Intro

Don't start with the eyes, nose, & lips!

There's no structure in the eyes, nose & mouth

The structure is AROUND the eyes, nose, and mouth!

Hair is an essential structure!

Hair determines the CONTOUR of the head

Look for FORM shadows on the cheekbones

Cheekbones can also look like daggers!

Distinguish between the nasal bone...

The ear is cartilage, it's a great landmark

Place facial features in relation to the location of the ear

Where are the eyes in relation to the ears?

You can't have an eye without an eye socket!

Eve sockets are not circles or squares!

Draw the eye socket before the eye

Eye sockets are deeper than you think!

Start with the line that separates the lips...

Creases help define the cheek bones

Dimples help too!

Good cheek bones too!!!

Wrinkles follow the form!

Wrinkles cross over other wrinkles
