Jewish people die and lived to tell about it. *Eyewitness Auschwitz* is one of the key documents of the Holocaust.

Eyewitness Auschwitz

The claims by former Auschwitz inmates Filip Müller, Dov Paisikovic, Stanislaw Jankowski, Henryk Mandelbaum and five other survivors are thoroughly scrutinized and shown to be full of exaggerations, falsehoods and plagiarized text passages.

Auschwitz Inferno

And she considers how the Holocaust has been portrayed in poetry, fiction, and film.

Sonderkommando Auschwitz I

This collection of essays by leading international scholars takes the *Scrolls of Auschwitz* as its starting point. These powerful hand-written testimonies, produced within Birkenau, seek to bear witness to mass murder from at its core. The highly literary accounts pose a fundamental challenge to the idea the Holocaust cannot be attested to.

THE STORY: Recruited by the Nazis, a group of Hungarian Jews are promised they will live longer if they assist in the extermination of other Jewish prisoners. As if their lives in the concentration camp weren't already a living hell, these men find that a

The Scrolls of Auschwitz

One of the most painfully riveting books of our time. A first hand account of the greatest mass murder in history as told by the active and passive participants in genocide. What is different about this book is that it contains carefully compiled letters, journal entries and voluminous correspondence that prove beyond doubt that more members of the German population than ever before admitted to, knew about the Holocaust while it was happening.

From the Heart of Hell

In recent decades, scholarship has turned to the role of gender in the Holocaust, but rarely has it critically investigated the experiences of men as gendered beings. Beyond the clear observation that most perpetrators of murder were male, men were also victims, survivors, bystanders, beneficiaries, accomplices, and enablers; they negotiated roles as fathers, spouses, community leaders, prisoners, soldiers, professionals, authority figures, resisters, chroniclers, or ideologues. This volume examines men's experiences during the Holocaust. Chapters first focus on the years of genocide: Jewish victims of National Socialism, Nazi soldiers, Catholic priests enlisted in the Wehrmacht, Jewish doctors in the ghettos, men from the Sonderkommando in Auschwitz, and Muselmänner in the camps. The book then moves to the postwar context: German Protestant theologians, Jewish refugees, non-Jewish Austrian men, and Jewish masculinities in the United States. The contributors articulate the male experience in the Holocaust as something obvious (the everywhere of masculinities) and yet invisible (the nowhere of masculinities), lending a new perspective on one of modernity's most infamous chapters.

Representing Auschwitz

Covers the anti-semitic activities of the Nazis all over the globe, refuting common myths about the Holocaust, including the perception that Jews went peacefully to their deaths.

Sonder

The only visual images in the world of a Nazi extermination camp in operation, "Witness: Images Of Auschwitz" is a legacy of enormous historical importance. Currently at the Yad Vashem Holocaust Memorial in Jerusalem, these images will soon be displayed in the recently opened Museum of Jewish Heritage in New York City. 42 illustrations.

The Grey Zone

Behind each policy debate over welfare reform, AIDS funding, and hate crime laws are the people struggling with poverty, illness, and discrimination. While the experts cite statistics and employ rhetoric about drug abuse, crime, and child abuse, individuals confront the horrors of addiction and the trauma of victimization. Greenhaven Press's Social Issues Firsthand series illuminates the often-neglected human side of society's pressing problems. Each anthology presents a collection of personal narratives on a featured social issue. Contributors include those who have had personal experience with the topic under discussion-either as a participant, a witness, or an involved professional. For example, Terrorism includes the perspectives of terrorists, victims, families of victims, and emergency workers. Additional features include an introduction that provides each book with essential context, a thorough bibliography, a list of organizations to contact, an annotated table of contents, and a thorough index. Each book in the Social Issues Firsthand series will provide readers with a personal context for the most pressing topics of today's political discussions. Book jacket.

The Good Old Days

A large number of orders issued by the Auschwitz camp headquarters have been preserved. They reveal the true nature of the camp. There is not a trace in these orders pointing at anything sinister going on in this camp. Quite to the contrary, many orders are in clear and insurmountable contradiction to claims that prisoners were mass murdered.

