Diss De Metaphysica Pauli Apostoli

#Pauline metaphysics #Apostle Paul philosophy #Christian metaphysical thought #Saint Paul theology #early Christian philosophy

This academic dissertation thoroughly investigates the metaphysics of Paul the Apostle, exploring the core philosophical and theological underpinnings of his influential writings. It examines how Saint Paul's teachings engage with fundamental questions of existence, reality, and knowledge, contributing significantly to early Christian thought and its subsequent impact on Western philosophical traditions. The study aims to elucidate the intricate metaphysical concepts embedded within the Pauline epistles.

We aim to make scientific and academic knowledge accessible to everyone.

Dictionary of Paul and His Letters

The Dictionary of Paul and His Letters is a one-of-a-kind reference work. No other resource presents as much information focused exclusively on Pauline theology, literature, background, and scholarship. This second edition is a thoroughly revised and updated version of the acclaimed 1993 publication. Since that groundbreaking volume was published, developments in Pauline studies have continued at a rapid pace, with diverse new scholars entering the conversation, new ideas and methods gaining attention, and fresh expressions of old topics shaping the present discussion. Those who enjoyed and benefited from the wealth in the first edition will find this new edition an equally indispensable and

freshly up-to-date companion to study and research. Classic topics such as Christology, justification, hermeneutics, and book studies of individual epistles receive careful treatment by specialists in the field. Topics new to this edition—including Paul and politics, patronage, and interpretations from various historical and cultural perspectives—expand the volume's breadth and usefulness. Over 95% of the articles have been written specifically for this edition. This work bridges the gap between scholars and pastors, teachers and students, and all interested readers who want a thorough treatment of key topics in a summary format. In curating and compiling these articles, the editors have sought to make them comprehensive, accessible, and useful for those pursuing further research on particular subjects. Each article's bibliography, in addition, will serve a new generation of readers for years to come. The updated Dictionary of Paul and His Letters takes its place alongside the Dictionary of Jesus and the Gospels, 2nd ed., and the other volumes in the IVP Bible Dictionary Series as a unique presentation of the fruit of biblical studies—committed to Scripture, using the best of critical methods, and maintaining dialogue with both contemporary scholarship and the challenges facing the church. The reference volumes in the series provide in-depth treatment of biblical and theological topics in an accessible encyclopedia format, including cross-sectional themes, methods of interpretation, significant historical or cultural background, and each Old and New Testament book as a whole.

Dictionary of Paul and His Letters

This dictionary is designed to bring students, teachers, ministers, and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship. In-depth articles present the fruit of updated evangelical New Testament Pauline scholarship.

Dictionary of Paul and his letters

The 'Dictionary of Paul and his letters' is a one-of-a-kind reference work. Following the format of its highly successful companion volume, the 'Dictionary of Jesus and the Gospels', this Dictionary is designed to bring students, teachers, ministers and laypeople abreast of the established conclusions and significant recent developments in Pauline scholarship. No other single reference work presents as much information focused exclusively on Pauline theology, literature, background and scholarship. In a field that recently has undergone significant shifts in perspective, the 'Dictionary of Paul and His Letters' offers a summa of Paul and Pauline studies. In-depth articles focus on individual theological themes (such as law, resurrection and Son of God), broad theological topics (such as Christology, eschatology and the death of Christ), methods of interpretation (such as rhetorical criticism and social-scientific approaches), background topics (such as apocalypticism, Hellenism and Qumran) and various other subjects specifically related to the scholarly study of Pauline theology and literature (such as early catholicism, the centre of Paul's theology, and Paul and his interpreters since F. C. Baur). Separate articles are also devoted to each of the Pauline letters, to hermeneutics and to preaching Paul today. The 'Dictionary of Paul and His Letters' takes its place alongside the 'Dictionary of Jesus and the Gospels' in presenting the fruit of evangelical New Testament scholarship at the end of the twentieth century - committed to the authority of Scripture, utilising the best of critical methods, and maintaining dialogue with contemporary scholarship and challenges facing the church.

Dictionary of New Testament Background

Written by known experts and edited by Craig A. Evans and Stanley E. Porter, this reference work with its full bibliographies and cross-references to other volumes in the series is the best for researching the New Testament in its ancient setting.