Auschwitz

The Nazis' persecution of the Jews during the Holocaust included the creation of prisoner hierarchies that forced victims to cooperate with their persecutors. Many in the camps and ghettos came to hold so-called "privileged" positions, and their behavior has often been judged as self-serving and harmful to fellow inmates. Such controversial figures constitute an intrinsically important, frequently misunderstood, and often taboo aspect of the Holocaust. Drawing on Primo Levi's concept of the "grey zone," this study analyzes the passing of moral judgment on "privileged" Jews as represented by writers, such as Raul Hilberg, and in films, including Claude Lanzmann's Shoah and Steven Spielberg's Schindler's List. Negotiating the problems and potentialities of "representing the unrepresentable," this book engages with issues that are fundamental to present-day attempts to understand the Holocaust and deeply relevant to reflections on human nature.

The Holocaust and Masculinities

In 1995, under the title *We Wept without Tears*, Yad-Vashem Historian Gideon Greif published a collection of interviews he had recently conducted with former Auschwitz inmates who claimed to have been members of the "Sonderkommando". This book critically reviews the statements made by these inmates (Josef Sackar, Abraham and Szlama Dragon, Jaakov Gabai, Shaul Chasan and Leon Cohen). In addition, the memoirs published in the 1990s and early 2000s by Shlomo Venezia and of a number of Greek Jews, all of whom claimed to have been members of the "Sonderkommando," are being critically reviewed.

The Holocaust

Taking groups of students To The Auschwitz-Birkenau Memorial and Museum is a heavy responsibility, but it is a major contribution to citizenship if it fosters understanding of what Auschwitz stands for, particularly when the last survivors are at the end of their lives. It comes with certain risks, however. This pack is designed for teachers wishing to organise student visits to authentic places of remembrance, and for the guides, academics and others who work every day with young people at Auschwitz. There is nothing magical about visiting an authentic place of remembrance, and it calls for a carefully thought-out approach. To avoid the risk of inappropriate reactions or the failure to benefit from a large investment in travel and accommodation, considerable preparation and discussion is necessary before the visit and serious reflection afterwards. Teachers must prepare students for a form of learning they may never have met before. This pack offers insights into the complexities of human behaviour so that students can have a better understanding of what it means to be a citizen. How are they concerned by what happened at Auschwitz? Is the unprecedented process of exclusion that was practised in the Holocaust still going on in Europe today? In what sense is it different from present-day racism and anti-Semitism? The young people who visit Auschwitz in the next few years will be witnesses of the last witnesses, links in the chain of memory. Their generation will be the last to hear the survivors speaking on the spot. The Council of Europe, The Polish Ministry of Education And The Auschwitz-Birkenau Memorial and Museum are jointly sponsoring this project aimed at preventing crimes against humanity through Holocaust remembrance teaching.

Garrison and Headquarters Orders of the Auschwitz Concentration Camp

Few essays about the Holocaust are better known or more important than Primo Levi's reflections on what he called "the gray zone," a reality in which moral ambiguity and compromise were pronounced. In this volume accomplished Holocaust scholars, among them Raul Hilberg, Gerhard L. Weinberg,

Christopher Browning, Peter Hayes, and Lynn Rapaport, explore the terrain that Levi identified. Together they bring a necessary interdisciplinary focus to bear on timely and often controversial topics in cutting-edge Holocaust studies that range from historical analysis to popular culture. While each essay utilizes a particular methodology and argues for its own thesis, the volume as a whole advances the claim that the more we learn about the Holocaust, the more complex that event turns out to be. Only if ambiguities and compromises in the Holocaust and its aftermath are identified, explored, and at times allowed to remain--lest resolution deceive us--will our awareness of the Holocaust and its implications be as full as possible.

Judging 'Privileged' Jews

A pictorial history of the two Nazi-German World War II concentration camps in Poland, featuring rare photographs from wartime archives. Auschwitz and Birkenau were separated from each other by about a forty-five-minute walk. Auschwitz was adapted to hold political prisoners in 1940 and evolved into a killing machine in 1941. Later that year a new site called Birkenau was found to extend the Auschwitz complex. Here a vast complex of buildings was constructed to hold initially Russian POWs and later Jews as a labor pool for the surrounding industries including IG Farben. Following the January 1943 Wannsee Conference, Birkenau evolved into a murder factory using makeshift houses which were adapted to kill Jews and Russian POWs. Later due to sheer volume Birkenau evolved into a mass killing machine using gas chambers and crematoria, while Auschwitz, which still held prisoners, became the administrative center. The images show first Auschwitz main camp and then Birkenau and are carefully chosen to illustrate specific areas, like the Women's Camp, Gypsy Camp, SS quarters, Commandant's House, railway disembarkation, the "sauna," disinfection area, and the Crematoria. Maps covering Auschwitz and Birkenau explain the layout. This book is shocking proof of the scale of the Holocaust.