Dictionary of the Later New Testament & Its Developments

Academy of Parish Clergy Top Ten Books of the Year Christianity Today's Books of the Year ECPA Gold Medallion The third of IVP's critically acclaimed series of dictionaries of the New Testament provides focused study on the often-neglected portions of the New Testament: Acts, Hebrews, the General Epistles, and Revelation. Furthermore, its scope goes beyond the life of the New Testament church to include the work of the apostolic fathers and early Christianity up through the middle of the second century. The Dictionary of the Later New Testament and Its Developments offers a summa of New Testament studies. Designed to bring students, teachers, pastors, and general readers up to date and up to speed, this one-of-a-kind reference volume presents more information than any other single work—dealing exclusively with the theology, literature, background, and scholarship of the later New Testament and the apostolic church. In-depth, comprehensive articles focus on theological themes,

methods of interpretation, background topics, and various other subjects specifically related to the study of New Testament theology and literature. Expert contributors include Darrell Bock, George R. Beasley-Murray, I. Howard Marshall, Ben Witherington III, and James D. G. Dunn. Wide-ranging articles span from the books of James and Jude to household codes, from the Roman emperor cult to gnosticism and docetism, questions of canon to second-century church leaders like Ignatius and Polycarp. The Dictionary of the Later New Testament and Its Developments takes its place alongside the Dictionary of Jesus and the Gospels and Dictionary of Paul and His Letters in presenting mature evangelical scholarship—committed to the authority of Scripture, utilizing the best of critical methods, and maintaining a dialogue with contemporary scholarship and the challenges facing the church. Reference volumes in the IVP Bible Dictionary Series provide in-depth treatment of biblical and theological topics in an accessible, encyclopedia format, including cross-sectional themes, methods of interpretation, significant historical or cultural background, and each Old and New Testament book as a whole.

Dictionary of the Old Testament: Pentateuch

Exploring the major themes and issues of the Pentateuch, this encyclopedic work offers authoritative overviews, detailed examinations and new insights from the world of the ancient Near East. Edited by T. Desmond Alexander and David W. Baker.

The IVP Dictionary of the New Testament

The IVP Dictionary of the New Testament offers a selection of key articles from four award-winning IVP New Testament dictionaries: Dictionary of Jesus and the Gospels Dictionary of Paul and His Letters Dictionary of the Later New Testament and Its Developments Dictionary of New Testament Background Made with students primarily in mind, this one-volume dictionary edited by Daniel G. Reid offers the most important articles from the four New Testament dictionaries in a more succinct and accessible form. More than 130 articles are included, covering New Testament books, theological topics, historical events, background topics and methods of study. Also featured are maps, charts and tables, a glossary of terms, essential bibliographies, a Scripture index, and cross-references to the full-sized New Testament dictionaries.Here is a versatile, convenient and focused text that can both supplement other New Testament introductions and stand alone as a resource on the New Testament and its interpretation.

Dictionary of New Testament Background

ECPA Gold Medallion (Reference Works) The Dictionary of New Testament Background joins the Dictionary of Jesus and the Gospels, the Dictionary of Paul and His Letters and the Dictionary of the Later New Testament and Its Developments as the fourth in a landmark series of reference works on the Bible. In a time when our knowledge of the ancient Mediterranean world has grown by leaps and bounds, this volume sets out for readers the wealth of Jewish and Greco-Roman background that should inform our reading and understanding of the New Testament and early Christianity. The Dictionary of New Testament Background takes full advantage of the flourishing study of the Dead Sea Scrolls and offers individual articles focused on the most important scrolls. In addition, the Dictionary encompasses the fullness of second-temple Jewish writings, whether pseudepigraphic, rabbinic, parables, proverbs, histories or inscriptions. Articles abound on aspects of Jewish life and thought, including family, purity, liturgy and messianism. The full scope of Greco-Roman culture is displayed in articles ranging across language and rhetoric, literacy and book culture, religion and cults, honor and shame, patronage and benefactors, travel and trade, intellectual movements and ideas, and ancient geographical perspectives. No other reference work presents so much in one place for students of the New Testament. Here an entire library of scholarship is made available in summary form. The Dictionary of New Testament Background can stand alone or work in concert with one or more of its companion volumes in the series. Written by acknowledged experts in their fields, this wealth of knowledge of the New Testament era is carefully aimed at the needs of contemporary students of the New Testament. And its full bibliographies and cross-references to other volumes in the series will make it the first book to reach for in any investigation of the New Testament in its ancient setting. Reference volumes in the IVP Bible Dictionary Series provide in-depth treatment of biblical and theological topics in an accessible, encyclopedia format, including cross-sectional themes, methods of interpretation, significant historical or cultural background, and each Old and New Testament book as a whole.

Dictionary of the Old Testament: Wisdom, Poetry & Writings

Tremper Longman III and Peter E. Enns edit this collection of 148 articles by over 90 contributors on Job, Psalms, Proverbs, Ecclesiastes, Song of Songs, Lamentations, Ruth and Esther.

Dictionary of Jesus and the Gospels

Edited by Joel B. Green, Scot McKnight and I. Howard Marshall, this reference work encompasses everything relating to Jesus and the Gospels.

A Dictionary of Christ and the Gospels, Vol. 1

Excerpt from A Dictionary of Christ and the Gospels, Vol. 1: Aaron-Knowledge The Purpose Of this dictionary is 'to give an account of everything that relates to christ - His Person, Life, Work, and Teaching. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

Dictionary of the Old Testament: Prophets

The writings of the prophets make up over a quarter of the Old Testament. But perhaps no other portion of the Old Testament is more misunderstood by readers today. For some, prophecy conjures up knotted enigmas, opaque oracles and terrifying visions of the future. For others it raises expectations of a plotted-out future to be reconstructed from disparate texts. And yet the prophets have imprinted the language of faith and imagination with some of its most sublime visions of the future - nations streaming to Zion, a lion lying with a lamb, and endlessly fruiting trees on the banks of a flowing river. We might view the prophets as stage directors for Israel's unfolding drama of redemption. Drawing inspiration from past acts in that drama and invoking fresh words from its divine author, these prophets speak a language of sinewed poetry, their words and images arresting the ear and detonating in the mind. For when Yahweh roars from Zion and thunders from Jerusalem, the pastures of the shepherds dry up, the crest of Carmel withers, and the prophetic word buffets those selling the needy for a pair of sandals. The Dictionary of the Old Testament: Prophets is the only reference book of its kind. Not only does it focus exclusively on the prophetic books; it also plumbs their imagery of mountains and wilderness, flora and fauna, temple and Zion. It maps and guides us through topics such as covenant and law, exile and deliverance, forgiveness and repentance, and the Day of the Lord. Here the nature of prophecy is searched out in its social, historical, literary and psychological dimensions as well as its synchronic spread of textual links and associations. And the formation of the prophetic books into their canonical collection, including the Book of the Twelve, is explored and weighed for its significance. Then too, contemporary approaches such as canonical criticism, conversation analysis, editorial/redaction criticism, feminist interpretation, literary approaches and rhetorical criticism are summed up and assayed. Even the afterlife of these great texts is explored in articles on the history of interpretation as well as on their impact in the New Testament.

The Theology of Paul the Apostle

Using Paul's letter to the Romans as the foundation for his monumental study of Paul's theology, James D. G. Dunn describes Paul's teaching on God, sin, humankind, Christology, salvation, the church, and the nature of the Christian life.

Dictionary of the Old Testament: Historical Books

Edited by Bill T. Arnold and Hugh G. M. Williamson, the Dictionary of the Old Testament: Historical Books picks up where the Dictionary of the Old Testament: Pentateuch left off—with Joshua and Israel poised to enter the land—and carries us through the postexilic period. Following in the tradition of the award-winning IVP dictionaries focused on the New Testament, this encyclopedic work is characterized by in-depth articles focused on key topics, many of them written by noted experts. The history of Israel forms the skeletal structure of the Old Testament. Understanding this history and the biblical books that trace it is essential to comprehending the Bible. The Dictionary of the Old Testament:

Historical Books is the only reference book focused exclusively on these biblical books and the history of Israel. The dictionary presents articles on numerous historical topics as well as major articles focused on the books of Joshua, Judges, Samuel, Kings, Chronicles, Ezra and Nehemiah. Other articles focus on the Deuteronomistic History as well as the Chronicler's History, the narrative art of Israel's historians, innerbiblical exegesis, text and textual criticism, and the emergence of these books as canonical. One feature is a series of eight consecutive articles on the periods of Israel's history from the settlement to postexilic period, which form a condensed history of Israel within the DOTHB. Syro-Palestinian archaeology is surveyed in one article, while significant archaeological sites receive focused treatment, usually under the names of biblical cities and towns such as Jerusalem and Samaria, Shiloh and Shechem, Dan and Beersheba. Other articles delve into the histories and cultures of the great neighboring empires—Egypt, Assyria, Babylonia and Persia—as well as lesser peoples, such as the Ammonites, Edomites, Moabites, Philistines and Phoenicians. In addition there are articles on architecture, Solomon's temple, agriculture and animal husbandry, roads and highways, trade and travel, and water and water systems. The languages of Hebrew and Aramaic, as well as linguistics, each receive careful treatment, as well as the role of scribes and their schools, and writing and literacy in ancient Israel and its environs. The DOTHB also canvases the full range of relevant extrabiblical written evidence, with five articles focused on the various non-Israelite written sources as well as articles on Hebrew inscriptions and ancient Near Eastern iconography. Articles on interpretive methods, on hermeneutics and on preaching the Historical Books will assist students and communicators in understanding how this biblical literature has been studied and interpreted, and its proper use in preaching. In the same vein, theological topics such as God, prayer, faith, forgiveness and righteousness receive separate treatment. The history of Israel has long been contested territory, but never more so than today. Much like the quest of the historical Jesus, a quest of the historical Israel is underway. At the heart of the quest to understand the history of Israel and the Old Testament's Historical Books is the struggle to come to terms with the conventions of ancient historiography. How did these writers conceive of their task and to whom were they writing? Clearly the Old Testament historians did not go about their task as we would today. The divine word was incarnated in ancient culture. Rather than being a dictionary of quick answers and easy resolutions readily provided, the DOTHB seeks to set out the evidence and arguments, allowing a range of informed opinion to enrich the conversation. In this way it is hoped that the DOTHB will not only inform its readers, but draw them into the debate and equip them to examine the evidence for themselves. Reference volumes in the IVP Bible Dictionary Series provide in-depth treatment of biblical and theological topics in an accessible, encyclopedia format, including cross-sectional themes, methods of interpretation, significant historical or cultural background, and each Old and New Testament book as a whole.

Worship in the Early Church

Refers to New Testament teachings while delineating the nature of early Christian worship of God. Bibliogs.

Christ, Our Righteousness

Since the time of the Reformation, considerable attention has been given to the theme of justification in the thought of the apostle Paul. The ground-breaking work of E. P. Sanders in Paul and Palestinian Judaism (1977) introduced the "new perspective on Paul," provoking an ongoing debate which is now dominated by major protagonists. Foundational theological issues are at stake. In this New Studies in Biblical Theology volume, Mark Seifrid offers a comprehensive analysis of Paul's understanding of justification, in the light of important themes including the righteousness of God, the Old Testament law, faith, and the destiny of Israel. A detailed examination of justification in the letter to the Romans is followed by a survey of the entire Pauline corpus. Seifrid's analysis incorporates a critical assessment of the "new perspective," challenging its most basic assumptions; an evaluation of the contribution of recent German scholarship; and a reaffirmation of the "Christ-centered" theology of the Reformers. In this wide-ranging exposition of the biblical message of justification, Seifrid provides a fresh, balanced reworking of Pauline theology. Addressing key issues in biblical theology, the works comprising New Studies in Biblical Theology are creative attempts to help Christians better understand their Bibles. The NSBT series is edited by D. A. Carson, aiming to simultaneously instruct and to edify, to interact with current scholarship and to point the way ahead.

Paul, the Apostle of Jesus Christ

No other single reference work presents as much information focused exclusively on Pauline theology, literature, background and scholarship. In a field that recently has undergone significant shifts in perspective, the Dictionary of Paul and His Letters offers a summa of Paul and Pauline studies.

Dictionary of Paul and His Letters

Paul was the most influential figure in the early Christian church. In this epistle, written to the founders of the church in Rome, he sets out some of his ideas on the importance of faith in overcoming mankind's innate sinfulness and in obtaining redemption. With an introduction by Ruth Rendell.

Romans

Understand salvation in both the Old and New Testaments. God Is a Warrior traces the development of the "divine warrior" motif through the Old and New Testaments, beginning with Israel's conflicts with her enemies and ending with Christ's victorious return in Revelation. Against the broader background of Ancient Near Eastern warrior mythology, Part I discusses Yahweh's warfare on behalf of ancient Israel, and prophecies of the coming Divine Deliverer. Part II looks at the New Testament's Divine Warrior, Jesus Christ, and his war against his spiritual enemies in the Synoptic Gospels, in Paul's letters, and in the final apocalyptic battle in the book of Revelation.

God Is a Warrior

The Dictionary of the Old Testament: Pentateuch' is the first in a four-volume series covering the text of the Old Testament. Following in the tradition of the four award-winning IVP dictionaries focused on the New Testament and its background, this encyclopedic work is characterized by close attention to the text of the Old Testament and the ongoing conversation of contemporary scholarship. In exploring the major themes and issues of the Pentateuch, it informs and challenges its readers with authoritative overviews, detailed examinations and new insights from the world of the ancient Near East. The 'Dictionary of the Old Testament: Pentateuch' is designed to be your first stop in the study and research of the Pentateuch, on which the rest of the Bible is built.

Dictionary of the Old Testament: Pentateuch

In the pages of the Bible, we come to know God through Jesus Christ. Thus the importance of the Bible for our spiritual formation cannot be overstated. If we are honest, though, the Bible is not always easy to understand. For example, the places named in the Bible can seem strange, and the number of people mentioned is virtually countless. This comprehensive dictionary intends to help people read the Bible with increased understanding and confidence. It contains articles on major topics as well as places and people, even if they just appear in a single verse in the Bible. Its articles cover theological topics, biblical words, biblical imagery, and historical topics. This A to Z dictionary includes more than •1,700 full-color pages •400 color illustrations, maps, and photos •5,000 articles by leading evangelical scholars The Baker Illustrated Bible Dictionary is an informative, colorful, and easy-to-understand resource that will be an indispensable reference for your own personal study or in preparation for teaching.

The Baker Illustrated Bible Dictionary

"There are many introductions to the life, thought, and letters of Paul the apostle. Some concentrate upon his life, while others focus upon his thought, and still others on his letters. A few of them, like this book, try to integrate all three of them -- including on occasion material from the book of Acts -- into a useful portrait of the man and what he said and thought as revealed through his letters." - from preface.

The Apostle Paul

The obvious riddles and difficulties in Exod 3:13–15 and Exod 6:2–8 have attracted an overwhelming amount of attention and comment. These texts make important theological statements about the divine name YHWH and the contours of the divine character. From the enigmatic statements in Exod 3:13–15, most scholars reconstruct the original form of the name as “Yahweh,” which is thought to describe YHWH’s creative power or self-existence. Similarly, Exod 6:3 has become a classic proof-text for the Documentary Hypothesis and an indication of different aspects of God’s character as shown in history. Despite their seeming importance for “defining” the divine name, these texts are ancillary to and preparatory for the true revelation of the divine name in the book of Exodus. This book attempts to move beyond atomistic readings of individual texts and etymological studies of the divine name toward

a holistic reading of the book of Exodus. Surls centers his argument around in-depth analyses of Exod 3:13–15, 6:2–8 and Exod 33:12–23 and 34:5–8. Consequently, the definitive proclamation of YHWH's character is not given at the burning bush but in response to Moses' later intercession (Exod 33:12–23). YHWH proclaimed his name in a formulaic manner that Israel could appropriate (Exod 34:6–7), and the Hebrew Bible quotes or alludes to this text in many genres. This demonstrates the centrality of Exod 34:6–7 to Old Testament Theology. The character of God cannot be discerned from an etymological analysis of the word yhwh but from a close study of YHWH's deliberate ascriptions made progressively in the book of Exodus.

Making Sense of the Divine Name in the Book of Exodus

Edited by Joel B. Green, Scot McKnight and I. Howard Marshall, this reference work encompasses everything relating to Jesus and the Gospels.

Romans

What if you had a guidebook that you could turn to at each stage of your academic journey to help you navigate through the process of getting a PhD in Biblical Studies and succeeding in the academic world? This book is precisely intended to fill that need. From theory to practice, you will find discussions and answers to the most pertinent and pressing questions that prospective and current doctoral students are faced with: How do I choose a program? How can I gain admission into an elite program? How do I choose a research topic? Alongside the "big" questions about the process, there are also a host of smaller matters: How do I publish an article? What conferences are out there in my field? Where do I start looking for a job? How do I get teaching experience? How do I write a syllabus? This guidebook tackles all of these questions and many more in three parts: Prepare focuses on getting into a PhD program; Succeed guides you through the doctoral program, especially the writing of the dissertation; and Advance treats issues that relate to success in the academic world such as conference participation, publishing, employment, and best practices in teaching. PRAISE FOR THE FIRST EDITION "Gupta has kindly provided me a book version of an academic mentor. In a time when many professors are busy, Gupta walks the extra mile and makes himself present not only in person to those near him, but also in writing for those like me. I can't thank him enough!" --Natan B. de Carvalho, College Student "Dr. Gupta's book offered indispensable advice for me as I applied for PhD programs, completed my thesis, and applied for (and secured) tenure-track jobs. I am grateful for his service to the guild!" --Madison N. Pierce, Assistant Professor in New Testament, TEDS "Having started seminary about a year after the first edition appeared, I was able to use Gupta's abundance of clear-headed advice to build a path to doctoral study. I can see, as a student in a first-tier PhD program, that this journey would not have been possible had I not been able to learn the many unspoken rules Gupta outlines in this invaluable book." --Jonathan Groce, New Testament PhD student at Emory University "This book should be required for anyone even slightly interested in biblical higher education. I've enjoyed it so much that I've bought it three times, having given it away to two students." --Ryan Lytton, Director of Academic Services and Adjunct Professor at Life Pacific University-Virginia "This book has proven immensely helpful as I navigated the PhD application process. Providing useful benchmarks and invaluable suggestions, Gupta's sage advice prepared me for success." --Benjamin Castaneda, PhD student at the University of St. Andrews "The world of academic biblical studies can be difficult to navigate, especially for ethnic minorities. This book has prepared me well by making an opaque process clear and straightforward. I recommend it to anyone considering this path." --Daniel K. Eng, PhD candidate, University of Cambridge "I wanted to thank you for the invaluable guidance your book provided as I made decisions concerning my academic future. I have just completed my M.A. in Classical Studies at Villanova and was accepted into graduate programs at both Edinburgh and Oxford. Every step of the way your text provided clear and specific recommendations. It was a true blessing." --Ken Tully, Adjunct Faculty at Villanova "Prepare, Succeed, Advance is a tremendously helpful reference tool. As an academic advisor, I will make this the first resource I recommend to colleagues who may not have the advantage of personal experience in a PhD program. As a student, I will regularly return to Gupta's work for counsel on the next stage of academic life. Doctoral students should rejoice at having such a sure guide to academic success and commend Gupta for his contribution." --Samuel Emadi, review in JETS 56/1 (2013) 139-141, (140-141) "This guide is indispensable to anyone thinking about a PhD." --Abram K-J, "Should I get a PhD?" Words on the Word blog, July 9 2012 "Nijay Gupta's Prepare, Succeed, Advance: A Guidebook for Getting a PhD in Biblical Studies and Beyond is just that, a guidebook. It does not claim to provide a formula on how the entire process works. At the same time, it is more than that in the sense that

Gupta's honesty, attention to detail, and measured optimism throughout the entire book give his voice a level of credibility and warmth that prospective students will find invaluable as they begin their own individual paths toward academia." --Michael Suh, PhD, Emory, review in RBL: October 2014 "Prepare, Succeed, Advance has so many helpful points that my highlighter almost gave out. If you have even the tiniest desire to pursue a PhD in Biblical Studies, get a few pencils, two highlighters, and a copy of this book. You won't be sorry." --Andrew Kelley, PhD, Edinburgh "When I started to investigate what a PhD in Biblical Studies entailed I was lost. What do schools look for? What programs are better for what field? So many questions, and so little (quality) answers. When I found Dr. Gupta's book I found both a map and compass. His book laid out the road ahead--including avenues to avoid, and boulevards to explore in more detail. Following Dr. Gupta's candid advice I have received offers to study at a couple of UK PhD programs. I think I owe Dr. Gupta some money! Buy this book--you will not be disappointed!" --Joshua Morris

Dictionary of Jesus and the Gospels

The study of Paul and his letters can be exciting, challenging, and life-changing, but only if it is done well and only if students achieve more than a basic familiarity with the subject. This is exactly what Pauline experts Bruce W. Longenecker and Todd D. Still accomplish with their new textbook aimed at college and seminary level courses on Paul and his writings. Longenecker and Still bring decades of study and expertise to Thinking through Paul, challenging readers to delve deeply into Paul’s writings and wrestle with his richly-layered and dynamic theological discourse. Seeking to situate their study of the Apostle in proper perspective, Longenecker and Still first look at Paul’s life before and after his encounter with the risen Christ en route to Damascus, then examine each of Paul’s letters individually, and finally synthesize the Pauline writings to highlight the main strands of Paul’s theologizing—all the while keeping in mind the particular context of first-century Christianity. Filled with images, maps, charts, and questions for further study and discussion, Thinking through Paul is both engaging and easy-to-follow, making it the perfect choice for classrooms and for interested readers.

Prepare, Succeed, Advance, Second Edition

Are there any legends about cats? Is Cinderella an English story? What is (or was) a Mumming Play? The subject of folklore covers an extremely wide field, with connections to virtually every aspect of life. It ranges from the bizarre to the seemingly mundane. Similarly, folklore is as much afeature of the modern technological age as the ancient world, of every part of the country, both urban and rural, and of every age group and occupation. Containing 2,000 entries, from dragons to Mother Goose, May Day to Michaelmas, this new reference work is an absorbing and entertaining guide to English folklore. Aimed at a broad general readership, the dictionary provides an authoritative reference source on such legendary characters as the Babesin the Wood, Jack the Giant Killer, and Robin Hood, and gives entertaining and informative explanations of a wide range of subjects in folklore, from nosebleeds and wishbones to cats and hot cross buns.

Thinking through Paul

Leading biblical scholar Thomas Schreiner provides an easy-to-navigate resource for studying and understanding the Acts of the Apostles and the Pauline Letters. This accessibly written volume summarizes the content of each major section of the biblical text to help readers quickly grasp the sense of particular passages. This is the first volume in the Handbooks on the New Testament series, which is modeled after Baker Academic's successful Old Testament handbook series. Series volumes are neither introductions nor commentaries, as they focus primarily on the content of the biblical books without getting bogged down in historical-critical questions or detailed verse-by-verse exegesis. The series will contain three volumes that span the entirety of the New Testament, with future volumes covering the Gospels and Hebrews through Revelation. Written with classroom utility and pastoral application in mind, these books will appeal to students, pastors, and laypeople alike.

A Dictionary of English Folklore

This accessible text by James P. Ware provides both a concise guide to Paul’s theology and a general introduction to the key issues and debates in the contemporary study of Paul. Examining Paul’s message in the context of the ancient world, Ware identifies what would have struck Paul’s original audience as startling or unique. By comparing Paul’s teaching to the other religions and philosophies of that day, Ware presents a fresh perspective on Paul’s theology, revealing four pillars of his thought:

creation, incarnation, covenant, and kingdom. After examining each of these dimensions of Paul’s gospel, Ware explores the historical role of Paul within Christian origins and the astounding evidence embedded in his letters regarding the beginnings of Christianity and the eyewitness origins of the gospels. Clergy, students, and laypeople will find that this guide to the big picture of Paul’s theology will illumine and enliven the study, preaching, and teaching of all the Pauline letters.

Handbook on Acts and Paul's Letters (Handbooks on the New Testament)

This landmark work, which has shaped a generation of scholarship, compares the apostle Paul with contemporary Judaism, both understood on their own terms. E. P. Sanders proposes a methodology for comparing similar but distinct religious patterns, demolishes a flawed view of rabbinic Judaism still prevalent in much New Testament scholarship, and argues for a distinct understanding of the apostle and of the consequences of his conversion. A new foreword by Mark A. Chancey outlines Sanders‘s achievement, reviews the principal criticisms raised against it, and describes the legacy he leaves future interpreters.

Paul's Theology in Context

Christianity Today Book of the Year What is ethics? Why should Christians care? Beginning with these basic questions, Stanley Grenz masterfully leads his readers into a theological engagement with moral inquiry. In The Moral Quest he sets forth the basics of ethics, considers the role and methods of Christian ethics in particular, and examines the ethical approaches of the Old Testament, the Gospels and Paul. He introduces the foundational theological ethics of Augustine, Thomas Aquinas, and Luther and the Reformers. And he concludes with an evenhanded discussion of modern and contemporary Christian ethicists, including Albert Ritschl, Walter Rauschenbusch, Karl Barth, James Gustafson, Paul Ramsey, Dietrich Bonhoeffer, Martin Luther King Jr., Gustavo Gutiérrez, Rosemary Radford Ruether, Stanley Hauerwas, Carl F. H. Henry and Oliver O'Donovan. Clear, concise, and well apprised of relevant literature, Grenz (a theologian recognized for the excellence of his own theological and ethical work) provides in this book a first-rate introduction to Christian ethics. The Moral Quest will well serve students, pastors and interested laypersons alike.

Paul and Palestinian Judaism

When in 1949 Fr. Leonard Feeney, SJ accused the Archbishop of Boston, Richard J. Cushing, of heresy for holding that Jews and Protestants could be saved, he backed up his charge by producing passages from the writings of fathers of the church such as St. Augustine, of eminent theologians such as St. Thomas Aquinas, and from the decrees of popes and councils, to prove that it was a dogma of faith that there is no salvation outside the Catholic Church. He did seem to have the weight of evidence on his side, and it was not easy to see how the modern idea that non-Catholics can be saved could be reconciled with the church's traditional doctrine that excluded them from salvation. Many in the Catholic Church have felt that while Feeney must surely have been wrong, the questions he raised were never satisfactorily answered. Is it really a dogma of Catholic faith that there is no salvation outside the church? Can the optimism of Vatican II about the universal possibility of salvation be defended as an example of homogeneous development of doctrine? Or would it be more honest to say that the Catholic Church has recognized that its previous teaching was mistaken? The author is convinced that the only way to answer such questions is by a thorough study of the history of Christian thought about the salvation of those Òoutside the church.Ó Rev. Sullivan makes this historical study a lively reading experience while drawing conclusions that will impact ecumenical thinking for years to come.

The Moral Quest

This five-views work brings together an all-star lineup of Pauline scholars to offer a constructive, interdenominational, up-to-date conversation on key issues of Pauline theology. The editors begin with an informative recent history of biblical tradition related to the perspectives on Paul. John M. G. Barclay, A. Andrew Das, James D. G. Dunn, Brant Pitre, and Magnus Zetterholm then discuss how to interpret Paul's writings and theology, especially the apostle's view of salvation. The book concludes with an assessment of the perspectives from a pastoral point of view by Dennis Edwards.

Salvation Outside the Church?

For God so loved the world that he gave his one and only Son, that whoever believes in him shall not perish, but have eternal life. Here's an astonishing claim. John 3:16 appears on everything from fridge magnets to sports stars' faces. But what does it actually mean? And how does it relate to you and me? With warmth, personal stories and humour, the author explains God's love, his Son, his sacrifice, and the all-important connection with us today. An invitation for anyone to dive straight in and take the first step in an exciting, life-transforming journey of faith.

Perspectives on Paul

A Biblical Theology of the New Testament gives fresh insight and understanding to theological discipline. Scholars from Dallas Theological Seminary combine to create this important volume edited by Roy B. Zuck. Each contributor looks at divine revelation as it appears chronologically in the New Testament canon, allowing you to witness God's truth as it has unfolded through the decades.

So Loved

eBook now easier to navigate than ever Unger’s Bible Dictionary has been one of the best-selling Bible dictionaries on the market since its introduction in 1957. Now, this time-honored classic is more valuable than ever. Updated and expanded by respected Bible authorities including R.K. Harrison, Howard F. Vos, and Cyril J. Barber, The New Unger’s Bible Dictionary is packed with the most current scholarship. Plus, the table of contents is enhanced for easy navigation. Readers can jump to any letter and see a full list of words, allowing them to locate any entry within seconds. No more paging through whole sections of the book to find your word. More than 67,000 entries are supplemented with detailed essays, colorful photography and maps, and dozens of charts and illustrations to enhance your understanding of God’s Word. Although this volume is based on the New American Standard, extensive cross-referencing makes it useful with all major Bible translations, including the New International, King James, and New King James versions.

A Biblical Theology of the New Testament

The conflict between Israel and the Palestinians has profoundly affected the Middle East for almost seventy years, and shows no sign of ending. With two peoples claiming the same piece of land for different reasons, it remains a huge political and humanitarian problem. Can it ever be resolved? If so, how? These are the basic questions addressed in a new and substantially revised fifth edition of this highly acclaimed book. Having lived and worked in the Middle East at various times since 1968, Colin Chapman explains the roots of the problem and outlines the arguments of the main parties involved. He also explores the theme of land in the Old and New Testaments, discussing legitimate and illegitimate ways of using the Bible in relation to the conflict. This new and fully updated edition covers developments since 9/11, including the building of the security wall, the increased importance of Hamas and the Islamic dimension of the conflict, and the attacks on Lebanon and Gaza.

The New Unger's Bible Dictionary

For 25 years the Holman Illustrated Bible Dictionary has been the go-to Bible reference resource for lay Bible students, teachers, pastors, academic courses, and libraries. Now this bestselling dictionary has been UPDATED with 200 new articles and over 500 new photos compiling a collection of over 6,500 articles from Aaron to Zuzite are written so as to equip the reader for greater competence in understanding and interpreting the Scriptures. TAn excellent companion to the Holman Illustrated Bible Commentary.
